N. B. MURRY ENTERTAINS WITH ELABORATE BANQUET at CADILLAC CAFE IN HONOR OF MR. JOHN WHITSON (LOVEY JOE) OF CHICAGO

Last Friday night the beautiful Cadillac Cafe was made more beautiful in spring decorations and one long table which stretched across the full length of its spacious dining hall and laden with choice delicacies such as this popular cafe gives to its patrons from time to time, the occasion being a banquet given by Mr. Murray in honor of the popular John Whitson of Chicago.

Seated at the table were 20 handsomely dressed gentlemen representing all vocations and a jolly evening was spent by both guests and host.

On Sunday evening, May 13th, at the residence of the hostess, 316 North Westmoreland street, Mrs. Emma Ankrum gave an elaborate dinner party in honor of Mr. and Mrs. J. R. Scales, who are about to leave for Tucson, Arizona, where they plan to take up their residence.

The home was beautifully decorated in greens and roses. The table was an artistic creation of beautiful roses, carnations and maidenhair fern, into which was set a sparkling array of fine china and silver. The five courses were declared by all present to be the finest ever enjoyed by them. Those present included, besides the hostess, Mrs. Emma Ankrum, the guest of honor, Mr. and Mrs. J. R. Scales, Mr. and Mrs. Poinsette, Mr. and Mrs. Payton, Mr. and Mrs. Johnson of Chicago, Mr. and Mrs. Vernon Robinson and daughter Louise, Mr. and Mrs. McCarroll and son Howard, Miss M. M. Vincent and Attorney Hugh E. Macbeth.

A Unique Birthday Party.

There was a great Birthday party given for J. L. Davis last Wednesday night.

Was I there? Most assuredly and those who wer'n't missed and evening of perfect delight.

The Bratton family furnished sweet music which was pleasing to the listening ear, And Mr. Bratton talked on war so strongly until we all were ready to volunteer.

There were ices and punches and all kinds of sweet cakes; it seemed that with Uncle Sam they had got a pull. The guest iced and they punched and they ate sweet cakes, until they thought their stomachs were full. There were sweet flowers, sweet music, contesting and guessing, everybody taking a part in the same. But when the prizes were awarded and Master James Pickett, Mr. Louis Settles, Mrs. Viola Hill and the Misses Bratton caught it all the rest of us had to swallow the pill.

The Astral colors were red and yellow and to be sure they suited this fellow, because when he came to this earth in May His Astral colors had their sway.

His governing Planet is the star of Venus which you know puts lots of love in us.

And his gem is the emerald green which his wife, Mrs. M. B. Davis bought for him.

The many nice beautiful presents received were most highy appreciated by J. L. D. indeed He only took this method to give thanks by cutting the great big birthday cake in planks.

And with souvnier cards and ribbon rosetts of red and yellow.

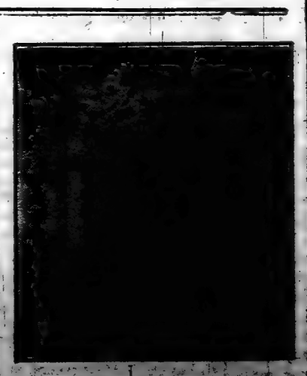
He passed a big plank to every good fellow.

And as he was wished many happy returns.

It was echoed by sweet music in orchestra tones.

The dear good nights rang out again and again, until the last sweet strain of music did end.

And as the hours of the night had grown J. L. D. turned to his wife alone, and said O, wife I thank you, and thank you heartily for having given me such a nice Birthday party and to have our friends enjoy the evening in our little humble home.



A WEDDING FEAST

A bridal party honoring Mr. and Mrs. Floyd Hall was entertained at a luncheon at the Cadillac Cafe Tuesday.

Mrs. Hall was Miss Beulah Ecton before marriage and a prime favorite among the younger set of this city.

The management of the Cadillac spared no pains in the decoration of the dining hall. Over the table hung one big Cupid and at each plate was a miniature Cupid.

Miss Vivian Campbell entertained the Hall bridal party at the home of her sister, Mrs. N. B. Murray, 1218 East 8th street, Tuesday, serving them with light refreshments before going to the Cadillac Cafe where they were sumptuously entertained.

THE ST. PAUL BAPTIST CHURCH

Last Sunday marked another glorious day in the history of St. Paul. At the morning service Rev. Eldridge of the Second church preached to a crowded and enthusiastic house and at the evening service Rev. E. Payne delivered a gospel message.

The officers of the church received a telegram from Rev. Holt, the newly called, stating that his delay in getting here was due to illness in his family, but that he would be here in time to preach Sunday.

The members have secured a house for Rev. Holt on East 32nd street.

The public is invited to St. Paul.

Owing to the ruthless tour of the auto in which we booked passage Sunday we forego our promised Jim Crow exposure to a later date.

If the peerless Roosevelt is made a major general by Governor Whitman of New York State, he will have under command the 15th N. Y. colored regiment and will fear no danger.

There will be no quarter shown the unmoral forces under the present city administration and in this stand the mayor and police force have the united backing of all the citizens who stand for common decency, law and order.

The plan of the Los Angeles Defence Conference to conscript all the unemployed and make them work has already struck terror to some of the easy livers hereabouts. We hope to see this particular phase of the plans of defense utilized to the utmost.

After all the "Back to the Soil" movement was the one best bet and many of us only wish that we had heeded the call.

It was indeed a motley aggregation, the spectacle of the daily Record with its three allies for Snyder, the three Negro weeklies, in a mighty chorus belly-aching about what Mayor Woodman said is a joke, and such a ridiculous one that they have all cut corners on themselves.

THE PROGRESSIVE EDUCATIONAL ASSOCIATION

The members of the Progressive Educational Association are in receipt of a telegram from the national seat of this government which states that all doubt as to the getting of a clean title to the tract of land in the state of Arizona near Casa Grande, where the company proposes to settle the most progressive Afro-American colony in this country and erect an empire that will grace the pages of American history, is now over.

ENVIABLE RECORD

The continued success of Rev. J. Logan Craw at the 8th and Towne street church is worthy of the highest consideration. With the rally just closed, with one fell swoop the debt of this great church is reduced to $1400.00. That this could be accomplished in these strenuous war times is inspiring as well as remarkable. No new church or great improvements as an incentive to work to, just a plain "dead horse," as it were, to care for, a street tax debt, that's all. If this man Craw had a new church to build if he would keep up this ratio he would strike the high water mark in raising finances for this church at all hazards. However, his is an enviable record indeed.

LORD DELIVER US

Sorrowful indeed is the spectacle presented in this bailiwick around and about campaign times, it is the time that irresponsible leadership holds full sway; and the more unworthy, the more debased the closer can this particular species of political parasite get to and cling to at least some of the aspirants for political preferment. They approach the candidates on all sorts of pretexts, they want to introduce them to their Colored clientage and then they begin to worm themselves into the candidate's good graces.

As a matter of fact the men who do this have absoultely no standing with the people and consequently no influence. These men are the parasites, the political bums and whiskey heads, they cannot control their own vote much less the vote of anybody else. They are the weights which hold down the progress of the Race, and our prayer is for deliverance from this scourge.

As a side issue in increasing the national food supply, the Los Angeles Chamber of Commerce urges that every family in Southern California that can do so, buy a young pig or two and raise winter meat.

A shoat very readily lends itself to the economic scheme of the average suburban home. Where the problem of raising several hogs would be difficult, one or two may be handled easily. Fully-half the feed for one hog could be had from the table scraps and garden products. Very little space is required, and the climatic conditions of Southern California are said to be the best in the world for the hog industry.

California is spending thirty millions annually for hog products when it might be not only supplying itself but raising a surplus for other states and to export.

Some states have hog raising clubs or school children which movement has been a prpnounced success. The hog is the farmer's best friend and his most profitable animal. This has been demonstrated by statistics which show that the per capita wealth is highest in the states raising the greatest quantity of hogs.

"HOME, SWEET HOME"

What a glorious theme is Home? O, what memories it awakens! What sweet, pleasant and tender associations it brings to mind? Walk into the confires of the jungle, where the savage roams in his iguorance—walk beside the banks of India's coral strands—stroll beneath the blue ethereal skies of sunny Italy — yea, go now upon the bloody battlefields of Europe, where men are standing in martial array and leaping into the jaws of death, and pronouce the word "Home," and immediately the song flows into the ears of the angels, "Praise God, from whom all blessings flow!"

Home is the place where a human being receives his best moral training. The place where we dress in the clothes of character, where our lives are laid upon the anvil and wielded into sanctified characters or unrighteous pilgrims. Home is the place where we buckle on the armor of virtue, sobriety and rectitude or learn t ouse the rifle of hypocrisy, deceit and shame. Home is where we get an everlasting push toward the nobler things of life and heaven, or an everlasting shove toward the lower things of life and hell.

The responsibility of a home is the gravest that ever fell upon any person's shoulders. I would to God that my pen was aflame with power divine that would cause parents to realize the sacredness of their trust! I would to God that I could hang out a lamp whose beams would cause mothers and fathers to pause in their tracks and catch a vision of their glorious commission!

Listen! Many children are searing their souls, blasting their hopes, beclouding their understandings, and warping their energies because denied the salutary influence of good homes. Boys and girls are running wild today on the fields of sin and breaking many mothers' hearts because they kow not what it is to bask in the sunlight of a God-like, Christian home. They are strolling the boulevards of damnation with glee, and, say what we please, the guilt lies at the door of their homes.

Parents, stop! Look! Listen! The souls of your children shall be required at your hands. If you are more concerned about the almighty dollar than the soul of your child the day of judgment will call you into account. Homes today are at a premium. Old-fashioned mothers and fathers, who realize their God-gvien responsibility, are becoming a negligible quantity.

What the world needs is homes built upon a churchly foundation. You can't divorce the two because they are built of the same material and on the same foundation. Our country is calling for a patriotism of the highest sort. For men and women who answer unswervingly the calls of their better selves. Such a patriotism cannot emanate from an ungodly, sin-loving, character-blighting home. The world needs mothers who listen to the whisperings of a divine voice; fathers who will lift the sword of an honest and upright life.

Plod on, and remain immersed in the sordid materialism of a hell-bound century! Plod on, and trample upon the glorious opportunities to give the world consecrated armor-bearers, honest and virtuous men and women, intelligent and worthy citizens. Some day that biblical truth, "Train up a child in the way he should go and when he is old he will not depart from it," will strike terror to your soul.

Give your boy a chance. Give your girl a foundation upon which she may stand. Surround the mwith the hallowed influence of good homes, Christion homes, sanctified homes. Later on, when struggling with the stern realities of life, they will rise up and call you blessed, and realize that Home's not merely four square walls,
Tho' with pictures hung and guilded;
Home is where affection calls,
Filled with the shrines the heart has builded.

Christian Church News.

As the rays of sunshine beamed down so beautifully Sunday on both the good and bad, saint and sinner alike, and those inclined to worship God steadily moved forward to their chosen places. Like the other churches, we had our faithful ones, as well as some visitors.

At the morning service a "Mother's Day" program preceeded the usual sermon which was as follows:

Reading—"Have you written to mother ——Miss Ethel Miller.
Duett—"Meet mother in the skies"—
——Misses Turnage and Lynch.
Solo—"Tell mother I'll be there"—
——Alice Arnold.
Paper—"Mother"——Bro. Coleman.
Solo—"My mother's prayer"—
——Miss Susie Lynch.

Bro. Hopper then preached nobly on "Obedience," and alluded to Mother's Day, its origin and practice, and said he longed to see the day when fa thers', brothers', and sisters' day would be observed also. In the evening we had an equally good sermon, the subject being "Patience." Next Sunday at 2:30 p. m., Memorial services for our deceased pastor, Bro. McMickens will be observed at our church. We desire to have as many present as can come.

AIRPLANES IN MEXICO

Non-stop airplane races, one between San Francisco and San Diego and the other El Paso and San Diego, will be unusual features of the program of the Friendship Fiesta to be held at San Diego on June 21, 22, 23 and 24. If accomplished these will be the longest non-stop flights ever made in the west. Military and civilian aviators alike are co-operating.

Auto races from San Francisco and El Paso are included in the varied program of four days of the Friendship Fiesta which the San Diego Progress Commission has arranged with the idea of more closely cementing the friendly relations between the great southwest of the United Staes and Lower California.

Not only will Governor Cantu participate but the governors of California, Utah, New Mexico, Arizona, Nevada and Texas have been bidden. Delegations from 356 cities and towns of these states will take part in the Fiesta.

The program includes a day of water sports, a day for the school children, with dancing and pageants; a monster parade and a Mexican fiesta.

The parade, one of the most unusual ever held in the west, will include soldiers, Mexican organizations, fraternal and civil bodies and floats representing the six states participating and delegations from each state and city.

Governor Cantu is accepting the invitation of the Progress Commission to have the opportunity to in this way demonstrate the friendship of his country for the United States. He intends to come with his military staff, a military band, delegations from civic organizations of Ensenada, Tia Juana and Mexicali and a delegation of school children from these places. The situation is unique and will be the first international fiesta of this kind ever given. It will have all the brilliance, color and revelry of sound and beauty associated with Spanish love feasts.

A special commission composed of Chief Commissioner George S. Parker and Secretary William Tomkins went to Ensenada, Lower California, the past week, to personally arrange with Governor Cantu the details of his participation in the Fiesta. While in Mexico they were the guests of the Governor and were personally entertained by him and his staff in a most lavish manner.

MONROVIA, CALIFORNIA

Shiloh A. M. E. church held three great services last Sunday. Mother's Service at 11 a.m., sermon by the pastor, W. D. Henry. Subject, "The Secret of Long and Happy Life." Text, Exodus 20:1-12. A great sermon, pointed and instructive. It claimed the earnest attention of his hearers. Defining the word honor, and mother, telling why she was honored, he declared that all women were mothers, let them be fruitful or barren. Dividing them into two classes, the 1st class, true; 2nd class, false. He said that God had distinct reference to the mother of righteousness. Pointed out her duties and the duties of children. Truly he preached as one of authority. He charmed his hearers and plead for true mothers. He proved himself equal to the task.

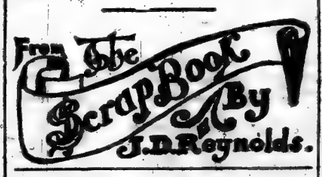
At 3 p.m. V. C. E. sermon by the Rev. R. H. Hunter of Pasadena. Text, "Words we must worship in truth." Truly he preached as one sent from God. A great feast at 8 p.m. Sermon by the Rev. W. R. Hutchinson, A.M. S.T.B., pastor of Mt. Olive Baptist church, city of Los Angeles, Boyle Heights. Text, Prov. 16, 25. Copious showers of the spirit filled our hearts. Truly this was a masterful discourse and he proved himself a young Spurgeon. We were blessed with several visitors from the city. Distinguished representative from the Sojourner Truth Home, Mrs. Thomas.

Pastor Henry's Sunday subject, "Will We Get Right With God," followed by a confession service, beginning of a great revival conducted by the Rev. W. M. A. Washington, pastor of Bethel church of Christ. Sermon at 8 p.m. Come.

Phoenix Arizona.

Just a word from Phoenix. The city has taken on new life; churches, lodges and clubs are very active in entertainments and receptions. Work is plentiful, with a great demand for help, such as cooks and day's work for members of our race.

Tuesday, May the first, marked the first year's work of Dr. F. T. Walker, Pastor of Second Baptist church. In the evening, there was a fine program rendered, remarks by the pastors of the city and school teachers and Dr. Hackett, on the splendid work rendered by Dr. Walker to the church and community. The pastor, after a few remarks, made his annual report. He preached 128 sermons, including four funerals, forty-nine prayer meetings, married two couples, received into the church 28 members, excluded 12, report to the association last year forty members, this year seventy. As Moderator of the Parish Association, he made the following official visits: Flagstaff, Prescott, Hayden, Tucson and Douglas, and preached seventeen sermons. Raised for the church during the year $1536.18. After this report, the mortgage was burned and the church is now clear of debt, except paying on the pavement which is a very easy thing to do.



Dr. Walker said this meeting that it was impossible for him to pastor the church any longer at the present salary, and he planned to leave for Iowa the 7th of June. The church and community are very anxious for him to remain, and will have a meeting held in the church in the near future to meet his request before he leaves.

The Odd Fellows had their annual sermon preached at A. M. E. church last Sunday. Quite a number of our people are coming to the city and are finding employment. There is room for more of the better class, but no room for tramps and loafers. Sunday services are being largely attended in the evening at all the churches. The Second Baptists have the largest congregation.

Dr. W. C. Hackett, who is a member of the Second Baptist church, is the only colored doctor in the state and has a large practice.

I think it is a good place for a colored lawyer, one who can deliver the goods.

On May 4th, members of the Second Baptist church tendered Dr. Walker and his wife a reception. Everything of the season was served and the church was crowded. Many speeches were made commending him for his excellent work, and hopes expressed that he would remain in the city.

FOURTEEN YEARS OF WAR

Prophet Predicts Long and Bloody Conflict—Change of Heart Will Save Some

With all the dignity and assurances of the prophets of old, Rev. Andrew Jones, of Philadelphia, is in St. Louis, telling the people of this city of wrath to come. He is preaching at Mt. Zion Baptist church, 2625 Morgan street, where large crowds gather nightly to hear his prophecies. His special message is to warn men to repent of their wicked ways and pray that they may be spared when the great calamity comes.

"Prophet Jones," as he is generally called, is a most interesting character. He is usually seen with a large bundle of papers. Among them may be found some of the leading dailies of this country. These papers contain extracts from the prophecies which were made by Rev. Jones years ago. Some of his predictions as chronicled in these papers are: The Johnstown flood, the Baltimore fire, the St. Louis cyclone, the assassination of President W. H. McKinley and many other sayings that have proven absolutely true.

In 1904 he told of a great war across the waters that would drag this country into it. And that it would be the bloodiest war that the world has ever seen. He predicts the destruction of Boston, New York, Washington, D. C. and Chicago. He says this present war will last for fourteen years and at the end of that time there would be only a few men living. Famines, pestilence are factors in making this war serious. The rich shall weep and howl, for they shall see their gold and silver canker. God is going to avenge the suffered and the proud and haughty shall be brought low.—St. Louis Argus.

FAMOUS ENGLISH STATESMAN DECLARES UNITED STATES HAS NO RIGHT TO MEDDLE IN IRISH AFFAIRS WITH RACE PROBLEM HERE UNSOLEVD

London, May 5.—Frederick Harrison, the famous historian and publicist, in the course of a long letter to the Morning Post in the "Irish Dilemma," says Englishmen welcome with enthusiasm the entrance of the great republic into the tremendous war, not merely because we are now fighting side by side, but rather because it manifests that the combined cause is that of civilization, humanity and peace. But does this comradeship in arms quite justify American politicians, however eminent and friendly, thrusting themselves into our municipal politics at a moment of internal crisis. As an Englishman, I wonder to see my stalwart friend Roosevelt and so many leaders of American intellect and statesmanship echoing the stale sophisms of our enemies during one of the most inveterate trials to which Britain has ever been exposed. What would Americans do if we intervened in one of their dilemmas—say, if one of the ministers, doctors and preachers were to summon them with a passionate appeal to raise up their 12,000,000 of colored citizens to equal human dignity, to wipe out the national stigma on the commonwealth that every man or woman born with a dark skin is born with the shame of exclusion and the life of a pariah race?—Defender.

KAISER MUST GO, SOCIALISTS TELL GERMANY

New York, May 12.—A message from a number of leading American Socialists was cabled to the Socialists of Germany today, saying that democracy of the world would continue to fight against Germany until the Hohenzollerns were overthrown. The message was sent to Socialists in Stockholm, Copenhagen, The Hague, and Berne, with a request that its text be forwarded to German Socialists.

"It will be difficult, if not impossible," says the message, "to convince the democracies of the world that a reformed Kaiserism is anything else than an effort of the Hohenzollerns to make the German people more willing tools of its foreign policy.

"There is only one way to bring the war to an early end. The Kaiser must go."

THE WORLD WILL NOT PERMIT THE NATIONS TO GO ON HATING EACH OTHER

METROPOLITAN BAPTIST CHURCH

On Thursday evening of last week the joint May festival, musical and cafeteria dinner party given by the Women's Rally Club and the Strong Men's Club was one of the most pleasant evenings ever spent by Pasadena.

The two clubs are now arranging for an old fashioned spelling bee to be held in the church on the fourth Thursday evening in May, the date is the 24th. The women will try to spell down the men. The admission is free.

Services last Sunday were up to the standard, although quite a number of the active members are on the sick list. The pastor strongly impressed his hearers at the morning service with the subject of "Love" and in the evening from the subject of "Mother."

Next Sunday the services will be as usual, Sunday School at 9:45, preaching at 11 a. m. by the pastor, subject, "The Black Man and What He Is."

The W. H. & F. M. Society will hold their regular meeting at 3 o'clock p. m., the B. Y. P. U. at 6:45 p. m., evening service at 8 o'clock. Solo at both morning and evening service and good singing by the choir.

FIRST A. M. E. CHURCH NOTES

Mother's Day was observed at the First A. M. E. Sunday. Beginning with the Sunday School a class of young women were appointed to meet the worshippers at the door and pin a white carnation upon them in memory of mother. After the regular opening exercises the pastor, Dr. Dyett, conducted an old fashioned Methodist testimonial meeting. The spiritual tide ran very high. There were many who were led to speak of mother. Four conversions and eleven added to the church. The young people had a very interesting meeting at the C. E. hour. At 3 o'clock a Mother's Day program was rendered by the members of the church. Reginald Prince sang a solo and there was a short address by Mr. H. Jones on mother, also a very fine address by Mrs. K. L. Lee on "Sweet Memories of Mother." Ladies Aid will meet at residence of Mrs. W. D. Bench Thursday afternoon. The ladies had a splendid meeting at Mrs. John R. Wright's last Thursday.

NATIONS HATE

(From page one)

either one of the parents an alien or a foe? How can the elders themselves, strangers and enemies once, keep up a racial bitterness? Their influence will act strongly on their brothers in the old countries, adding to the other influences of close communication inseparable from modern conditions.

The world will soon send Arras and Tannenberg and the others to join Austerlitz and Tours in the pages of dispassionate history.

IT AFTER ALL MAKES A BIG DIFFERENCE WHOSE OX IS GORED

The Eagle does not for one moment stand sponsor for such institutions as the Country Club at Watts, which has just been closed by the authorities. As a matter of fact we do not believe that such propositions have a leg to stand on from a moral standpoint, and representing as we do, the highest ideals of citizenship, we would be very much out of our place espousing the cause of such places as heretofore referred to.

But we cannot help but notice the different manner in which vice is handled by the authorities and we have come to the conclusion that after all it makes a great difference whose ox is gored.

Now we all know that the great big Examiner with its paid artists sent out, is won't to illumniate wherein the colored brother is concerned and as that report great allowance must be made. So the Eagle, detesting all vice as we do, we cannot see wherein the line of demarcation rests if viewed from an unprejudiced standpoint, as a matter of fact we think vice is, if anything, more to be condemned with the white race, because the blacks have not had the opportunity in the race of life that the Caucasian has had.

The nightly revels which have taken place in various resorts near by this city, the murders which have been traced directly to these places, the accidental deaths from joy riders, with their drunken orgies returning from these road houses, have been such as to have long ago sent the Examiner's special writer out for the purpose of exploiting the same to the public. We do not believe in this difference. There should be no difference in the treatment of vice no matter whether he happens to be fair as a lily or as dark as the coal.

There will be a whist tournament given for the benefit of Sojourner Truth Home Thursday evening May 24th, at the Assembly Hall, corner of Washington and Central Ave. Eight beautiful prizes will be awarded the winners. The prizes are: 1st: order for a $6. pair of shoes; 2nd: gorgette crepe waist; 3rd: one-half dozen pair of sox; 4th: one-half dozen pair of silk hose; 5th: one box of 50 ten cents each cigars; 6th: one box of 50 five cents each cigars; 7th: one necklace; 8th: a box of toilet articles. Game will be called at 8:30.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seise it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. MUST GO! The Jitney Buss Menace

PERNICIOUS JITNEY BUSSES MUST STAND TO BE REGULATED

This momentous question calls for every voter to turn out on June 5th and vote YES on Amendment NO. 4 and vote NO on NO. 8.

By far the most important proposition which affects the very foundation of the rights of all the people, is the initiative proposition destined to regulate the pernicious and discriminating Jitney Bus. This industry has become a menace to the community and the people on all sides are crying out for relief therefore it is the bounden duty of the people who stand for justice and fair play, to turn out on Tuesday, June the 5th.. and cast a ballot which will regulate the Jitney Busses so that they will cease to ply their work in the manner which has brought them into such disrepute, and the voters should not stop at casting their own vote, but should see to it that their friends and acquaintances get out and vote YES on Amendment NO. 4 and NO on NO. 8.

PERNICIOUS AND EXASPERATING

The Jitney Busses as operated in and out of this city by their reckless methods and by rank discrimination has become a veritable nuisance and all classes of our citizenship have felt their reckless abandon of the rights of the public, and to such an extent that the people have risen almost en masse as it were, and demand that they shall be regulated.

It has come to the point where it is not the railway people's fight, and the situation demands that the people should take no chance with this pestiferous sore on the body politic, but that every voter must get busy and turn out on Tuesday, June the 5th, and vote for the initiative Amendment No. 4, which makes the Jitney Bus amenable to regulation the same as any other common carrier.

Leading Citizens to the Forefront

In this battle for fair play and justice the leading citizens are taking a lively interest and will leave no stone unturned to arouse the people to the importance of this question. The following letter from Dr. H. D. Prowd, who is pastor of Second Baptist church and president of the Interdenominational Ministers' Alliance, is enough to arouse every voter to the necessity of voting and working for Amendment No. 4.

NOW IS THE TIME

Dear Friend:

Now is the time and opportunity to protect yourself. The ballot is our Weapon of Defense against prejudice, and unjust and unlawful discrimination.

The present effort to "Regulate Jitney Busses" is, on the one hand, a street car company affair. But it does not stop there. It vitally touches every black person's interest in this city.

At present these jitney busses positively refuse to carry our people. In fact they have on many occasions gone as far as to stop and put them off in instances where they were mistaken for white people. At present we have no redress, as the men do not even own the busses. But if they are put under bond and properly regulated as is contemplated, we are sure to have our rights under the law and be rid of contempt and insults.

Let every Colored man and woman use the opportunity of defense. In doing this, vote for the ordinance put on the ballot by the railway employes.

H. D. PROWD,
President of the Interdenominational Ministers' Alliance.

The above letter is timely indeed and shows that our religious leaders have their ears to the grass roots, and are alive to the situation and the EAGLE is glad to say that the sentiment expressed in the above letter has the unqualified endorsement of the entire ministry of this great metropolis.

Jitneys Have Unlawfully Inaugurated Jim Crow Methods

Without warrant of law the Jitnye Busses have and even now discriminate in their service to the public, and the very spectacle of this class of business sowing the seeds of segregation, of malice, at this stage and this section of our country, is certainly to be condemned by all good citizens.

Must Be Regulated

So nefarious and so pernicious has the Jitney Bus nuisance become that the business men of the city have organized and are taking a leading role in the movement for their regulation. The Business Men's Protective Association sets forth as in the following circular the salient point of the proposed regulations.

RGULATE THE JITNEY BUS

To the Voters of Los Angeles City:

On June 5 you should vote YES upon the following proposition— NO. 4 ON THE BALLOT. (Do not confuse with any other proposition.)

4. Shall the ordinance proposed by initiative petition providing for the supervision and regulation of jitney busses, stages and auto stages; providing for the issuance of permits for the operation of such jitney busses, stages and auto stages; and prohibiting the operation thereof upon certain streets, be adopted? SIGNS OF THE TIMES

The Hand Writing on the Wall

C. A. Spear

Last Tuesday morning, May 22, the Associated Press flashed over the wires that a Negro had been parched to death in an especially prepared steel cage near Memphis, Tenn.

In response to Associated Press news wires, afternoon papers began to appear with great big scare crow lines across the top of the papers stating "Negro Lynched or Burned to Death," in whichever way they saw fit to word it.

The Negro lynched was Eli Persons, and the place where the lynching bee was celebrated was in a little town ten miles from the city of Memphis, Tenn.

This Negro is supposed to have killed a white girl, and when it was learned that he was suspected of the crime a mob was sent out after him. Few obstacles were in the way of those blood thirsty human fiends, and they soon returned with their victim, and after cutting off his ears and fingers and in this manner wrenching from him a confession that he had committed the crime he had been suspected of, to the tune of "John Brown's Body Lies Molding in the Grave," Eli Fersons' half mutilated body was committed to his steel casket about which was piled fuel which was saturated with coal oil. As the steel grew red with heat the Negro's yells could be heard for miles around and there was great rejoicing by the 12,000 persons who came out to witness or participate in the lynching.

The Negroes of these United States are law abiding and believe that if Eli Persons committed this crime he should have been duly punished. On the other hand every true race man and woman who loves his race, and country, resent this unwritten law that is prescribed alone for the Negroes of this country, and we believe that every fraternal order, woman's club and in fact every race organization should protest against this inhuman practice.

However, as we think upon this subject in what we are wont to consider a calmer mental attitude, we tremble not so much for the Negroes of this country as we do for the solid South and in trembling with fear for the future of the South we can but be fearful for this country, for we realize that "what affects a part affects the whole."

For the past three centuries God has smiled graciously upon this country—in wealth she is unrivaled by any other country in the world—in point of invention she is ahead of most of the civilized nations, and in her educational system for all of her subjects she stands out supreme, but it seems that just at the point when and where America would and could come into her own there appears a hand writing on the wall of time which no man can read or understand, but somehow methinks I hear a still voice whispering, America, what ye sow ye shall reap.

At this time when our government would stretch her hands across the sea and say to Ireland and Russia we are with thee, and cannot hear the groans of her own citizens when they are being tortured and burned at the stake, we say, woe on the Christianity that teaches love for one and hate for another.

If the Negro is immoral this trait was engendered in his two

What the Churches are Doing

ST. PAUL WELCOMES PASTOR

St. Paul looks forward to a brighter day in church life.

Last Sunday's services were well attended. Brother Payne preached an interesting sermon at eleven.

Pastor Holt and family reached town Sunday, 7:20 a. m. They were met by Messrs. Hammock, Batts, Goal and Wadkins, and escorted to their new home, 1506 E. 23rd street, where they were allowed to rest for the day. Pastor Holt came on the scene at 7:30 p.m. and held the congregation spellbound as he reasoned from the subject, "In the Right Place."

Two persons came forward and cast their lot with us.

All are invited. Come and hear Pastor Holt's introductory sermon on Sunday next. Subject, "Why I am What I Am."

Meet us at St. Paul.

THE BAPTIST UNION

The Los Angeles Baptist Ministers' Union held a meeting last Monday. The most important feature in the meeting was the address rendered by the president, Rev. W. H. Rozier, entitled, "The Duties of a Deacon." Next Monday there will not be any meeting of the Baptist Union, but the meeting will be with the Interdenominational Alliance at the Y. M. C. A. on San Pedro street.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

Sunday was a great day at Second church. The pastor preached in the morning and evening and at 3 p.m. Dr. A. P. Shaw of Wesley Chapel electrified his audience, reaching both hearts and pocket books. $75.22 was collected for the mortgage debt and at the evening service $19.00 was collected, making a total of $94.22 raised by the following divisions: Deaconesses, led by Sisters Hattie Hill and J. Goock, $10.87; Stewardesses, led by Sisters M. James and J. Woten, $30.85; Helping Hand, led by Sisters Eliza True and M. C. Johnson, $52.50.

Brother Robt. True, representing Dr. J. Logan Craw, laid on the Helping Hand table $6.00.

We desire to thank all who helped even to the least mite in this great effort which enabled us to pay $50.00 in advance of the demands on our debt for this year.

PHILLIPS CHAPEL C. M. E. CHURCH

Rev. J. C. Anderson, Pastor

The coming Sunday evening the choir and Epworth League will have charge of the evening services and Attorney E. Burton Ceruti will address the young people. If you want to enjoy a musical and literary treat be sure and be in attendance next Sunday evening. The pastor and delegates from the various departments of the church are in attendance on the district conference and Sunday school convention at Santa Monica this week and we are anticipating a glorious time.

The pastor will preach at the morning service on next Sunday morning and we are expecting a great service. Strangers and visitors are always welcome to our services.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

Thirty-fourth St. and Central Ave.

E. E. Lightner, Pastor

"The Field of Greatest Service" was the subject of the pastor at the morning service Sunday. Following a very interesting meeting of the Christian Endeavor in the evening, Brother George Baker gave us a very helpful lay-sermon on "The Good Shepherd."

Services for next Sunday, May 27, as follows: Sunday School, 10 a. m.; preaching, 1:15 a. m., subject, "The Unseen Companion;" Christian Endeavor, 7 p. m., topic, "Financing the Kingdom," Luke 19:11-25. The evening service will be under the auspices of the Missionary Society of the church. Prof. and Mrs. N. B. Ghormley, who for eight years were missionaries in Africa, will be the principal speakers. They will also exhibit many African curios. Everyone should see these and hear these missionaries.

1354 Channing St.

Rev. J. W. Price, Pastor

The members and visitors of this church enjoyed two highly spiritual services Sunday, and the old fashioned class meeting was the climax.

The entertainment given by the young men's glee club of the First A. M. E. church, Pasadena, was highly appreciated by all who attended, it was indeed a splendid program, and the attendance was very good.

Sunday has been set for the first big rally of the season, at which time we hope to raise a good amount to apply on the indebtedness of this property. We hope that every member will give at least five ($5.00) dollars, and each friend as much as possible. We desire that each captain will be ready to report some time Sunday. The quilt given by Sister True for this work will be given to the one raising the largest amount over $15.00. There may be a little longer time given, however, on the quilt.

Sunday services—Sunday school, 9:30 a.m., Mrs. S. E. Mann, Supt; Allen Christian Endeavor, 6:30 p.m.; preaching at the morning hour, 11 a.m. At the union service, 3 p.m., Dr. B. C. Robeson of the First A. M. E. Zion church will deliver the sermon.

There will be services all day next Sunday.

The history of the church with its auxiliaries will be given.

The Ministers' Union will be present in a body. There will be remarks by the different pastors and the oldest members of the church.

Music will be furnished by the Senior and Junior Choir.

Don't miss this special day in the life of Zion.

A. M. E. ZION CHURCH

Sunday, May 20, was a warm day spiritually at Zion. Rev. Robeson preached the second of his series of sermons on "The Proper Training of Children." He emphasized the need of home discipline, making the home bright and cheerful and the imparting of religious instruction. Much interest was manifested when he assailed the divorce evil with vigor. "Broken lives and broken homes go hand in hand for the man who stayed home long enough to produce a family and then left, hell was too cold for him," said the preacher.

Three accessions and one conversion brought to a close a very successful and inspiring day.

Sunday, May 2, at 171 a.m. the pastor will preach on "The Man of the Hour." At 8 p.m., "Stop! Look! Listen!"

Thriving Sunday school and cordial greeting await you. Bible class at 7 p.m.

PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Corner 18th and Paloma
Rev. N. P. Greggs, Pastor

The third Sunday in May had been looked forward to be a day of much rejoicing and none were disappointed. The pastor took as his theme in the morning, "Winning the Crown of Life." He said in part that this world is a stage on which each man plays his part and as in the chariot race he drives three chariots, one of mind, one of soul and one of body. He holds the reigns and guides where he will and at the end of the race, which must come to all, he receives his reward, which, if the race has been well made, he receives a crown of life. No other reward admits into the haven of rest.

At 3 o'clock in the afternoon nineteen persons were baptized. The sermon was preached by the pastor and a large congregation gathered to witness the occasion.

Again at 7:30 the pastor and choir were at their post and another excellent sermon was preached. The theme was "Being Saved in Time."

Services next Sunday as usual.

All are welcome.

WESLEY M. E. CHURCH
Eighth and San Julian Streets

Rev. A. P. Shaw, D. D., Pastor

Sunday was a great day at Wesley M. E. church. At 11 a. m. many aged and infirm people came out and enjoyed the services very much. The pastor preached a very acceptable sermon on "Asking for the Old Paths." Free dinner was served the old people in the dining room. The evening services were under the auspices of the Epworth League. An excellent installation service was rendered by the Leaguers under the leadership of President J. A. Jackson. The pastor and a company of jubilee singers under Prof. Howard worshipped at the First M. E. church.

This Sunday promises to be one of unusual interest. At 11 a. m. the pastor will preach on the "Importance of Pentecost." This is Pentecost Sunday. The pastor's sermon for this occasion is, one of unusual composition, thought and power. Don't fail to hear it. At 7:45 p. m. a patriotic service will be held. At this service the pastor will deliver a sermon-address on the Colored soldier. Old soldiers, retired regular army men and prospective soldiers are cordially invited to attend these services.

Sunday, June 3rd, closes our annual rally. The new members of the church and the new pastor will hold three very interesting and profitable services as follows: Wednesday evening, May 30, an evening with the business and professional men and women of the city; Thursday evening, May 31, an evening with the laboring and trades people of the city; Friday evening, June 1, an evening with the churches of the city. Programs announced later.

FIRST A. M. E. CHURCH
Eighth and Towne Avenue

Rev. J. Logan Craw, Pastor

Three thoroughly edifying services were enjoyed by all who worshipped at First church last Sabbath day. The pastor delivered each of the three sermons and there were nine accessions to our membership. Four of these were converts. Two infants and one adult were baptised at the altar. Many visitors were present and expressed themselves as thoroughly benefited in their worshiping at this historic African Methodist church. You are always welcome to attend.

Sunday services will be up-to the usual standard of inspiration and helpfulness. At 11 o'clock the pastor will preach and again at 3 o'clock deliver the annual sermon to "The United Brothers of Friendship" and "Sisters of the Mysterious Ten." Endeavor meeting at 6:30 p. m. Preaching at 8 p. m. The public is very cordially invited to be present at each service.

Regular monthly meeting of the official board Monday night, May 28, at 8 o'clock. All members are urged to be present.

The present city campaign has lost its pep since the election of Mayor Woodman at the primaries.

San Diego it seems was not aslepe as contrary to all calculations, the great army camp has been located near that city.

The Eagle in its next issue preceding the election will discuss the councilmanic proposition and give to our readers the benefit of the same.

San Diego is to be congratulated in its success of having the army camp for this section located near her doors and while we pulled for our own Los Angeles to win this prize, if we had to lose it, there is no place that we would rather see it go than to the hustling city of San Diego.

We have no reason to back up on our appeal for the formation of a California Negro Volunteer Regiment and we urge our men to come forward in great numbers and in no unmistakable manner demonstrate the stuff of which we are made, that of patriots and unexcelled in loyalty to our very own country.

ABLE EXPOSITION

In the magazine, "Tidings," issue of May 11 appears a leading article by our very able and brilliant Mrs. Louise Bibb Thompson, entitled, "The Loyalty of the Negro." It is one of the very best expositions of the subject which has come to our notice and we are proud to know that the same is going forth in the channels reached by this magazine. Mrs. Thompson in an unostentatious manner is always doing her part for the race.

THE RIGHT MAN IN THE RIGHT PLACE AT THE RIGHT TIME

It is a source of gratification to all the people of the state to know that they have in the person of Governor William D. Stephens a man who is fully aware of the emergencies of the hour, and who is capable of dealing successfully with them. Through his farsightedness on lines of preparedness Governor Stephens was the first to initiate the very effective work of a State Council of Defense which is not only supplementing the Federal defense, but is securing protection to the home of California by plans for victualization.

To the high office of Governor, Mr. Stephens has brought into action a vast experience gained by his legislative experience as a Congressman, which stands him well in hand at this period in promoting an effective co-operation of the Nation with the State. The people of Southern California are especially proud of the magnificent record Governor Stephens has already made, is now making and that he will continue to make, as the War Governor of California, equal to any emergency, and he is significantly the right man in the right place, at the right time.

THE PEOPLE'S FIGHT

The pending fight to regulate the jitney buss nuisance in this city is not the fight of the local car lines but on the contrary it is the fight of the PEOPLE and as the people of all classes are suffering more or less from conditions brought about by unregulated jitneys, it becomes the duty of the people to use drastic means to rid themselves of this pest, and there is no issue before the people to be decided at the election on June 5th of the striking importance as this one, and it well behooves the people of all classes to work hard and get out the vote in favor of the initiative proposition No. 4, which will regulate and minimize the pernicious influence of this nuisance. The Colored citizens especially should be alive to the issue, as these operators have brazenly offered insult to a loyal Race by putting in vogue in this city Jim Crow practices for what is generally rated common carriers, thereby insulting and humiliating a part of its citizenship which pays a tax and helps make it possible for these carriers to have roads to carry their passengers on.

So therefore no registered voter should fail in this crisis to turn out and cast their vote for Amendment No. 4, and not only that, but to work and labor with others to do the same. In doing this we are not serving the railroad companies, but we are rendering the greatest possible service unto ourselves. We are making a stand for justice, for fair play and giving segregation and Jim Crow methods a knockout blow in this section.

THE SOUTH AT ITS OLD TRICKS

Tuesday of this week the people of the civilized world were starteld to learn of treatment meted out to two Negro prisoners who were charged with a heinous crime in Memphis, Tennessee. Securing confessions of guilt by the most inhuman torture whose only cessation is immediate death is the method of savagery. Such confessions in law have no weight in courts and are not admissible. Consequently there is no evidence that the victims of the horrible burning were even guilty of the crime charged. The crime charged was the most horrible in the catalogue of crime and its punishment is only conjectural as a confession extorted by the most brutal and lingering torture can be obtained from the most innocent because of lack of endurance. Only a few days ago the Statesmen of this Country who are sympathizing with the Irish in their divided struggle for Home Rule, were reminded by an English Statesman that the ill treatment of 12,000,000 of its own citizens gave the people of the United States no ground to give any expressions of sympathy for the Irish. The South which for 250 years bestialized the Negro have no right to throw up their hands in "holy horror" because of their own handiwork. If occasionally just as it occurs in the white race, a black man commits a fiendish crime it can be traced as an inheritance of the Southern institutions that fathered him. Presuming that the Negro was guilty who is after all the greatest loser, undoubtedly the thousands of boys and girls of tender age and the men and women who were so inflamed as to enjoy the horrible sight of a slowly burning scheeching human being were bestialized beyond redemption. All civilized countries recognizing the brutalizing effect of capital punishment hold them behind closed doors and it is only savages who make a public holiday of such. The treatment of the Negro South of the Mason and Dixon line reflects on the whole country. It makes all of President Wilson's essays on humanity a bellowing romance and holds the nation up to the pitiless scorn of the whole civilized world. But the Southern end of this country has always been a reproach to the balance of the nation, as witness but a few days ago when it was decided to put a war tax of $2.50 on cotton the very men who the day before were talking patriotism arose in Congress demanding thta their cotton be exempted while the manufacturers of the North and the Northerners' dinner pail will suffer all of the cost and inconveniences of the war. And Tuesday the South again shows its patriotism by placing a veritable damper on Negro patriotism.

The Eagle, having in mind the greatest good to the greatest numbers and striving for justice and fair play at all times, sounds the alarm and calls on the people to rise up in their might and do not be satisfied until you have done your utmost to correct the evils of the jitney buss traffic in this our very own Los Angeles, on Tuesday, June 5th. Watch the next issue of THE SOARING EAGLE.

TO THE SOJOURNER TRUTH HOME LET US GO!

"We shall do so much in the years to come,
But what have we done today?
We shall give our gold in a princely sum,
But what did we give today?
We shall lift the heart and dry the tear,
We shall plant a hope in the place of fear,
We shall speak the words of love and cheer,
But what did we speak today?"

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.
(By Special Request)

"THE SOJOURNER TRUTH HOME"

Sunday, May 27th, at 3 p. m., will bring to a close the present effort being put forth by teh Home to raise funds for the assistance of its grand work. It is filling a long felt need. It is a real Apostle of Goodness. It is interpreting life at its proper value. It is striving to preserve the garden of virtuous Eden, and keep any from wearing the brand and scars of an outcast.

Its achievements of the past are brilliant. Its labors have been signalized by an unstinted devotion to duty. It has not faltered when obstacles were numerous, mountains high, and pathways blocked. Lifting its voice of love, devotion and sacrifice it has charmed many to the sweetening of their life, lifting of theier ideals, the giving of a vision, and the companionship of true and tried friends.

A former President, Mrs. George E. Offutt, said in the annual address to her co-workers: "Do not sacrifice the sanctity and worthiness of this work for praise or money, or anything to those who have no righteous interest in your work. Do not stoop to get money or favor from any person or persons whom you would be ashamed to present to the Master as a lover and protector of young womanhood."

Noble words to be sure. They ring true and clear with no compromising tone.

How well they have given themselves to self-imposed duty, history now attests. How valiantly they have fought to realize their ambitions is a chapter Los Angeles would not erase from her glorious archives. What supreme devotion, courage, loyalty and faith has characterized their efforts both present and future generations will herald.

Mrs. J. M. Scott, the very efficient and capable President, now issues a call for us to gather within its sacred confines and help them sing a pean of victory. Can we be recreant to our trust? Can we be unappreciative of such heroic work? Can we sit supinely by and not stir ourselves to action? May God Almighty forbid. Let us act promptly, ernestly and helpfully.

"How much a man can do when he
Is told he's doing finely!
How much it makes the world—a
World he learns to love divinely!
The highest and the lowest like
The tender word and human;
And as it is with men it is
The same way with a woman!"
—REV. B. C. ROBESON.

DOINGS OF THE METHODIST ALLIANCE

The Methodist Ministers' Alliance met in their regular session Monday morning, May 21st inst. Most of the regular pastors were present, and many timely subjects were discussed, and many questions asked. Among some of the subjects discussed was the desecration of the Sabbath day by Christian men and women.

The Alliance also put itself on record against many worldly amusements indulged in by Christian people as a whole, and especially card playing and such other games that cannot be carried on in the name of the great head of the church.

Sunday, June 17th, was agreed upon as the day that all Methodist Ministers of the Alliance would at the same hour of the day in their various pulpits preach a special sermon on the social evils that are sapping the Spiritual life out of many church people.

After a lengthy discussion over the many phases of evils, the following resolution was read and adopted:

Resolved, That the Methodist Ministers' Alliance of Southern California will not endorse, or aid, any institution or parties that give dances or card parties, or such other indulgeneucies that do not become Christians, to aid in their support.

Resolution was unanimously approved.

Hope, Ark., May 11.—The first Negro suffragan bishop in the United States was elected by hte council of the Episcopal diocese of Arkansas here tonight. He is Archdeacon K. A Russell, of Lawrenceville, Va.

San Diego will soon introduce to California, the southwest and the nation a comparatively young man from the other side of the line, who is one of the true "wonder-workers" of the continent.

He is Colonel Esteban Cantu, both civil governor and military chief of Lower California, northern district, beloved of his people, who have found his rule kind and wise, and honored by his neighbors in California, U. S. A., for his ability, friendliness and the peace and prosperity he has given his district.

San Diegans, as well as visitors from sections distant from the border are keenly interested in the opportunity to meet Governor Cantu on the occasion of his official visit and participation in the great Friendship Fiesta, which will be held in San Diego, June 21-24.

MOTHER RAGSDALE DECEASED

4-22-19.

Muskogee, Okla., 4-25-1917.

Dying statement of Sister Rhoda Ragsdale, who departed this life on April 23, 1917, at 7 o'clock in the morning. Sister Ragsdale was born in Crawford County, Arkansas. Her parents took her to the State of Texas, when she was a very small child, where she joined the Christian church at the age of 13 years.

She also married Mr. Stitch Ragsdale at the age of 15 years, in Cook County, Texas. She and her husband moved back to Van Buren, Arkansas. There seventeen children were born to their union, ten of them still survivors here—six sons and four daughters.

Mrs. Ragsdale moved to Muskogee, Indian Territory, in 1901—now 16 years ago. Then she joined Central Baptist Church, 16 years ago. Rev. Frank White was pastor. Her membership remained in Central Baptist Church up to her death. Sister Ragsdale, took ill about ten months ago, and has been confined to her bed about two months. Her last attending physician was Dr. H. L. Muckleroy, with the care of Mrs. Macker as nurse. When all medical help failed and she saw her time on earth was nearly up, she called for her husband, on the 15th of this month, on Sunday, and said:

"I want to tell you that I am going to leave. I have my eyes on the Morning Star. I want you to live right, and to teach my grandchildren. I want you all to live practical and get together. I want Rev. McClendon to preach my funeral. Iwant all the old deacons there."

On last Friday, the 20th day of April, she said to her husband: "I have kept the faith."

She called her son, W. M. Ragsdale, and said: "I want you to see that I am buried and buried right. I have been shown that I am going home." He asked her: "Wher, mother; to my home?" She smiled and said: "Anyone might know what home means when the hacks, hearse and preacher come. Take me to the white gate. I might be a little wrong, but I have been shown that I am going away today or tonight. I want my funeral Wednesday; Wednesday will be funeral day. Son, you have done all you can do. I do not want any big show; bury me and bury me right." Then she called her son-in-law, Mr. James Jackson, to her bedside an dtook him by the hand and asked him how did he feel? He told her o. k. He asked her how did she feel? She told him "very bad." She said to him: "I want you to send the children to church and Sunday school. It does not make any difference what church—Baptist or Methodist—just so you send them." She said: "I have been a member of the church ever since I was a girl 13 years old; I have had a hard time, but, thank God, I have made it over!" To her husband she said: "I have suffered five long weeks; no one knows what I have suffered but) God." Friday night she called for all her children and said: "Children, you all try to get together, for mother will not be here to keep you all together, because I am going Home."

Then she asked to have her bed changed. "I want everything clean. There will be plenty of company here, because I am going Home," she told them. Then she said: "I have fought a good fight: I have finished my course; I am now ready to be offered up." Then she said to her children: "I have raised you all in fold and some of you have strayed from it; Come home! Oh, come home!" She called her sister, Eliza, all the time. She said to Florence, her daughter, "you and your papa and your husband, Adair."

She called her granddaughter, Beatrice, to sing "Swing Low, Sweet Chariot." "For the chariot is going to carry me Home!" she said.

Calm and easy she slept away in the arms of Jesus on Monday morning, at 7 o'clock, at North Third street.

She leaves to mourn her loss a husband, and six sons, W. M. Ragsdale, Ross, Dan, Gus, Adair, all of Muskogee, Okla.; Fred Ragsdale, of Kansas City, Mo., and four daughters, Mrs. Sarah Austin, of Los Angeles, Calif.; Mrs. Mollie Stokes, Mrs. Florence Abraham, Maggie Emberry, all of Muskogee; three brothers, Taylor Ross, Little Rock, Ark.; L. C. Ross, Kansas City, Mo.; B. O. Ross, of Lonoak, Ark.; three sisters, 63 grand-Total, 67 grand- and great-grandchildren; and a host of friends and relatives;.

Sister Ragsdale was not only a mother, wife and friend. She was one of the most earnest and sincere quiet women of her community. She never engaged in any big, prolonged disputes. She loved and helped her neighbors: she observed and followed her church's lead; there are no charges of any nature by anybody lodged against her. She lived a spotless Christian life.

She was old, it is true, but she was all sunshine in her latter days. Sleep on, mother, with your sainted sisters; take your rest some day. We will all meet you where every day will be Sunday and every month the month of May.

Active pall-bearers:

Dan Ragsdale, Guss Ragsdale, William Ragsdale, Ross Ragsdale, Fred Ragsdale, Adair Ragsdale.

All her own sons.

Mr. W. M. Ragsdale is the noted undertaker. He has buried over 1500 people since he has been in the undertaking business. The honorary pall-bearers were not given to us.

This was one of the largest funeral processions ever seen in Muskogee. There seemed to have been no end to the automobiles, buggies, carriages, cabs, etc. Her body was resting in a zinc material casket. It was out in a glass by itself. It might not be in order, but hundreds of people made complimentary remarks of how the family put the sainted old soul's rwemains away.

(The above is the account from the Muskogee paper of the death and funeral services of Mrs. Sarah Ragsdale of that city, who is tne mother of our estimable citizen, Mrs. Sarah Austin, of 2915 Pennsylvania street, San Diego, Cal.—Editor.)

ODE TO THE RE-APPEARANCE OF "THE AFRICAN TIMES AND ORIENT REVIEW."

Oh, noble organ, once more we welcome thee,
Thou doughty champion of the race's liberty.
May inspiration of the noblest kind,
Thy worthy pen once more, more worthy find.
We hail thee in thy renewed effort,
To pass once more the journalistic fort.

Support more loyal and more nobly true
God grant that we may give to you.
Throughout the length and breadth of this wide world
We hope to see the banner of thy cause unfurled.
From the pages of thy doughty medium
Let nothing Hunnish or from Huns' pens come,
We say not this by way of admonition,
For secure was never more thy new position,
As in thy racial rally to the Empire's flag,
In which we see the dawning of "Der Tag."
When Ethiopia shall, in noble raiment clad,
Stretch forth her hand to the Almighty God.

EVANGELIST RETURNS TO UNITED STATES

New York, May 18.—Mrs. Nora F. Taylor, Chicago, Ill., arrived here from Bermuda Islands, where she had been carrying on a revival for the A. M. E. church. War conditions forced her early return.

"A FRIEND IN NEED IS A FRIEND INDEED"

Mr. D. H. Lusk, head of the Southern Pacific Commissary and Dining Car Department, has proven himself a very valuable friend to the many waiters, cooks and his other employes, in their different capacities. A waiter by the name of Nomia Admiral was instantly killed by falling off the platform of a car at San Luis Obispo. Mr. Lusk sent for the body, spending a week or more trying to find out the cause of the accident. He sent the body to his home, to his mother in Austin, Texas. Another waiter, C. A. Ward, died at Los Angeles. Mr. Lusk shipped his body home to his mother in New Orleans. He also sent a man to accompany the body home, bearing the expenses himself. F. Sager died near El Paso, Texas. Mr. Lusk sent for the body. The funeral and burying expenses were managed by Mr. Lusk. The late Cornelius Hubbs, who, after lying for six months confined to his bed, and when the doctors had given up, was also befriended by Mr. Lusk. Mr. Lusk employed a trained nurse to accompany him home so that he could die at home. The nurse's name is Mrs. H. Donaldson. Louis Davis died at Los Angeles recently. Mr. Lusk had his body shipped to New Orleans; also another, Mr. R. L. Taylor, was killed in Kansas; Mr. Lusk had him buried, and assisted his wife. Mrs. Taylor, in every way possible in her trouble and bereavement. Then there was one of his cooks, C. Harris, who lived in San Antonio. Mr. Lusk, through subscriptions while he was down and in poor circumstances, sent him home, although he had been in his employ but a little while. Mr. Lusk, previous to the illness of Andrew L. Joseph, who died in Los Angeles, told Mr. Joseph's family not to worry about the funeral expenses—that he would give it his personal attention. There are other instances of similar cases too numerous to mention here for want of space. Mr. Lusk has the unanimous confidence in the efficiency of his employes from their record of service which needs no further endorsement. His kindness and consideration are rarely if ever met with—always willing and ready to do even more than his share, keeping strictly in touch with each individual among his many Colored employes in their various occupations, knowing where they are and what they are doing. These deaths have all occurred within the last three years.

In the afternoon the memorial services held for the late pastor, Rev. McMickens, was also a success. Many who were to be on program were not present, but we were greatly pleased to hear remarks from Rev. Anderson, Prof. Biggers, Dr. Stovall, and Rev. Kinchen, all of them making special efforts to be present and all giving worthy praise to their departed friend and brother. Miss Bertha Miller very sweetly sang, "I Cannot Drift," and Miss Susie Lynch sang, "God Will Take Care of Me," both favorite songs of Rev. McMickens. Mrs. Leeo also recited a poem composed by Miss Lynch which told all about Rev. McMickens' illness, his death, and work in the church. It was very well rendered. Services as usual next Sunday. FRIENDSHIP BAPTIST CHURCH

This action comes at the close of about three months service on the part of Dr. Tillman as supply pastor. The membership will please bear in mind the fact that Dr. Tillman cannot carry on the work alone and that the hearty co-operation of each and every member is essential to success.

The Board of Deaconesses return a very favorable report from their bazar held on last Saturday evening. Rev. Tillman will be present to preach next Sunday as usual.

SCOTT CHAPEL NOTES

Sunday evening a fine audience of the two races gathered to do honor to the memory of the Negro's great friend, the late Senator J. B. Foraker of Ohio. The speakers were Mr. James Vena and E. W. Kinchen. The address of Mr. Vena thrilled the audience as he portrayed the life and deeds of Senator Foraker from a soldier boy of sixteen until the close of his eventful life. He spoke of the splendid abilities of Mr. Foraker which caused him to be acknowledged the ablest man in Congress, and that he used his great power in behalf of the rights of the Colored people—how he sacrificed himself and all of his political fortune on the altar of the Negro's rights and justice and fairplay for the Negro soldiers. Rev. Kinchen said in part that J. B. Foraker's name must be counted with that of Charles Sumner, William Lloyd Garrison, Lovejoy, Beacher, and John Brown, Lincoln and other immortals. The one thing that Senator Foraker tried to nerve the Negro with was self respect and to insist on nothing shorter than his fullest rights as American citizens.

BIG CONCERT AT A. M. E. CHURCH FOR SMALL PRICE

Services at the A. M. E. church Sunday were helpful to many. The pastor spoke at morning service and Rev. Bussey at night. Mr. John Hale superintendent of the Allen Leagues of the district, was a visitor at the League's meeting Sunday evening. Announcement was made during the day of plans for caring for and entertaining the District Conference and Sunday School Convention beginning June 20th. The Aid Society will entertain the first day of the meetings, the Stewardesses the second, and the Sunday School the third day, while the Stewards are arranging the program for the reception. The Aid Society met with Mrs. Wm. Bunch last Thursday afternoon. Twenty-five members besides several visitors enjoyed this meeting.

Sunday patriotic services will be the order of the day. At morning service the pastor will preach an appropriate sermon and at evening there will be special meeting in which local members of the Spanish American War Veterans as well as G. A. R. comrades will have part. At this service a flag the gift of former Mayor Vedder will be presented the church by Mrs. F. M. Prince.

Thursday evening a most enjoyable concert is promised. The girls of the church will present a drill, the Aid Society will have a chorus and the boys of the Glee Club will present an amusing drama entitled "At the Photographer's." These boys will impersonate women character in costume. Everyone will enjoy this entertainment.

METROPOLITAN BAPTIST CHURCH

The pastor, Rev. W. H. Hughes, extended himself in presenting the subject, "The Black Man and Who is He?" handling it with precision and a forcefulness that pleased his hearers and brought forth many compliments.

The Sunday School and B. Y. P. U. are exceedingly busy preparing for the picnic, state convention at Riverside, June 29th, and for the church rally on the second Sunday in June.

The W. H. & F. M. Society held a very interesting session in the afternoon at which the subject for discussion was "Looking to Jesus," and was very enthusiastically discussed. A paper by Mrs. M. E. Reynolds, subject, "Excuses," was also well received and appreciated by all. Delegates were elected to the State Convention.

At the evening service the Rev. Archie Williams preached a very commendable sermon, and Rev. Wm. Prince was a welcome visitor.

On next Sunday morning Rev. Wm. Prince will preach, and the pastor is very anxious that a good congregation greet him at that service.

Sunday School at 9:45 a. m.; B. Y. P. U. at 6:45 p. m. The pastor will preach at the evening service, 8:00 o'clock. Good singing by the choir, and solo morning and evening.

Will you please place a flower on my papa's grave?
Be you whoever you may.
And I will pray God's blessings on you
This Decoration Day.

It was the month of May when he left us,
Two years ago this month of May:
When he grew tired and worn with the cares of life,
And went home with God to stay.

But, ah! He shall not be forgotten,
Let the years come and go as they may.
As long as God shall give me strength,
He shall be remembered on this day.

So, while you are placing fiflowers on the Soldiers' graves,
Who wore the blue and the gray:
Remember a Soldier who fought for God
Through many Decoration days.

He was a Soldier of the Cross,
A follower of the Lamb;
Who did not fear to own his cause,
Nor blush to speak His name.

So, please place a flower on his grave today,
Be you whoever you may,
And I will pray God's blessings on you

"THE SOJOURNER TRUTH HOME"

"To develop the highest conception of Christiain womanhood; to influence the young women with whom the Home comes in contact toward self-reliant and virtuous living; to encourage and promote efficient service."

These words constitute in part the object of this Home. No grander commendation could be given. This is work of the right sort. Prevention rather than reclamation. This old world will sing a new song and wear a new face when we begin to work this way consistently. Save from rather rescue from. Stand by and hold up, rather than reach down and lift up.

We stand idly by today and watch our grils fall a prey to vileness, deceit and degradation. We see their very lives shattered and broken as they walk the streets filled with the shadows of men. We see them leave the valley of shame together; the woman with a hung-down head and repentant heart; the man with a holier-than-thou look and no compunctioin of conscience. Society's doors swing wide on their hinges and admit the scapegoat—its arms nearly smother him within its embrace. The poor repentant girl is denied entrance, branded with cruel anathemas, left to pine away, forsaken, and unforgiven. What a cruel

The condition is here. The probworld! What a damnable standard! lem is how can it best be met? Mrs. J. N. Scott, the faithfu, and devoted President of the Home, backed by number of loyal women, are solving it in the only feasible way: By closing up the sources of temptation—by putting a fence around the top of the cliff—by protecting virtue, rather than resurrect a blighted life.

Sunday, May 27, at 3 o'clock p. m., the Home will make its final appeal for this impending effort. A program of interest and profit has been arranged. Your presence is requested. Your assistance is asked. Your interest is solicited. Duty demands a hearing. Honor, retspect and self-preservation clamor for loyalty. No race can rise higher than its women. We owe our marvelous progress to the selfrespecting, honorable and virtuous women who stood as monuments in times of storm. By pushing forward the work of this Home we can save their daughters while life is sweet, the soul pure and the character clean. We can do the work a Civic Reclamation Society would do later on.

Signs of the Times.

hnudred and fifty years stay in the debasing school of chattel slavery, and we say, that if it took two hundred and fifty years to acquire it then certainly it will require more than 54 years to shed it.

However, there is little time to discuss Christian ideals. The Negroes of this country are American citizens, and when she is right or wrong must even in the face of cruel oppression, believing that God is just, stay by the stars and stripes until He says, enough, enough.

To be continued under this caption in next issue.

It has been and is widely circulated that the picnic to be given next Wednesday by the Federated Union is in direct opposition with the well established Sunday school picnic that has become an annual fete by the Baptists of this state, and as we announced at our own B. Y. P. U. last Sunday it was our intention to sever harmonious relations with that much loved organization (the Federation) of which we had the distinguished honor of being first president, but Mr. J. Allen Reece, the president and in our estimation a very splendid example of the very best among the men of our race, called at our office this week and assured us that as far as he or any one else connected with the movement was concerned, that in giving a picnic at this time there was no intention or desire on the part of the management to interfere in any way with the regular Sunday school picnic.

Mr. Reece also stated that the R. R. had charge of the printing and that is why the colored offices were not invited to figure.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. EVILS OF THE JITNEY BUS

The Negro Welfare League of the City of Los Angeles and Los Angeles County is an organization of citizens who stand ready to defeat the continuance of jitney busses in our city.

The operators of these busses have directly, harmfully, prejudicedly violated the statute laws of the great State of California by refusing trade and travel accommodations to all citizens alike. The rankest injustice, the broadest, foolish, most deplorable part is due to the fact that after the establishment of these Jim Crow discriminating "vehicles of destiny," the street car companies have been compelled, for lack of patronage, to greatly reduce the service on some lines, and, in some instances, to discontinue car lines entirely. Denied the right of patronage by jitneys, robbed of the splendid transportation given by regularly operated street cars, we find ourselves facing a situation which must be fought out on the political battlefield on June 5th.

This organization believes in justice and fair play. We are not opposed to the individual interests of any person or concern insomuch that these interests do not interfere with the rights and liberties of other parties. We are dedicated to the principle of safeguarding, as effectively as we can, the communal rights of our citizens at large.

The street car system of Los Angeles City and County has spread a network of cars in and around our city and suburbs. Remotest points of our municipality are rendered accessible and easily reached by means of this splendid systematized traction company.

It would be a calamity to those persons who depend absolutely upon street cars for transportation to allow an ill-constructed, irregularly conducted, carelessly driven jitney bus to impair and impede the progress of this public utility.

It has required years of skill and study to weave this fibrous network through the thickly settled, and even the poorly populated sections of our city and country. It has cost million of dollars to construct and maintain this car system which, in point of service, stands second to none in our whole country.

This same company, aside from incurring enormous debts and grinding taxations, which must be paid to have and hold their rights to operate, gives work to thousands of employees who are paid salaries commensurate with their time and labor expended in the company's employ.

These employees have at all times, in keeping with the rules and regulations as set down by the traffic managers of the Los Angeles Traction Company, treated us as citizens of this commonwealth, as patrons of their enterprise, with the utmost civility and courtesy.

We deem it unfair that this great company should be forced to compete with this new, strange, barbarous parasite—the Jitney Bus—which lives on an organization more highly organized and beneficial than itself.

If properly invoked, the power of our courts should be sufficient to wipe out this sea gull, this new bird of prey—the Jitney Bus.

When you go to the polls on June 5, 1917, be sure that you vote against this nuisance, which has so infested the streets of our city that the life of an individual is constantly in danger of being crushed out.

While we are at it, let's make a good job of it.

GEO. SHURMAN, Pres.
NAT HARDING, Sec.

Los Angeles, Cal., June 1, 1917.

To the Colored Voters of Los Angeles:

Hhw long are we going to stand for the discrimination daily practiced against our race by the jitney bus drivers?

Vote "YES" on No. 4. (It will regulate the jitney)

Vote "NO" on No. 8—which was put on the ballot by the jitney bus men themselves.

Very respectfully,

J. B. BASS
CHARLES ALEXANDER
HAROLD PRINCE
C. OLIVER

Committee.

Vote "YES" on No. 4 Vote "NO" on No. 8

4. Shall the ordinance proposed by initiative petition, providing for the supervision and regulation of jitney busses, stages and auto stages; providing for the issuance of permits for the operation of such jitney busses, stages and auto stages; prohibiting the operation thereof upon certain streets, be adopted?	YES	X
	NO	

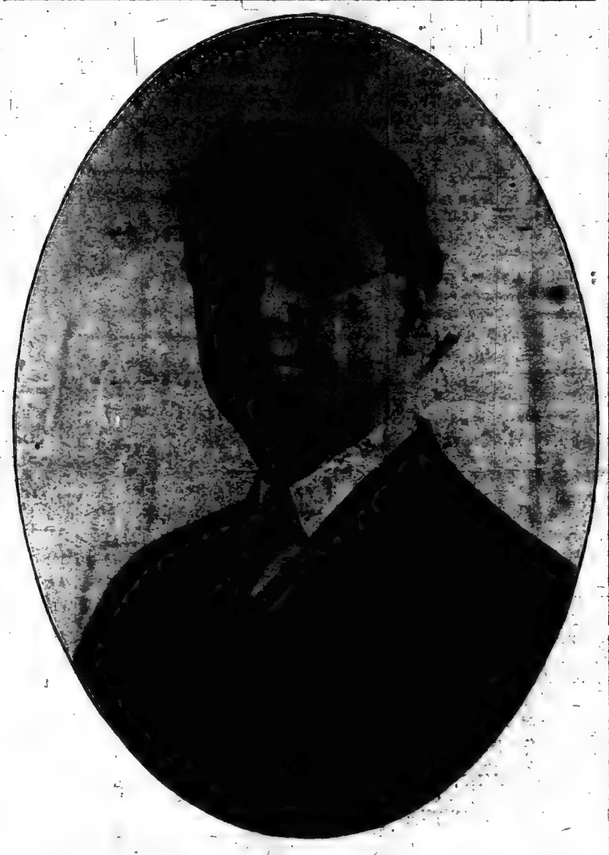
Shall the ordinance proposed by initiative petition, regulating the operation of motor busses, and providing for the issuance of permits to owners and drivers thereof and repealing Ordinance No. 31877 N. S., 32-518 N. S., 34934 N. S., 35-323 N. S., 36055 N. S., and 36112 N. S., be adopted?	YES	
	NO	X

THEY ARE DYING HARD, BUT MUST GO

To Our Jitney Patrons:

Why should you vote for the jitney?

1st—Because of quick service.



2nd—Because your wife and daughter are not compelled to stand up while negro men and women sit down. If you vote yes on No. 4 you will put us out of business.

3rd—You can be comfortable and not crowded after your day's work.

JITNEY BUS ASSOCIATION.

The above is an exact duplicate in words of the sort of card the infamous jitney operators are handing out to the voters and marks a new era in politics in this section. This procedure is in keeping with the tactics of Hoke Smith, Cole Blease, old Vardaman and other Southern fire-eaters. When their cause fails of merit they attempt to work on the passions of the people by injecting prejudice. But in this they will find that the make-up of the people of this section is different indeed from the people who make up the citizenship of Georgia, Mississippi, and South Carolina, and that the old familiar cry will avail them nothing. They must stand here on their merits, and if they only knew how small they make themselves by this cheap and snide clap trap they would sneak to cover long before the day of election. It only gives the people more reason to put this class of our citizenry out of harms way and to put there by the vote of the people, means they must stay down and out. This is the class that is the weight on the progress of not only our city and state, but the nation as well.

The duty of every voter is to vote and work for amendment No. 4. Vote against and work against No. 8 on next Tuesday.

SENATOR HENRY H. LYONS FOR THE CITY COUNCIL

For the plain, common everyday citizen, for the masses, there is no candidate for the council to our mind who would serve the people more conscientiously than Senator H. H. Lyons. Mr. Lyons has been tried and found true on all occasions. The Eagle commends his candidacy to the highest consideration of our many readers and urge for him a hearty and loyal support.

DO NOT FAIL IN THIS CRISIS—COME OUT, DO YOUR SHARE FOR SUCCESS OF THE HOME GUARD

At the 14th street school on Wednesday evenings is the drill ground for the colored home guards of California and we are urging our people to see to it that Los Angeles raises the four companies that she set out to raise, the highest compliment we can pay to ourselves is to do our bit, it is not a question of begging in, it is a question of preparedness, so that when we are called we shall be ready.

No matter what the croakers may say the black phalanx has never failed nor has it ever been shy on loyalty to country and home, and the proposition of filling up these four companies in Los Angeles should be one of the easiest tasks we could contemplate, so speaking to those of the race who believe that we should line up for all of the things that means the protection of our very own integrity of a nation, we are asking our men to rally to the call and be present at the 14th street school Wednesday evening to join with those who are already there and do your bit toward the mighty proposition of preparedness.

THE CITIZENS' TICKET FOR BOARD OF EDUCATION

Mr. J. S. Crail and Assemblyman Thos. L. Ambrose, who have charge of the campaign for the election of the Citizens' Ticket for the Board of Education, say that without question their ticket will be successful at the polls on next Tuesday. Mr. Crail is an astute and practical campaign manager and has brought about great results in the past, and no doubt knows whereof he speaks. Both of these gentlemen have requested the fullest consideration for the following candidates: Lucius K. Chase, D. K. Edwards, Lynn Helm, C. C. Parlen, Charles E. Seaman, Frank Simpson, Miss Bessie D. Stoddart.

Negro Inventor

Mr. Henry Gonsouland, patentee for a safety device for railway train toilets. Residence 1527 E. 7th St., Oakland, Cal.

His ability to put into practice the knowledge he has acquired from experience and observation to apply it successfully has resulted in what he says is a success.

The path of an inventor is not always an easy one in the case of a colored inventor. Mr. Henry A. Bowman of Worcester, Massachusetts, devised and patented a new method of making flags. After he has established a paying business on his invention, the information came to him that a New York rival was using the same invention and "cutting" his business. Bowman brought suit for infringement, but the suit went against him on a legal technicality and being unable to carry the case through the appellate tribunals, the destruction of his business followed. Another inventor, J. W. Benton of Kentucky, completed an invention of a derrick for hoisting and being without means to travel to Washington to look after his patent, he packed his model in a grip and walked from Kentucky to Washington in order to save carfare. He obtained his patent in 1900. Another instance in which the inventor regards his experience as one of special hardship is the case of E. A. Robinson of Chicago. He obtained several patents for his inventions among which are an electric railway trolley, September 19, 1893, and a journal for car wheels, November 23, 1908. He says this was infringed upon by two large corporations — the American Car and Foundry Company and the Chicago City Railway Company. He endeavored to stop them by litigation, but the discouraging aspect of a fight waged between a powerless inventor on one side and two powerful corporations on the other. So far as is known the case is still pending.

A man may be the first to conceive a new idea, the first to translate that new idea into tangible practical form and reduce it to a patent, but too often that "slip twixt cup and lip" leaves him the last to get any reward for his inventive genius.

Granville T. Woods, late of New York, appears to have surpassed every other Colored inventor in the number and variety of his inventions. His inventive record began in 1884 in Cincinnati, Ohio, where he then resided and continued without interruption for over a quarter of a century. While his inventions relate principally to electricity, his inventions in telegraphy include several patents. He patented fifteen inventions for Electric Railways. He organized the Woods Electric Company of Cincinnati, Ohio. The official records of the United States Patent Office show that many of his patents were assigned to such companies as the General Electric Company of New York—some to the Westinghouse Air Brake Company of Pennsylvania — others to the American Bell Telephone Company of Boston, Massachusetts, and still others to the American Engineering Company of New York. So far there is no inventor of the Colored Race whose creative genius has covered quite so wide a field as that of Mr. Granville T. Woods, nor one whose achievements have attracted more universal attention and favorable comment from technical and scientific journals both in this country and abroad.—From the Scrap Book by J. D. Reynolds.

ANNUAL THANKSGIVING SERVICE OF THE U. B. F. AND S. M. T.

Last Sunday was one long to be remembered by the members and friends of the United Brothers of Friendship and the Sisters of the Mysterious Ten. The occasion was their annual sermon at the 8th and Towne Ave. church, forming in line of march at their hall accompanied by Los Angeles crack brass band, playing martial music, the great concourse of the brothers marched to the church edifice where they were joined by the S. M. T. beautifully gowned in immaculate white, the brothers in open order, the sisters passed through into the church which with the other members was filled to its utmost capacity.

Bro. A. L. Tilton, deputy grand master of this order in an eloquent and forceful manner depicted the principles of the order and told of the great principles of brotherhood of his soaring order. He beautifully portrayed the grandeur of its work and indeed in a highly creditable manner, introduced Brother M. T. White as the master of ceremonies. Among others who spoke was Attorney L. D. Barnett, a representative of the S. M. T.; Sister W. H. Shores and then Rev. J. Logan Craw preached the annual sermon which was a sermon evoking the greatest of interest and enthusiasm. At its conclusion the collection was raised and the order marched again to its halls, having marked another milestone in its march of progress.

WALTER MALLARD

A Strong Candidate for Councilman

Walter Mallard, candidate for City Council, received a very heavy vote at the primary election. He has been a student of practical city government while acting as Assessor of Los Angeles. In talking of his candidacy, he says he sympathizes with the people in their taxes, both special assessments and general taxes, they are compelled to pay, and knowing the City Council not only fixes the rate of taxation, but spends the money, will, if elected, oppose foolish legislation and extravagance, always endeavor to prevent frittering away of tax money, and will never be too busy to hear persons with grievances; will insist on lessening the number of special assessments in times of stress; stop paying for junkets of officials, and insist that city automobiles be used for official business only. He is committed to a consolidated form of government, consolidation of municipal functions of a similar nature, supports in principle civil service and efficiency, is a free agent and owes allegiance to none but the whole population.

OUR TICKET

Owing to the fact that we are on the eve of election, deluged with calls as to how the Eagle stands on the men and measures to be voted on, we are publishing here a ticket which we verily believe is worthy of the support of the people:

What the Churches are Doing

BETHEL CHURCH OF CHRIST
1545 Palomares St.
Wm. A. Washington, Pastor

Last Sunday was a great day at Bethel. At 11 a.m. the pastor preached a soul stirring sermon. Text, Rev. 19:13-14.

At 8 p.m. again the pastor preached an able sermon full of inspiration and power. Text, Matt. 24:13.

The members and friends of Bethel are looking forward to the opening of the great revival campaign, which will begin June 10th, 1917.

This great meeting will be lead by Dr. C. P. Jones of Jackson, Miss. This great divine needs no introduction to Los Angeles, having led the great union revival here two years ago. The public will again have an opportunity to hear this man of God.

Look for further information in next issue of the Eagle.

DISTRICT CONFERENCE C. M. E. CHURCH

The session of the district conference of the C. M. E. church, held at Santa Mnoica, May 23 to 27, was said to be the greatest ever held in the district.

Under the guiding hand of Rev. Wm. Seldon, the new presiding elder of this district, the work has progressed by leaps and bounds, and great credit is due this eminent divine for the manner in which he is bringing things to pass.

Rev. Butler and the Santa Monica people spared no pains or expense to make things pleasant and emfortable for the delegates. Dr. J. C. Anderson, Rev, J. L. Trimble, Rev. A. K. Ridge and Dr. Wm. Seldon preached soul stirring sermons. Mrs. M. R. Harris, president of the Woman's Missionary Society, rendered valuable service. She gave a grand concert on Tuesday evening.

8 p. m., subject, "Service the Test, in the Judgment."

ANNUAL RALLY CLOSES SUNDAY

The Annual Rally at Wesley M. E. church will close this Sunday, June 3. Every captain and every member is urged to contribute the largest possible amount on the closing day. Indications are that with united effort on the last day, last year's splendid record will be broken in spite of these strenuous war times.

At 11 a. m. the pastor's subject will be "What Shall the End Be?" The subject of the evening sermon will be "Well Done." These are both great mesasges that ought to be heard by capacity audiences, morning and evening.

Wesley Chapel exists not for its membership alone but to minister somewhat to the religious life of the whole city. We, therefore, extend a cordial invitation to the members and friends of other churches to worship with us at one of the services and to contribute something to the success of our rally.

Every member is urged to bring or send an offering on Sunday, even if conditions make the offering small. It is certainly better to do something though small, than to do nothing.

A. P. SHAW, Pastor.

PEOPLE'S INDEPENDENT CHURCH
Rev. N. P. Greggs, Pastor

An exceptionally large and appreciative congregation attended both services at the People's Independent church Sunday. Rev. J. M. Riddle of Pasadena preached an able sermon Sunday morning. His theme was love. This sermon touched the hearts of all who heard it, and a number of persons accepted Christ.

At 7:30 o'clock the consecration sermon was preached by the pastor. Two deacons were consecrated, namely, Brothers Osborne and Carrington.

Next Sunday will be the first Sunday. The first Sunday always means a big time at Independent church.

All are invited to be present.

WARD CHAPEL A.M.E. CHURCH
1354 Channing Street
Rev J. W. Price, Pastor

Sunday was another successful day for Ward, as we had three splendid services, one accesion to membership, at 3 o'clock p. m. Dr. B. C. Robeson delivered a fine sermon to the delight of all present. At the closeing of the evening service the returns of the rally were quite pleasing, and we believe that when the final reports the made we will reach the desired amount. We are very grateful to all of our friends for their unstinted aid in our efforts to raise the required amount for our indebtedness on this property.

The members and friends of Ward Chapel are very grateful to the First A. M. E. church for their hospitality in not only throwing open their hearts, but the doors of their banquet hall to allow Mrs. True to give an entertainment there Thursday evening, June 7th, for the benefit of this church. We are sure the affair will be a success, for Mrs. True never fails.

Services Sunday, June 3rd, preaching at the morning hour, at which time the Lord's Supper will be administered, and at 8 p. m.; Sunday School at 9:30 a. m., Mrs. S. E. Mann, supt,; Allen Christian Endeavor, 6:30 p. m., Mrs. B. F. Bryant, president. All are welcome.

FIRST A. M. E. CHURCH NOTES
Corner 8th and Towne Ave.
Rev. J. Logan Craw, Pastor

The pastor preached and there were seven accessions to the church membership. At 3 o'clock the anniversary services of the U. B. F. and S. M. T. lodges were held and the church auditorium and balcony were taxed to their capacity in seating the people.

June is here and with it comes the getting ready for the annual conference to be held in Oakland, Cal., the first Wednesday in September. Who will be the first to pay "dollar money?" Let us pay this magnanimous charity claim and get it out of the way. The "dollar money" maintains the greatest Negro organization ever conceived or established. Come prepared to pays yours the first Sunday in June if possible.

The pastor will preach at both services Sunday. It is communion day. The Lord's Supper will be administered. Let every member be present at one or both of these services. Everybody welcome to attend. Come on time for a good pew.

THE BAPTIST UNION

The Baptist Union met with the Alliance on last Monday. The meeting will be in session next Monday. One of the features of the meeting will be a discussion of the subject entitled "Should a Baptist church consult the Baptist Ministers' Union before calling a pastor?" We expect that this subject will precipitate quite a discussion. Everybody is extended a cordial welcome.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
34th Street and Central Avenue
E. E. Lightner, Pastor

Two splendid services were enjoyed by the worshippers at this church on last Sunday. The pastor spoke at the morning, taking as his text, And the patriarchs moved with envy sold Joseph into Egypt, but God was with him. Acts 9:9.

At the evening service, Rev. N. B. Ghormley and wife, who for eight years were missionaries in Africa, spoke of their work there. They also exhibited many curios of the natives together with specimens of the work done in their school by the natives.

Next Sunday, being the first in the month, there will be the regular communion service. The pastor will preach at both services, morning, "The Bequest of Jesus;" evenig, "Little Foxes that Spoil." Christian Endeavor, 7 p. m., topic, "Confidence and How to Get It." Neh. 6:1-16, (consecration meeting.) Mrs. M. L. Byers, leader. A cordial welcome to all.

RE-ELECT W. A. ROBERTS

A large and enthusiastic gathering of Colored voters assembled at 1162 East 12th street last Saturday evening and endorsed the candidacy of W. A. Roberts for re-election. Mr. Roberts was highly complimented for his advocacy of the humanitarian measures for which he has stood both as member of the city council and as member of the State Legislature. Every class of the laboring energetically for the re-election of Mr. Roberts. His record stands unimpeached as a labor advocate. Vote for W. A. Roberts.

AIRPLANES IN MEXICO

Non-stop airplane races, one between San Francisco and San Diego and the other El Paso and San Diego, will be unusual features of the program of the Friendship Fiesta to be held at San Diego on June 21, 22, 23 and 24. If accomplished these will be the longest non-stop flights ever made in the west. Military and civilian aviators alike are co-operating.

SOCIETY

BY MISS VIVIAN CAMPBELL

THE MINSTRELS

The concert minstrel given by the Young Women's Athletic League was a grand success, both in attendance and in the clever way each and every member did her part. Miss Hazel Brown deserves special praise for her designing of the costumes for the occasion, and the Misses Bolds, Josephine Brown, Gwendolyn Baker for ease in which they acted every part assigned them. Miss Ivy Washington's voice was sweeter than ever in her song, and the four end men, well there are no better ones for the part. No one would ever suspicion the Miss Grace McDowell had such a sweet voice or could play the ukulele so divinely. But probably she was saving her talent for this grand occasion, which was made more supreme by the danseuse by Mrs. Murdock and by Miss Mamie Cunningham and her comic selections. In fact, it was the best yet and it had to be because Mrs. Rosetta Warner Penbroke played the grandest music, "so full of 'pep' don't you know."

OPEN HOUSE

The Alpha Tennis courts were crowded all afternoon on the 30th, because it was the day the club held open house. Among those most prominent in the games were Mesdames Broyles and Young, Miss Bolds, Messrs. Broyles, Mathews, Broks and two visiting young men from Pasadena and Paul Williams ond Doctor Jordan and Lawyer Tyler. Some people say tennis is a game for the tall, willow or the slender, well George Johnson and Paul Williams are certainly willows, but Ray Mathews and Lawyer Tyler made "their brows wet with honest sweat, and they earned what'ere they could," which wasn't much.

They motored up in Mrs. Anderson's new seven-passenger Lozier, presented to her by her husband on her birthday several weeks previous.

TWENTY-FIFTH WEDDING ANNIVERSARY OF MR. AND MRS. R. H. HALL

Account of the Twenty-Fifth Wedding Anniversary of Our Very Estimable Citizens, Mr. and Mrs. R. H. Hall

On last Thursday evening, May 24th, at the residence of Mr. and Mrs. R. H. Hall, 3947 Trinity, were the charming scenes of all that would encircle and embellish the happiness of "home, sweet home." Such was the celebration of the Twenty-fifth anniversary of Mr. and Mrs. R. H. Hall. This lovely, well and favorably known couple, together with their daughter and son and wife, formed a line as honored guests o the occasion, while a constant stream of their friends poured in and out from early in the afternoon until the dreamy hours of night to give words of congratulation and leave tangible expressions of their fond remembrances.

The pleasures of the evening were enhanced by an inspiring program, Mrs. James J. Leggett acting as Mistress of ceremonies. Prayer was offered by Rev. J. D. Gordon, followed by a piano solo by Miss Cornelia Leggett; Mrs. Mannie Smith, vocal solo; C. A. Biggers, original poems. The next was a short address by Rev. J. D. Gordon. Dr. Gordon's inspiring treatise on "Married Life," as exemplified by the twenty-five years of matrimonial existence of Mr. and Mrs. R. H. Hall brought us to a sublime consideration that married life is not a failure. Music was furnished by Britton's orchestra. The decorations consisted of green ferns, white carnations and silver paper. Gonsouland Car Toilet Device
(PATENTED)
Comfort and Convenience While Traveling
The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water, Especially in the State of Colorado.
The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.
The Gonsouland Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY methods of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.
The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.
IN CONCLUSION
Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keeping clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, is all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they represent, and hope for a favorable consideration and adoption of my patents.
The use of these patents may be leased separately if desired.
May be used on street cars, overhead trains and suburban electric trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveling public, Board of Health and Railway Commission.

THE WOMAN'S DAY NURSERY

Perhaps one of the worthiest and most humanitarian efforts undertaken by Club women in the West is the Woman's Day Nursery at 1322 Channing street. This institution was organized a few years ago by what was known as a Day Nursery Association and since that time has been operated and managed by that organization.

It has always been the object of the women, who conceived this idea to give shelter and succor to unfortunate and homeless children.

From its incipiency the home has filled a great need in this vicinity, and now with the efficient Mrs. Sarah Middleton, a woman of superior ability, at the head as matron the home, a neatly furnished five-room cottage, promises to be one of the leading institutions of its kind in this section.

Since becoming matron last April, Mrs. Middleton has systematized the order of the institution and in many ways brightened its future outlok.

COLORED CITIZENS ASKING FOR JUSTICE ALL ALONG THE LINE

Last Monday morning some of the Colored citizens wended their way to the Hall of Records and when the Supervisors went into their chamber to begin the county's business for the day it was requested by the Colored representation that the matter pertaining to the transferring of the Colored janitors from their present status to the Engineer's Department be laid over until Tuesday, which request was granted.

Tuesday morning a delegation of clergymen and citizens presented themselves at the Department of the Supervisors and asked that inasmuch as the Negroes of this section were law abiding citzens, contributing to the growth and development of this state and county and that inasmuch as the Janitor's Department under the direct supervision of Mr. Robinson had been up to the standard in efficiency that this department continue under Mr. Robinson as head.

The citizens who made the request believe that after this change which seems to be the inevitable shall have been tried out under this new department that it will be found that better results can be obtained with Mr. Robinson at the head.

The election next Tuesday is an all important one and our people should get out every vote and put the iniquitous jitney bus out of commission.

The Independent Ticket for the Board of Education as appears elsewhere in these columns, has the support of some of our foremost citizens and the Eagle in all fairness presents in this issue the same for your consideration.

After all, there is a difference as to environment. The rough necks at East St. Louis went up against a people who met steel with steel and inside information tells us that they got more than they were looking for.

Looking over our exchanges the Negro press played shy on commenting on the Memphis horror. However, the New York News came forth with the strongest editorial denunciation of any journal which has been our lot to see.

The proposed move on part of the counsel of defense to conscript the idlers for farm work has caused more fear in the ranks of this gentry in the city than the proposed conscription for the U. S. arms.

Next Tuesday is national registration day and we urge every young man between the ages of 21 and 31 to walk right up to the place of registration and perform that duty, and let there be no evasion or subterfuges because such will only result in much trouble and lasting disgrace.

We are pleased to note the active way in which Rev. A. P. Shaw of Wesley Chapel is doing his bit for progress in this community, and we appreciate very much the splendid way in which his loyal congregation are holding up his hands.

Beginning this incoming week the Masons will have their eyes focused toward Sacramento to the annual sitting of their grand body. Grand Master Harris and quite a delegation will be in attendance and we expect to hear good reports from the capital city.

We had intended to bear down hard on the candidacy of a certain candidate for the city council, but owing to the fact that we were forced to make it a personal fight, we have been content to let our readers size up the situation and act accordingly.

VOTE YES ON NO. 4 ON THE BALLOT, BECAUSE:

No. 4 is designed to make the jitney busses assume proper responsibilities as public carriers, and to give the public safe and adequate service.

No. 4 does not in any way change the present licenses collected by the city for the use of its streets.

No. 4 provides a business-like method for the issuing of licenses to engage in the jitney business.

No. 4 provides that the jitney busses shall be controlled by the rules and regulations of the Board of Public Utilities.

No. 4 provides a proper bond of $10,000 for the protection of the public.

No. 4 provides that each jitney bus shall be operated from 6 a. m. until midnight (the drivers may operate, if necessary, in double shifts) to insure adequate service to the public, just as the street cars have to do.

No. 4 prevents the operation of jitney busses in the dangerously congested district of the city.

Records of the police department show that the jitney busses are responsible for from 25 to 50 per cent of the congestion in the business district.

Under municipal laws in the following cities in California jitneys cannot operate on certain streets: Oakland, Bakersfield, Fresno, San Diego, Marysville, San Francisco (during certain hours), Santa Ana, and Long Beach. A great number of other cities throughout the United States have found it necessary for the same reason to enforce similar regulations.

VOTE "NO" ON PROPOSITION 8

Because—

It repeals the present jitney regulatory ordinances.

It reduces the present licenses paid, to $30 for local jitneys and considerably less for the interurban jitneys.

It provides a bond that will be very little protection to the public.

It gives the jitney operators unlimited freedom to run where, when and how they please.

It leaves the City Council powerless to amend the ordinance, because under the law no initiative ordinance can be amended or repealed without the expense of calling a special election.

This ordinance would permit the jitney operators to have unlimited freedom on any and all streets in this City.

The Police Department records show that the jitneys are responsible for more than 10% of the total accidents occurring on the streets in this City.

The records of the Los Angeles Railway show a decrease of 946 employees by reason of unregulated jitney competition. The Pacific Electric records show a decrease of more than 800 employees, largely due to this cause.

PERNICIOUS JITNEY BUSSES MUST STAND TO BE REGULATED

This momentous question calls for every voter to turn out on June 5th and vote YES on Amendment NO. 4 and vote NO on NO. 8.

By far the most important proposition which affects the very foundation of the rights of all the people, is the initiative proposition destined to regulate the pernicious and discriminating Jitney Bus. This industry has become a menace to the community and the people on all sides are crying out for relief therefore it is the bounden duty of the people who stand for justice and fair play, to turn out on Tuesday, June the 5th and cast a ballot which will regulate the Jitney Busses so that they will cease to ply their work in the manner which has brought them into such disrepute, and the voters should not stop at casting their own vote, but should see to it that their friends and acquaintances get out and vote YES on Amendment NO. 4 and NO on NO. 8.

PERNICIOUS AND EXASPERATING

The Jitney Busses as operated in and out of this city by their reckless methods and by rank discrimination has become a veritable nuisance and all classes of our citizenship have felt their reckless abandon of the rights of the public, and to such an extent that the people have risen almost en masse as it were, and demand that they shall be regulated.

It has come to the point where it is not the railway people's fight, and the situation demands that the people should take no chance with this pestiferous sore on the body politic, but that every voter must get busy and turn out on Tuesday, June the 5th, and vote for the initiative Amendment No. 4, which makes the Jitney Bus amenable to regulation the same as any other common carrier.

Leading Citizens to the Forefront

In this battle for fair play and justice the leading citizens are taking a lively interest and will leave no stone unturned to arouse the people to the importance of this question. The following letter from Dr. H. D. Prowd, who is pastor of Second Baptist church and president of the Interdenominational Ministers' Alliance, is enough to arouse every voter to the necessity of voting and working for Amendment No. 4.

NOW IS THE TIME

Dear Friend:

Now is the time and opportunity to protect yourself. The ballot is our Weapon of Defense against prejudice, and unjust and unlawful discrimination.

The present effort to "Regulate Jitney Busses" is, on the one hand, a street car company affair. But it does not stop there. It vitally touches every black person's interest in this city.

At present these jitney busses positively refuse to carry our people. In fact they have on many occasions gone as far as to stop and put them off in instances where they were mistaken for white people. At present we have no redress, as the men do not even own the busses. But if they are put under bond and properly regulated as is contemplated, we are sure to have our rights under the law and be rid of contempt and insults.

Let every Colored man and woman use the opportunity of defense. In doing this, vote for the ordinance put on the ballot by the railway employes.

H. D. PROWD,

President of the Interdenominational Ministers' Alliance.

The above letter is timely indeed and shows that our religious leaders have their ears to the grass roots, and are alive to the situation and the EAGLE is glad to say that the sentiment expressed in the above letter has the unqualified endorsement of the entire ministry of this great metropolis.

Jitneys Have Unlawfully Inaugurated Jim Crow Methods

Without warrant of law the Jitnye Busses have and even now discriminate in their service to the public, and the very spectacle of this class of business sowing the seeds of segregation, of malice, at this stage and this section of our country, is certainly to be condemned by all good citizens.

Must Be Regulated

So nefarious and so pernicious has the Jitney Bus nuisance become that the business men of the city have organized and are taking a leading role in the movement for their regulation. The Business Men's Protective Association sets forth as in the following circular the salient point of the proposed regulations.

RGULATE THE JITNEY BUS

To the Voters of Los Angeles City:

On June 5 you should vote YES upon the following proposition— NO. 4 ON THE BALLOT. (Do not confuse with any other proposition.)

4. Shall the ordinance proposed by initiative petition providing for the supervision and regulation of jitney busses, stages and auto stages; providing for the issuance of permits for the operation of such jitney busses, stages and auto stages; and pfohibiting the operation thereof upon certain streets, be adopted? The Central avenue branch of the Consumers' League, under the direction of Mr. Sam Cook, held its first meeting Monday evening last at the 14th street school. More than three hundred persons were present, and listened attentively to Mr. Cook and the other speakers of the evening as they outlined a plan by which to battle against high prices in food stuffs.

Mrs. W. M. Bynum Passes Out.

The people of this vicinity were pained and shocked to receive the sad intelligence of the death of Mrs. Wm. Bynum on last Thursday at the California hospital. The funeral will be held at the First A. M. E. Church, Tuesday at 2 o'clock.

Mark Shields Passes Out.

Mark Shields splendid young business man of Watts was buried from that town last week. Mr. Shields passed away in the prime of life. He leaves a wife, son and brother and a host of friends to mourn their loss. The Eagle extends condolence to the bererved family. We knew the deceased quite well and admired his business sagacity and his ambition to keep pace with the march of progress.

Down With The Jitney Buss.

There are some issues upon which we can afford to differ. There are times when it may be fitting for us to walk in different directions—sing different songs—and read different stories, but we are coming to the day when it behooves all Negroes to bury differences and walk, sing, and read together. Tuesday June 5th is that day.

We have been slapped in our faces long enough by these Jitney drivers. We have submitted too long to insult, abuse, and humiliation. We have seen our rights trampled upon and abridged by these Busses, who feel not the iron grip of the law. Their hour has come. The clock has struck. Our opportunity is here.

The battle is ours if we want it. Victory can be achieved if We fight with a vim. Success will grace our portals if we do our duty. Not revenge, but duty calls. Not animosity, but a keen love and regard for justice urges us on. Whole-hearted action is the cry of the hour. Oneness of purpose will wave the flag of triumph.

Every Negro who refuses to vote Yes on Ordinance No. 4 is a traitor to the cause. Every Negro who stays at home and turns a deaf ear to the clarion call of duty is a denier of the faith-recreant to his trust. Let us fight with all our might. Let us speak through the mouth of the ballot.

"I slept, and dreamt that life was Beauty;
I awoke, and found that life was Duty."

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.

RIVERSIDE

It has been some time since we were heard from through these columns. It is not due to the fact that we have not been active for activity has been the cause. We have just been so busy until we had not the time to write. Since we are behind we will begin with the second Sunday, at which time the Second Baptist church was the scene of a great meeting, the occasion being that of "Mothers' Day."

The church was beautifully decorated in keeping with the occasion. A program was rendered as follows: Duet, Mmes. Decatur and Reed; "Mther's Prayer," poem by Miss May Goodwin, "The Bravest Battle;" solo by Miss Cecil Stokes, "Mother's Bible;" sermon by Pastor Reed, who in his usual masterly manner preached from Isa. 49:15, "Can a Woman Forget her Suckling Child?"

Also from Prov. 19:18, "Chasten Thy Son While There Is Hope.' It is needless to say that the texts were handled logically and with the spirit. The church was moved to tears.

On last Sunday Memorial Services were conducted, a short program was rendered. Mrs. Mary Scott read a very select piece on "Death;" Mmes. Reed and Robinson sang a duet; Miss May Wiley sang a solo.

Pastor Reed preached from 1 Sam. 25:1, "And Samuel died and all Israel gathered themselves together and lamented him." Taken as a subject, "Men worth While." He said among other things that men of value are not soon forgotten. Centuries nor millenniums cannot erase their life and deeds. Samuel lived more than three thousand years ago, but his name and deeds are still upon the lips of the children of men. Well, it was a sermon worth hearing.

The church is now holding a series of meetings with Rev. Keller of Redlands as the preacher.

All things are now ready for the big state convention which is to be held June 19-22.

MONROVIA, CAL.

Shiloh A. M. E. Zion church last Sunday was a high day. The pastor spared no pains in sending the truth to the hearts of his hearers. He played the part of a hero and was as mild as a sweet spring morning. The service continued by an old time class meeting. Showers upon showers fell upon us and we left feeling like new souls at 7:30. Y. C. E. Society was at its mark, led by its noble president, W. D. Hollins, who knows no failures. At 8 p. m. the pastor introduced the Rev. Wm. A. Washington, D. D., he chose for his text, Ezra 9th chapter, 8th verse. To say he preached is putting it mildly, yea, he preached and electrified his hearers. At its close he made an appeal to the Christians to reconsecrate their lives. About 30 came forward and bowed at the altar. Pastor Henry prayed a fervent prayer. On Tuesday evening at 8 p. m. the evangelist chose for a text 1st Cor. 6th chapter, 19-20 verses. Truly he swayed his large audience and it seemed that heaven and earth was coming together as he told the redemption story. At its close an appeal was made to the unsaved. Several old backsliders came with tears in their eyes. Zion began to look natural again. Good attendance every night. Great is Dr. Washington in expounding the gospel. Pastor Henry is receiving congratulations for being able to employ this great preacher. Next Sunday will be a rally day and revival, three great services. Come out and help us fight Satan.

A. M. E. CHURCH NOTES

Services last Sunday were especially good. The pastor spoke at morning service and at evening a patriotic program was enjoyed. Mr. Gaines and Comrade Burlingame of the G. A. R. were the principal speakers. A flag was presented to the church by Mr. F. M. Prince and unfurled by his small daughter, Lulu. The flag was a gift from Former Mayor Vedder. As the flag was unfurled the Glee Club rendered a patriotic selection. The Aid Society met with Mrs. Cora Owens last Thursday and was entertained by Mrs. McAllister. Sunday evening Mr. Howard Jones will lead the Young People's meeting and a short program will be presented. Sunday the pastor will preach and administer the sacrament at morning service. Committees are at work, the whole church is interested in preparation for the coming of the District Conference and Sunday School Convention next month. The Sunday School is preparing a special program for the evening service of the second Sunday in June, Children's day.

METROPOLITAN BAPTIST CHURCH

The sermon by the Rev. Wm. Prince was preceded with a song by Mr. Frank Prince, the congregation joining in the chorus. The sermon was well received.

At the Sunday School hour gleaners were given out to different persons for the purpose of soliciting for the rally the second Sunday in June.

The B. Y. P. U. at 6:45 was very much alive with enthusiasm and the topic was well discussed, and preparation was made for the Federation picnic, and messengers were elected to the state convention to be held at Riverside in June.

The pastor preached at the evening service. Brother Wm. Reynolds lead in singing "He's the One." The choir sang beautifully at all services.

Services next Sunday will be as usual: Sunday School, 9:45 a. m.; preaching at 11 a. m. and 8 p. m.; B. Y. P. U. at 6:45. Good music at all services. Strangers made welcome. By special request the choir will sing "I couldn't hear nobody pray." Led by Mrs. Williams. song.

At the evening service Rev. J. M. Riddle delivered a most wonderful sermon which made a lasting impression on those present. The Ladies' Aid Society was entertained at the home of Mrs. John Lewis on Thursday evening. The Queen Esther Circle was entertained by Mrs. T. C. Walker. At the official board on Tuesday night Scott Chapel finds all of her current expenses paid up to date and the pastor paid in advance. It was shown that it is a misrepresentation to claim these times hard when there is plenty of work and good wages for all. Because of the economy of people no one's expenses are more than they were last year at this time.

The sacrament of the Lord's Supper will be administered on the Sabbath. Pastor Kinchen will preach at both services.

FRIENDSHIP BAPTIST CHURCH

Morning and evening services were conducted by Rev. Tillman. The sermons continue to embody the principles of practical Christianity and are presented in that plain, simple manner peculiar to him. Dr. Tillman has signified his intention to accept the call of the church to be its pastor and will take up those duties on June 1st. The installation ceremony upon his own request will consist only of a sermon by Rev. Hughes, pastor of the Metropolitan church, and a few words of welcome. This service will be held in and as a part of the regular monthly meeting of the Women's Home & Foreign Society at the church next Sunday afternoon at 3 o'clock. The public and congregation will no doubt be present in large numbers to hear this service. The church board met on Tuesday evening and formed several recommendations of importance which they presented at the monthly meeting of the church on Thursday evening. There is a movement on foot to arrange to hold the church meeting on Wednesday evening following the prayer service for the convenience of members not residing within a short distance of the church. The main topic of discussion and interest in the church life at this time is the rally scheduled to take place Sunday, June 10. Club enthusiasm and rivalry is on the increase. The membership is becoming more and more settled, consequently in the right mood to take seriously an affair of this kind. This one condition is going to be an important factor in the final returns. A last appeal is made to those members not connected with one of the working clubs or units, to identify themselves with one immediately. There are five active ones in the field and each is anxious to increase their membership and efficiency. Dr. Tillman will preach morning and evening next Sabbath. The Sunday School is making steady progress but the necessity of regular attendance on the part of every man, woman and child cannot be made too emphatic. The B. Y. P. U. continues to present good lively topics of discussion, as well as meritorious offerings on the part of the program committee. Do your bit by attending these auxiliaries.

OPPOSE MORE POWER BONDS

(Advertisement)

Don't vote for the power bonds.

This is the advice carried in the resolutions passed by the California Citizens' Civic League of Los Angeles to the colored people of this city.

The resolutions passed at a meeting of the league Monday night declare that "it would be unwise at this time to burden the taxpayers with more bonds."

The league also endorsed a ticket for the council which included the names of Farmer, Lyon, Conway, Conrad, Powell, Mallard, Langdon, Wright and Conwell.—Adv.

AGAINST POWER BONDS

The Colored Citizens' Civic League adopted resolutions against the Two Million Dollar Power Bonds, as follows:

"Vote "NO" on Power Bonds

The Colored people of Los Angeles number several thousand. They own a very considerable amount of property and they will average up well with any race or class in their willingness to do all in their power for the improvement or benefit of the city, but they work hard for their money and they are just as much entitled to be heard when it comes to great expenditures of public money and taxes as anyone else.

There are many good reasons for opposing the $2,000,000 power bonds, which are to be voted on next Tuesday, June 5. Our people are entitled to know why.

Those bonds should be voted down, because the city already has voted $10,000,000 for an ample power plant and a COMPLETE CITY DISTRIBUTING SYSTEM, both of which were promised the people to get them to vote those $10,000,000, and they have not had a "square deal."

In the second place, the people have been promised lower light rates, lower taxes, better lighting and several other benefits by the crowd that was at the front in getting the voers to favor the last $6,-590,000 put through, and they have been given NOTHING.

Third, the extra $2,000,000 asked for now is only the first of a lot of new bond issues planned, and the voting of the first means another to be called for a little later until $12,-000,000 to $20,000,000 more bonds have been voted for power. That means taxes so high that no one among the Colored people could afford to own city property. Every bond issue for power you vote, makes it just that much easier for the politicians to come back for another slice. DON'T GIVE THEM THE FIRST BITE!

Fourth, the Colored people have reason to complain of the slight recognition given them in the past by the Public Service Board that has the handling of the water and power business. HOW MANY COLORED MEN OR WOMEN have been given employment out of the TEN MILLION DOLLARS already handled and spent by this Commission?

Readers, you could almost count them on the fingers of your hands!

How can these politicians have the nerve to come to the Colored people for votes for their power projects when it means nothing but higher taxes, more mortgages on their hard-earned homes and properties, and nothing in return?

The hypocrisy of those who demand this extra $2,000,000 is seen in the fact that there is much more than $2,000,000 in UNSOLD POWER BONDS at this very time in the CITY TREASURY! If money is needed so badly for this power scheme, let them use the proceeds of bonds we have already given them.

Therefore, the League advises:

Vote "NO" on the $2,000,000 POWER BONDS!

B. Y. P. U. FEDERATION SCORES SUCCESS IN ITS INITIAL EFFORT

The First Annual picnic and outing given by the B. Y. P. U. Federation at Playa del Rey on last Wednesday proved to be a success, as hundreds of our people wended their way to that place on last Wednesday. The best of order prevailed throughout the day and both young and old enjoyed themselves to the utmost. President Reece and assistants are to be congratulated on the success of the day.

"ANNOUNCEMENT

E. church, Wednesday, August 15, at 9 o'clock, instead of on the first Wednesday in September. All the ministers of this city were notified to that effect Thursday, in accord with communication from Rt. Rev. H. B. Parks, Bishop of the Fifth Episcopal District. Dr. J. LIGHT ON TRAINING CAMP FOR COLORED MEN

WAR DEPARTMENT
The Adjutant General's Office

The following letter to the Chief of Staff Departments of the Army gives a brief outline of the provisions made for training camps for colored citizens:

Boston, Mass., May 7.—"When this European war began the world involuntarily speculated whether the Irish would be loyal and the Russian Jews, because of the denial o home rule by England, and of civil and polittcal rights dy Russia. As the United States of America enters this awful war the world speculates whether Americans of color will be loyal because of the denial of rights to a majority of them."

Since colored Americans in the past have offered their llyes in every way for the country, if Germany is seeking to induce them to revolt, it but proves how notorious is their proecription. If this nation, knowing the active loyalti of the Americans in the past, believes this alleged plotting could succeed, it ghows that the Government and people believe that colored Americans are most unjustly treated."

The Boston Branch of the National Equal Rights League, meeting when the country is at war, realizing its responsibility as a branch if the only nation-wide organization rormed by and of and led by colored citizens to oppose race and color discrimination, declare false all charges of disloyalty.

PORT AU PRINCE, May 11.—The Haitien congress to-day defeated the president's plan for a declaration of war on Germany. But while voting against war, parliament authorised the president to break off diplomatic relations with Germany in the name of humanity in case Germany refused to make reparation for the loss of Haitien lives and vessels and to give guarantees that the attacks will no t be repeated.

CONGRESSMAN OSBORNE GETS BUSY

HOUSE OF REPRESENTATIVES,
Washington, D. C., May 25, 1917

Mr. J. B. Bass,
Editor "California Eagle,"
314 Central Ave., Los Angeles.

Dear Mr. Bass:

I enclose you herewith copy of a letter from the War Department which explains itself. I received a complaint from Mr. Morgan T. White, a colored man, residing at 1016 S. Mariposa Avenue, Los Angeles, that his son, John W. White, had been refused enlistment at a Los Angeles Recruiting Station.

I took the matter up with the Secretary of War, and the enclosed letter is the result.

Mr. White will be permitted to enlist, and I hope and believe that he will, like many other colored men have done in the past, make a brave soldier in the army of his country.

Very sincerely yours,
H. Z. OSBORNE, M. C.

WAR DEPARTMENT
Washington, D. C., May 21, 1917

Mr. Henry Z. Osborne,
House of Representatives.

Dear Sir:

In response to your letter of 17th inst., with which you inclose a communication from Mr. Morgan White, a colored man, of 1016 S. Mariposa Ave., Los Angeles, Cal., in which he requests the enlistment of his son, John W. White, for the band, 24th Infantry, his enlistment having been requested by the band leader, and in which letter Mr. White makes mention of the fact that his son was refused enlistment at the Los Angeles recruiting station, I beg leave to inform you that enlistments for colored organizations have been confined to the enlistment of former soldiers, due to the fact that no vacancies have existed in any of the colored organizations for some time past. In the case of this particular applicant, however, enlistment will be authorized for the band, 24th Infantry, your letter, together with its enclosures, having been referred to the recruiting officer, Fourth and Main streets, Los Angeles, Cal., with authority for acceptance of this young man accordingly.

Very respectfully,
(Signed) H. P. McCAIN,

ORATORICAL CONTEST A MAGNIFICENT SUCCESS

Promoted by the Young People's Advancement Club of the People's Independent Church

The People's Independent church at Paloma and 18th Street was filled to its capacity on last Wednesday evening to greet the first oratorical contest arranged by the Young People's Advancement Club of that church. The club covered itself with glory in this initial effort. Everything was carried forward with the minutest detail. The ushers in full dress, both laides and gentlemen, were on hand to seat their guests and to make them comfortable. On the platform in the order in which they were to speak, the embryonic orators were seated. The six judges consisted of Attorneys C. A. Jones, E. Burton Ceruti, Hugh E. MacBeth, Afue McDowell, G. W. Wickliff and Leroy D. Barnett. These six selected the seventh judge in the person of J. B. Bass, editor of the California Eagle. The program began at 8:45 o'clock. After preliminary remarks by C. A. Biggers, who acted as master of ceremonies, the invocation was performed by Dr. N. P. Greggs.

The first number was a solo by Mme. Corine Busch Hicks; Oration, "International Patriotism," by Miss Della Hart. This was a splendid oration indeed, but Miss Della Hart rendered it to a disadvantage, inasmuch as it was only a few hours before that her sister, Lelia, was taken ill, and she had to take her part rather than to disappoint the people and disarrange the program, which had been aranged with such care. Miss Mamie Albritton sweetly rendered a vocal solo selection, and Mr. C. B. Dones followed with an oration, the subject of which was "Building a Race." Mr. Dones proved himself a worthy foeman and was in the race for honors every minute of the time.

The third number was a bass solo by Mr. Carl Hanley, and was so well received by the vast audience that Mr. Hanley was compelled to respond to an encore. Mr. Hanley is a product also of the great Western University, and his effort was a revelation, and stamps him as among the foremost basso soloists of the country.

Miss Luvenia Hickman, graduate of Western University, chose for her oration the subject, "Reaching the Goal," and so well did she measure up in its rendition that when the averages were struck by the judges, she was awarded second prize. The victory of Miss Hickman is remarkable from the fact that the burden of the work of arranging the program and attending to the details of this great entertainment has devolved upon her.

The fourth number was a vocal selection by Miss Mamie Lowe. As in the case of Mr. Hanley, so pleased was the audience with her rendition that she, too, had to respond to an encore.

(B) "Liberty and What is Meant by Liberty," was the subject of the next contestant, James H. Rodgers, a splendid composition, well rendered and when the averages were struck, Rodgers, I am a winner, was also up in the running.

No 5, "What Will the Harvest Be?" an oration by Miss Myrtle Anderson, proved to be the best effort of the evening, and by the high mark of 97 points, she was awarded First prize by the judges. It would be futile to attempt to describe in words the remarkable oration of this young lady, but she is a natural orator. She carries her theme with her at all times and it seems that her very soul goes forth with her burning words of eloquence. At the conclusion of her address pandemonium broke loose and it was minutes before the applause ceased.

The concluding number was a solo by Miss Bertha Achols, and an oration, "President Wilson and the Adamson Bill," both of which were well received.

The first prize, awarded to Miss Myrtle Anderson, a beautiful gold emblem engraved badge, was presented by Attorney G. W. Wickliffe.

The second prize, awarded to Miss Luvenia Hickman, a beautiful solid silver medal and engraved, was presented by Editor J. B. Bass.

It was one of those occasions long to be remembered and the Young People's Advancement Club of this church and its officers are to be congratulated upon their splendid efforts and magnificent success of the same.

RE-ELECT LANGDON

Dr. F. C. Langdon, who is a candidate to succeed himself to the city council, is now and always has been an advocate of district representation in the City Council, as he believes that the best interests of all sections of the city would be served by having such sections personally represented in the legislative body of our city.

His record is an enviable one, as he has been in the City Council for more than five years and at all times one of its most active members. He has been particularly identified with the development of the harbor at San Pedro, holding the position of chairman of the Harbor Committee of the City Council, and many of the features for which the harbor is now famous can be traced to Dr. Langdon's intelligent co-operation with the Harbor Commission.

There is one thing that Dr. Langdon did during his term of office which would more than justify the citizens in keeping him there, if he did nothing else during his entire incumbency, for he is the author of the ordinance requiring all delinquent assessments to be set forth on the general tax bills. This feature has had the effect of saving many property owners exorbitant penalties for delinquent assessments for which they have had no other notice, and in many cases he has been the means of actually saving the homes of some of our citizens from the tax sharks.

The annual picnic given by the Elk's Drill team at Sebastian Park Wednesday was a glowing success. Our own J. B. Loving was so elated over the same that at the conclusion of the day he called the boys together and complimented them on the splendid order of the day and said he was glad that such functions could be held in this manner, and asked for the same conduct going and coming on the cars.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. What Have I To Fight For?--The Answer

"WHAT HAVE I TO FIGHT FOR?"

In the breasts of many are things that rack the frame. Not a thought of disloyalty enters their mind; not one note of treason could emanate from the keyboard of their heart; not one act of disservice could warp their energy. They realize the pressure now upon us and know that the Ocean of War is deep.

But with a seriousness that demands a response, and a longing for light that must be forthcoming, they ask and ask right-fully: "What have I to fight for? My rights have been and are denied me. In the land of the free and the home of the brave my privileges have been taken away, my opportunities proscribed and my heart made to bleed. My country called for men—men who dared to do and die—men who would give themselves and their all to check the slaughter of the world's common enemy. I responded to the call and was told that 'I could not enlist for this was the white man's war,' and that by a government representative. A few days later they invade my sanctum and threaten to throw me in jail if I don't register. 'Conscientency, thou art a jewel!'"

I journey to the capitol of the nation, where Justice should sit enthroned and the highest respect paid the laws of humanity. There I argue and plead for the rights of an American citizen, and the chance to fight the battle of life unmolested. Being a little hungry I walk into a lunch room; where Uncle Sam gives his orders, and am told that I cannot not be served. My country is supposedly fighting to uphold democracy and overthrow autocracy—to wave the flag of liberty and discard the emblem of oppression. She asks me to fight and yet she tramples upon law, order and decency and burns me at the stake while singing a national air. In the name of justice, common sense, and patriotism, I ask: "What have I to fight for? What can move me to action and inspire me to sing with patriotic fervor?"

Any man with a brain, any heart with a love for justice, any soul with a longing for the welfare of his country has asked himself repeatedly these questions. I admit the fight has been hard and the tension strong. Let us seek for a solution.

War calls for sacrifice and sacrifice is the truest and deepest expression of life. Sacrifice reaches its divinest height when self is laid upon the altar' "Greater love hath no man than this, that a man lay down his life." We must not think in terms of self, harbor thoughts of enmity and malice. I have been mistreated, but those mistreating me have been the greatest sufferers. My heart has been made to bleed, but now my country is paying the price. The United States is not fighting to uphold democracy, but fighting to find out what democracy means. She has been tramping in the vale of deceit. She has been playing the part of a hypocrite. She has cried out about the Lusitania and the horrors of German barharity, but remained silent about Waco, Texas, and Memphis, Tennessee. She is being purged and made clean. I believe that a divine hand is bringing out the dross.

I must fight because my country needs me. She is searching for the light. She is climbing the mountain of truth and her limbs are being torn by the jagged corners of grim reality. She is being tossed on the briny deep of penalization and her heart quakes as she gazes at the whirlpools surrounding her. She is getting nearer every day to the fact that there is and must of necessity be a "Fatherhood of God and Brotherhood of Man." She is face to face with the eternal truth that she cannot hold me down without bringing herself on a level with the deed.

What have I to fight for? I was born here, lived here all my days, and intend to die here. What I am my country has helped to make me, and what I intend to be will reach its blazing fruition with her assistance. Shall I be ungrateful to the land of my adoption because she has sinned? Shall I, who claim to be a Christian, thus trample upon the mandates of high heaven and judge my country by a law I would quail before myself? Shall I call for vengeance when the storm clouds have gathered the thickest, and the lightnings are crashing the hardest?

What have I to fight for? I must fight to keep untarnished the glorious record of the gallant ones who tasted death that I might enjoy the proscribed privileges of today. The blood of Christopher Attucks, the martyr of '76, shouts from the Commons of Boston, "HAM! If your country needs you, answer the call!" The bullet-riddled, cannon-smothered heroes of Carrizal lift their blood-soaked voices on the shore of Death's river crying "HAM, be true to your trust. The fight may be hard, but the victory draweth near."

Son's of HAM, fight on! Progress is made by walking the plains of setbacks, discouragements, and disappointments. Achievement comes to those able to endure hardships, privations, and reverses. Grit, courage, sacrifice, loyalty, patriotism will conquer, say what we may. Let us fight with a divine discontent in our hearts, and respond to the man.

If my country needs me, my life, my all will be given.

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.

ODD FELLOWS GIVE DISTRICT GRAND MASTER A. DUMAS JONES ROYAL WELCOME.

The various branches of the Grand United Order of Odd Fellows met at their hall on last Wednesday to receive the Distrtct Grand Master on the occasion of his annual visit.

A special program had been arranged for the occasion, consisting of musical numbers and short addresses. Rev. E. W. Kinchen acted as master of ceremosies and in a highly creditable manner presided over the occasion. Short addresses by the District Grand Noble Governess, Mrs. B. G. Ransom, of Pasadena, and Past N. G. Mrs. Eliza Warner featured the evening. The principal address, of course, was that of Grand Master Jones, who most forcefully and eloquently portrayed the progress of the Order and its future outlook, and said that he stood for a safe and sane endowment law. He also made an appeal for the widows and orphans of the order whose husbands and fathers had lost their lives in the trenches of Europe.

At the conclusion of the program refreshments were served and much credit is due the committees from Los Angeles, Golden Rule and Sterling Light lodges for the manner in which this very creditable affair was conducted.

MADAM C. J. WALKER, THE WORLDS MOST WONDERFUL COLORED WOMAN, AT THE FORMER HOME IN INDIANAPOLIS, VISITED BY A FREEMAN REPRESENTATIVE — INTERESTING GLIMPSES ARE CAUGHT DURING THE INTERVIEW—BUILDING A HOME OF STEEL, TILE AND STUCCO ON THE HUDSON, NEW YORK—WILL BE LEFT AS A LEGACY TO THE COLORED RACE.

(By Wm. Lewis in the Freeman)

While very much has been said of Madam Walker, the well known hair culturist, none too much has been said of her as a business woman, of her charitable side, of her Christianly and womanly attributes. Indeed it will be difficult to even imagine a woman of the Negro race who so fully meets all of the demands of womanhood as it is conceived to be at its best. She has done so much, accomplished so much, amassed so much wealth and in the meanwhile being such an upright woman that many of her own race have had their doubts about the truthfulness of it all.

Madam Walker is a reality; no dream. White publications speak of the achievements and successthe of the members of their race. The Sunday papers teem with individuals of the kind, and because everyone wishes to know of those who have done things. The Madam is the most remarkable Colored woman of the world today. It may not be generally conceded, but it is true just the same. If we think of our race apart from the white people, and our poor opportunity to amass wealth, then she easily equals the great millionaires of the white race. In fact she is making rapid strides toward the millionaire class, regardless of her race, being safely beyond the half million mark at this time.

The amassing of wealth is a distinction in itself even if the severe moralists say otherwise. The individual of wealth is of interest to all. The world is eager to know the ways of the rich; that they are of our race gives them extra distinction. So when I, as a representative of the Freeman, the leading publication of the race, made it my business to call on Mada mWalker, I had in mind her various great qualities, holding that she is due publicity, and as much for her race's sake as for her own.

I found her rather reticent, modest in what she had to say. I found her a real woman, with affectation and airs. She is splendidly poised; wears her wealth and honors with ease—seeming as if she had all for all of the years. She is of good education, but does not try to attract attention to herself on account of it. Much of her education was self-acquired, and the better for her, since she took on the qualities that she saw she stood mostly in need of. In short she birthed herself in this respect, and she made a most excellent job of it. Madam Walker can hold her own in any gathering of women.

Her charities are now an old story; she gives right and left, and in good substantial ways. It is a part of her religion—almost a fetich with her. Her belief that the Lord loves a cheerful giver is so strong that one feels like smiling at the simplicity. She gives liberally; she gives in the Christian spirit—when it is not seen of men. During her recent trip south she said that she met a colored family of seven or eight persons who had been arrested on a flimsy charge. They were on a train in charge of an officer. Their poor appearance excited her pity, so she called one of them aside and quietly slipped a ten dollar note which she had placed in one of her circulars into a small book which was carried by the prisoner. The officer in charge told her she was not permitted to speak to prisoners. She told him that she had given the woman a circular, and then offered him, the officer, one. He accepted it good naturedly and the matter ended. Since she has been in Indianapolis the Madam has received a letter from the unfortunate woman thanking her for the splendid act. Thus in many instances she serves when there are no witnesses to the deeds.

If Madam Walker is not a thorough Christian woman this community of Indianapolis has yet to find it out. Nor has any ugly stories followed her from other cities. She has stood popularity's test and which means microscopic scrutiny with the hope of finding something to advance that will check her career. She has been weighed in the balances and has not been found wanting.

I asked her what about the ill feeling between herself and Mrs. Pope Malone, the St. Louis hair culturist. She was unwilling that I should rehearse the story which she related in full. She declared that she meant the best, merely wishing the banishment of the unpleasant feeling of years, insisting that the past be forgotten whatever it held and that friendship should exist as it became, the two women who are without doubt the leading business women of the race. "We are succeeding," the madam said, "and that should be sufficient." She would like to see a national organization of the hair growers just as other wide interests are organized. She thinks that it would be helpful to all. That the two women were not on the best of terms was seen at the Indianapolis meeting, which was held by Mrs. Pope-Malone Thursday evening of last week at Bethel A. M. E. church, and which feeling was intensified by the result of a meeting at Rev. Dr. Parish's church, Louisville, the previous week. The Madam would not consent to the publicity of the quarrel. At the opening of Mrs. Pope-Malone's Indianapolis meeting Madam Walker suggested that her bookkeeper preside at the piano, further evidence of a desire for harmony. It appears that the women differ as to proprietorship of such meetings, based, of course on the past misunderstanding. The Madam extends the olive branch of peace, and which she feels to do out of her Christian heart and understanding. And she may well be believed since she is secure from want, and enjoys the respect and confidence of all that know her. The greatest of the race have been her visitors — distinguished churchmen, distinguished statesmen, distinguished school people from Dr. Booker T. Washington down.

I found her in one of an elegant suite of rooms at her Indianapolis home. She was recently from her tour south and which she will resume this week. Tennessee, South Carolina, North Carolina and Virginia will be her field after which she will go to her New York home now under process of erection.

A stream of visitors is the scene at her door. Among those who called during my interview were Mr. Johnson, editor of the New York Age, and Attorneys Ransom and Brockenburr. The Madam still retains her Indianapolis properties which are valued at many thousands of dollars. She has also acquired a new renting property in New York City, Central Park, West. It is of fifteen apartments, strictly modern, renting at $5,500 yearly.

It is well known through previous mention that the Madam is building a magnificent residence on the Hudson, America's most classic stream, the ground alone costing $75,000. The house, the plans of which she had with her, will of course easily be the finest ever owned by a colored person. It will be of steel and tile, with stucco exterior, Italian roof of delicate cream color; three floors. The rooms will be of splendid proportions, spacious and which together with the ornamental exterior, according to the plans, reminds one of those famous French Chateaus where the families of the erstwhile rich noble folk hied themselves at times from the eyes of the vulgar throngs. Music will be incorporated, built in the house, a great instrument with a varied capacity—one or several—so arranged that the music will filter through such rooms as desired at the touch of a button. The flower conservatory will be a part of the house plan. The garage will be apart from the house. A landscape gardener will be employed. Eight persons as help will be required, and for whom rooms are arranged on the attic floor. This home all told will stand the Madam $200,000, and as to architectural appearance will compare favorably with the best on the Hudson. She is proud to announce that the architect is a Negro, now lieutenant V. W. Tandy, a graduate of Tuskegee and of Cornell, N. Y. His former home was Lexington, Ky.

The Madam is grateful to her Creator that he has permitted great good to flow interruptedly to her. In turn she will give the beautiful palace in trust to her race, after the life of herself and that of her daughter. As she thinks of it now it will be held in perpetuam in memoriam of herself—a museum or monument—where in after years members of her race may pilgrimage to it, thinking of it also as an industrial shrine that will be the laggard's spur, prodding him to renewed energy because of the realism of such a grand result. There will be no business associated with the new home, strictly residence. The New York business under the management of her daughter, is not less than twenty miles from the residence.

I count it my extreme good fortune to be numbered as among her friends. In this capacity and as a newspaper man who will look over the home with the view of giving it publicity I am invited there by the Madam when it is completed and occupied. My "commission" as before stated, will be to give the public further information of the world's greatest woman, of her home, of her ways, especially of that fairy palace which reared up at the behest of her own brain and hands.

PHOENIX, ARIZONA

Members of Second Baptist Church Give Pastor Great Ovation

We your Committee on Resolutions, report the following:

Rev. Dr. Walker has been pastor of the Second Baptist church of Phoenix, Arizona, for thirteen months. His work has far excelled that of any pastor we have ever had in every respect, having raised in that time $$1846.45; paid off the church debt, and burned the mortgage, and he leaves the church clear of debt in every way, except a few small bills that can be easily met.

Rev. Dr. Walker resigns of his own accord, because the church fails to see how they could raise his salary to $75.00 per month.

We commend him as an efficientfinancier, and one among the best preachers we have in the West.

Adopted at the close of the service by a standing vote of the entire congregation, this 3rd day of June, 1917.

G. A. GATLIFF RUNS AMUCK

The busy thoroughfare of Central avenue was thrown into a furore of excitement on last Monday evening at a lodge meeting which was scheduled to meet at the Masonic Hall near 12th and Central. Mr. Gatliff attacked his wife with a huge knife. She was badly cut, also Mr. E. A. Baldwin who endeavored to keep Gatliff fromh doing her harm. Gatliff and wife have been estranged. Had it not been for Mr. Baldwin who risked his own life to prevent a tragedy. Gatliff is in jail and faces a serious charge of attempted murder.

TWO PRACTICAL LESSONS WELL TAUGHT

The first, that when we are unite to a man no good work is too great.

Second, the jitney has been taught and may possibly learn that we have the same feelings and appreciation of good treatment as any other human.

It is the first that concerns us most. For in the second the only loss to be experienced is by the jitney, and that is only a monetary consideration, which is transitory.

In the first our manly pride of being a man among men was attacked if our face happened to be a little too dark. We are passed up by the driver while the jitney was partially filled, only to make insulting remarks about us to his patrons.

The farmer complains of the weeds, but no weeds, no corn. He would fail to cultivate the ground, moisture would sink away, and the corn would wither. So the same conclusion may be drawn from Tuesday's vote.

The common insult cast upon us all caused us for ONCE to be UNITED to a man.

The same humiliation, the same cutting remarks, the same debasing campaign literature applied to us ALL, whether we rode in the jitneys or walked. The only sad feature, and there is a question about it being sad, is that we wait until some insult is heaped upon us before we are willing to unite.

But it is better that we be driven to the foot of the cross, and the ballot seems to be our means to the cross in this world, than to be out in green pastures separated one from the other.

Some say we are too weak numerically. Others that it does "not affect me; I get by wherever I want to go." And the great majority say: "Oh, what's the use? It is not worth the effort."

There is no failure in good works. The harvest may be tardy, but it never fails.

For years and years we have been advocating a united stand for an equal chance in the commercial world. We are not welcomed in any quarter now. Even the right to work is being denied in many places. But some day we shall learn from Tuesday's work that our united effort at the ballot box along with our friends' assistance, it matters not what his objective point might have been, will bring results.

May we take Uncle Sam's advice and get together for whatever may come? We are not living in an age of luck, but pluck. The world admires one who stands for right although he stands alone. It hates a "slacker," a quitter, a runner. May we not take a lesson from Tuesday's jitney vote and apply it along all racial efforts for good!

J. H. SHACKELFORD.

LAST SAD RITES TO MRS. W. M. BYNUM

The funeral services of Mrs. W. M. Bynum was held at the 8th and Towne Ave. church Tuesday afternoon at 1 o'clock, Rev. J. L. Craw officiating, assisted by Rev. Dr. Prowd, J. D. Gordon, J. W. Price, E. A. Johnson, Rev. J. Anderson. The funeral was uner the auspices of the S. M. T. It was one of the largest funerals held from this historic church. The choir, to its full capacity, carried huge bouquets and the other floral offerings were most beautiful. The service was indeed a fitting tribute of respect to this very useful member of our community. The Eagle joins in extending condolence to the husband and relatives of Mrs. Bynum.

What the Churches are Doing

GREAT MEETING CLOSED

The Third Annual Convention of the Saints' Home Church closed one of its best and most successful meetings in its history. Pastor Mason, of Memphis, held us spellbound for thirty days and nights, his thousands of hearers. The meeting closed with about 2000 present. The contributions were good; above $300 were given to Pastor Mason for his services, and above this amount was left for the congregation and pastor. On Tuesday of the second week of the meeting, the friends and members of Pastor Driver's congregation presented Pastor Driveh with a five-passenger touring car,—Chevrolet by name—which was another act of appreciation among the many given to the pastor for his services. Many thanks are given to the members of the various churches for their kindnesses and their participation in the meeting. Services will be resumed at the church at 20th and Hooper. All are welcome.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th Street and Central Avenue
E. E. Lightner, Pastor

Glorious services were held throughout the day at this church on last Sunday. The pastor occupied the pulpit at both services, speaking in the morning on "The Bequest of Jesus," taking as his text, "Peace I leave with you, My peace I give unto you. Not as the world giveth give I unto you." John 14:27. At the evening service the subject was "Little Foxes that Spoil." We were glad to note the visitors in the audience at both services. You always have a hearty welcome here.

The Children's day exercises will be held a week from Sunday on the 17th.

The regular services on next Sunday. Sunday School, 10 a. m.; preaching, 11:15 a. m. and 8 p. m. Morning, "A Man Who Turned Aside." Evening, "The Heart's Beaten Paths." Christian Endeavor, 7 p. m., topic, "Sins of the Mind," Rom. 8: 1-11. Mrs. Cora Dennis, leader. A cordial welcome to all.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, Pastor

Every first Sunday brings showers of blessings to Independent Church of Christ. The pastor took as his theme for the day, "The Suffering of Christ and His Denial." This is a sad but beautiful sermon, delivered as it was it appealed to the hearts of all present, and 12 persons connected themselves with the church during the day. The public collection amounted to $187.15. On next Sunday the sermon of the Foresters will take place at 2 o'clock. Other services as usual. All are invited to be present.

FIRST A. M. E. ZION CHURCH

Pico and Paloma Streets
Rev. B. C. Robeson, Pastor

The pastor's discourse Sunday was on "Service." "Every man," se said, "has some particular work to do in this world that no other man can do, and when God creates man, He creates work for him." Also "That it is divine decree that by the sweat of his brow shall he earn his bread." Many pointed illustrations and ideas were called into service during his sermon. He lashed mightily the slackers and back-biters and wound up on sitting down on the "jitneys." He said, "All of our members who can vote and don't vote Tuesday, if I find it out—well, if I should meet you on the street, it will be mighty hard for me to speak to you—Yes, mighty hard." Miss Pettiford of Ohio, the versatile reader of national reputation, will give a program with the assistance of local talent at the church Thursday evening, June 7, 1915.

The choir, with new books and new anthems add much to the impressiveness of the service.

Recently the pastor's brother in New Jersey, who is attending college chose the ministry as his calling—it was a constant prayer of the pastor that he should—and when he received the letter from him wherein it stated that he had, it need not be said that the pastor was jubilant.

The trip to Mt. Lowe to be given by Sister Chancy Jones will be held soon, tickets $1.50 for the round trip. The last one given there, many went and enjoyed themselves. The tickets are selling fast, and this looks as if it will be the biggest and best ever.

Sunday at 11 a. m. and 8 p. m., Rev. W. W. Matthews, Presiding Elder of the Los Angeles district, will preach. Sunday School at 9:45 a. m. Classes for grownups. Communion Sunday the presiding elder will administer the same. Good ventilation. Come early. All are welcome.

MT. ZION BAPTIST CHURCH

Corner Third St. and Traction Ave.

The pastor preached a very inspiring sermon, which was enjoyed by those present. At 3:00 o'cloc p. m. Zion celebrated her 25th anniversary. The history of the church was given by Brother C. H. Van Norton, after which remarks of early Zion were made by Brother S. Porter and Rev. Evans. Zions choir which has always held up the banner, was still found to be holding it Sunday when she rendered her beautiful songs and anthems for the afternoon. The city pastors, Drs. Rozier, Tilman, Hughes, Holt and others, made some very encouraging remarks, which showed their love and appreciation for Zion.

At the evening services the Sunday School, Missionary Societies, B. Y. P. U., Literary, Aid, Benevolent and Daniel Band gave the history of their organizations. The day was crowned at Zion by six new members being added to the church, one of which is a candidate for baptism. Also Thursday evening classes Nos. 2 and 3 [illegible] beautiful tableaux scenes at this church. Among the leading characters which took part in this concert were Misses Lowery, Wilson, Albritton and Van Norton. We also wish to thank our many members and friends that supported this concert.

FIRST A. M. E. CHURCH NOTES

Corner Eighth and Towne Ave.
Rev. J. Logan Craw, Pastor

The usual large number of communicants partook of the Lord's Supper the first Sunday in June. The pastor preached at both services. There were six accession to membership. Four of these were converts.

These are "dollar money" times and the pastor is delighted with the spirit of loyalty that has caused to many to pay this annual benevolent claim already. Every dollar of this money paid adds speed to the ship that bears the gospel messenger to distant lands to proclaim the word. Every member of the church is expected to pay this claim. Come prepared to do so Sunday if possible.

"Children's day" is Sunday, June 10th. Special sermon by pastor to the children, parents and to the business men and women of the city at 11 o'clock. Baptising at the altar at the close of this sermon service. At 7:45 p. m. the Sunday School and choir will render a grand sacred program. Birthday offering will be taken. Everybody welcome to these special services. Come on time.

BIRCH ST. CHRISTIAN CHURCH

11 a. m., Preaching by pastor, subject, "Broadmindedness vs. Narrowmindedness."

7 p. m., Christian Endeavor, Mrs. F. B. Miller, president.

8 p. m., Preaching by Rev. J. Ellsworth Cooms, subject, "The Church."

MT. ZION BAPTIST CHURCH

Third and Traction Avenue
Pastor, Rev. F. H. Davis

Every Sunday morning at 9:30 a. m. Sunday School is held. At 11 o'clock the morning services are held. The pastor preached a most powerful sermon Sunday morning which was well enjoyed by those that attended. His subject was "The New Birth." After the morning service was baptism. At 5 o'clock Sunday evening, covenant meeting was held, being one of the most inspiring meetings held that day.

For the coming Sunday the pastor will speak from the subject, "Grace as it Reigns in Our Salvation." Don't forget the Daniel Band will meet Sunday afternoon. Our motto is

"Dare to be a Daniel,
Dare to stand alone,
Dare to have a purpose firm,
And dare to make it known."

Come and hear this wonderful preacher. All are welcome.

PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton Street
Rev. J. C. Anderson, Pastor

The services at this church were helpful and inspiring. The pastor preached in the morning and the congregation was favored at the night service with a sermon by Rev. J. A. Stout, pastor of our church, at El Paso, Texas.

Communion was not administered at the services on last Sunday as the quarterly meeting is to be held on Sunday at which time Presiding Elder Seldon will preach and administer the communion.

All the members are urged to be present at the services on the coming Sunday and partake of the Lord's supper.

We are pleased to report that the sick of the church with one or two exceptions are improving and we hope to have them with us again soon. Strangers and visitors are always welcome to the services of this church.

WESLEY M. E. CHURCH

Eighth and San Julian Streets

Rev. A. P. Shaw, D. D., Pastor

Sunday was annual rally day at Wesley M. E. church. The pastor and membership are rejoicing over the splendid effort. In spite of these strenuous, uncertain times, nearly two thousand dollars were raised ($1988.77) including $35 raised on current expenses. Sufficient funds have bee received since Sunday to run the effort over the $2000.00 mark. The fourth Sunday in June will be gleaning day on which we hope to make the effort total $2500.00.

This Sunday will be communion Sunday. At 11 a. m. the pastor's subject will be "The Time to Shout." At 7:45 p. m. the subject will be "Come Down from the Cross."

The financial honor roll will not be closed until after the fourth Sunday. All persons desiring to finish out their ten dollars may do so before that time. A special effort will be made to get every member of the church on the financial roll.

Let us have over three hundred communicants Sunday. Come praying that God may specially bless the services of the day. All are welcome.

THE BAPTIST UNION

Monday's session at the Baptist Union was an excellent one with a large attendance of ministers and laymen. The Union is creating quite an interest and much is being done in uniting the forces of the Baptist ministry. There were two enjoyable features in the Union last Monday. One was that the lion and the lamb laid down together. The other was the address given by W. H. M. Dickerson, entitled "Would Our Church Do Better by Consulting the Baptist Ministers' Union Before Calling a Pastor?" The address created a lively discussion. It was enjoyed by all. Rev. Dr. Davis of Mt. Zion will be the speaker next Monday. The subject for discussion is "What Should be the Attitude of the Minister Relative to Politics." We extend a cordial welcome to all.

BY MISS VIVIAN CAMPBELL

IT WAS INDEED A JOLLY STAG

One of the most pretentious and elaborate stag parties ever given in Los Angeles was given by W. R. Wills of the Southern Hotel, near 12th and Central, on last Wednesday evening. A galaxy of business and professional men cast the perplexities of the war and high cost of living aside for the time being and spent the evening with their host. As one constant scream, each guest vied with the other in the production of wit and humor. But for story telling the concensus of opinion was that Watson Burns, the philosopher carried off the honors of the evening. Not far behind him, however, was the one by J. W. White in his homily on "Chapple Henderson, the Englishman." In fact, each guest seemed keyed to the occasion and each one furnished a number, all of which was of the highest class.

The menu furnished was one often heard of but infrequently realized, and consisted of everything that was obtainable. The tables and room were beautifully decorated and the service such as only the people from the Southland can give. Attorney C. A. Jones was the toastmaster for the occasion and brought out the fine points of the occasion in a superb manner Others present were: Thos. Pollock, E. A. Joseph, Dr. W. A. Tarleton, A. L. Cockrane, Dr. H. A. Browning, S. L. Prentice, A. J. Haynes, S. P. Dones, H. Shannon, of the Eagle, all of whom, with a lasting memory, will never forget the unstinted hospitality of Mr. W. R. Wills and his estimable wife on this occasion.

Last Monday afternoon at the home of Mrs. J. L. Elwoods, the Married Ladies Art Guild entertained in honor of Mrs. C. A. Bass, who is to leave soon for Rhode Island on a visit to her mother. She was entertained with a pleasing literary and musical program. Those participating were: Mrs. J. H. Patterson, Mrs. N. F. McMickins, Mrs. Malcom Pattou, Miss Maudetta Rosemond, Mrs. T. Little and Miss Juanita Patton. At the close of the program the ladies were served a delicious menu consisting of chicken in aspeck jelly, olives, cheese straw, coffee, ice cream and cake which with the beautiful festoon of flowers carried out the colors of the Guild, corn and ceres. Mrs. Bass responded in splendid terms of appreciation. The club wishes Mrs. Bass a pleasant trip and an early return. A hearty vote of thanks was tendered Mrs. Hulbert and the hostess for the menu and program of the afternoon.

Miss Maggie Woods and Mr. Earl Crain were quietly married at the home of the groom's mother, Mrs. Maggie Crain, 1001 E. 8th St., Thursday afternoon. Only members of the family were present. Dr. H. D. Prowd tied the knot, and now Mr. and Mrs. Crain, the newlyweds, are happily domiciled at the home of Mr. Crain's mother at 1001 E. 8th St.

SUCCESSFUL BUSINESS PEOPLE TO OPEN NEW HOTEL

On or about the 15th of this month a new and up to date hotel will be open to the public.

Mr. and Mrs. F. K. Hines arrived in this city from Birmingham, Ala., on the 9th day of October, 1912, and in a few months later went into the rooming house business. Their first location was 1040 East 9th street. After occupying that building for a short time it proved to be too small for their many friends that wanted to room with them. They rented the large two-story building at Nos. 726-8 Ceres avenue. They ran that house successfully for about two years.

After the expiration of said time it proved to be too small for their rapidly growing business. They bought out the rooming house just across from them, No. 725 Ceres avenue, making three two-story houses operated all at the same time. And now the three houses have proven to be too small. So Mr. Hines has secured a long lease on the large building, No. 577 Central avenue, where they have more than thirty nice airy rooms, beautifully lighted, instant heaters, hot or cold bath at all times. In connection with the hotel Mr. and Mrs. Hines will also run the rooming houses Nos. 726-8 Ceres avenue.

Mr. Hines in discussing his success in business said it was to a very large degree due to the sticktoitiveness of his wife. When it comes to business Mr. and Mrs. Hines have but few equals, so we predict for them, wheresoever they may go or what soever they may do, a great and successful future.

The beautiful seashore resort, Bruce Beach is where for the past few seasons those of us who want real pleasure and recuperation, away from the heat and dust of the city, during the hot summer season, take pleasure in going.

Each season the management of this resort adds to the beauty and comfort and this place—the bathing facilities installed last summer added more comfort and completeness and now that the season is ready Bruce Beach throws wide its doors, bidding you welcome to spend the day, week or month.

Gonsouland Car Toilet Device
(PATENTED)
Comfort and Convenience While Traveling

The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water, Especially in the State of Colorado.
The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.
The Gonsouland Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY methods of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.
The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.

IN CONCLUSION

Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keeping clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, is all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they represent, and hope for a favorable consideration and adoption of my patents.
The use of these patents may be leased separately if desired.
May be used on street cars, overhead trains and suburban electric trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveling public, Board of Health and Railway Commission.

The present City Council has just witnessed a practical demonstration of the Power of the Press.

We are producing in these columns a letter from Hugh E. Macbeth on the labor situation in this state. The same is timely and is a way out for helping to solve the labor problem in this section.

The election results are gratifying indeed to those who stand for fair play and justice when the pernicious Jitney was put out of business by an overwhelming vote of the people.

General Pershing has arrived at the battle front in France and now it is most certain that this famed warrior will call for some of our black troopers and when they arrive there will be a "hot time in the old town.'

Regrets at the defeat of Senator H. H. Lyons for the City Council are universal among the plain common everyday people,, and it is very evident he met his Waterloo at the hands of the silk stocking brigade. But we opine that by and by he will yet come into his own.

Up at th ecourt house economys axe has fallen with a sickening thud, and the heads of five janitors have dropped into the discard. Of course, to the unitiated it is so strange that the humblest of all the county's employees must be the first ones selected in the great economic drive and many of the people wonder at these things and pause for an answer, but the powers that be will only shake their heads and remind you that it is a drive for economy and no one must get in the way, even though it is the lowly janitor that starts the drive.

The question has been asked of us what are we going to do about conditions on Central avenue. It is claimed that gambling is flourishing on this thoroughfare like the proverbial Green Bay tree, but we surmise that the anti dice shaking ordinance will now at least put a quietus on the crap games and reduce the pernicious practice to a minimum. At any event the Eagle at all times stands for law and order and we must insist that Central avenue shall have the fullest protection from those who choose to violate the law.

OBJECT LESSON

The united efforts of the colored voters proved the balance that swayed the result on the amendment regulating the Jitney Bus at the election on last Tuesday. The amendment carried by something like 10,000 votes, so with a change of 5000 votes the result would have been the opposite. Therefore this is a practical demonstration as to what the colored people can accomplish in this as well as other communities when they put up a solid front. If on no other thing in this city they were united in their support of the amendment to put the Jitney out of business; the ministers, the press and the laity, all with a mighty rush and a solid front made possible a mighty victory against this pernicious evil. So why not keep the habit and get together on all things that stand for the uplift of mankind.

AN OPEN LETTER TO THE STATE COUNCIL OF DEFENSE

To the Honorable California State Council of Defense,
Gentlemen:—

We have read with a deal of interest the alarming newspaper reports of agricultural labor shortage throughout the State of California. Our interest in these reports has been heightened to the degree of alarm by the suggestion which has come from not a few sources that our California farmers meet the shortage of farm help by importing Coolie labor. Realizing the great menace to our labor situation in the State of California, which the importation of Coolies in any large number would involve, and realizing further the fact that our farm labor needs can be met from the labor resources which already exist in our State, we take this means of calling to the attention of your honorable Council the existence of at least one large, efficient and thoroughly dependable farm labor asset of the state of California, which to date has been practically unused. We refer to the thousands of colored laborers, men and women, of the State of California, who could by proper marshalling, for example on the part of our splendid State Employment Bureau be made a terrific force for great soil production in our State. The colored citizens of California are by heritage and general instinct an agrarian people. Our State employment bureau in Los Angeles, for example, through the instrumentality of an agent who knows the habits and customs of our colored citizens and who knows their peculiar value as farm helpers could do more to assist in the harvesting of the great fruit crops of California than any other single effort now being put forth to solve this problem.

The colored citizens of California are "doing their bit," along the line of preparation for the battlefield. They are ready and willing to do their bit on the farms of California.

What say you, gentlemen of the California State Council of Defense?

Yours for victory,
(Signed) HUGH E. MACBETH.

Rev. W. J. J. Byers, of San Jose, Cal.

The many friends of Rev. W. J. J. Byers, former pastor of the A. M. E. Zion church, this city, will be delighted to know of the magnificent success that he has made at San Jose. The church which he pastors, we are informed, is growing by leaps and bounds, going there he faced a church barren of a Sunday school. It now boasts of one of the best in that section and the general church life of that city has been enhanced very much.

Echos From The Propressive Educational Association.

Editor Eagle:—

Some question may have arisen in the minds of your readers during the past few weeks why I have not been saying something concerning the Progressive Educational Association, and its workings. To those I will say that for two reasons I have remained silent, viz: First, not having the time at my disposal, and secondly, waiting for a decision of the Court concerning the validity of the title to the lands in question.

My time is still very much occupied, but now that the Court has ruled, I take this opportunity of informing your readers what that decision was. In the outset, I desire to say that the title to the Arizona lands in absolutely perfect, and in order that every one may understand the same and the full import of the decision of the Court, it will be necessary for me to go into detail, and I desire your readers to follow me closely, so that they may be in possession of the knowledge as it came to me.

The pueblo of Santa Rosa brought an action in the Supreme Court of the District of Columbia against the United States government, or in other words against Franklin K. Lane, Secretary of the Interior, and Clay Tallman, Commissioner of the General Land Office, in equity to enjoin the last two men from undertaking in their official capacity to open its lands to sale, entry and settlement as public lands of the United States, which lands include those secured by the Progressive Educational Association.

This action was dismissed, whereupon the pueblo of Santa Rosa, plaintiff in the case, prayed an appeal to the Court of Appeals of the District of Columbia, Case No. 2981, which on April 27th last was disposed of by the court in favor of the Plaintiff, reversing the former decree with costs, and the cause was remanded with directions to enter a decree restraining defendants from offering for entry or listing for entry or sale as part of the public domain of the United States, any of said lands under any land or mineral land law of the United States, and requiring, in so far as lies within their power or control, the correction of the records of the Land Department to prevent in as large degree as possible any further infringement upon the property rights of Plaintiff.

The Court's decision places beyond question title to the lands in the name of the Indians, from whom our deeds came, and I have deemed it the part of wisdom to enlighten prospective buyers who read the Eagle so that their minds may be at ease, and as I cannot write to each one personally, who has inquired of me, I take this means of giving details.

The decision of the Court was delivered by Mr. Justice Van Orsdel, as follows:

"It is averred in the bill that plaintiff is, and from time immemorial has been, a town known by the common name of Pueblo of Santa Rosa, composed of civilized, sedentary, agricultural and pastoral inhabitants who are Pueblo Indians, and have been known as such, residing in permanent houses in a village of permanent location, built upon lands described in the bill, which are situated within the county of Pima, in the State of Arizona, which lands, it is averred, were granted and conceded to said pueblo by the laws and customs of the Indians antedating the Spanish discovery of America and also by the laws of Spain and Mexico. These lands are part of the territory ceded to the United States by the Gadsen Treaty.

"It is also averred that the inhabitants of this pueblo have from time immemorial lived in communal life, and hove governed themselves and their community accordingly, with definite laws and customs having the force of law which have always been obeyed by the inhabitants, and that at stated intervals they assemble in common council composed of the adult male inhabitants of the pueblo and legislate on matters concerning the pueblo and its inhabitants by rules and decisions having the force of law."

SAINT PAUL CHURCH NOTES

The appointed hour found the pews of the St. Paul Baptist Church filled with anxions communicante. A lively Sunday School marked the beginning of a great service.

The teachers showed themselves equal to the task, while Pastor Holt proved to be a present help in "time of trouble." A crowded house listened to the pastor's introductory sermon "Why I am what I am"—Acts 28:22. "We desire to hear what thou thinkest, for as concerning this sect, we know everywhere it is spoken against." In an unbroken chain of scripture argument, Pastor Holt made clear his position, and that held by the church of his choice.

The evening service closed with shouts of praise, and three souls claimed Christ. Hear him next Sunday "Build on the Rock." Rev. Holt will preach at Metropolitan Church, Pasadena, Sunday at 3 p. m.

SACRAMENTO NEWS

The Sixty-third Annual Communication of the Grand Lodge, F. and A. M., and Grand Chapter of the O. E. S. is now in session at Foresters' Hall. The reception held Monday evening by them was a splendid affair and will linger long in the minds of the vast number that attended.

The address of welcome by Commissioner Carmichiel was well received. The response by R. G. P., S. P. Johnson was due much credit.

The W. M., Mrs. M. J. Kennedy, delivered the address of welcome to the G. C. O. E. S., and well proved that the right one had been chosen.

The response by G. H. P., Wm. H. Young, was indeed a masterpiece.

The remarks by the G. Secretary, G. W. Wilson, were only another one of his oratorical treats. The dignity with which the ceremony was performed had great bearing on those who were not members of these great Orders, and will induce many applications for membership.

There are many delegates and visitors in the city, among them being: Mr. and Mrs. Sims and daughter of Oakland, at the Travelers' Hotel; Mr. and Mrs. Chas. Overton, of San Jose, with Mr. and Mrs. T. D. Walker; Mr. and Mrs. McTrent, of Marysville, with Mr. and Mrs. H. Moody; Mrs. Johnson, Mrs. Williams and Maynard Smith, of Smith, with Mrs. P. F. O'Reilly; Mrs. Martinez, of Los Angeles, with Mrs. L. W. Hall; Miss Bennette Lewis, of Marysville, with Miss Ellen Jackson; Miss Mildred Wilson, of Marysville, with Miss Pauline Ray.

Miss Clarabelle Mitchell, who has been visiting her aunt and uncle, Mr. and Mrs. Frank aBiley, returned to her home in Red Bluff.

Mrs. Wm. Churchill, of Marysville, has been in town for the past week or so, at the home of her sister-in-law, Mrs. U. G. Holland. Mrs. Churchill is in very poor health and she hopes to improve while here.

Too many people spend their time condemning the conduct of others instead of spending it in improving their own.

Mrs. Chas. Boyd returned from a week-end visit to her mother in San Francisco.

Miss Ora Clark and Clyde Ray returned from a visit to Oakland where they went to attend a truck ride given by a number of young folks. They report having had the time of their lives.

Mrs. Al. Logan is visiting in Redding, and will return next week, bringing her mother with her.

Mrs. T. D. Walker, while visiting in Oakland and San Francisco, was highly entertained; in the former place by Madam May Belle Beck at a whist party. Mrs. Walker won the ladies' prize, and Mr. Joseph Jones, of San Francisco, the gentleman's prize. In San Francisco, Mrs. Walker and Mrs. E. W. Robinson were honored guests at a patriotic party given by Mrs. F. Jackson, which was very unique. The national colors wer carried out in the decorations and refreshments.

Mr. Chas. Baily has taken unto himself a wife, in the person of Miss Frances Hutt. They have our best wishes.

We are glad to note the interest shown in the Eagle and thank you for your promises to help materially to spread its wings in and about Sacramento.

Mrs. Ella Taylor, who has been spending some time in visiting her son and daughter-in-law, Mr. and Mrs. W. P. Taylor, ended her visit, and as she reached her home in Santa Fe, New Mexico, she received a telegram requesting her immediate return to Sacramento to atend her aunt, Mrs. J. R. Darsey, who suffered a stroke of paralysis. She doubled back and is now at Mrs. Darsey's bedside.

Don't forget the date you asked me to call for your subscription. I will be there.

Mrs. Ed Mansfield, of Woodland, spent the week-end with Mrs. J. W. Scott.

Miss D. Logan, who has been visiting extensively in Illinois for some months, expects to return home before the Fourth of July.

Those progressive farmers, Messrs. Scott and Taylor, have just harvested a fine crop of spuds and are highly elated over their success. They are contemplating getting permission from some owners of a few city lots and putting in more spuds. They are fond of digging.

A little truth goes a long way—if stretched.

Mrs. Ed. Johnson has been elected by the Moahthers' Club to go as a delegate to the Federation, which convenes in Bakersfield, July 21.

SHILOH A. M. E. CHURCH, MONROVIA, CALIFORNIA

Las Sunday's service will be long remembered. It seemed that the sun bursted forth his rays of light from the eastern horizon full of spiritual fervor which filled our hearts with joy, and every department was truly electrified. The first sign was discovered in the Sunday school. The students came long before the hour.

At 11 a. m. Pastor Henry read for a lesson Malachi, 3rd chapter and the first and second verses, telling of the prophet and the very fulfillment of the prophecy in the coming of John the Baptist and Jesus, although years had rolled into thousands. The closing thought was in the second verse: two great questions filled with wonder. In them is life, in them is death, etc. He declared that this very prophecy startled nations as ech teachings of Christ startled Nicodemus.

The subject announced for the service at 8 p. m. was "Stand the Test for God," but Rev. Stanley being present, he preached to the people of the church. It is rumored that Pastor Henry will preach in Pasadena at 11 a. m. The people are complaining that it will be his first time out of his pulpt for four years. Sunday's subject at 11 a. m.: "Power of the Righteous." At 8 p. m., "Look at The Man."

FRIENDSHIP FIESTA

San Diego, June 8.—Specialized interest in the Friendship Fiesta of the great southwest, to be held here June 22, 23, 24, is attached today to the prospect for a big informal meeting and conference of delegations from the Chambers of Commerce, Rotary Clubs and Ad Clubs of the states of California, Arizona, New Mexico, Texas, Nevada and Utah.

Aside from the social and recreative pleasures, and drawing closer the ties of friendship and good will of resudents of the southwest in a general way, these organizations aim to employ an interchange of ideas and co-operation which will go far toward greater development of this section of the United States. The local clubs are planning special and varied entertainment, as well as participation in the Fiesta programs.

Two days of the three-dav celebration are to be given to San Diego and the third day to Tia Juana, Mexico, just across the border line, where General Esteban Cantu, governor of Lower California, will be the host.

General Cantu, with his staff and a military escort, also will participate in the celebration in San Diego. Especial permission has been granted by the United States war department for the general and his escort to come across the line and attend the Friendship Fiesta in uniform, despite the fact that this is war time.

In keeping with this war time, patriotism and military preparation, the committee on arrangements for the Fiesta plan that a military parade shall be one of the biggest features of the celebration. San Diego is now one of the largest military centers in America and large numbers of men in the service are now stationed here and the parade is destined to be the largest ever witnessed in Southern California.

THE NEGRO WOMAN

By L. Gustave R. Ford.
(Kansas Elevator)
(Written for the Washington Bee)

When I sit down to consider
How the Negro made his way,
Up the road of persecution
In the night and in the day:
I am forced to see injustice,
In each avenue of life,
Where the Negro woman's virtue
Strives to conquer in the strife.

More than all the other women
In these grand United States,
'Tis an awful tale of slander,
That the Negro woman relates.
More than all the ills of bondage,
Though from bondage she is free,
There is something that confronts her—
It is immorality.

You have seen throughout the Southland,
Mulattoes among our race,
Sons of Ham, without some other,
Ne'er could cause this deep disgrace.
But it was the Southern white man,
That caused such a thing to be;
Robed our women of their virtue,
Just because they were not free.

Negro women during slavery
Gave existence every day,
To mulattoes by the hundreds.
And there was none who could say nay;
For if they were not submissive
They were beaten till they would bleed,
Then forced, while in this condition
To please their master's brutal greed.

So today we find mulattoes
All throughout this hemisphere.
Such is lowering Negro manhood,
It will ruin us, friends, I fear;
For within our women's virtue,
There our strength and life doth lie
And if it is killed or trampled
What have we to do but die?

When a cry of shame is uttered,
That a Negro has disgraced
The virtue of a maiden fair—
Mobs slaughter in our race;
But if you would count the persons
In the gang that does the shame,
You'd not find a being in it
Who has not ruined some woman's name.

Do we find this self-same protection
For the woman of our race?
Can the Negro woman's virtue
Get its vengeance for disgrace?
Can they go in day or night time,
To the courtrooms of the land
And get justice? No, they tell them:
"You're an unprotected band!"

If a Negro man is faithful
To a dusky maiden's name,
And defies these hellish spirits—
Then he's murdered for the same.
So you see there's no protection
For the daughters of our race—
Greater ill as never measured,
None but her meets this disgrace.

Write your name upon the limestone,
And the water bids it fly;
Carve your name upon Gibraltar,
It will last till ages die.
As that is, well, so is virtue,
Just as said about a vine.
"Just the way that it is started,
This is how it will incline."

Though abusive this injustice,
Our Lord will win the fight,
If we pray to Him in earnest,
He will make our burdens light.
So just let the Southern white man
Plan our Negro women's shame—
God that rules with eyes of justice
Will some day regain her name.

Facts From the Scene Louis

Thursday evening, May 31, after three days of spasmodic rioting, everything seemed to be quieted down in East St. Louis. The trouble started nearly two months ago when the strike was called at the Aluminum Ore Works and strikers were displaced by Negroes. It is said that a movement was immediately set on foot by the unions to stop importation of the Negroes, because it was feared that they would be used by employers in the event of strikes which were scheduled to take place in the early summer. Several meeting have been held and everything that could be brought into play, except mob violence, had been exhausted. During these six or eight weeks of the strike, the Negroes were getting a firmr hold on the industrial situation; and strikers were getting weaker and hungrier each day. Many of the industries have declared against unions; and the Negro labor, honest and conscientious, was fast winning the hearts of the managers of the firms.

On Monday night a meeting was called at the City Hall by the strikers and an appeal was made to the Mayor to do something for the hungry crowd or something would be done by it. The blame for the situation was shifted from one source to another. Some said it was the manufacturers; others laid it on the Negroes; and still others said it was the railroad. So there was a division among them. It was suggested during the meeting to "get" the railroad men; and another was to "drive out the Negroes and we will get our jobs back with higher wages." This latter suggestion seemed to meet the popular chord. By this time the eloquence of the agitatofs had made the mob ferocious. Coincident with the dismissal of the meeting, a report was circulated, into the already inflamed minds of those present, that two Negroes had killed a white man. This acted as a signal to go get the Negro. The crowd marched to the intersections of all street cars which run into Broadway near the bridge, and there they gathered stricks, rocks and bricks and attacked every Negro seen coming or going, on the cars. The Negroes were caught unprepared to defend themselves; and most of them found on the streets were assaulted by the mobs. No fatalities were reported.

Argus Reporter on the scene early Tuesday Morning and mingled with the crowd that made up the mob and as they formed little groups and discussed their plans for the coming night, of course everybody with a white face was accepted as an enemy of the Negro; and there was no hesitancy in telling just what they were expecting to do that night. Those that made up the mob showed their usual cowardice by urging the police and the city officials to disarm the Negroes. The police were the principal ones appealed to. In some instances the police were heard to say, "Boys, I am with you." This especially applies to the uniform men, as the plain clothes men seemed to try to do their duty by advising the mob to disperse; and on several occasions told them that the Negroes were arming themselves and "hell" would be to pay if they went down in the Negro settlement.

Negroes Being Searched.—The Negroes woke up to the situation Tuesday and fully realized just what they were up against, when all Negroes who attempted to cross the Mississippi River to St. Louis were searched for arms and it was stated that the Mayor of East St. Louis, at the request of the mob, had telephoned the Chief of Police of St. Louis to issue an order to prohibit the sale of arms and munition to Negroes. This order was soon put into effect and Negroes were refused arms at the stores, but somehow they seemed to find quite a large number anyway. Another difficulty met by Negroes was on their return to East St. Louis. Police searched every Negro who passed over the two main bridges; and as a result, many of them were caught with the "goods" on them. One auto of arms was sent by the way of the McKinley bridge; and many other schemes were devised by the Negroes in their effort to protect themselves.

Beat at Own Game.—A little meeting was called and it was told how the Colored people were being discriminated against; and it was suggested that members of the Colored Race who were of light complexion could easily pass and repass unmolested; and that was a solution to the problem.

On Tuesday night one of the Argus reporters mingled with the crowd and saw the military men come on the scene. They, too, were seen and heard to say, "We don't have to see everything." Several military men were arrested by the East St. Louis police plain clothes men for inciting the riot. The members of the mob only moved in a small area; for they were afraid. After several attempts to get a leader, it was suggested to go get "Ruby." Ruby seemed to be a notorious character; and Ruby came with a gun in her hands and the mob cheered and she started toward the Negro settlement. No one tried to disarm her, but she went a few blocks and when she was told that "death was down the hill," she stood and attempted to discharge the gun in the direction that she wanted to go, but the gun failed to go off. She turned and swore and threw it on the street and that was the end of "Ruby."

There has been much said about the work of the mob. What they did to the Negro was much exaggerated. As soon as the Negro was able to arm himself and protect his home, the whims of the mob were no longer a terror. One prominent Colored man was heard to say, that "as long as the state or United States troops do not disarm us, we are able to take care of ourselves." He stated, however, that the Negroes were not given protection. The St. Louis Branch of the National Association for the Advancement of Colored People took the matter up with the Governor of Illinois and made the charge that the Militia was discriminating in favor of the whites. It is also understood that a committee waited on the Chief of Police of St. Louis to protest against the discrimination on the part of the police in searching all Colored people returning over the bridge, while the whites were allowed to go unmolested. The chief promised to correct this condition.

METROPOLITAN BAPTIST CHURCH

The services last Sunday were spirited all day. The pastor preached both morning and evening in his usual practical way.

Next Sunday is Rally day at Metropolitan and a thousand dollars is the aim of officers to be raised. The contest between the Strong Men's Club and the Women's Rally Club will come to a climax; who will win?

At 3:00 o'clock in the afternoon the Rev. Holt, the new pastor of St. Paul Baptist church of Los Angeles, will preach, and Dr. W. H. Tillman, the new pastor of the Friendship Baptist church, will be present and the Friendship choir will sing. The pastors and congregations of the other churches are cordially invited to be present and take an active part.

The people of Pasadena should avail themselves of the opportunity to hear Dr. Holt, who is a splendid speaker and a high class Christian minister from Oklahoma. Everybody is urged to come, as your presence will be greatly appreciated.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity--The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. SCOTT CHAPEL NOTES

Scott Chapel was greatly blessed by the ministry of Reverends L. G. Robinson and V. M. Cole on last Sunday. Pastor Kinchen and the members are greatly indebted to these good men. The services on next Sunday will be of great importance and inspiration. At 11 a. m. Pastor Kinchen will preach the Children's Day sermon. The evening service will be an educational service with Miss Gladys Harris, who completes the Junior year in the U. S. C. for the degree of B. A., in charge. Among the speakers are Dr. Stovall on "Professional Education;" Prof. Charles Alexander, "Education of the Hands;" Mabel Harris on "Opportunities for Educated Girls;" Mrs. Spear-Bass, "The Press as an Educator;" Prof. Banks on "The Church as an Educator;" Attorney Ceruti, "The General Outlook of Education." Musical numbers will be furnished by Mrs. E. Monroe Beavers, Mrs. Levi Mills and a violin solo by Miss Gladys Harris.

Rev. Kinchen has returned from Allensworth where he delivered the address to the graduating class of the public schools. He will have more to say about this splendid community and the great work of Prof. Payne and Miss Margaret Prince later on. The young men of Scott Chapel organized a club to be known as the Ex Tempo, Mr. Sam Danley, president; Soloman Banks, vice president; Homer Danley, treasurer, and Alexander Kinchen, secretary.

A. M. E. CHURCH NOTES

Very large audiences greeted the pastor at both services last Sunday. Rev. Dyett preached at morning service, while at evening Rev. Wm. Prince delivered an acceptable sermon. A number of strangers and out of town visitors was noted at both services. The entertainment of last Thursday night under the auspices of the Ladies' Aid was a decided success in every way. The drama by the Glee Club was the iveliest that has been seen in the city for some time. The Aid chorus and the girls' drill were highly appreciated. The pastor notes with pleasure the receipt of dollar money paid early. This is particularly good in view of the bringing forward of the Annual Conference from September to the middle of August. Church and Sunday School are preparing for the coming of the District Conference and Sunday School convention on the twentieth of the present month. A snappy, interesting program has been arranged for the three days' session with big evening meetings. Addresses and discussion of subjects pertaining to the success of the denomination in its work not only among the adults but especially among the children in the Sunday School and among the young people of the Allen League will be features of the meetings. The public is cordially invited to all meetings.

DO YOUR BIT FOR THE RED CROSS

By JOHN B. MILLER

Mr. Miller was appointed by President Wilson to take charge of the American Red Cross War Fund in the territory west of the Mississippi.

If you are a real American you must contribute to the War Fund of the Red Cross during the week of June 18th to 25th, whether you believe yourself able or not. If you are a real American it is not a question of giving from your surplus—you must gove and keep on giving until you can give no more, and even after that, you must keep on.

We are at war, but we do not realize what war is, and, if the ed Cross is able to do its full duty, we will never know what war can be.

Do you know what the Red Cross does? Some day, "Somewhere in France," when our soldiers are in the trenches, a line of American boys will leap over the top of their trenches, slip through the barbed wire, and, in face of high explosive shells, gas, liquid fire, shrapnel, grenades, machine gun and rifle fire, face the barbed wire in front of enemy trenches for the bare chance of meeting bayonet with bayonet, other boys no more to blame for this war than they are.

T. A. HARRIS
Re-elected for the fourth time as Grand Master of the California Jurisdiction of the F. and A. M.

You know what the loss will be. You know that after Ypres the Princess Pats had only 127 men alive out of the 689 that saw the sun come up that day.

What of the fallen? If the Red Cross is ready, the Ambulance Corps of the fighting regiments will carry the wounded back through the communicating trenches to the dressing station. Here Red Cross surgeons, under the direct control of the United States Medical Department will give first aid. The wounded will be turned over to Red Cross ambulances, and carried back to the Red Cross field hospital for immediate attention. From the Red Cross field hospital, Red Cross ambulances, Red Cross trains and, in France, even Red Cross canal boats will carry the men back to the Red Cross base hospitals. If the wound is not fatal a Red Cross convalescing station will take care of the soldier till he is ready to go back to the front. If the man is disabled a Red Cross steamer will bring him back to America, and the Red Cross receiving station here will care for him, send him home and on top of that look after his family after he is wounded just as it will have looked after his family all the time he has been away.

Do you know what this means? In the old days before the Red Cross came, 600 soldiers died out of every 1000 wounded. Today under proper conditions the percentage is not over 5 per cent.

If your boy was wounded every dollar you have in the world would go willingly to put him in Red Cross hands. Sixty thousand Los Angeles boys registered June 5th for the draft. How many of them will require Red Cross aid within the next two years?

The Red Cross is not a hit or miss organization, grabbing a dollar here and a dollar there and wasting the money. It is one of the five offensive and defensive arms of every civilized government on the face of the earth.

Every dollar that comes in is spent by the best business men in America for supplies and materials designated by the Medical Department of the United States Army—the Department that has stamped out yellow fever as well as other great national scourges.

Ex-President Taft is the chairman of the Red Cross. A partner in the house of Morgan is its financial chief. Its accounts are audited by the War Department. Its existence and operations are directed under special Acts of Congress, and President Wilson himself, by executive order, established the Executive Committe under which the Red Cross is now being managed.

The Red Cross is therefore a part of the fighting forces of the Government and must be supported as such. This support will be easy enough to get—when that support is too late. Let the toll of one battle mount—as it often does—to 25,000 men or more! With the hospitals overcrowded and our own men dying for want of attention, the response to the Red Cross call will roll in fast enough—but then it will be too late.

Don't you be one of those to hold back until that time. Don't be a slacker. You inevitably will contribute. Why not now?

YOUR PRESIDENT SAYS:

WHITE HOUSE, May 10, 1917.—"I have today created within the Red Cross a War Council to which will be entrusted the duty of responding to the extraordinary demands which the present war will make upon the services of the Red Cross both in the field and in civilian relief, and I hereby earnestly call upon all those who can contribute either great sums or small to the alleviation of the suffering and distriess which must inevitably arise out of this fight for humanity and democracy, to contribute to the Red Cross.

"Therefore, by virtue of my authority as President of the United States, and as President of the American Red Cross, I. Woodrow Wilson, do hereby proclaim the week beginning June 18th, 1917, as Red Cross week, during which the people of the United States will be called upon to give generously and in a spirit of patriotic sacrifice for the support and maintenance of this work of national need."

"WOODROW WILSON."

A PLEA FOR JUSTICE OUT IN BOOK FORM—SELLING ON SIGHT

Through the Rev. John A. H. Eldridge, the remarkable address of Miss Myrtle Brenice Anderson, delivered at the Los Angeles High School before the Senior Class of 1917, the title of the same is "A Plea for Justice." It consists of 16 pages neatly bound in a pamphlet 6x4, lark leatherette cover in letters of gold, although just released from the publishers on last Saturday the supply of the books has almost been exhausted. No description of the book could excel that of the introduction of the book itself by Rev. J. A. H. Eddige.

Myrtle Brenice Anderson

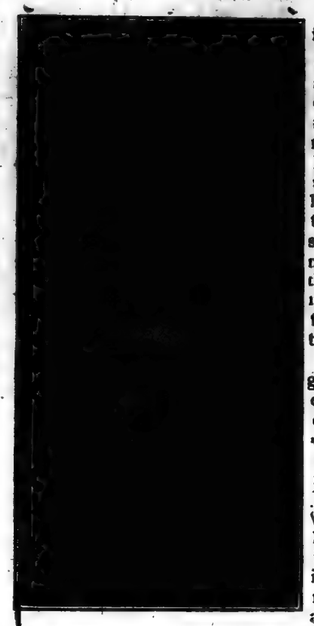
The address was delivered by Miss Myrtle Bernice Anderson before the Senior Class of the Los Angeles High School, of which she was a member, on the 24th day of May, 1916, in answer to a degrading speech made by one Mr. Frank Morrissey (white) before the same class, of which he also was a member.

The subject upon which Mr. Morrissey was scheduled to speak was "The Naturalization of Races." Instead of confining his remarks to the text before him he immediately departed from it and launched out into a villainous attack upon the Negro race, openly advocating segregation and discrimination in every conceivable form which might tend to humiliate and degrade a people, and boldly recommending the lynch law for Negroes.

Differing widely from the manner of Mr. Morrissey's address, whose remarks were based solely upon prejudice, malice and hatred, Miss Anderson registered her reply with cool, deliberate and undeniable facts and figures.

Since the publication of this address by The Chicago Defender under date of Janlary 20, 1917, Miss Anderson has received hundreds of letters of congratulation from people representing every State in the Union, Alaska, The Dominion of Canada, Mexico, Central and South America, many of which contained material evidence of the writers' appreciation of Miss Anderson's most noble effort in defense of her Race, and expressing a hope that the entire race might be given the opportunity of reading the address and profiting thereby.

REV. JOHN A. H. ELDRIGE



In view of these earnest requests, and hoping that some good may be derived therefrom, we consider it a sacred duty to send the address broadcast into the world.

Be it known to all who may read this that Miss Anderson is a young woman of exceptional qualities and high ambitions, chiefest of which is to furthur her educatin in order that she may be more able to defend the Race in the days that are yet to come. With this object in view we are sending forth this little article, trusting that it may find its way into the home of every Negro throughoutthe United States. And there it may be read and reread, and ever prove an inspiration to the youth of the race. And may it ever be kept as a lasting monument to the memory of this dear young woman, who, in defending her people against tremendous odds, displayed such undaunted courage, in addition to her unshaken confidence in her struggling Race and her unwavering faith in a God of Hope.

As forestated, this remarkable plea has been published by Rev. Eldridge for the purpose of assisting Miss Anderson through school and the race will no doubt rally to this cause by purchasing this work, which simply places one more defender in the forefront to advocate the cause of the race.

Therefore the race is indeed indebted to Rev. Eldridge for his thoughtfulness in putting this work before the public as well as to Miss Anderson for her maghificent plea for justice and in year to come we feel certain of a woman who with a richer and more varied experience will stand like a mighty gladiator and with her matchless eloquence roll back forever the waves of prejudice that from time to time seek to overwhelm us.

FORMER LOS ANGELES PASTOR MAKING NOTABLE RECORD IN THE SOUTHLAND

Rev. A. C. Williams, D. D., formerly pastor of the Mt. Zion Baptist church, this city, and later founded the Providence Institutional church, is now pastoring one of the foremost churches of the South at Birmingham, Ala., and from the official church paper published in that city we glean the fact of the remarkable success he is achieving in his new field. We glean in part the following figures, denoting its progress from June 1, 1916, to May 31, 1917. Total collections, $8,053.41; from the auxilliaries, $2,453.01, making a grand total of $10,506.41. The eport also accounts for 304 accessions to the church, of which 167 were candidates for aptism, and the congregations re larger than ever before. he many friends of Pastor Villiams will no doubt be leased to learn of his magificent success and wish for im a continuation of the same ntil the fuller height shall be attained.

POPULAR PHYSICIAN ESTABLISHES MODERN OFFICE ON TWELFTH STREET

In our rounds in and about our business and professional men who are doing things we ran into Dr. Eugene C. Nelson, who has made rapid strides in the practice of his profession in this city and is keeping pace with the same by providing for his clientage the very best and most modern conveniences. He has opened and furnished one of the most complete sanitary and modern physician's office in the entire city, located at 1139 East 12th street, which place he has thoroughly renovated and newly furnished throughout. Aside from the reception room he has a consultation room, a hydro-therapeutic treatment room, operating room and post operation room, all of these are enameled in immaculate and spotless white, with the very latest physicians' furnishings, including a violet and X-ray machine. The post operation room is nicely furnished with all of the appurtenances of such a room and contains beds for the patients, so the doctor has at his own office a miniature hospital as it were. It is indeed a high credit not only to Dr. Nelson but to the people and the city as well.

THE SOARING EAGLE WILL FLY ACROSS THE CONTINENT

On Sunday, the 7th inst., we are leaving for an extended visit with our mother and relatives in Providence, R. I., and we wish to thank the loyal supporters of The California Eagle, who have so nobly stood by both myself and my husband for the past few years. It has not been our lot to take an actual vacation since 1910. In going we hope to gather new zeal, greater inspiration, more information and come back within three months with the determination to make for you even a bigger and better California Eagle.

During my stay from the city Mr. John Prowd, son of the eminent Dr. Prowd of the Second Baptist Church, will take my place in the office, and out of his months of experience and careful assimilation will be prepared to render you good service along all lines of the business. We wish to thank the many friends who have paid our efforts some tribute upon our leaving, especially to Mrs. C. Hulbert and the Ladies' Art Guild, who entertained us and the excellent program and reception on June 4th at the residence of Mrs. Edwards on Denver Avenue.

WARD CHAPEL A. M. E. CHURCH

1354 Channing Street

Rev. J. W. Price, Pastor

Sunday was observed at this church in a very befitting manner, from the Sunday school in the morning until the closing service in the evening. The young folks had their children's day program in the morning which was very interesting. We enjoyed a high spiritual fervor throughout the day until the members and visitors were forced to cry out, surely God is in this place.

The entertainment given by Sister Robt. True Thursday evening at First Church, 8th and Towne avenue, has been pronounced by her as having been a success; we are very grateful to all for assisting this great church worker and her husband, who are doing so much for the advancement of the weaker churches. Our fourth and last quarterly meeting will be held the first Sunday in July. Please get your claims ready. Sunday will be the closing of the big rally to raise the first payment on our property. Every member and friend will please do their duty, if so conditions will be met.

Services Sunday: Sunday School, 9:30 a. m.; Allen Christian Endeavor, 7 p. m.; preaching at the morning hour and evening by the pastor; the Rev. S. E. Edwards will speak for us at 3 p. m. All are invited to be present at these services.

CALIFORNIA BAPTIST STATE CONVENTION WILL MEET IN RIVERSIDE, JUNE 19-22

The California Baptist State Convention will meet in the Second Baptist church of Riverside, June 19-22. Rev. G. W. Reed, pastor of the church and corresponding secretary of the convention, says that from returns which have been received at his office, that most every church in the State will represent in this meeting, together with the auxiliaries. A delegation of more than 150 is looked for.

An elaborate program has been prepared for the occasion, for excelling any rogram ever presented at any of the previous meetings. The Sunday schools and B. Y. P. U. will meet here also to organize a state convention.

FIRST A. M. E. ZION CHURCH

Pico and Paloma Sts.

Rev. B. C. Robeson, Pastor

The presiding elder, Rev. W. M. Matthews, occupied the pulpit Sunday last. His subject was, "The Four-faced Man." I Chap. Ezekiel, 5-10 verses. It was very instructive and helpful. He contrasted the four-faced man with the two-faced man. He said he admired the former and abhorred the latter, and Zion could afford to lose the latter type.

He compared the Eagle who flies upon the loftiest peak and views things as they are—in their proper proportions—with the cat-bird, which does nothing but flutters in the low and dismal shrubbery, flutters and whines just like so many members of the hcurch. He admonished all to take to higher and nobler things.

He also spoke of a brand new church created in the Palo Verde district due to the coming of large race groups, fruits of the exodus. Also of the finding of deeds of a church property which is occupied by a congregation of another connection, which would eventually be taken over by Zion connection.

He concluded by telling of the promising field in Arizona-Prescott. The mayor of the city invited them there, and spoke at the service and besides romised to give $2.00 to $1.00 raised by the colored people toward the erection of church buildings.

Third Quarterly Conference was held Monday, June 11, 1917. Good reports and much money was raised.

The astor will choose for his text next Sunday at 11 a.m. service, "Popular Amusements." At 8 p.m. he will talk on "The Young Man Daniel."

PHILLIPS CHAPEL C. M. E. CHURCH

the society.

Rev. J. C. Anderson, Pastor

Two splendid services were enjoyed at this church on the last Sunday. Presiding Elder Eeldon held his third quarterly meeting and administered the communion of the Lord's Supper to two splendid congregations. The services were of a highly spiritual order and we had two accessions to the membership of the church.

On Tuesday night Miss Ruby C. Pettiford of Sabina, Ohio, gave a recital to a very appreciative audience. Miss Pettiford has a pleasing personality and is one of the best readers it has been the pleasure of the writer hearing in quite awhile. She was complimented very highly by the hearers of her program on Tuesday night.

The pastor will preach a special sermon to the young people on Sunday morning and we urge upon the young people to be out and hear it. Friends and visitors are always welcome to the services of this church.

ST. PAUL'S BAPTIST CHURCH

Delinquent members and others are finding their way back to St. Paul. Under the present administration we have reason to expect much. Already every department has taken on new life and plans are being laid for a great campaign.

Last Sunday's services were well attended. Sunday school, 9:30. At 11 a. m. Pastor Holt electrified his audience with a vivid picture of "The Two Builders." Text, Matt. 7:24-27.

Pastor Holt reached at the Metropolitan church of Pasadena at 3 p.m. That splendid congregation met a pleasant surprise. Returning at 7:30 we listened to an able sermon. Subject, "Indecision." Hear him next Sunday on that technical subject. "Bible Sanctification." Come and hear the other side.

FIRST A. M. E. CHURCH NOTES
Cor. 8th and Towne Ave.

Rev. J. Logan Craw, Pastor

Children's Day was appropriately observed last Sunday and two large congregations were edified in this annual observance. A large representation of our business men and women were present at this service and the pastor presented them to the congregation and urged co-operation with the same. At 7:45 p.m. the Sunday school and choir rendered a program to the delight of all present. You are welcome to our services o nthe coming Lord's Day. The pastor will preach at both services.

Special Effort Dollar Money Day will take place on the third Sunday in July, which is July 15. Let all who are able, pay yours now to the pastor.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th and Central Ave.

E. E. Lightner, Pastor

"A Man Who Turned Aside" was the subject of the pastor's sermon on last Sunday morning, based on the text, "And Moses said, I will now turn aside and see this great sight, why the bush is not burnt." Exodus 3:3. He said in part, "Although Moses was reared in an environment that tended to make him a useful and successful man, the secret of this great life lay in his decision to turn aside to see the great sight, why the bush was not burned. Until he turned aside he had been the shepherd of cattle; when he turned aside he was made the shepherd of a great people. There are those today who are living mediocre lives, who might be of great service in the kingdom of God, if they would only turn aside from tending the flock of their temporal interests and worldly pleasures, so that God can speak to them."

At the evening service Dr. Geo. F. Kenngott, the superintendent of Congregational churches, was present and gave a good message on the "Function of the church.

On next Sunday there will be the observance of children's day. Special sermon to children in the morning and exercise by the Sunday school in the evening.

A cordial welcome to all.

TABERNACLE BAPTIST CHURCH

Hemlock and Twelfth Sts.

Rev. J. D. Gordon, Pastor

Sunday was a very interesting day at Tabernacle. Rev. Davis filled the pulpit at 11 o'clock.

At 6:30 the B. Y. P. U. had a good meeting. Mrs. Bessie Settles led the lesson. At the evening service Rev. Gordon preached a very interesting sermon, his subject being an "Unclean Heart."

Next Sunday, June 18, the pastor, by special request, will preach on "The Spiritual Causes of the Present War." All are invited to come out and hear this wonderful speaker.

EAGLE NIGHT AT FURLONG TRACT MAGNIFICENT SUCCESS

Last Tuesday evening at the invitation of Rev. Johnson of the Second A. M. E. church at Furlong Tract, the Eagle force presented a program and from the interest evinced and enthusiasm manifested, we are forced to the conclusion that our efforts were apreciated to the highest. The force was present in full. Rev. E. T. Hubbard was presented as master of ceremonies, and after a basso solo by our premier basso soloist, J. R. Manning, Editor Bass spoke on journalism. He in a matchless manner presented the cause of the Negro press. Attorney Hugh E. MacBeth, in his usual forceful manner, aroused the greatest enthusiasm on the line of "True Americanism," and the marvelous opportunities for our people in this crisis. Mrs. C. A. Spear-Bass, to the delectation of the audience, favored with a reading. It was one of those events which really produced real manna for the people.

Observations from Allensworth

By E. W. Kinchen

The Negro's critics have said that he is an imitator—he does not cre- he will not pioneer; everything must be ready for him; he constructs very little for himself, but waits until something is constructed and then he applies for the position of keeping it clean, etc.—Well, having lived with the Race all my life and knowing it pretty well, I am not able to deny that there is some truth in these assertions.

But of all the places I have lived, California's Colored people more nearly meet this condition. Nearly every house he lives in was built for someone else—nearly every position he holds is his by the mercies of others—he produces little—he aims at little and he strikes at a great many things which might result in his larger good. In a settlement of from eight to ten thousand of them in a Southern California City, there are but a few stores, attempts at shoe stores by worthy young Colored men fail for lack of patronage; furniture stores conducted by Race men must depend on other people. One of the finest drug stores conducted by a Race man finds its largest asset in its soda fountain because of the easy tables for lounging, but the cheap eating houses are galore.

I have touched on this picture in order that I might contrast one brighter:

Allensworth, as we all know, is a colony of Colored people founded by the late Col. Allensworth, several years ago. It has had a rocky road, not only due to the natural conditions but to the falsehoods and misrepresentations of people who do not try to do things themselves, but busy themselves to dwarf the possibilities of this heroic little colony. Allensworth is the one bright that refutes the statement that the Negroes are not constructive. If ever a band of people have exhibited faith it is this colony. Faith in themselves, faith in their great leader, Col. Allensworth, and his splendid wife, and faith in their noble teachers and faith in God.

Our people are so satisfied to occupy false relationship; insulted, humiliated, and robbed of chances of high development that one finds it real refreshing to locate a spot where his people are willing to strike out for themselves. Oh, well, you say, but look what poor houses! Yes, but they are their own. Look how far away from civilization. Yes, it would be better if more of us had ourselves and children away from the kind of civilization with which we are surrounded and like the citizens of Allensworth, make for ourselves a civilization with an atmosphere of freedom and high moral ideals—a civilization that gives the womanhood of the race an opportunity to stay at home and help God build men and women of our boys and girls, and not leave them to the mercies of every evil influence while mother and father are working in order to pay rent and to beautify some other person's house in order that they might compete with the homes they work in. This is the challenge of that little Negro colony in the San Joaquin Valley to the people of California. One will find a fine spirit of communism in this colony which is to be seen in the fellowship of the people, in the uniform simplicity of their homes, in the effort of the people to see that no one suffers, in the high moral standards which every man and woman swears to maintain in order to protect the growing boys and girls of the colony.

The most vital force in Allensworth for good, however, is the school. No tthe building so much, for that is simple, but the unsurpassed teachers—Prof. W. A. Payne, and our own little Margaret Prince. Some teachers in some places render only mechanical service—holding down a position; getting a salary, having no interest in the home-life of the pupils; no time or inclination for Church activities; no personal touch with the problems of the community and in many instances poor examples of real vital life. But here are teachers whose lives are wrapped up in the lives of their pupils—who enter the home life of the people—who give their time not only to the intellectual training of their pupils, but as well to the moral and religious training of the community.

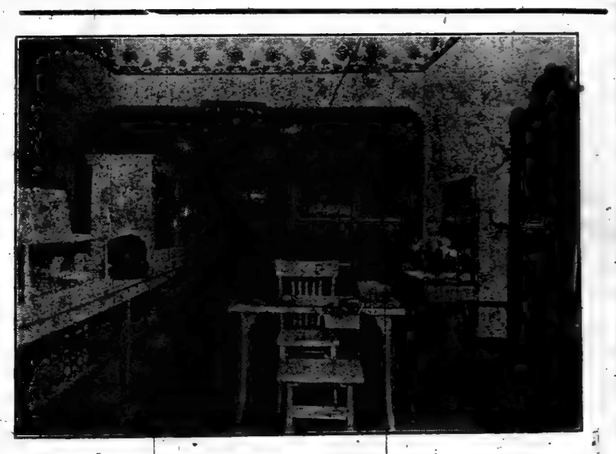
It was a fine tribute that Dr. Woll Wood, superintendent of secondary education of the State of California, paid Prof. Payne. He said to the writer: "I consider Mr. Payne one of the best teachers in California. He is getting more out of the life of his pupils than almost any teacher I know of."

The people of Aldiensworth are hopeful for the future. They have considerable water, but they need more and will soon get it. The land is good and productive and the courage of the people heroic. You do not see the usual loafers at the railroad station as you do in some communities. Everybody is working and the whole trend of the community points to better things. Let us all stop knocking Allensworth. Let us become boosters and encourage this splendid colony and thus gladden the heart of Mrs. Col. Allensworth, whose soul is so much wrapped up in the success of this splendid project of her great husband.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life



to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock rigks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St., Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

MT. ZION BAPTIST CHURCH
Cor. 3rd and Traction

The pastor reached a very enthusiastic sermon from the subject, "Grace as it reigns in our salvation," which was enjoyed by those present. On the first and third Sundays in each month the Daniel Band meets. This band consists of children from the Sunday school under the leadership of Mrs. M. R. Caviness.

Come out and encourage these children as they are to be the future church and need all the encouragement that one can give them. At 5 o'clock p.m. the Get Acquainted Literary Club meets. This Sunday they will elect new officers for the remainder of the year. Also at 7 o'clock p.m. the Baptist Young People's union meets. The president requests that all be present as these meetings are for the old as well as for the young.

Come out and hear the pastors preach Sunday. If you come once you will come again. All are welcome.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST
Corner 18th and Paloma Streets

Sunday the usual glorious time was experienced at the morning and evening services. The pastor delivered soul stirring sermons on each occasion that were very impressive and edifying. Six secessions were made, two were happily converted.

In the afternoon a magnificent audience filled the spacious auditorium to witness the annual memorial services of the Ancient Order of Foresters. This service was indeed inspiring. The opening address was delivered by the chief ranger, Mr. C. J. Smith, after which Mr. P. E. Alexander was introduced as master of ceremonies. Impressive eulogies of the late deceased members of the lodge were pronounce by Messrs. W. F. Butler, A. W. Plummer and Norman Cook.

In his usual forceful manner, Pastor Greggs delivered a masterly and eloquent sermon, taking for his text, Zechariah 11:2, Howl, fir tree; for the cedar is fallen; because the mighty are spoiled; howl O ye oaks of Bashan; for the forest of the vintage is come down. He drew many interesting lessons from the symbolical forest.

WESLEY M. E. CHURCH
8th and San Julian Streets
Rev. A. P. Shaw, D.D., Pastor

Sunday was a great day at Wesley M. E. church. The pastor preached morning and evening to large congregations. The annual rally has already gone over the two thousand dollar mark. A strenuous effort will be made to make the effort exceed the two thousand two hundred dollar mark on or before the first of July. One person was converted at the Pullman Mission. Three persons united with the church.

This Sunday is children's day. At 11 a.m. the pastor will preach the annual educational sermon on "Stirring the Eagle's Nest, or Training the Young." This is one of the pastor's great sermons and should be heard by a capacity audience. At 7:30 p.m. will occur the annual Children's Day exercises by the Sunday school under the direction of Supt. T. A. Greene. Let all the people remember the Children's Day financial motto, "A dime from every scholar, a dollar from those who can give it, and thousands from the rich."

Come and worship with us. All are welcome.

Keep Up the Rally For the Red Cross

By JOHN B. MILLER

Mr. Miller was appointed by President Wilson to take charge of the American Red Cross War Fund in the territory west of the Mississippi.

If you are a real American you must contribute to the War Fund of the Red Cross during the week of June 18th to 25th, whether you believe yourself able or not. If you are a real American it is not a question of giving from your surplus—you must gove and keep on giving until you can give no more, and even after that, you must keep on.

We are at war, but we do not realize what war is, and, if the ed Cross is able to do its full duty, we will never know what war can be.

Do you know what the Red Cross does? Some day, "Somewhere in France," when our soldiers are in the trenches, a line of American boys will leap over the top of their trenches, slip through the barbed wire, and, in face of high explosive shells, gas, liquid fire, shrapnel, grenades, machine gun and rifle fire, face the barbed wire in front of enemy trenches for the bare chance of meeting bayonet with bayonet, other boys no more to blame for this war than they are.

You know what the loss will be. You know that after Ypres the Princess Pats had only 127 men alive out of the 689 that saw the sun come up that day.

What of the fallen? If the Red Cross is ready, the Ambulance Corps of the fighting regiments will carry the wounded back through the communicating trenches to the dressing station. Here Red Cross surgeons, under the direct control of the United States Medical Department will give first aid. The wounded will be turned over to Red Cross ambulances, and carried back to the Red Cross field hospital for immediate attention. From the Red Cross field hospital, Red Cross ambulances, Red Cross trains and, in France, even Red Cross canal boats will carry the men back to the Red Cross base hospitals. If the wound is not fatal a Red Cross convalescing station will take care of the soldier till he is ready to go back to the front. If the man is disabled a Red Cross steamer will bring him back to America, and the Red Cross receiving station here will care for him, send him home and on top of that look after his family after he is wounded just as it will have looked after his family all the time he has been away.

Do you know what this means? In the old days before the Red Cross came, 600 soldiers died out of every 1000 wounded. Today under proper conditions the percentage is not over 5 per cent.

If your boy was wounded every dollar you have in the world would go willingly to put him in Red Cross hands. Sixty thousand Los Angeles boys registered June 5th for the draft. How many of them will require Red Cross aid within the next two years?

The Red Cross is not a hit or miss organization, grabbing a dollar here and a dollar there and wasting the money. It is one of the five offensive and defensive arms of every civilized government on the face of the earth.

Every dollar that comes in is spent by the best business men in America for supplies and materials designated by the Medical Department of the United States Army—the Department that has stamped out yellow fever as well as other great national scourges.

Ex-President Taft is the chairman of the Red Cross. A partner in the house of Morgan is its financial chief. Its accounts are audited by the War Department. Its existence and operations, are directed under special Acts of Congress, and President Wilson himself, by executive order, established the Executive Committe under which the Red Cross is now being managed.

The Red Cross is therefore a part of the fighting forces of the Government and must be supported as such. This support will be easy enough to get—when that support is too late. Let the toll of one battle mount—as it often does—to 25,000 men or more! With the hospitals overcrowded and our own men dying for want of attention, the response to the Red Cross call will roll in fast enough—but then it will be too late.

Don't you be one of those to hold back until that time. Don't be a slacker. You inevitably will contribute. Why not now?

THE FAR FAMED FIGHTING PARSON

California's Renowned Black Evangelist

Rev. Dr. J. Gordon McPherson Sway Thousands in Colorado—Leads Hundreds to Christ

(Staff Correspondence)

God moves in mysterious ways his wonders to perform. Sometime ago it was announced in these columns that the "Fighting Parson," Rev. Dr. J. Gordon McPherson, California's unmatched, old fashioned Holy Ghost and Fire Revivalist, would tour the country leading Great Evangelistic Campaigns. After a triumphant tour through Arizona and New Mexico, Dr. McPherson pitched his first great battle against sin at the Bethlehem Baptist Church, Pueblo, Colorado. where for three weeks he stormed the stronghold of wickedness, as never a man did. Hundreds of white and colored flock to hear this "Black Billy Sunday." Never before were there such immense crowds of white people attendant upon the ministry of the Negro Preacher here in Pueblo, as came to hear the gifted Negro Revivalist, whose burning messages of salvation seemed to grip the souls of men. Hundreds crowded the historic Bethlehem Baptist Church, while hundreds were turned away nightly, so great was the demand to hear Evangelist McPherson. When the smoke of battle was cleared away there were thirty-five happy souls that united with church.

From Pueblo, Evangelist McPherson made his way to Colorado Springs. Evangelist McPherson began a union campaign at Paynes Chapel A. M. E. Church, of that city, on Friday evening, May 4th. That evening these was a blinding snow storm, but in spite of the snow, an immense audience greeted the famous California Revivalist, whose fame had preceeded him, like Pueblo, hundreds of people in all walks of life flocked to hear the "Black Billy Sunday" as they called him. As he is considered by many that have heard "Billy Sunday" that the Black Revivalist is Mr. Sunday's only living rival. One of the strange incidents of the McPherson meeting at Colorado Springs, that the white people of this ulta southern city of the Southwest, out numbers the Colored people by ten to one, and on many occasion they crowded the Colored people out of their own churches. It is said that several hundred professed Christian religion under the

LOS ANGELES SOLDIERS ARRIVE AT FORT DES MOINES

C. A. Spear-Bass En Route

We left Los Angeles Sunday afternoon, June 17, at 5 p.m. At first it seemed that we would have a very pleasant journey from Los Angeles to San Francisco, but upon nearing Ventura about 3 hours' ride from Los Angeles, we found that the mountains in that section were ablaze and that two of the little towns between Ventura and Santa Barbara were entirely wiped out by fire, and that even these were in great danger of being wiped out by the flames. The air was so hot that it seemed that we would parch from the intense heat that was in the air. All the way along until we reached San Jose we suffered fro mthe heat caused by this great forest fire that seemed to be sweeping the valley.

From San Jose to Oakland we had an uneventful journey. We arrived at Oakland at 9:30 a.m. Monday morning, June 19, and after making business calls upon Mr. Moody, Oakland popular cafe man, Mr. Marshall, the successful furniture dealer, we went across to the historic San Francisco and interviewed Atty. O. Hudson, Mr. S. M. Shortridge and Mr. Hazard of the S. P. R. R. Co.

After our business calls had been completed we made a very pleasant call upon Mrs. M. A. Haywood and her daughter, Mrs. Hunt, of 1203 Wood St., and who had taken great pains in the preparation of an elaborate lunch which we greatly enjoyed.

Mrs. Allen was Mrs. Taney of Los Angeles before she became the wife of Elder Allen of Oakland.

After a very pleasant nine hours' stay at Oakland we left for Ogden, en route to Salt Lake, Topeka, and on to our destination, Jacksonville, Ill., for Miss Lynch and Providence for me.

From Oakland to Sacramento we had a pleasant ride viewing on the one side the mountain crags of California and the poetic Pacific on the other. At about ten o'clock we retired thinking all was well, entrusting our future for the night to him who ruleth over all. After about 20 minutes out of Sacramento there came a great crash and a shower of broken glass and timber rained down upon us. After we had recovered from the shock we were told that the accident was due to a piece of timber that projected from a heavily loaded freight train that was passing on a side track. However, other than cuts and bruises on our arm and head we escaped serious injury, and with the divine hand leading us on we hope to be able to relate other happenings yet to come that will in some small way be of interest to the readers of the California Eagle.

LOS ANGELES EMBRYONIC OFFICERS ARRIVE SAFELY AT FT. DES MOINES

Attorney Geo. H. Woodson Visits Camp

The following telegram from Attorney Geo. H. Woodson, whose visit to this section last January left such a favorable impression, will no doubt be of more than passing interest to our readers.

Des Moines, Iowa,
June 19, 1917.

Hon. J. B. Bass,
Editor California Eagle, 8th St. and Central Ave., Los Angeles, California:—

Just returned from Fort Des Moines. Twelve hundred and fifty there. All happy, hearty and well. My California boys make good showing. All Los Angeles representatives send greeting and kind regards. Colonel Charles C. Ballou and officers in charge are proud of the men. Letters and papers to you and Captain Crumbly follows.

GEORGE H. WOODSON.

OFFICERS' TRAINING CAMP AT DES MOINES, IA.

Special to the California Eagle
By Cleveland Buchanan

Many states were short a few men today when Col. Ballou read the oath of duty to the man sent here to qualify as officers. More than eight hundred were present.

All of the western department were present. After which they were assigned to the company No. 13, Barracks No. 3. In this company of California boys are found.

The Fort is one of the best in the United States. All buildings are brick.

Tuskegee Institute leads in number of teachers, graduates and former students thus far. Howard has a large number with Fisk University and all the other leading schools well represented.

Many doctors, lawyers, undertakers and business men in every walk of life are here to try for their place.

The following named colored non-commissioned are in charge as instructors, and have the say:

Squadron Sergt., Maj. Edward Spearman, 10th Cavalry, acting Captain.

1st Sergt, Walter R. Sanders, Troop A, 10th Cavalry, acting 1st Lieut.

Sergt. Albert McReynolds, acting 2nd Lieut.

Sergt. Hill, 24th Inf.

Sergt. McLone, 10th Cav.

Sergt. Short, 10th Cav.

Sergt. Graham, 24th Inf.

Sergt. Prichard, 24th Inf.

Sergt. Merrill, 34th Inf.

Sergt. Lindsay, 10th Cav.

Cop. Chamberlis, 10th Cav.

Sergt. Wm. Robinson, 10th Cav.

Sergt. Fred Hill, 24th Inf.

Sergt. Major Bruce Williams is in charge of the Administration Department and also Company 2.

These named men certainly know their stuff. Not a man has served less than fifteen years in the United States Army. All have seen service in Mexico and other foreign countries. Not all of them have been to College, but let me tell you when the college men walk up to one he trembles in his shoes, as he is ordered to do something. These boys are educated in this work if ever there was such a thing. To look at one as he goes across the campus makes one think he is at West Point. If West Point men can instruct any better it's more than I know, that is along their line. No college man can have any more culture.

Kindness prevails all over the camp. Every on eis well pleased. The above named men are in charge and I mean in charge. If they say go, you are gone. Col. Ballou has said so.

Only one pair of shoes were issued, the umber beig 13, this pair wet to a certai member of the California Company. In measuring shoes here one must get two numbers larger.

Next week I will tell you about some of the men who left their business and came here.

ANNUAL SERMON INTERNATIONAL ORDER OF TWELVE

Last Sunday was a notable day for the Sir Knights and Daughters of Tabor. The occasion was the Annual sermon of the order, the exercises incident thereto was held at the Independent Church. The program was timely and brought out the great work of the order. Chief Grand Mentor P. E. Anderson delivered an excellent address and the sermon preached by Rev. N. P. Greggs was one long to be remembered. The daughters made a most excellent appearance and it was withal a highly creditable occasion.

REV. JONES DRAWING GREAT CROWDS

Great crowds continue to crowd the big tent at 25th and Compton avenue to hear the noted Gospel preacher, Rev. Chas. P. Jones, who is even surpassing his previous record in this city.

Rev. Jones is a grand man and

one of whom th esincerity of his calling can be seen in his every word and act. He is a high credit to his calling and is one of the greatest Gospel preachers in the entire country. No one should fail to hear him.

The meetings are being held every night and will continue for the next two weeks.

SERMON DELIVERED JUNE 17 AT A. M. E. ZION CHURCH

AMUSEMENTS

This morning I want to discuss fearlessly, plainly and openly the popular amusements of our attention and contribute so vastly to the moral and spiritual degradation of mankind. These views have been forged on the anvil of conviction and come red hot from the depths of my soul. I ask not their acceptance unless you believe them to be correct. You are your own judge, you must steer your own bark across the tmpestuous sea of life. I give them with the hope of helping any standing on the terrace of indecision, and possibly opening the yes of those who never paused to catch a vision.

First I wish to take up the theater. This institution was at one time a great friend of the church and was destined to wield a great influence when like Ephraim of old she joined to her idols. It had its rise right in the church but created such a rumpus that an absolute divorce was granted it with the alimony of cannon ball shots and dynamic blasts of attack from every man and woman with courage and backbone to assail it.

I speak now of the stage as a distinctive institution. Absolutely I do not condemn it. It is possible to see plays that are helpful and instructive, there are some masterpieces worthy of all the homage that can be given them, but so few and far between are they that until the theater rises from its immoral lethargy and breaks the damning shackles by which it is bound the only safe course is to greatly circumscribe its area. Would you gainsay my statement? If so, answer this question. The power and attraction of the stage is found where? Not in holding aloft the principles of honesty, righteousness and truth. Not in displaying the banner of man's better nature, no, but by reaching deep down amid the degrading foundations of human life and portraying the satanic passions which instead of lifting an audience to a higher level cast it into a blacker and deeper despair. The stage today is a hotbed of immorality and those who follow in its wake without reason, judgment and precaution (and they are legion) are treading the winepress of damnation.

The movies are out in front today and for the time being are almost supplanting the actors

whose voices always thrilled. This institution is wielding a great influence and when properly censored will be one of our most powerful weapons with which to strike ignorance. But this indiscriminate way we have of starting out and saying "Let's go to the movies," knowing not where you are going or what you will see, I flatly denounce. Nine out of every ten films have a shady phase according to a reliable authority. Many boys and girls because of improper guidance in this respect are receiving impressions which will blight, blast and mar their lives. You warn your child to walk by the cursed saloon; you stand in fear of the Pest House's noxious fumes; you vigorously denounce the actions of a thief and robber; you assail furiously the man or woman with a character that can't stand the light of day and still you will send your little child, and even take your hypocritical self, and under the flashlights of the imp of Hell sit and giggle as these same qualities are put before you, and breathe joyfully the filth laden air of such musty scenes.

The playwright is pandering to the basest passions of human nature but simply because we refuse to support him he doesn't. Extract this element and you close all of them tomorrow. The time has come when we must demand the best, the pure, the clean. Refuse your suffrage to those daring to question your honor, stain your children, and wreck your home.

Let us rise and assert our manhood and womanhood. Let us recognize as enemies of all who would drag us down. Let us demand that there be a change. The church takes its stand on this question and because of this very element, this mixing of evil with good, pure with impure, righteous with unrighteous. Let us stand firm, be courageous and true to our better selves.

"Life is action, life is work,
Life is battle in the field;
Pound the slothful ever lirk
All life's enemies concealed."

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.

(To be continued)

Election At The Forum Sunday.

Sunday June 24th is the annal election at the Mens' Forum, and no doubt will be an interesting occasion. Last Sunday Judge Madden of Oklahoma was the speaker of the day, and his propaganda was not the sort that takes in this section, but was one that was calculated to wake up the animals and not the crowd in thinking.

What the Churches are Doing

SECOND A. M. E. CHURCH
Rev. R. R. Johnson, Pastor

The services last Sunday were up to the average, there were visitors from Pomona and Long Beach.

The District Superintendent, Mrs. Judkins, addressed the Sunday school.

On Friday the presiding elder held the fourth and last quarterly conference of the year. Splendid reports were made by all departments, the total amount raised this quarter was $180.00.

On Tuesday night the California Eagle gave us a grand patriotic and musical concert which was highly appreciated. Editor Bass and staff did a splendid work inspiring the people to higher ideals and greater efforts.

WARD A. M. E. CHURCH
eRv. J. W. Price, Pastor

This church was the recipient of many spiritual blessings on the last Lord's Day; three splendid services during the day, this being our second effort on the rally all were much pleased with results. Dr. J. C. Anderson preached for us at 3 p.m. bringing us a fiery message, after which some of the captains made their glowing reports. Sister Eliza True as usual led in this grand work bringing in $27 even. Mrs. M. Bisco was second with $14.60, this makes a total of $33.55 for brother and sister True during our efforts. We are very grateful to them for their much needed help. We desire to express our thanks to all who assisted them or us directly in this struggle which enabled us to meet our payment.

Sunday, July 1st, will be our 4th and last quarterly meeting, come and enjoy the big union 3 o'clock service on that day. Friends get your dollar money ready, let's get this out of the way.

Services at this church Sunday as usual. Sunday school 9:30 a.m. Allen Christian Endeavor, 7 p.m. Preaching at the morning hour 11 a.m. Regular evangelisti services at 8 p.m. All are welcome.

The most unique membership campaign by the local 9th street branch Young Men's Christian Association, ever conducted in this city is in full swing this week. It is known as the Mid-Summer Drive Membership campaign, is organized into 9 divisions representing the United States and eight of the allied countries of Europe now in war against Germany. The men and boys outside of the association are the coveted prizes that have brought on the war. The aims of the war are definitely stated and the terms of peace specified. The aim is more territory and power and the terms of peace are the capture of 500 men and boys by July 8th and the moment this is accomplished hostilities will cease. Dr. Geo. D. Taylor is commander in chief of the army and the following men and boys are commanders in chiefs of their respective countries: J. H. Stevens, Servia; James Warren, Portugal; J. Thomas Norris, Roumania; Jno. W. Coleman, Russia; J. Lucius Jarrett, United States of America; Clarence Bluett, Belgium; John Kelson, Italy; Atty. A. McDowell, France; T. A. Greene, Jr., England.

The war is booked to close July 8. There are three great war prizes to be awarded to the division capturing the largest number of men. Secretary Greene, chief war adviser, says he is confident that victory is sure by the time designated.

Following a short praise service Sunday afternoon, the Y. M. C. A. convene. Addresses by leading members will be made.

SCOTT CHAPEL NOTES

It was indeed a fine tribute to the loyalty and devotion of the membership and congregation of Scott Chapel to see how well they turned out on last Sabbath in spite of the extreme heat. The pastor made a profound impression on the congregation in the message of the morning. His subject was, "For Fear of Being Counted Unpatriotic and Disloyal, Shall I Ceace Praying For Peace, and Dry My Tears For This Awful Day?"

At night the Knights and Daughters of Tabor, had their annual sermon preached by Pastor Kinchen. A great company of brothers and sisters of the order, from Los Angeles, der, augmented the local lodge and made a fine impression in behalf of this great order.

Pastor Kinchen will preach at both services on Sunday.

The good people of Scott Chapel joined Pastor Kinchen in giving a hearty welcome to his old friend, Joe Bronson of Los Angeles.

Everybody is looging forward to the great event of the year, the June Carnival, which will begin on the 26 and ending on the 28th.

Sister Jane Robinson entertained the Ladies' Aid Society on Thursday evening.

Metropolitan Baptist Church

Notwithstanding the very hot weather, the services last Sunday were very satisfactory all day.

The Pastor preached at the morning service and Bro. Arthur Morris delivered his first sermon at the evening hour; it was a very creditable one.

The rally was finally wound up on last Sunday evening and resulted as follows: At the emergency installment in April, $100.00. The Strong Men's Club, $123.00. The Women's Rally Club, $171.02. The Pastor, by himself, $500.00. Total, $894.02. From which the Pastor was paid and $500.00, including interest, was paid on the main mortgage debt. This leaves only $552.00 balance on the Church debt. Which the officers are planing to wipe out at another rally on the 2nd Sunday in Oct., 1917.

Arrangements were made on last Sunday evening for the Church to hold a public reception in honor of the Pastor and Mrs. Hughes, it being the 3rd anniversary of his pastorate and also the 11th wedding anniversary.

During his 3 years Pastorate, the Church debt has been cut from over $4,000.00 down to $552.00, the building completed, pews put in, a Social Hall and day nursery and dining room added to it and all paid for. This is a very excellent record, or rather a record breaker.

The women's rally club being the victors over the Strong Men's Club, will also share the honors of the reception. The banquet or reception will be held on Thursday, June 28th, 1917, at the social hall, and all members and friends are invited. The Pastor and a number of Members are in atendance at the State Convention at Riverside this week.

QUARTERLY MEETING IS POSTPONED

The fourth and last quarterly conference of the present conference year, instead of being held next Sunday, has been postponed until the following Sunday preceded by a Lovefeast and general class meeting next Wednesday night. On last Sunday the Rev. J. M. Riddle preached at the morning service, while at evening, because of the day's excessive heat, the services were curtailed to a short praise meeting. The energy of the church this week is bent upon the successful entertainment of the District Conference and Sunday School convention. A large number of delegates and visitors, especially from Los Angeles, are enjoying the hospitality of the church and its auxiliaries.

Peoples Independent Church of Christ
Cor. 18th and Paloma

eRv. N. P. Greggs, Pastor

In spite of the intense heat last Sunday, a large congregation gathered at the Independent Church at 11 o'clock service. The pastor took his text from the 47th chapter of Ezekiel. Ezekeil's Vision. The lesson given, "How good dominates over evil."

For the afternoon the sermon of the Knights and Daughters of Tabor was preached. Atty. Clarance A. Jones, Master of Ceremonies. This proved to be one of the most brilliant afternoon affairs in the history of the church. The Daughters who have been in position to wave the banner of Friendship, Love and Unity, as high officers, were known by the beautiful and gorgeous robes that they wore. Some of royal purple and gold, others of pink and gold, still others light blue and gold.

The sermon preached by Rev. Greggs, pastor, was one long to be remembered.

At 7:30 o'clock service, Rev. J. J. Josephs, a young minister, who has before him a brilliant future as a messenger of God, took as his text the following, "Be Sure Your Sin Will Find You Out," a portion of number 32, 23. Much benefit was received from this sermon by all who heard it.

The sermon of the Masons will take place next Sunday afternoon.

We welcome you to be with us on all occasions.

Lincoln Memorial Congregational Church—34th and Central Ave. E. E. Lightner, Pastor

In spite of the intense heat, on last Sunday, an appreciative audience worshipped at this church. The pastor occupied the pulpit and preached a special sermon to the children and young people, taking as his text, "I Am the Rose of Sharon and the Lily of the Valley," S. of S. 2:1.

At the evening service the children of the Sunday School rendered their "Children's Day" program to an audience that taxed the seating capacity of the church.

"The Supreme Object of Endeavor" will be the subject of the pastor at the morning service on next Sunday.

The evening service will be under the auspices of the Missionary Society of the Church. Mrs. Charles Alexander will speak on "Africa, As I Saw It." There will be special musical numbers. All are invited.

Two splendid services were enjoyed by those present at the morning and evening services of this church. The pastor preached at the morning service and the congregation was favored at the evening service with a sermon by the Rev. R. C. Akridge, one of the local preachers of the church. His sermon was very much enjoyed. The congregation was also favored with a visit at the night service from Rev. Madden, the pastor of our church at Fredonia, Kansas.

The coming Sunday the pastor will preach at the regular morning service and the choir and Epworth League will have charge of the evening service. The pastor will preach and the choir will furnish music for the afternoon service to be held with the pastor and congregation of the A. M. E. Zion church.

Friends and visitors are always welcome to the services of this church.

JULIA S. WILSON,

GRAND RALLY AT SHILOH

The Grand Rally at Shiloh Baptist church the fourth Sunday in this month promises to be the greatest day in the history of Shiloh. The special meetings which have been in progress for the last six months will come to a close, and all clubs and auxiliaries will make their reports.

The afternoon service will be a rare treat to all who will be fortunate enough to be present when Dr. Glen MacWilliams, Mayor Woodman's private secretary, and one of the greatest orators in the West, will bring to us the message, and many other prominent speakers will appear on the program. Music will be furnished by the choir, whose members are making special preparations for the occasion; also the famous Black and Tan Orchestra.

Shiloh exists not for its membership alone, but to minister somewhat to the religious life of the whole city. We, therefore, extend a cordial invitation to the members and friends of other churches to worship with us and to contribute something to the success of our rally. And to the many who have already contributed to us in our great efforts to raise their required amount foro ur indebtedness on this property, we are very grateful to all our friends for their unstinted aid.

And under the guiding hand of our pastor, Rev. L. H. Washington, we are making wonderful progress, and great credit is due this eminent divine for the manner in which he is bringing things to pass at Shiloh.

Come one, come all!

Gonsouland Car Toilet Device
(PATENTED)
Comfort and Convenience While Traveling

The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water. Especially in the State of Colorado.
The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.
The Gonsouland Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY methods of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.
The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.

IN CONCLUSION

Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keepiug clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, is all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they represent, and hope for a favorable consideration and adoption of my patents.
The use of these patents may be leased separately if desired.
May be used on street cars, overhead trains and suburban electric trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveliug public, Board of Health and Railway Commission.

FRESNO

The recital given by Miss Laura Pettiford, elocutionist, assisted by Mrs. E. W. Winters, the prominent contralto of Bakersfield at the Bethel A. M. E. church last Wednesday evening was an immense sucbess. A packed house was charmingly entertained by the noted reader, while Mrs. Winters was in glorious voice and her deep contralto was indeed a feature of the evening. The local talent also played well their part and won much applause.

The Rev. Taylor Mr. Davis, under whose eminent, brilliant pastorate the Second Baptist church has attained a wonderful success, left this week for Riverside to attend the convention of Baptist ministers.

Miss Hazel Jones had as her house guest last week Mrs. E. W. Winters of Bakersfield.

Mr. John Cannon has moved a building on his four lots at E and El Dorado streets which he will soon have renovated into a hall and store to be occupied by Raisin Center Lodge No. 5, A. F. and A. M.

Mrs. Lulu McClendon was the hostess at a very elaborate dinner at her country home near Bowles last Thursday. The table was done very simple, the battenberg and heavy silver lending a rich appearance. Mrs. McClendon was assisted in dispensing with her hospitality by her two charming daughters, Miss Pearl and Miss Billie McClendon.

Miss Gladys Griffin of Brierley is spending a fortnight in our city as the house guest of Rev. and Mrs. T. M. Davis.

Mrs. E. W. Winters of Bakersfield was the honored guest this week of the Thursday Sewing Club, and the Francis Harper Club.

William A. Bigby, Jr., will leave next week for Sacramento to enjoy the frivolities of the Fourth as the house guest of Rober J. Sherrell. Mr. Bigby will also enjoy a short respite in Oakland and San Francisco before returning, remaining in each place as long as fancy dictates.

Once more we write for the Eagle. Will you pay up, please? It has been a long time.

Los Angeles Amusement Club at Schuetzen Park, July 4th.

One of the largest affairs ever pulled off in this section will be given by the above organization at the above named park on July 4th. The Famous Black and Tan Band will furnish the music. The officers, headed by the president, J. H. Keys, will spare neither pains or expense to make this the greatest affair ever given in the city. They want 1000 children out that day and will admit them up to 12 years free.

Glover J. Compton, Bud, Evelyn Jagger and Caroline Lathem, clever entertainers who have been playing at a local cafe, for sometime, will leave next week for San Francisco.

The Baptist hosts have gathered at Riverside this week in their annual Sunday School and State Convention and no doubt will do their share in promoting the welfare of this great denomination for the best interests of not only themselves, but the people at large of the great state in which we live.

California truly maintains her reputation for a superior climate event if the mercury goes on a rampage we have the consolation that it will soon recede and this last week was no exception to the rule as the hot spell was for only one day.

And even though it has been like unto the widow's mite, we are pleased to note that the colored people are doing their bit nobly for the Red Cross.

When Job was tempted after all of the disaster which was wrought upon him, he was asked to disown his God and live, but never did he falter, so in this crisis with this nation which is our very own, and despite the grievous wrongs which we suffer we say we will never disown our country or our flag, but will always be found in the forefront doing all of the things that are necessary to maintain its integrity and honor.

WE ARE WORKING AS A UNIT

Governor William D. Stephens is in our city this week, and perhaps longer, and the people of Southern California are proud and happy.

The people of the South are now arranging to take advantage of the Governor's stay with them to hear him speak on the subject he has mastered, "State Defense and Food Conservation.

At no time more than at the present is an intelligent, far-seeing, constructive policy needed, and at no time more than now has the loyal people of this State reason for justifiable pride in actually knowing that they have for chief executive a man equal to any and every emergency.

"Up and Doing" should be the watch-phrase, and the State Council of Defense, a patriotic institution of our Governor's own creation, the first of its kid, is setting pace for the whole galaxy of State constellations which are at present stimulating patriotism and conserving food resources.

The people of Southern California feel proud that they have furnished to the State, in the person of William D| Stephens, a man so broad that he is free from sectional prejudice and capable of thinking and working for the whole State.

Demonstrated efficiency, freedom from unreasoning partisanship, since the Nation demands the loyalty of all her people, Goveror Stephens is that which he was conceived to be, a public man thoroughly committed to the very best interests of the people, and much appreciated because of that.

In fact, Governor Stephens is working for the greatest good to the greatest number. He is not making "a sectional" governor, but he is standing firmly for Fairplay throughout the State, and he knows, as all fair-minded men must know, that there can be no FAIRPLAY with one section of the State in the saddle, and the other section holding the stirrup.

The people know this and any contemplated "missionary work" to undo the present fair condition of affairs in matters governmental in this State is bound to fail.

William D. Stephens stands officially and personally for the very highest order of efficiency that grows from the Spirit of Fairplay. The people know this, all they ask for and will stand for not less than a conservation of all of the State's resources and a unification of the State's people—North, South, East, and West.

Welcome, Governor, we are proud of you!

TO THE AMERICAN NEGRO

In 1861-5 a million white men perished to secure for you the privileges which half the world is defending against a horde that threatens liberty on every land and sea.

The flag that sets you free now calls upon you as a citizen and a constitutional equal, to protect its honor, your franchise and the sacred principles which God gave us in trust, to have and to hold eternally.

We bring the banner of the free to the momentous fields on which the champions of special privilege defy enlightenment and deny your blood-won right to remain master of self and challenger of circumstance.

In the name of Lincoln, the martyr, and of the valiant hosts that died for your salvation, come forward and vindicate the nation's faith in your fitness for brotherhood—as thousands of your race have showed courage and proved their souls when need was for patriots.

Let it be said in the days to follow, that none in these United States rendered a better account of themselves and served the Stars and Stripes with greater loyalty than the American Negro. Do your duty.—Sunday's Examiner.

The above sentiment is without doubt appreciated, and in the same spirit in which the American Negro has been found at the forefront in every crisis through which this nation has passed, he will ring true in this crisis. On Boston Commons an American Negro shed the very first blood for the freedom of this country, no greater deed of valor and heroism was ever exemplified than by Peter Salem at the battle of Bunker Hill. They stacked arms and as slaves stood at parade rest with Gen. Washington's victorious troops when he received the sword of Gen. Cornwallis in token of defeat of the British Army. He was with Perry at Lake Erie, with Jackson at New Orleans, and in the civil war at the crucial moment when given the opportunity he raised Old Glory from the dust and brought it to a mighty triumph. In 1898 he scaled the heights of San Juan and El Caney and brought victory to the American arms and at Carrizal he demonstrated that he would still stand the test and now in this crisis he stands ready if given the chance, to demonstrate the same valor and heroism as he has on all other occasions. Of course we might remark that he is at a decided disadvantage, he cannot volunteer. Our very own and same government has so arranged it that he must be conscripted. He has not the chance to join the army, navy, marine and aviation corps like other men. Recruiting men, who are begging men to enlist and enter any branch they desire, and tell them that if they are conscripted they will have no choice. This opportunity is offered the white man but denied the Negro.

But for all that under these heart-rending conditions the Examiner need have no fear but that the American Negro will make good to the utmost give him a chance, and we would like to see a great daily like the Examiner speak out on this phase of injustice to the American Negro and help mold a sentiment that he be given a real man's chance to serve his country in this crisis.

WILL APPOINT COLORED MAN AS INVESTIGATOR

We are told that there are many applicants for Cleveland Buchanan's place, who resigned as investigator in the district attorney's office to go to the officers' training camp at Ft. Des Moines, Ia. We have no doubt but that Mr. Woolwine will fill the same in a few days. Many of Mr. R. G. Lamar's friends say that he is the logical man for the place and that he, if given the appointment, would fill the same with high credit to all concerned.

CITIZENS WILL BE FAVORED WITH A RARE TREAT

The management of the Day Nursery are fortunate indeed to procure a date at Blanchard Hall on the evening of July 2nd, for the far famed and original Fisk University Jubilee Singers.

The singers are unsurpassed and are travelling in the interest of Fiske University and it goes without saying that the hall will be filled to its utmost capacity to hear this wonderful band of singers.

They have been booked throughout the country by the leading churches and organizations and the Day Nursery was indeed fortunate in securing the same for a date at Blanchard Hall on July 2nd.

YOUR PRESIDENT SAYS:

WHITE HOUSE, May 10, 1917.—"I have today created within the Red Cross a War Council to which will be entrusted the duty of responding to the extraordinary demands which the present war will make upon the services of the Red Cross both in the field and in civilian relief, and I hereby earnestly call upon all those who can contribute either great sums or small to the alleviation of the suffering and distriess which must inevitably arise out of this fight for humanity and democracy, to contribute to the Red Cross.

"Therefore, by virtue of my authority as President of the United States, and as President of the American Red Cross, I. Woodrow Wilson, do hereby proclaim the week beginning June 18th, 1917, as Red Cross week, during which the people of the United States will be called upon to give generously and in a spirit of patriotic sacrifice for the support and maintenance of this work of national need."

"WOODROW WILSON."

AND IT HURTS TO THE CORE

Notwithstanding the fact that Liet. Col. Young says he never felt better in his life an army board of physicians is about to recommend his retirement on account of high blood pressure.

We are informed by Attorney Oscar Hudson that Col. Young says that he is physically fit to continue in active service.

Here is the trouble, if he stays in the natural order of things in the army, he must soon be given rank of colonel; he would then stand sixth in line for promotion to brigadier general.

Now every citizen, black and white, who stands for fair play and justice get busy and write your representatives, senators and government officials and head off this monstrous injustice about to be pertrated.

FIRST A. M. E. ZOIN CHURCH
Pico and Paloma St.

"The Wages of Sin is Death" was one of double subjects chosen by the pastor in Sunday morning discourse. Last Sunday the newspapers claimed was the hottest June day since June, 1879, and by far it was the hottest sermon to sinners and against sinning that the pastor has delivered since coming to this charge. He divided his text under sub heads, viz: Dancing, Card Playing and Lottery Playing. These popular evils he flayed with all of his might. He told of how one innocently and foolishly begins to play for fun and finally ends up in crime and the victim disgraced and put in jail.

He dwelt on those who play Chinese lottery. He said even members of his church were guilty of such practces. He also touched on church entertainments and how the pastor is side tracked and encouraged to leave early so that the younger folks can dance at even a church entertainment. He condemned such in loud and definite terms.

Next Sunday his subject will be at 11 a.m. service, "The Blessedness of Assurance." At 8 p.m. children's day exercises. Everybody welcome. A place for strangers. Sunday at 9:45. Classes for grown-ups.

First A. M. E. Church Notes

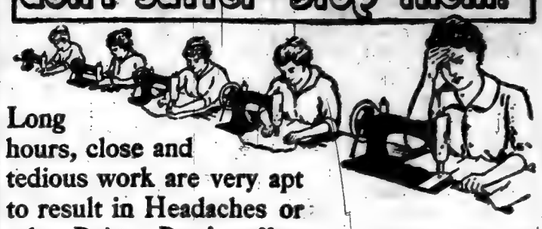
Last Sunday was a very hot day, but not so much as to interfere with the loyal throng that usually worship at First Church. The pastor delivered both sermons. The vested choir was perfect in its rendition of solos and anthems, and very impressive in its appearance. Many out-of-town visitors were present and there was one accession to membership. Everybody is welcome at all times to worship at Historic Eighth and Towne Ave., First African Methodist Episcopal Church.

To the great delight of the Pastor and to the pride and honor of the loyal adherents of African Methodism, the faithful members and friends are constantly paying in "The Dollar Money" claim. And it is comforting to know that every person who pays this benevolent fee bears his and her part of the load of lifting up millions identified with the masses of the race. Special effort "Dollar Money Day" will be Sunday, July 15. But you can pay yours to the pastor now if you are able to do so.

The pastor will deliver both sermons Sunday. The choir will render special anthem selections. You are welcome to attend.

WESLEY M. E. CHURCH
8th and San Julian Sts.

Rev. A. P. Shaw, D.D., Pastor



Children's Day was observed last Sunday at Wesley M. E. church. At 11 a.m. the pastor preached a sermon on "Stirring the Eagle's Nest," or "Training the Young." "The end of education," he said, "is preparation for life and the ability to solve the problems of life. Every physical, mental or moral failure is uneducated, no matter what he knows and every man who is a true success is knows. As the supreme joy of the mother eagle comes when she sees her young mounting up on strong pinions above the clouds and gazing into the face of the unclouded sun, or darting with arrowlike speed and precision into the shallow waters of the mountain lake, catching fish for its own sustenance, so every true mother reaches her highest joy when after years of toil and sacrifice she sees her sons and daughters self sustaining and taking their place among worthy men and women."

Twelve young people were received into full membership in the church.

This Sunday the pastor will preach morning and evening. The subjects are "What Is Truth?" and "Tell Jesus," respectively. The morning sermon is especially interesting to seekers after truth.

Come and worship with us. All are welcome.

The five Masonic Lodges of this city will hold this celebration at the A. M. E. Zion Church on the above date. A splendid program has been prepared by the committee for the occasion and the public is invited to attend this service. The committee has also prepared refreshments for those who attend. MOMENTOUS MEETING TO BE HELD AT SAN DIEGO

"A voice from afar, or an awakening of the wise."

"He that hath ears to hear, let him hear."

Never before in the history of San Diego has the Negro of this city been aroused as he is today.

On the 4th day of July, next, the Colored citizens of this community plans to give the largest get-together movement ever attempted south of the Tehachepi, and judging from the interest manifested by not a few Race members, it will prove the one great and most successful demonstration of its kind ever held in this city.

The call it to "you, young man!" The call is to "you, young woman!" Yes to the old and the young, the rich and the poor. The call is to every Negro in this community.

I say that a message of vital importance awaits you all at Bethel A. M. E. Church, 1647 Front Street, on July 4th.

We cannot afford to remain idle with an incoherent attitude any longer, but awaken to the fact that "The Negro must shape his own destiny and fight his own battles in order to achieve victory, and be guaranteed the genuine, honest to goodness, 'simon pure' civic, social and industrial freedom, of which he should have, and other Races are enjoying."

Other Races are scheming and planning for themselves, not for you. We must be prepared to assist our brother in other sections of this country, in opposing the drafting of ordinances, regulating laws to crush his social, civil or industrial privileges and freedom, and to impede his progress as a Race.

Other Races are surging forward on the sea of prosperity, never stopping to cast the anchor of doubt. "We cannot and must not sit idly by and fail to join in this race of Life." We must launch our boat for a sail on the sea of triumph and success.

What are you doing, young man, to advance the cause of your Race? What are you doing, young woman, to foster the cause of Negro womanhood? Are you standing in your own light? We cannot afford to stand still. As a Race, are we going forward or backward? Do you understand why thousands of Southern Negroes are migrating to Northern and Western States? What has the hand of destiny in store for the Negro of the future? What dangerous problems face the Negro of today? Are you your brothers' keeper? These and other vital questions are to be discussed and answered on the 4th.

You owe it not only to yourself, but to your parents, to your Race, to be present with other loyal Race members on this day.

The path of success and prosperity, never "a primrose path of radiance," is steeper, rougher and more thorny today than ever before. Then, too, the race of life has become intense. The runners are treading upon each others' heels. Woe to him who stops to tie his shoe strings!

Never before were men devoured by so insatiable an ambition, or impelled by so merciless an activity, as they are today.

It is the pace that kills. We need, therefore, a strong backbone, well developed muscles, all the vigor, all the health, animalism, all the optomism, all the hope and grit we can muster up to strengthen us for the struggle.

The Negro must inevitably face the trying hours, stem the acid test; hence, we call upon you now to contribute your energy, talent and skill to assist us in combatting the evils of today and prime us for the test of the morrow. By combining our efforts together we will successfully remove all mythical barriers of color line; abolish jimcrowism and segregation; in fact, to stand together as a whole, no barrier ever erected will be able to withstand our onslaught in this fight for our constitutional rights.

Tournament doors will open at 12 o'clock, noon, and close at 10 o'clock p. m. Refreshments will be served between the above prescribed hours. From 7:30 p. m. to 9:00 p. m., the committee has arranged for an excellent program consisting of some of the best Negro musical talent in Southern California. Following the musical program, will be addresses by a number of our ablest orators.

(Signed) NATHAN ROBINSON,
San Diego, California.
No. 832 Union Street.

SACRAMENTO NEWS

The many friends of Mr. W. P. Taylor will heartily join in congratulating him on his promotion to special clerk in the local postoffice. Mr. Taylor won the honor from white competitors, as he was the only race man competing for the position. This is an honor which comes to few of our people and only to those efficient.

Patience is a slow going virtue, but those who have it win in a walk.

Complimenting Mrs. Chas. Overton of San Jose who has been the guest of Mrs. T. D. Walker the past week, a number of friends were asked to spend the evening Friday, which was devoted to conversations of various subjects and sweet music rendered by the handsome new Edison htat Mr. Walker gave Mrs. Walker for a birthday present. At a late hour the dining room attracted the attention of the guests. The table was beautifully decorated with a lovely center bouquet of sweet peas and dainty refreshments which were in keeping with the warm weather, were enjoyed by Mr. and Mrs. P. F. O'Reilly, Mr. and Mrs. Geo. Francis, Mr. and Mrs. J. W. Scott, the honored guest and host and hostess.

Greatness comes by doing great things.

Miss Minnie Crowley has returned from Marysville where she has been for several weeks attending her sick sister, Mrs. Jack Smith.

Mr. Jas. Nicholson made a flying trip to Stockton one day last week.

Mrs. Chas. Holland, instructor of music and arts in the Paul Quinn College at Waco, Texas, will soon visit his brother and sister in law, Mr. and Mrs. U. G. Holland.

Mrs. Robert Blake, book keeper for Mrs. E. J. Canada's laundry will leave for Oakland one day this week where she will join her husband and reside, we hope not permanently.

Commissioner Carmichael, acting for the Chamber of Commerce, is desirous of having all colored clubs and other organizations, fraternal and otherwise, of the city, get together and devise some plan to take part in the fourth of July celebration representing the race with a float of some kind.

Doing nothing is doing worse than nothing.

Mr. and Mrs. J. W. Scott provided as a compliment for Mrs. Chas. Overton of San Jose a pleasant garden party which had as its setting the lovely yard with its variety of fruit trees and flowers of the J. W. Scott's boulevard home. The guests besides enjoying the outing, a dainty luncheon included Mr. and Mrs. E. W. Robinson, Mr. and Mrs. W. P. Taylor and little Billy, Mr. and Mrs. T. D. Walker, the honored guest and host and hostess. Later Mr. and Mrs. U. G. Holland and daughter, Miss Regena, and Mrs. W. Churchill of Marysville, joined the merry party and enjoyed sweet music from the Victrola which made the evening most enjoyable.

Mr. Fred Brown of Palo Alto spent the week end in town and was the guest of Miss Ora Clark.

You might almost suspect that Cupid carries household furniture as a side line.

Mrs. Guy Smith of Marysville returned home after a very pleasant visit with her sister and brother-in-law, Mr. and Mrs. W. P. Taylor.

Mr. and Mrs. John Slaughter, Mr. and Mrs. E. D. Johnson motored to Madison one day last week to visit Mr. and Mrs. White, mother and father of Mrs. Johnson and Mrs. Slaughter.

Mrs. Hall and children spent the week end visiting friends about the bay cities.

Take a day off occasionally and let the rest of the crowd do the worrying.

A visit to the laundry of one of our energetic business women was one of interest and pleasure to find an up to date plant and so many race women employed. Also one young man doing their work with such care and earnestness that causes Mrs. E. J. Canada the proprietress, to be classed among the reliable enterprises.

MME. DR. FLOOD—CORNS, BUNIONS, DEFORMED NAILS—302 FORUM. M. 4144-J.

Mrs. Ben White will open her home Wednesday evening to the Mother's Club to conduct a social in the form of a tacky party.

Mrs. Geo. White is preparing to go to Bakersfield to attend the Federation of Women's Clubs which convenes in August.

Mrs. Lena Harper has returned from Colfax where she accompanied her sister, Mrs. Geo. McCord of San Francisco, who took her little daughter in search of health.

Little Frederick, son of Mr. and Mrs. Fred Bowman, is recovering from a bad spell caused from teething which the warm weather caused the little fellow to suffer very much.

Mr. and Mrs. Chas. Overton, Mr. Overton Sr., and Miss Hattie Overton of San Jose motored to San Francisco to spend the day with Mrs. E. W. Robinson of Sacramento and Mrs. W. F. Jackson of San Francisco, after a pleasant drive on the beach, a trip to Golden Gate park was made and a tempting lunch was enjoyed. The evening was spent at the Jackson residence where a lovely supper was served.

Keep the number in mind and don't fail to call at 410-22 or ring up 1355R. I thank those who have done so. You don't know what you are missing by keeping the Eagle out of your home.

Pastor Holt of St. Paul, Caught in Storm.

I take this method to express gratefulness to those who took part in the "meat and bread storm" last Wednesday evening. Especially am I delighted to mention Bro. and Sister Johnson, Sister Jones and others of the Second Baptist Church; Dr. and Sister Davis, Sister Watkins and others of Mt. Zion Baptist Church and a host from St. Paul whose names will appear in another issue of this paper.

The storm came about 10 p. m. There was little disturbance in the the outer atmosphere when suddenly like thunder from a clear sky, the ladies company filed into our apartments to the appropriate melody, "The comforter has come," Instead he had come. This shower lasted some thirty minutes; but in taking up the wreckage I found that nearly $30 damage had been done to them in my favor. A few days later a sack of potatoes was found on my porch. A high class hen came in this storm with her mate She seems pleased with her new position. Come again, friends, the door is open and my house will stand many such storms.

ARMY GUARD BAYONETS NEGRO ON RIVER FRONT

New Orleans, La.—Roy Darby, Company K, First Louisiana infantry, ran his bayonet through the body of James Morgan, 54 years old, a Negro, 919 Elmira setreet, Algiers, Wednesday fternoon when the latter refused or was unable to show his passport to the river front. Morgan was taken to the Charity Hospital.

The soldier's bayonet had pierced his chest just below the right shoulder, causing a dangerous wound. The Negro was foreman of a gang of stevedores in the employ of the Southern Pacific Steamship Company.

Accodring to the police, he had refused to show his pass and had attempted to force his way to the river front when Darby stopped him. Darby was sent back to the iCty Park pending an investigation.

DEMANDING RIGHTS

Dr. H. B. Frissell, principal of Hampton iInstitute, has said in a recent letter:

"As Dr. Washington and Dr. Moton have proved by their lives of quiet, unpretentious service, the colored man is going to secure recognition, not by demanding his rights, but by deserving them."

Dr. Moton himself does not seem to agree with the above as his excellent letter on Negro loyalty contains an implicit demand for better treatment. The Richmond, Va., Planet, adds:

A right is a thing to be demanded; a privilege, a thing to be deserved. fI Dr. Frissell had said that the colored man is going to secure recognition by demanding his rights and by deserving them, we would understand fully that he recognized that the citizen of color is entitled to every right and every privilege enjoyed by any other citizen. We pause to remark that the colored people in this country will never come unto their own as long as they believe that they are inherently inferior and that they are not manly enough to deserve their rights, and after deserving their rights, to demand them.

The badge of servility, better known by the look of cowardice and the halting attitude of submission to any wrong, is what is handicapping us more than anything else. Colored people who could lead a charge at El Caney and San Juan Hill should walk upright, and, while being respectful and obliging, should demand their rights when necessary and "dig deep in their jeans" to secure the necessary legal rights which will make them respected by their enemies in the courts of this country. Manhood is what is wanted and not servile submission. A blooded white man hates a cringing citizen, be he black or write, and he admires manhood, self respect and courage in a Negro as much as he does in an Englishman, Frenchman or a German.

The colored man is going to obtain his rights, Dr. Frissell, by demanding them and by deserving them.

To this the Boston Guardian adds:

We arise also to deny directly that the "quiet service" lives of Booker T. Washington or of Russa Moton secured recognition of rights. The most striking thing about the race-leadership career of Dr. Washington was that coindicent with it went the greatest period of loss of citizenship and of legal debarment from rights eevr known in any race that once enjoyed full rights and especially during the time Dr. Washington preached most pronouncedly the doctrine of "quietly deserving" rights. No further exposition of that matter by us is any longer needed.

We warm Dr. Frissell against feviving the Booker Washington—no agitation issue. Dr. Washington's own friends do not relish or desire it. From The Scrap Book, by J. D. Reynolds.

Fighting Parson

preaching of the Black Evangelist, while many of the sick and suffering were wonderfully healed by prayers and the laying on of this wonderful man of God's gifted hands. So great was the demand to hear the powerful old time gospel messages of Evangelist McPherson, that in order to keep people from being crushed, that the Commissioner of Public Safety, placed policemen to keep back the crowds.

As a last resort, the white ministers, business men, headed by his Honor, Mayor Charles E. Thomas, and Sheriff Thomas P. Ware, secured the Temple Theatre, one of the largest auditoriums in the city, which seated more than 2500, where Evangelist McPherson preached is closing messages to anxious thousands of both Races.

After three weeks' stay, Evangelist McPherson was invited by Rev. Dr. David E. Over, minister of Big Zion Baptist Church, Denver, one of the largest Negro Churches in the country. It is said that the historic Big Zion, is one of the finest equipped Negro edifices in America. Dr. Over and his great congregation had just closed one of the most successful series of revival meetings ever held in the City of Denver, by any of the local congregations, less than a month, when more than one hundred souls were added to the church. Many thought unwise to have Evangelist McPherson visit Denver, at this time, but the foresight of a great leader, such as Dr. Overs, has proven himself to be in the Rocky Mountain regions among the Baptist prevailed, and the much talked of "Fighting Parson," came to the Capitol City, to attack the stronghold of sin in his characteristic way.

On Sunday morning, May 27, the historic Big Zion, 24th Ave. and Ogden St., was the scene of a mighty out pouring. Hundreds crowded this historic old edifice to hear the much talked of California Revivalist. tI is said that Evangelist McPherson preached the sermon of his life, on the there, "Great is the Mystery Godliness." And for two weeks hundreds crowded Big Zion and thirty happy souls, mostly strong men, gave their lives to Jesus Christ. As Sunday marked the closing day, hundreds crowded Zion to hear the final messages of the man from California. After a few days rest, Evangelist McPherson goes to Pueblo, where he is to preach and deliver several addresses upon Evangelism, before the Tenth Annual Session of the Colorado Baptist State Association. From there Evangelist McPherson will fill several dates in Wyoming and Utah and journey towards the oGlden State, where he plans to hold several big tent meetings during the midsummer.

As Evangelist McPherson has met with such marvelous success he has under way plans to organize an Evangelistic party of singers and personal workers and will tour the entire country, holding great union meetings.

Thus California has given to the world, not only a Hiram W. Johnson, who is looked up as the next President of the United States, but a McPherson, who is detisned to outrival the much talked of Billy Sunday.

It has been suggested that the home coming of Evangelist McPherson be made a big event among the ministry, that he may address a big mass meeting at some central point.

Readers Attention

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

BI-CENTENNIAL CELEBRATION

Last Tuesday evening was a memorable occasion with the Masonic Fraternity of this city, and the exercises at the A. M. E. Zion Church, on Pico and Palomo Sts., was one which exemplified and gave a retrospective analogy of the progress of Masonry insofar as it applies to the Negro in America.

W. A. Clark gave a philosophic delineation of the progress of Negro Masonry for the past 200 years and conclusively proved the soundness and stability of the craft in this country. This thesis ably backed by Grand Master Harris was an intellectual treat and worthy of their painstaking effort to present this valuable treatise to the craft and the public on this occasion.

The following is the highly creditable program which was rendered:

Music—Choir.
Invocation—Rev. J. Logan Craw, No. 18.
Introduction—Master of Ceremonies, H. Lewis, P. D. G. M., No. 8.
Master of Ceremonies—Bro. E. Burton Ceruti, No. 20.
Instrumental Solo — Mrs. E. Saunders, Electa Chapter, No. 5.
Reading of Grand Master's Proclamation — Rev. Bro. N. P. Greggs, No. 8.
Reading of Warrant of African Lodge, No. 459, F. & A. M., Bro. S. P. Johnson, Grand Patron O. E. S., No. 8.
Vical Solo—Madame L. E. Curtis-Shaffer, Electa Chapter, No. 5.
Address: "The Grand Lodge of England"—Bro. W. A. Clark, No. 5.

Benediction — Rev. Bro. J. G. Emonds, No. 21.

SHILOH

14th St. and Wilson Ave.

Rev. L. H. Washington, Pastor

Sunday was a glorious day at Shiloh; one that shall long be remembered, as we had three splendid services. At eleven o'clock the pastor preached a wonderful sermon, and it touched the hearts of all who heard it.

The program for the afternoon and was said by all present that it was the greatest ever witnessed at this church. At two-thirty the Angelus band burst forth with sweet strains of "How Firm a Foundation," and its melodious strains of many other familiar pieces.

Atty. A. McDowell delivered the welcome address. We are proud to know that we have such a genius in our race, and much credit is due this professional young man for he has a wonderful personality, and he believes in going to the bottom and bring to the public not heresay, but actual facts. After giving a brief sketch of the life of the speaker, which was thoroughly enjoyed.

He introduced Rev. Glen MacWilliams and since we have heard this noted speaker, we can say as did Mr. McDowell, he is a silver tongued orator.

Rev. McWilliams chose for his subject, "Thou shall have no other God before me." In his own elegant way he made many beautiful illustrations and we were all benefited both spiritually and intellectually and he left a favorable impression that will be of more than passing interest to our members.

Next was public offering and report of clubs and auxiliaries.

In the evening the pastor occupied the pulpit and the sermon was a very creditable one. His theme was the power of prayer. tA the close of the evening service the returns of the rally were announced, total $267.50 for which we are very grateful.

RIVERSIDE

The great Baptist state Convention has been heer and gone, suffice it to say that it was truly a great meeting. A large number of delegates enrolled. Stockton Fowler, Oakland and Fresno, were represented. Most every church in Southern California was represented.

Morgan first and second Vice-Presidents, Dr. C. C. Coleman of Oakland, according secretary Rev. G. W. Reed of Riverside corresponding secretary Dr. H. D. Proud, of Los Angeles, treasurer.

Rev. G. W. Reed, Pastor of the entertaining church and corresponding secretary of the Convencrowds are flocking to the tent tion received many compliments from the visitors for his unique and systematic arrangment in caring for the convention.

The Convention voted Rev. Mr. Reed thanks for his untiring effort and energy put forth in bringing about such a large gathering. He was given the credit for being the creator of this an dthe meeting held last year in Los Angeles. Mr. Reed is considered to be one of the finest corresponding secretarier anywhere in the country.

The Woman's Work session was the finest ever held in the state. The demonstration of childrens bands under the supervision of Mrs. Edna Freeman of Stock- "Children's Bands," was one of the great features of the woman's meeting. The officers of the W. H. and F. M. Convention for the ensuing year are as follows: Mrs. A. E. Neber, Los Angeles, President, Mrs. Emma Williams, Oakland, first Vice-President, Mrs. McMickens, Pasadena, second vice, Mrs. R. C. CARD PLAYING

Another sin which in its subtle way of working is fastly undermining manhood and womanhood, plunging souls into a pool filled with the waters of shattered resolves and broken lives is cardplaying, one of the worst evils in the whole category of crime. Yet we speak of just playing for fun and therefore receiving no harm. When I hear such an idiotic reason I feel like asking that Jack to bray. Any dunce knows that you had to play for fun before you could learn. And too tho' it may now be fun for you, it affects somebody else. Somewhere, sometime, somehow your life touches the life of others. We're bound together by the cords of common humanity, what I do affects you and what you do affects me. "No man liveth to himself," and Bless God you can't even die to yourself.

Every blackleg gambler filching the pockets of men today was first one of these fun players. Minetenths of the worlds Gamblers learned the trade too right in their own homes, and sometimes with supposedly God-fearing parents as their teacher. Is'nt that a pretty picture? Some father or mother helping the child dynamite its own soul! Parents taking children by the hand saying "Come on, this is the way to Hell but if you're careful you won't pass the white line of gambling" I verily believe when such a person gets in hell, and they're bound too, Old Nick will send them down so deep that if they had the lung power of a ton of gunpowder Divas could'nt hear them holler.

Another thing, sin never walks by itself. It always carries something along with it. Show me any regular card player who might ifter night chase the jack all over creation, and I'll show you some old whiskey drinker or else a fellow who can make a beer can call for a policeman. You cannot commit one sin and stop. You are bound to keep on going. These cardplaying Christians play progressive euchre one night and come Church Sunday with a robe of sanctimoniousness and a face reaching from here to the Kongo Basin. This is the person that always despises a hypocrite, can always denounce evil in somebody else but never see themselves. For the sake of goodness get some sense. If you want to do these things have respect enough for yourself and the Church to get out and stay out until you bring your hypocritical self to the footstool of mercy and cry out with David, "Restore unto me O God the joy of my salvation."

One day a man of God was proclaiming the truth as it is in Christ Jesus, was approached by a mother with a hungdown head, tear-stained eyes and grief-stricken heart. He listened attentively as she told the story of a darling boy who in a moment of exasperation over a game of cards had murdered a companion. Far away in a dingy prision his life was apyng the price of his crime. She requested the minister to visit her boy and tell him the sweet story of old, and gave him a photo of herself to carry her precious jewel.

The minister went to the prison and called for the boy. He came and listened to the man of God impart his mothers message. His lips did not quiver, his shame did not shake, his voice did not tremble as looking the minister straight in the eyes he cried, "You take that picture back to my mother and tell her I say Damn her! I never liked to play cards but to keep up with society she made me learn. She urged me on until finally I became a gambles. Now that my life has been ruined and she disgraced, she repents of her sin and shame. Take that picture back and tell her I say Damn her!"

Fathers and mothers do your duty now. Let your children go on down the boulevard of damnation if you want to. Urge them to followlow the dictates of a hell-bound society. Let your home be a haven for the gamblers of the future if you will, someday your children when in the clutches of the law and shall learn in prison what they should have learned at home they will curse the day they were born, and heap cruel and blightning anathemas upon your head.

"Arise therefore and be doing."
Rev. B. C. Robeson.
Pastor A. M. E. Zion Church.

INDEPENDENCE DAY

Solemn High Mass will be sung in St. Philip's Church on the morning of July 4 at seven (7) o'clock to which all people are invited. The intention of the Mass is three fold, (1) to honor God, (2) to excite patriotism, and (3) to pray for those of our city and country who are enlisted for the war. The Rector will be the celebrant, an dthe Rev. C. B. Robeson, S. T. B., will be the preacher.

All person are urged to come and commune with God in this quiet hour on this National Day partaicularly asking Him to bring us out of our present confusion into the order and righteousness of His Kingdom, in the hour of prosperity to fill our hearts with thankfulness, and in the hour of coming adversity to suffer not our faith to fail. Many persons will be taking the day as one of recreation but let us begin it with GOD FIRST, and so will our hearts be lighter for the joys before us the rest of the day.

What the Churches are Doing

SECOND BAPTIST CHURCH

There was a large gathering out last Sunday to hear Dr. Prowd's sermon on the "Unity of Christ and the Church." Profound impression was made upon the audience and it was evident that good was done. Sunday, July 1st, Dr. Prowd will occupy the pulpit morning and evening, when attention will be called to the author of our finished salvation. The Lord's Supper will be observed in the evening.

Wesley M. E. Church—8th and San Julian Sts.—Rev. A. P. Shaw, D.D., Pastor

DISTRICT CONFERENCE AND SUNDAY SCHOOL CONVENTION CLOSE MEETINGS

Friday afternoon the District Conference and Sunday School Convention closed the most successful meeting in its history, at the A. M. E. church in Pasadena. The hospitality of Pasadenans and the proximity of the convention to the city as well as the change in the date to accommodate the convenience of the young people all served to make this a record convention in every respect. Rev. J. H. Wilson, presiding elder, was in charge, but yielded to meetings of the Sunday School, Mite Missionary Society and Allen League. Lively, helpful discussion of problems and needs as well as prospects of the denomination in this district gave interest to all the meetings of the three days. A public reception was tendered the convention on the 19th by the stewards of the Pasadena church. Reports from all the delegates demonstrated the progress and a general efficiency of the churches and their chief auxiliaries throughout the district. Election of officers Friday for the Sunday School Convention was the last event of importance. This resulted in the choice of Mrs. John R. Wright of Pasadena to serve as district superintendent during the ensuing year.

Redd of Long Beach were visitors.

Our fourth and last quarterly communion services will be held this Sunday. Presiding Elder Rev. J. H. Wilson will preach at 11 o'clock. Administration of the Lord's Supper after the offertory. PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, Pastor

Rev. Greggs, pastor, took as his theme in the morning "An Empty Heart." He cautioned his congregation to be sure when the heart was once free of sin to fill it at once with love and blessing from above, as the empty heart like the idle brain, is the devil's workshop.

In the afternoon the pastor and members were honored by having as their guest the order of Masons. The excellent program together with the masterly sermon preached by Rev. Greggs was enjoyed by all present.

At 7:30 the pastor took as his theme, "An Unburdened Life." He gave as burdens temper, covetousness, the tongue, love of praise and flattery. All are weights and hindrances to the Christian progress.

Next Sunday remember is the first. Be sure that you are one to keep the banner of success waving.

Mt. Zion Baptist Church—Corner 3rd and Traction—Rev. T. H. Davis, Pastor

During the Sunday School hour, Mrs. Edna Barnett Freeman, of Stockton, Cal., and also State supt. of the junior mission bands, gave a helpful talk. At the morning and evening services, Rev. T. M. Davis, of Fresno, Cal., preached. In the afternoon, the Get Acquainted Literary Club had installation of officers for the remaining year, after which a program of solos and addresses was rendered and refreshments served. On the 3rd of July, classes no. 2 and 8 will give their cantata, "The Festival of the Flowers." The leader, Mrs. F. B. Murray requests that all be present as this will be a treat for all attending.

The Daniel Band will meet Sunday, July 1, at 4 o'clock. This band consist of the Sunday School children.

FRIENDSHIP BAPTIST CHURCH

Last Sunday Dr. Tillman preached in the morning and Rev. Morgan of Sacramento spoke at the evening session. The pastor and many of the members returned last Saturday from Riverside where they have been in attendance at the Baptist State Convention. The women of Friendship church played an important part in conducting the affairs of the assembly and Rev. Tillman's worth was recognized by receivng the appointment of State Superintendent over the work of conducting Bible Training Classes for prospective ministers and laymen. Meetings of the board and of the church were held this week. Following closely the lead of the U. S. oGvernment a call has been issued to conscript an army of Friendship church members. The eligible roll includes all members between the ages of 5 and 95. Registration cards are to be filled out and returned to the registration board. This army will be mobilized for efficient church work. The object of this is to afford the pastor an opportunity to get in closer touch with the members individually.

This is important especially at this time. The semi-annual edition of the Informer is now due but will be delayed a few days to afford opportunity for members to adjust their financial affairs on the books. The financial secretary can be reached through Colorado 4585 for information. Dr. Tillman wil have charge of the services next Sunday. Sabbath school at 9:30, preaching at 11, missionary meeting at 3:30, B. Y. P. U. at 6:30, covenant, testimonial meeting and communion at 7:30 p.m.

SCOTT CHAPEL NOTES

Last Sunday was a busy day for Pastor Kinchen. Aside from the services of his own church, he preached the annual sermon for the Masons of Pasadena. The Ladies' Aid Society is in the midst of their successful June carnival on the lawn of Mrs. Keith, 521 S. Raymond.

Next Sunday is "Food Day," designated by Mr. Hoover, the food administrator of the National Government. Pastor Kinchen will preach at both services and will show how we can do our bit for the World's program of Democracy.

Scott Chapel feels the loss of Mrs. Mattie Wilson, who led Bible reading for so long and is earnestly praying for her recovery and return to her work. The Union Prayer Meeting will be held at Scott Chapel Sunday afternoon at three o'clock.

A. M. E. CHURCH NOTES

Pentecostal meetings were enjoyed morning and evening, last Sunday, under the inspiration of Rev. and Sister True of Los Angeles. Good attendance marked all services. During the recent District Conference, Rev. F. J. Peck, of Topeka, Kansas, was a visitor.

Next Sunday, quarterly meetings will be held and communion. The last quarterly conference of the year will be held next Monday night.

The third Sunday of July, has been set as rally day for dollar money. All members and friends of the church are urged to pay these dues by or at that time.

It is expected that Bishop Parks will be present and preach at the church on the fifth Sunday evening of July.

SACRIFICE HITTING!

In figuring the run-producing capabilities of the different National League teams in relation to base stealing and sacrifice hitting as contributory factors, it was found that sacrificing does more to promote scoring than the other method.

This was a very unique discovery. Sacrificing brings more runs across the plate than base stealing. A principle that flows through all life. By giving we get, by helping we are helped, by pushing others ahead we climb the ladder of progress ourselves, by sacrificing ourselves we help the team to score and win the game.

The Phillies sacrificed while the Giants relied on base stealing. In proportion to hits the Phillies made more runs than the Giants. It never fails to send men across the plate. Base stealing is fine at times. It is alright to be hailed as a slugger who can often clean up the bases, but the men who always ring true, the consistent winner, the dependable aggregation are great sacrificers.

The spirit of the times calls for sacrifice hitters. Men who will brush aside all temptations to sit on the stool of vain-glory and self-aggrandizement, and sacrifice for the good of their country. Men who will not minimize their chances of scoring by grandstand plays, by spectacular footwork, but men who will think only of the fact that the home team must score and the game must be won.

We need souls aflame with the sacrificial spirit. No idiotic, baseless, an dinsensible sacrificing, but intelligent, reasonable and sane sacrificing. We must stop all waste, trample on all petty enmities and wrongs, bring out the hose and stir the gardens to action. This war must be won. We have enough autocracy, injustice and absolutism here now. All that is dear to life itself is wrapped up in this victory. Defeat would mean disaster, heart-breaking and the hanging of heads.

Be calm, render sacrifice, give service. You can't score without your country's help now. Watch the game, use your head, grasp the opportunity when it comes. When the scoreboard flashes the result our country will sing a paeon of victory.

REV. B. C. ROBESON,

SUCCESSFUL BUSINESS PEOPLE TO OPEN NEW HOTEL

On or about the 15th of this month a new and up to date hotel will be open to the public.

Mr. and Mrs. F. K. Hines arrived in this city from Birmingham, Ala., on the 9th day of October, 1912, and in a few months later went into the rooming house business. Their first location was 1040 East 9th street. After occupying that building for a short time it proved to be too small for their many friends that wanted to room with them. They rented the large two-story building at Nos. 726-8 Ceres avenue. They ran that house successfully for about two years.

After the expiration of said time it proved to be too small for their rapidly growing business. They bought out the rooming house just across from them, No. 725 Ceres avenue, making three two-story houses operated all at the same time. And now the three houses have proven to be too small. So Mr. Hines has secured a long lease on the large building, No. 577 Central avenue, where they have more than thirty nice airy rooms, beautifully lighted, instant heaters, hot or cold bath at all times. In connection with the hotel Mr. and Mrs. Hines will also run the rooming houses Nos. 726-8 Ceres avenue.

Mr. Hines in discussing his success in business said it was to a very large degree due to the sticktoitiveness of his wife. When it comes to business Mr. and Mrs. Hines have but few equals, so we predict for them, wheresoever they may go or what soever they may do, a great and successful future.

SCOTT CHAPEL NOTES

Pastor Kinchen was greeted by a large audience on his return from Allensworth, where he went to deliver the address to the graduating class. The people went away from the services with a new vision as to their responsibility to the youth of the community.

The evening service was the educational service in charge of Miss Gladys Harris. It was one of the best services of its kind that many had ever seen. The addresses delivered by Doctor Stovall, Mrs. Spear-Bass, Mr. Banks of the Internal Revenue office, Prof. Chas. Alexander, Miss Mabel Harris and Attorney Ceruti were among the finest that we have heard. The church was filled to hear them. The good people of this community will always be under lasting obligations to those friends for bringing to us the best in stock. Education has a new meaning to all of us. Miss Gladys Harris is to be congratulated.

Pastor Kinchen, who has the record of preaching more lodge sermons than most preachers, 25 to date, will preach the annual sermon of The Sir Knights and Daughters of Tabor of Los Angeles, at Scott Chapel next Sunday night, June 17th. He will also preach at 11 a.m.

JULIA S. WILSON,

Gonsouland Car Toilet Device
(PATENTED)
Comfort and Convenience While Traveling

The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water, Especially in the State of Colorado.
The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.
The Gonsouland Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY methods of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.
The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.

IN CONCLUSION

Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keeping clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, I all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they represent, and hope for a favorable consideration and adoption of my patents.
The use of these patents may be leased separately if desired.
May be used on street cars, overhead trains and suburban electric trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveling public, Board of Health and Railway Commission.

One thing we have been used to a war tax ever since the Wilson administration has been in power and the one we are about to have is simply an expansion.

Right nobly have the colored boys rallied in the first registration. You will not find many slackers among this cass of our citizenship.

Rev. Charles P. Jones, the [illegible] evangelist will without doubt find a loyal welcome to the community as the people recognize in him as truly a man who has been sent forth to do good and no doubt that the spiritual part of our community will take on a renewed life under the inspiration of his presence.

If any organization or cult countenances the presence of a known all around good for nothing member like a rotten apple will affect the whole of the organization itself, so beware.

Rev. L. G. Robinson, head janitor of the Court House, who has been indisposed for some weeks, we are glad to report is much improved and is back at his post of duty.

The All-American League held its regular meeting at the Y. M. C. A. building Thursday evening.

GAVE THE BOYS A ROYAL SEND OFF

Quite a crowd of friends, acquaintances and well wishers of the six men who had been ordered to report at the officers' training camp at Fort DesMoines, Ia., the fellow members of Officer Kimbrough presented to him a solid silver engraved drinking cup, presented by Officer Glenn on behalf of his brother officers, the others were Cleveland Buchanan, J. W. White, D. D. Matthews, Mr. Richardson and G. W. O'Bee.

In the pending battle for real democracy every citizen is supposed to do his bit, and we are glad to know that the colored citizens of these United States will in the future as in the past, stand ever ready to do their full share for the ennobling cause presented.

With the new Y. M. C. A. temporary building in the heart of the black belt, conditions in that area should at least be uplifted.

CENTRAL AVENUE

And now with the prohibiting of dice shaking the Negro business zone of Central avenue should rise and shine in all of its glory and a campaign should be made for more and varied sorts of business. There is no reason whatever but that a first class colored grocery and meat market should not be a paying venture on this street, a feed and fuel business, and a combination of the many small barber shops, making one great big and creditable concern. This great Negro metropolis surely should let the towns of Oakland and Bakersfield outshine them in this respect, and now the people of Central avenue who dare and do must get busy and make hay while the sun shines.

THE PROGRESSIVE EDUCATIONAL ASSOCIATION
By Chief Counsel Jas. H. Longdon

Editor Eagle:—

Today we take up and resume the opinion of the Court where we left off last week.

"It s also averred that 'the laws and customs of the Indans and also the laws of Span and of Mexco at all tmes conceded to the plaintiff, and tre plaintiff claims and exercises, and from time immemorial has claimed and exercised (1) the right to have a common name, to wit, the Pueblo of Santa Rosa, and (2) the right and power to take, hold, manage, control, and dispose of real and personal property, including the land upon which said village is situated and the surrounding lands, and (3) the right and power to contract and otherwise act as an entity by resolutions passed in common councils composed of its adult male inhabitants, and through its officers and representatives, in all matters concerning its interests, property and affairs, and (4) the right and power to have perpetual succession, and (5) the right and power to sue and be sued as an entity and to appear and act as such before courts and governmental authorities, and (6) the right and power to maintain a permanent town organization and government and to make at common councils of its inhabitants, rules and laws binding upon the pueblo and its inhabitants, and to be controlled and managed by its inhabitants acting together according to law and according to rules so made, and to elect and keep in office captains, alcaldes and other town officers exercising much power and jurisdiction over said pueblo and its property and inhabitants for their common benefit and for the maintenance of order, the preservation of its property, the promotion of its interests and the conduct of its affairs. By reason of the facts above mentioned the plaintiff is and from time immemorial has been, under the laws of Spain and Mexico and of the United States, an entity in fact and in law and a juridical person entitled to sue as such."

It is also averred that the plaintiff occupies the same position and status as the Pueblo Indian towns of Mexico existing at the time of the Spanish discovery of America, and that "Spain during all the period of its sovereignty over the territory including the land herein described at all times recognized and in no instance disputed the ownership of said lands by the Pueblo of Santa Rost and by repeated royal orders and decrees, recognized the PAPAGO Indians and the inhabitants of said pueblo as free vassals of the Spanish crown, entitled to all the protection in their property rights which was accorded to Spanish subjects, and recognized and confirmed the ownership of plaintiff in said lands;" that, after the establishment of its sovereignty, Mexico recognized plaintiff's ownership of the land described, and during the period of Mexican sovereignty the inhabitants of the Pueblo of Santa Rosa were recognized as Mexican citizens, enjoying property rights and other rights accorded to citizens of Mexico by the United States of sovereignty over the territory comprising said land and at the time of the making of said treaties the said Pueblo of Santa Rosa was the absolute owner with complete, perfect and indefeasible title to the land herein described against all governments and individuals and all the world, except such rights as pertained to the inhabitants of said pueblo as members thereof, and since said change of sovereignty this perfect title and ownership has continued to exist and now exists. The inhabitants of said Pueblo of Santa Rost ever since said change of sovereignty have been and now are actually in possession, use and occupation of all of said land except in so far as recently they have been wrongfully disturbed in said use and occupation by trespassers without color of right or title."

A NEW DISCOVERY

Mr. Cuffee calls the attention of the reading public and thousands of people who desire straight hair, those having a large growth of hair and experienced with the straightening comb obtain good results, but only until the hair becomes wet, making it more curly than before.

Those whose hair has been too short to attempt to use the hot irons use pomade, some of which we know when used are so astringent it must not touch the scalp. CUFFEE'S HAIR STRAIGHTENER can be applied with the hands as it is absolutely harmless.

FAMOUS GOSPEL PREACHER HERE FROM THE SOUTHLAND—HOLDING FORTH AT 25TH AND LONG BEACH BLVD.

The Rev. Charles P. Jones of Jackson, Miss., the far famed and noted preacher who two years ago preached at the Union Revival at 9th and Hemlock Street in the monster tent and who by his messages awoke this city as never before along spiritual lines, arrived here last Saturday and will preach under a tent at 25th and Long Beach Avenue for two weeks, under the auspices of Bethel Church of Christ, Rev. C. A. Washington, pastor. The meetings this week have been well attended, despite the report that has been circulated that this was not the same Rev. Jones who appeared here two years ago. The Eagle has met Rev. Jones, shook his hand and will say that he is the same Jones and that the same message of love of home emanates from his lips as before, if anything with even more power than before. So this coming week in order to get seats you must get to the tent early. Take Red cars or Hooper avenue cars, get off at 25th street.

POMONA NEWS

Our church here is doing fine. We have only one church for our people in this place, which ist he A. M. E., of which Rev. A. Simpson is pastor. The Baptist Sunday school, which meets in the home of Mr. N. Marks, gave their picnic on last Sunday. A number of friends and members attended.

On Tuesday night Rev. H. Judkins, Mr. D. Huston and wife and Miss A. Huston, Mrs. A. Simpson and Master William McCord Judkins motored to Riverside to attend a grand jubilee concert given by the Second Baptist church of that city. Glad to say that the car in which they motored is owned by Mr. D. Huston. There w ere several others who made the trip in a larger but not a more comfortable car. They were Mr. and Mrs. Gears, Mr. O. L. Harris, John Baugh, Mrs. E. A. Crawford, J. A. Austin and Miss A. Marks. Every one seemed to be highly pleased with the program.

DUARTE NEWS

First A. M. E. church, Rev. H. Judkins, Pastor.

The services Sunday were indeed helpful and inspiring. The air seemed to be filled with the Holy Ghost as the pastor delivered the sermon at 11 a. m., taking for his subject, being buried with Christ and rising in His likeness that we might walk in newness of life. This was a sermon long to be remembered by all who heard him and the hearers could truly say: "Did not our hearts burn within us as he talked with us by the way?"

We felt very much pleased in having w'th us as visitors of the Sunday school, Mr. Mackey, of Texas, and Mr. S. Richardson, who gave very helpful talks to the school. The evening service was a sacred concert given by the A. C. E. League, conducted by Miss J. Elkins. On next Sunday, at 3 p. m., Rev. Charlton, of the M. E. church of Duarte will speak for us, and we look forward for a great feast.

We are glad to report that Miss J. Locket, who has been sick for some time, is greatly improved.

Mrs. Davies is still on the sick list, and we solicit your prayers for her.

FAILS TO APPEAR

Despite the heroic measures to prolong the life of the Los Angeles Post, this sheet which has been coming forth for several years failed to appear last week and the inference is that it is all in. It seems after all that Brown, the white Negro journalist was never separated from the publication and holding the whip hand, the Colored men whom he kept in the forefront were not equal to the task of bringing in the nickels for Brown, and hence the Post joins the caravan of journals that have already been interred in the journalistic bone-yard.

ENTHUSIASTIC MEETING OF COMOBABI MINING CO.

The meeting of the Comobabi Mining Company at Roberts' Hall on Los Angeles St., was well attended, the occasion being the return of Mr. Junius Stevens, just from the properties in Arizona, with first hand information. He graphically described the progress of the work and exhibited some of the ores and photos which he had personally brought up, and after his talk those present expressed a renewed determination to do everything possible for a speedy development of this property and these stockholders are the sort that DO THINGS, and we are not backward in expressing our utmost confidence in this company and its ultimate crowning success.

STUDY YOUR INTERESTS

It is well in giving your patronage to any concern to study the interest of all the people and your race in particular and the firms that give to you recognition are entitled to your consideration at all times. We have in mind the Quality Laundry, located at 1518 Paloma St. This is a high class laundry, noted indeed for the quality of their work. This concern has always employed our people in large numbers, and now they have branched out and have given a regular route to J. L. Kennard, and it is up to the people to help make this move a successful one by showing their appreciation to this firm by giving to him your bundles.

DEMANDING RIGHTS

Dr. H. B. Frissell, principal of Hampton iInstitute, has said in a recent letter:

"As Dr. Washington and Dr. Moton have proved by their lives of quiet, unpretentious service, the colored man is going to secure recognition, not by demanding his rights, but by deserving them."

Dr. Moton himself does not seem to agree with the above as his excellent letter on Negro loyalty contains an implicit demand for better treatment. The Richmond, Va., Planet, adds:

A right is a thing to be demanded; a privilege, a thing to be deserved. fI Dr. Frissell had said that the colored man is going to secure recognition by demanding his rights and by deserving them, we would understand fully that he recognized that the citizen of color is entitled to every right and every privilege enjoyed by any other citizen. We pause to remark that the colored people in this country will never come unto their own as long as they believe that they are inherently inferior and that they are not manly enough to deserve their rights, and after deserving their rights, to demand them.

The badge of servility, better known by the look of cowardice and the halting attitude of submission to any wrong, is what is handicapping us more than anything else. Colored people who could lead a charge at El Caney and San Juan Hill should walk upright, and, while being respectful and obliging, should demand their rights when necessary and "dig deep in their jeans" to secure the necessary legal rights which will make them respected by their enemies in the courts of this country. Manhood is what is wanted and not servile submission. A blooded white man hates a cringing citizen, be he black or write, and he admires manhood, self respect and courage in a Negro as much as he does in an Englishman, Frenchman or a German.

The colored man is going to obtain his rights, Dr. Frissell, by demanding them and by deserving them.

To this the Boston Guardian adds:

We arise also to deny directly that the "quiet service" lives of Booker T. Washington or of Russa Moton secured recognition of rights. The most striking thing about the race-leadership career of Dr. Washington was that coindicent with it went the greatest period of loss of citizenship and of legal debarment from rights eevr known in any race that once enjoyed full rights and especially during the time Dr. Washington preached most pronouncedly the doctrine of "quietly deserving" rights. No further exposition of that matter by us is any longer needed.

We warm Dr. Frissell against reviving the Booker Washington—no agitation issue. Dr. Washington's own friends do not relish

In many instances small investors have made from $50 to $500 for every dollar invested. You can ha the same opportunity if you will accept our cooperation.

This is an opportunity so ique and so remarkable in its profit-earning possibilities that it shld awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a safe, clean, economically managed company on a cost profitable cooperative profit-sharing basis with all the stock ks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal operative profit-sharing plan, giving each investor a chance to secure LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels each in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance after we have brought in one or two wells, to sell their land for just much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Shld our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $60 a month.

Soaring Eagle Manager Receives Ovation in Kansas.

MRS. BASS' VISIT A RARE TREAT

Topekans Were Inspired by Eloquence of Talented Newspaper Woman.

En route to Providence, R. I., to visit her mother, Mrs. C. A. Spear Bass, wife of our former townsman, Hon. Joseph B. Bass, spent Saturday and Sunday in the city, the guest of her husband's mother, and Mrs. Susie O'Brien. She was accompanied by Miss Lynch, whose destination was Jacksonville, Ill., where she will visit relatives. Saturday the ladies made a few calls and included The Plaindealer in the list, where they spent a pleasant half hour taking "shop" and other topics. Mrs. Bass is managing editor of The California Eagle, and one of the most pleasant ladies it has been our good fortune to meet. She has never been afflicted with that disease (swell head) which is so common among "our" people when they are "up." She is just a plain, common, every-day business woman without any frills or trimmings whatever, and the fact that her husband had told her so often of Topeka and Topekans none of his host of friends were strangers to her, especially H. B. Taylor and a few others. In the afternoon Mrs. Bass and Miss Lynch were tendered a reception at the comfortable home of Mrs. O'Brien, 1180 Buchanan street, where they were royally received and given a welcome such as only Kansans can bestow.

At the close of a splendid sermon at Shiloh Baptist Church Sunday morning, Pastor Hill, formerly pastor of the church to which Mrs. Bass belongs at her home in Los Angeles, introduced the visitors. It was here that the people got a sample of the worth of the eloquent Mrs. Bass. She talked for about twenty-five minutes and captivated the vast audience with her master eloquence and sound logic. Although she resides in California, she speaks the Kansas language, and her appeal for the Negro to desert the cities and go back to the soil, was convincing and a beautiful picture of future possibilities for the Race. Her face glowing with earnestness and a heart bursting with love for her people, the speaker reached a climax of eloquence and logic when she told her auditors that "over-back" dresses and picture hats with a back-yard filled with chickens which was holding the upward march of the Race and she pleaded with them to cease worshipping such idols. She placed the stamp of disapproval on "pink teas" and urged that more good, solid work be done toward promoting business and education. Truly she is a great woman, and Topeka will always have a warm welcome for Mrs. Bass and Miss Lynch.—"I. S.," in Topeka Plaindealer.

GRAND OPENING OF THOMAS' APARTMENT HOUSE AT SANTA BARBARA LAST WEDNESDAY.

Many Out of Towne Visitors Present. Editor of the Eagle Makes Special Trip and Addresses Assembled Hosts on Roof Garden of Apartment House.

Rev. H. B. Thomas, pastor of the Olivet Baptist church at Santa Barbara, president of the Baptist State Convention, is not only a leader in the spiritual welfare of his race in this section, but he also takes the lead in giving a practical demonstration of material progress and not by theory but by actual precept. He has built with his own hands a large apartment house at Santa Barbara which will stand as a lasting monument to his thrift and industry. He has aimed high, but the mark and his work can by no means be discounted, but is worthy of emulation. He has demonstrated the proposition of having something.

A silent witness whose very silence brings forth in thunderous tones, "Go thou and do likewise," this building, facing to the westward, two stories in height, thirty by fifty-three feet, built of granite stone hollow wall, the front of which is a small court with entrances to center and two sides, south exposure.

There are two large pillars on each side of entrance surmounted by large cement posts, the interior is of the highest finish with a bath to each apartment, thoroughly modern with the very latest effects in electric and gas fixtures.

Then as a fitting finish to this magnificent building is the large and spacious roof garden at which place the opening exercises were held on last Wednesday afternoon at 4 o'clock.

Mr. J. Baker acted as master of ceremonies and after a few introductory remarks introduced Editor Bass, who remarked of the many occasions on which he had addressed various gatherings, that this was the first time that he had the honor of addressing one so sigh up in the air. He congratulated both Rev. Thomas and the citizens upon their real progress and spoke encouragingly indeed of the great work being put forth. Rev. Thomas responded and expressed his appreciation of our message and said his highest aim was to do the things that would be a stimulus to our people and cause them to aspire for real progress.

Mrs. A. E. Weber, State Missionary of the Baptist Women's Society, was present and also spoke words of encouragement and congratulation, after which refreshments were served and the guests proceeded to inspect the house.

Rev. Thomas said that it was his desire that we should see with our own eyes the work that he was doing and for that reason had us to make the journey to Santa Barbara. We were more than pleased and will say that this man is not talking, but doing. And we need more men who can bring about things as he has done. We feel like the Baptists have done well to put him at the head of their state organization and he no doubt will bring the great body to the forefront with the other great religious bodies of this state.

Rev. Thomas is a graduate of Tuskegee and is a living demonstration of the doctrine of the great apostle of industrialism, Dr. Booker T. Washington, and this splendid building is all his own individual handiwork. He made the plans, dug with his own hands the foundation, the plumbing, laid the stone, made the doors, the windows, in fact all of the work except the plastering.

All movements in this section that stand for something have his hearty support and truly the Eagle man who journeyed to Santa Barbara on this occasion was uplifted to the utmost.

ANGELUS BARBER SHOP CHANGES HANDS

The Angelus Barber Shop at 820 Central avenue, near the Eagle office has changed hands. Mr. Gus Mason, formerly of Helena, Mont., having purchased the same from B. F. Anderson.

Mr. Mason has thoroughly renovated this shop and will make it one of the most inviting tonsorial parlors in the city.

He makes a specialty of work on children; he also conducts a shining parlor in connection and keeps a line of cigars, tobaccos and chewing gum. He is an acquaintance and friend of the editor of this paper and we can recommend him as a first class gentleman and workman and worthy of your patronage. We bespeak for him the highest consideration of those who seek first class work with the most convenient.

CONGRESSMAN OSBORNE FILES PROTEST

Urges War Department to Adopt Methods That Are Not Discriminatory in Identifying Nationality or Blood of U. S. Soldiers.

Congressman Henry Z. Osborne has taken up with the U. S. War Department a matter of more than ordinary interest to the colored race, and called critical attention to an unnecessary and hurtful requirement in the recent draft for the army.

Under the rules issued, a person of the colored race when registering under the draft, was mortified to see his registration card identified by having the lower left corner torn off i nspite of the fact that the card also required the statement of the fact that the person was oftheEthiopianblood. All other races, Greek, Hindu, Chinese, Japanese, or any other race, was indicated merely by the statement of nationality on the card.

Protests against this seemingly needness discrimination reached Congressman Osborne and he promptly took up the matter with the War Department. Captain Osborne asked the reason for the requirement and received a reply from Adjutant General Crowder, that the rule was universal all over the United States and that it had been adopted merely for the sake of convenience in separating the cards.

Congressman Osborne, replying to General Crowder said: "I notice that all registrants are divided into three groups, as follows: Group A—Citizens not of African descent; Group B—Citizens of African descent; Group C—All aliens, not declarants, from countries with which the United States is not at war.

"The registration cards themselves contain the information as to whether or not the person registered is one of African descent, and I would respectfully suggest that without tearing off the corner of the card there would be no more difficulty in separating the cards of Group A and Group B, then there would be at present in separating the cards of Group A and Group C.

"I do not question that the practice adopted was intended for convenience in the hadling of the cards and was not intended to discriminate in any way against Colored registrants. It may seem an insignificant matter, and yet the importance of preventing

CHINESE LOTTERY

Language is too tame and words too feeble to attack this evil with all the vigor necessary. An evil that is blighting, blistering and damning lives by the thousands, sapping the vitality of home and Church. If it is not checked it will eventually rob many of their birthright.

I'm against it because it is taking away all self-respect, honor and decency. It is walking into homes both high and low: it is a carbuncle on the neck of this community. It is gambling pure and simple and whoever plays it has placed a blot upon their character [illegible]

that we are so mixed up that when you draw the line it rest upon the back of the christian. We have no compunction of conscience at all it seems as regards this evil. Every time that you turn you see some sanctified sister or justified brother laying aside their religion, taking up with hypocrisy, putting their hard earned pennies into a devil-fashioned scheme. I tell you frankly, if we could keep these christians out of the hell holes and get them to keep the Chinks off their door steps we could close them down to-morrow. Think of it a Chinaman, a heathen, a man who knows nothing of God, walking into a home where christianity presumably reigns, not pausing at the door to knock, but pulling it open and crying out, "hello." I have very little respect for such a home.

It used to be that men had a monoply on gambling but times have changed and women refuse to take a back seat. I tell you it is a downright shame and humiliating spectacle to see gray-haired women, some of them mothers scrubbing floors or washing clothes all day and stopping on their way to and from work to lose their money thus earned.

These sin-loving, hypocritical pharises are not fit to ever take a communion. If they come to the lords table with a satisfied conscience they simply disgrace themselves, and the Church and stand as stubling blocks in the way of sinners. Los Angeles is strolling down the boulevard of damnation at a rapid pace. Lottery playing is a great factor in her wanderings. The spiritual life of our Churches is almost nil. To try to warm up a sinner in some of our Churches is as senseless as sending a blind man to Mt. Lowe and asking him to describe its beauty. Why should such a condition exist Why should such things be? Simply because we have a crowd of lottery-playing, iniquity-loving and deceitful christians, and sometimes dressed in official robes too, trying to sing "Nearer my God to thee," when they should be crying "Where is the blessedness I had when first I knew the Lord."

The time has come for a halt. "Choose ye this day whom ye will serve." We want no gamblers in our Churches. Stop dragging her down and get out. If you will swing into perdition don't stand in the way of any desiring to come and clean up their books. Straighten out your account, be a christian in deed and truth, wash off the plate, sweep the porch, lock the door.

A NEGRO'S POINT OF VIEW

Today when the seed of democracy are bringing forth fruit all over the world, when the servants of democracy are striving to destroy the last great strong hold of aristocracy, when the cause of humanity is being advocated, propogated, and fought for by men of every race and every creed; whene the political shackles that have bound Russia's untaught millions have been sundred at a blow, when the motto of the greatest humanitarians, Liberty, Equality, Fraternity is becoming the accepted dogma of the world, today when Italy is becoming an [illegible]

battle not at the fell command of kings or lords of war, but for the righteous cause and greet death with a smile; we find the black man as ever before not cowering in the battle's wake, but in the battle's front fighting as he ever fought for the freedom of other peoples.

While our racial brothers from the African forests on the battle fields of Europe are being accorded all of the rights, privileges and consideration that is accorded any other race of people, the black man of America is being roasted in iron cages, driven from his home in the cities, his wife and daughters ravished, his sons burned and lynched, and that, too, while the Government sends forth the plea for men to forget all differences of race and color and put their shoulders to the wheel—a united people with one Country, one Government and one God.

He is forced to leave the sunny southern clime where has was wont to bask beneath the glowing rays of a semi-tropical sun, forced to leave the land he made, the kingdom upon whose throne he crowned cotton king, forced to a land of rigorous winters, and blistering summers to seek an opportunity to assert his manhood, only to find the seed of prejudice had been blown from his Southern cotton fields to the industrial centers of the north. Yet, in all humility he girds his loins for the fray, with the stench from his brother's charred body still strong in his nostrils, while the embers still glow from the fires that brought his own home low, even tho he knows his reward may be death in a furnace lit by the fires of prejudice, tho he knows the protests of those he leaves behind will fall on the ears of a government deaf to te entreaties of twelve million of its most loyal citizens, he rallies around that Country's flag eager and willing to espouse its cause.

Must the black men forever go on fighting every race's battles but his own? Must he wait in fear and trembling for the protection that is denied him because his benevolent Government needs must send food and men to a people and race that speak an alien tongue? NO! NEVER! Better had he never been brought from his primeval forest hut to this land of the free and home of the brave. Better had he, like the Indian, died in defense of his native shores never submitting to the chains of servitude that seem to have outlived the proclamation of hshis emancipation.

It is essential that the American Negro realize that not much longer can he resort to prayer and entreaties, something more than feeble protests is necessary. Lynching, segregation, and discrimination will not stop until the black man demonstrates to the South that those conditions can no longer exist. For his own salvation the black man must learn to fight. He has courage and the innate fighting qualities, yet these attributes will avail him nothing unless he has the military training, without which, to go to battle today is to go to slaughter.

The white man of America is sitting in the seat of judgement watching the black man, eager and willing to condemn if he but hesitate, and all to reluctant to praise if his conduct be above condemnation. His actions must be above censure. The race is facing such a crisic as it has never faced before. The door of opportunity is swung wide in its hinges. The black man must awake to the full appreciation of his chances. From bloodly slopes of Bunker Hill to the Massacre at Carrizal, history bears brave testimony of his valor when led by white men, the history of Haiti and Abyssinia bear testimony of how he can die when led by men of his own race in a cause truly his own.

May God grant that the black has never fight unless he fight for this Country, this flag, and this Government, but political freedom and the right to work out his own destiny must not be denied him. America has an [illegible]

Rev. N. P. Gregg, Pastor

Two inspiring congregations gathered at the People's Independent church on last Sunday both morning and evening, to enjoy the usual showers of blessings that come with the first Sunday of each month. Rev. N. P. Greggs, pastor, took his text from the S. S. lesson, 5th chapter of Isaiah. Isaiah's vision of God's glory. From this text was brought forth a number of beautiful truths among them. Humbleness, the door to the kingdom of God; another, the man who thinks himself fit to the work that God has assigned him is unfit.

The Christian Endeavor has started regular meeting again, all are invited to attend.

Services next Sunday as usual.

Lincoln Memorial Congregational Church, 34th tS. and Central Ave. E. E. Lightner, Pastor.

"Christian Self Deniel," was the theme of the pastor's sermon at the morning service, on last Sunday. Text: "If any man will come after Me, let him deny himself anw take up his cross daily and follow Me," Luke 9:23.

At the evening service he chose as his text: "And let us not be weary in well doing for in due season we shall reap if we faint not," Gal. 6:9. The Lord's Supper was administered at both services. There was one accession and membership.

All the regular services on next Sunday. Sunday school at 10:00 a. m. Preaching, 11:15 a. m. and 8 p. m. Christian Endeavor, 7:00 p. m., Topic: "Tried and Proved," Heb. 6:9-20. (A promised meeting).

Phillips Chapel C. M. E. Church—1406 Newton St.—Rev. J. C. Anderson, Pastor.

The Sunday past being Communion Day, quite a large number of members and visitors were in attendance upon the services of the church.

The pastor preached at both services and the Holy Spirit was present in force and power. Two accessions to the membership at the morning service. The pastor and members are busily at work preparing for the annual conference which will convene at this church on the 12th of Sept., with Bishop C. H. Phillips, D. D., presiding. Quite a few of our distinguished churchmen from the East are expected to be in attendance, among the number being Bishop Isaac Lane, D.D., one of the most prominent men of the Race.

The ladies of the two stewardess boards are doing good work and in fact all the departments of this busy church are at work as never before to make this the greatest years work in the history of the congregation.

Friends and visitors are always welcome to the services of the church.

SCOTT CHAPEL NOTES

Food day was celebrated at Scott Chapel on last Sunday. The people were inspired to do "their bit" toward conserving the food supply during these troublesome times. In the morning Pastor Kinchen preached on "The Day of Small Things." At 3 p.m. the Union Prayer meeting was held. A truck load of people came over from Monrovia and Duarte to join the people of Pasadena in a prayer service. There was a fine audience present Sunday evening to hear Pastor Kinchen preach on "Bread Given and Bread Required." The Ladies' Aid Society is rejoicing at the splendid success they had in the June Carnival. They will be able to clear about $50.00. Mrs. Keith who had charge of the bazaar and at whose home the bazaar was held, together with Mrs. Reeves, the president of the Ladies' Aid Society, deserve great credit for the success of the affair. Next Sunday will be a day of great importance to the Pastor and Church. There will be an all day service for prayer and fasting. The people will gather to pray for the bruised and mangled members of our Race in East St. Louis and to seek the guidance of God in preparing our young people to meet the responsibilities of this awful age. Let everybody come and pray with us. The Church will be open all day and the Pastor at least will be found at his post all during the day.

Dollar MoneyDue Third Sunday

Quarterly business occupied last Sunday at the First A. M. E. Church concluding Monday night at Quarterly Conference. In the absence of the Presiding Elder, Rev. Edwards of Los Angeles, preached Sunday and conducted the conference. Reports showed the church and its auxiliaries to be in good condition.

Next Sunday the pastor hopes to be able to preach at morning service. On the 26 and 27 a Mock Annual conference will be given by ladies of the Aid Society. The effect will aid the conference claims.

Preacher Ordained at Friendship Church

At an impressive service last Thursday evening, Rev. John Fleming of Waverly Drive, was ordained a preacher. Rev. Fleming has been a resident of the city the last several years, having previously resided in Topeka, Kansas. A young man, his activity in church and bible study have been remarkable. His ordination comes as a worthy reward and an event of particular pleasure to a large number of his friends.

Services at the church Sunday are as usual. Sunday School, eleven o'clock preaching service; B. Y. P. U. at 6:30, concluding in eight o'clock preaching and praise service. A cordial welcome awaits all.

CLAY JAXON WINS DAMAGE SUIT

White Neighbor Must Respond in Damages for Building Brick Fence 170 Feet Long by 9 Feet High. Willis O. Tyler Conducts Novel Suit

A very interesting and complicating question was presented in Department 12 of the Superior Court on the 13th and 14th day of June, when the suit brought by Clay Jaxon, of Pasadena, against Dr. E. M. Clapp, of that city came on for trial.

Mr. Jaxon, who is one of the pioneers of Los Angeles County, and well known as one of the strong Race men and business men of the Crown City, has a beautiful home at 278 Elevado Drive, Pasadena, adjoining property belonging to Dr. E. M. Clapp, a white millionaire of Pasadena. In May, 1915, Dr. Clapp erected a brick fence 1770 feet long and 9 feet high along the western boundary of the lot which adjoins Mr. Jaxon's Mr. Jaxon found that because of openings left in the brick fence, the flow of the surface waters faling upon Dr. Clapp's lot was poured upon his lot in greater quantity than before the wall was constructed. Upon making complaint to Dr. Clapp, he was advised that the wall was erected upon the advice of counsel, and that it would remain.

Mr. Jaxon immediately engaged Attorney Willis O. Tyler, who entered suit against Dr. Clapp, contending that the erection of the wall with openings therein through which the water passed on to Mr. Jaxon's land was a violation of Mr. Jaxon's legal rights.

The suit was tried before Judge Frederick W. Houser, in Department 12 of the Superior Court of this city, and on Saturday, the 30th day of June, judgment was ordered for Mr. Jaxon in the amount of $600 for damages sustained by him for reason of the increased flow of water. Mr. Jaxon, by his success, demonstrates the fact that one should stand upon his legal rights supported by the strength and ability of our Race attorneys and contend for justice before the Bar of Justice.

Eugene Walker, a graduate of Manual Arts, Class of 1917, and his brother, Clayborne Robinson, a Junior of the Jefferson Street High School, sons of Mr. and Mrs. Ralph Robinson, left last Friday at 3 p. m., for the Comobabi Mines, 68 miles west of Tucson, Aris. These boys hove gone there, to first "make good" and then be paid according to their worth to the company. They will be instructed by Mr. E. B. Patterson to handle the compressor, by Mr. Davis to handle the air drills, dynamite and become efficient underground workers. They will be under the direct tutelage of that king of prospectors, President George W. Miller, and receive instructions concerning ore occurrences and the special geological phenomenon of the Comobabi Mountains.

We consider this movement a history-making epoch, in the affairs of the Negro and we are endeavoring to make our entry into the mining world sure, by training Negroes to handle every department of the work and depend upon no one for success except God and the talents he has given us. We should have the co-operation and support of every Negro in this community to successfully finance and operate these mines. We have on hand at present the finest up to date mining equipment, owned and operated by Negroes in this country.

In addition to our compressors and air drills, we are now installing track and ore car in the tunnel and the latest modern methods of developing these claims are now in progress. We especially invite Negroes who have a knowledge of mining to join us in this worthy enterprise and investigate the value of our property from a mineral standpoint.

Attorney Hugh E. Macbeth has just returned from Tucson and the mines, where he successfully defended us in the first stage of our law suit against claim jumpers. He brought back some fine ore specimens taken from the property and reports the tunnel driven in 110½ feet with a 12-foot drift for water development.

Mr. Macbeth will address the stockholders and friends of the company, Tuesday evening, July 10, 1917, at 8 o'clock, at Roberts' Parlors, 1119 So. JLos Angeles St. At this meeting we will arrange for a disposition of the balance of the 25c stock, of which there is only $1600 worth on hand. All persons interested in the advancement of the Race are requested to be present.

EXCHANGE THE STARS AND STRIPES FOR CREPE

A. E. Duncan, a Negro barber, thinks it advisable, for the Negro claims to be so patriotic to his country, to dspense with the country's emblem worn on his coat lapel and insert therein a neat little bow of crepe instead. Take down the American flag hanging in the churches and assembly halls, fold them up neatly, send them to Washington and ask permission that there may be hung n its place a large piece of crepe, in memory of the Black heroes who made more than a special effort to protect themselves and were hampered by the police and military.

A. E. DUNCAN.

Miss Surretha Holt, daughter of the St. Paul Baptist Church, and Mr. F. D. Johnson, a young man of tact and refinment, formerly of Tulsa Okla. were happily married at the home of the bride 27 Ult. Rev. F. H. Davis, pastor of the Mt. Zoin Baptist Church officiating, Florial decorations were elaborate. Many extended greetings to the "Newly Weds" and wished for them a prosperous journey.

The "Newly Weds" together with the parents, were the happy recipents of generous courtesies given by Mr and Mrs. T. S. Botts 1500 Newton street Monday evening. Many person attended the reception given in honor of the "Newly Weds," bringing with them valuable presents and good wishes.

On Tuesday night, Mr. and Mrs. Raggett, of 1660, W. 33 St. followed the fitting example set by Mrs. Botts, by spreading a banquet in modern style. It is best described in these words, "There was nothing wanting." After a six-course luncheon was served, in which Mr. Botts and Johnson won the medal for "individual carving," the guest waved good-night.

The "Newly Weds" will make their residence at 1506 E 23rd St. for the season.

AMONG RAIL ROAD MEN

By J. William Shields,
Omaha, Neb.

We are aware of the fact that the weather is intensely warm and the flies very agitating, but we must keep our temper and avoid fighting on Dinning Cars. The occurence on nineteen into Salt Lake on the U. P. was unecessary, "If you want to show your manly art go to war."

Mr. G. W. Henderson a pullman porter from Mineapolis to Los Angeles is well known in his home town and a member of all of the secret organizations and prominent clubs, and wishes to handle the Eagle in his home, feeling that it is a "Soaring Bird."

Last Sunday Scot Jones Taylor had an unexpected trip to Kelso, California on the fastest train, No. 2, back to Los Angeles next and on 19.

William Taylor was glad to meet his Many friends in Los Angeles last week.

Gerald Moore and Harry Williams are very plesantly located in Los Angeles with their families.

Joe Knight is running to Denver on the U. P.

Robt Scott and Bob Reeves did not make Los Angeles last trip on time but they never lost anything.

Walter Petty is still on the run from Chicago to Los Angeles in the Pullman Service.

We must thank the Editor of this paper for his kind consideration in allowing us to a space in his most valuable paper and we hope that all Railroad men will appreciate the same by their Subscription to the California Eagle.

We have in Railroad service what they call "baker heater" talk which operates trains fires conductors and Superintendents from an immaginative standpoint. We would say let the higher officials do this and you try to do your duty in trying to improve the service thusly you can hold your job whatever it may be. Respect yourself and others will do the same to you. We know of several men in our D. C. Service who have talked themselves out of every job they ever had. That is why they are always walking. Still tongue means a great deal in this, as in other businesses.

If Lewis W. King is not a sport, he is not a thing.

Gonsouland Car Toilet Device
(PATENTED)

Comfort and Convenience While Traveling

The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water, **Especially in the State of Colorado.**

The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.

The **Gonsouland** Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY methods of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.

The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.

IN CONCLUSION

Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keeping clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, is all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they represent, and hope for a favorable consideration and adoption of my patents.

The use of these patents may be leased separately if desired.

May be used on street cars, overhead trains and suburban electric trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveling public, Board of Health and Railway Commission.

TO CHARLES YOUNG
Leut. Colonel U. S. Army

Read at public meeting of N. A. A. C. P. at which Col. Young spoke

Could I portray in words of grace,
The service you have done your race;
Could I but half such service do;
Then I might pen a song to you.

If I could cheer my spirit when,
Like you, I was despised of men;
If through all changes I could hold
A faith like yours, so clear, so bold.

If under pressure I could see
Like you the path to Liberty;
If I could hold my trust secure,
And laugh and suffer and endure

The petty scorn, the daily slight,
And keep my feet in paths of right;
Could calmly hold my hard won place;
And bring a glory to my race—

A glory whose unclouded sheen
Before the world stands big and clean;
Then I could feel my song was true,
If I should pen a song to you.

—William Nauns Ricks.

July 1, 1917
120 Market St., San Francisco, Cal.

No moe shall this country marvel at the atrocities of the Russians to the Jews or of the Turks to the Armenians; it will now be the mark of Cain on the country which is in the throes of battle for a real democracy.

It is also passing strange that our very own president, with all his zeal for a broader and greater humanity has never by word or act in so far as has been recorded, uttered one word against the murder lynching of human beings within our gates.

MOVING DAY

The Eagle at all times stands for law and order. We are against all lawlessness and we are with all forces that have for their object the civic betterment of our city. We are blind when it comes to parcelling out some particular law breaker, we see all of them, but our sight fails us to pick out any particular one or any particular set of men. Our aim is to put all lawbreakers on the run. We cannot agree with some of those who want to ruthlessly clean up the town with one fell swoop, with some idea gained by imagination of lawlessness, but we do think that it is moving day for lawbreakers in Los Angeles and all who come into that category should be made to understand that the environs of this city is the last refuge they should seek.

THE EAST ST. LOUIS HORROR

The great responsibility which devolves upon the editor of a Negro paper is apparent at this moment when thousands are anxiously waiting to read the words that come from his pen for their perusal at this particular time. We frankly admit that we are unequal to the task of dispassionately discussing the East St. Louis horror, by no stretch of the imagination could we have made ourselves believe that such fiends incarnate were possible in the bailiwick of Illinois, and that the dowest dregs of civilization would be allowed by the Governor of Illinois to run amuck is more than we were prepared to comprehend, but the cowardly brutes hissed on by soulless women and children have sown the wind, we are satisfied they will reap the whirlwind; we have not lost faith in God and memory carries us back to a crucial period in the bondage when the matchless Frederick Douglass had about given up in despair the successful outcome of freedom's cause, when grand old Sojourner Truth exclaimed, "Frederick! Frederick! is God dead?" it electrified him and from that time on the issue was never in doubt. In this heartbreaking time the race must not forget God, and in his own time justice will prevail. Of course there are many things about this affair upon which we must have more light than that sent out by the Associated Press, before we can be sure as to the real situation. We can not conceive that 20,000 Negroes would allow their members to be murdered without setting a dear price for the same, and especially should they have been prepared, as a warning was given in the riot in May. We believe that an organized resistance to this I. W. W. mob of renegades and rag tag hoodlums would have struck dismay to their cowardly souls, and in this the Negro citizenship would have been wholly justified. The red blooded people, who are people, of this country regardless of race, do not stand for this outrage and they saye it's up to the Negro to strike the first blow against these hoodlums and renegades and strike them hard; be not afraid to die and if you must die, let these brutes pay the price.

GOVERNOR STEPHENS' STAY IN SOUTHERN CALIFORNIA DEEPLY APPRECIATED BY ALL THE PEOPLE

Governor Wm. D. Stephens, after spending two very busy weeks in Southern California, has taken his departure for the State Capital. During his stay here he has given his time solely to the important business of the State, and he has succeeded in infusing the same patriotic spirit that animates him into every man, woman and child resident in the South.

The Governor addressed vast audiences in Los Angeles, San Diego, and other points, and he has invariably met with a cordial and responsive reception.

The State Council of Defense here has felt the acceleration of their great work because Governor Stephens has been with them, and the people generally are elated that he came.

The people of the South that know William D. Stephens best, who have trusted to his good judgment in the past, and never have they been disappointed in him, vied with one another to do him honor during his stay here, and it should be a consolation to him to know that all he advised, both in the way of economic preparedness and military sufficiency, has "sunk deep and will stay" with the people.

The Governor is being congratulated on al sides for his wise selection of an Executive Secretary, Mr. John C. Macfarland, whose mastery of detail is indispensable to ay measure of success, ad who has a happy faculty of being able to unite courtesy and dispatch.

Come again, Governor, the people of Southern California are with you as never before, and they feel better because you have spent a little while with them.

CALL FOR TENTH ANNUAL CONVENTION OF THE B. Y. P. U. AND SUNDAY SCHOOLS OF SOUTHERN CALIFORNIA

Los Angeles, Cal., May 31, 1917.

To all Baptist Young People's Unions of the Western Baptist Association, Greetings:

You are hereby notified that the 9th Anual Convention of the Baptist Young People's Union will convene in joint session with the Sunday School Convention, Tuesday, Wednesday and Thursday, July 10th, 11th and 12th, 1917, with the B. Y. P. U. Sunday School of the Tabernacle Baptist Church of Los Angeles, California. (See program for arrangement of sessions).

Dear co-workers, we are desirous of making this Convention the greatest in every respect, since our organization, and this can only be done through the leadership of our Heavenly Father, and before the close of the meeting at which this communication is read, we request that your Union offer a special prayer, invoking God's blessing upon our coming session, and with the assurance of His guidance, let us do our whole duty.

We take this opportunity of calling your attention to the small contribution sent up each year from the various unions and schools. To succeed in our work we must carry out the business part of the church, and the business part is the financial end, we therefore urge upon every Union and School to send to the Convention not less than ten cents per member for every member on your roll, and more if possible, and may we suggest that on the 2nd Sunday in July that each Union and School hold a special rally to assist in their financial returns to the convention if you find it necessary.

Trusting that we will meet a full delegation from your nion and School at the coming Convention, made up of earnest Christian workers, we remain, yours for the Master's cause, and for the advancement of the Baptist Young People of Southern California.

POLICE GET BUSY AND LAND ONE OF THE TRIO OF BUNKO MEN THAT HAVE BEEN OPERATING WITH SIGNAL SUCCESS IN THIS CITY.

Our call for action in the last issue of the Eagle has borne results, as Detective Stephens of the police department struck a warm trail and landed one of the smooth tongued gentry into the city bastile and soon will have them all rounded up. The Eagle is pleased to see this real effort of the police department to rid our city of this class of its citizenship. We believe it high time to declare a moving day for all undesirables and with their passing will also pass the reign of crime and lawlessness which has prevailed.

FATHER NELSON CROSSES THE DIVIDE

Rev. C. W. H. Nelson, pioneer A. M. E. preacher on the Pacific coast, was stricken with a stroke of paralysis at his home in San Diego on last Tuesday night. He had just returned from a visit to this city. His many friends and acquantances remarked that he did not look so well, but they hardly expected that his passing was so near. Funeral services were held Friday from the First A. M. E. church. Rev. B. R. Guy accompanied the body to the city. The services were in charge of Rev. J. Logan Craw. Rev. J. H. Wilson preached the funeral and Rev. E. W. Kinchen and other ministers spoke. Te is survived by his faithful wife and son, Dr. T. J. Nelson of this city.

WORK OF THE WOMAN'S CHRISTIAN TEMPERANCE UNION

Reports show that very creditable work has been done during the past year in W. C. T. U. circles.

Letters from Mrs. Peterson the colored National Superintendent of "Work among colored People," expresses appreciation and encouragement, with a promise to assist in plans for the year to come.

At the Great W. C. T. U. Convention held in Los Angeles recently the colored chidren's organization, the L. T. L. and young Campaigneers won First Prize in State competition for the best County "Rally Cry."

The children were undere the supervision of Mrs Whitney Superintendent of "work among colored people."

The Central City Union, (colored) of W. C. T. U. will hold their annual meeting on Monday July 9th at Ward Chapel 1314 Channing street. An interesting program is being prepared, and a treat of ice cream for the children who have helped to make the work a success during the past year.

ADMINISTRATOR FOR THE DE HART ESTATE

W. J. Thompson, formerly a prominent citizen of this city, but now a citizen of Santa Barbara, has been appointed by Judge Crow of that city as administrator of the De Hart estate, and is closing out the same. This is one case where the colored people got concerned and made it possible for an estate of one of their own race to be settled by their own professional and business men. Even colored residents in the persons of Rev. H. B. Thomas and W. J. Thomas are the bondsmen and E. Burton Ceruti the attorney.

MAJOR J. R. WRIGHT DISAPPOINTED, BUT MR. J. A. MEYERS PLEASED

The old saying that it is an ill wind that blows nobody good was exemplified at the Independent Church on last Tuesday evening, when a large audience gathered to hear President J. R. Wright, of the State University of Georgia.

For some reason Mr. Wright did not arrive on schedule as expected and the announcement of his failure to arrive was greeted with sighs. But not for long, as Mr. J. A. Meyers, of the Fiske Jubilee Singers, came nobly to the rescue and for an hour or more his description of the great work of Fiske was eagarly listened to by the audience, at the conclusion of which he sang a solo, the folk lore songs. He was compelled to respond to an encore. Mr. Emanuel Hall also sang. The audience voluntarily gave a silver offering of $11.15 for Fiske University, after which Mr. Meyers gave a Dunbar reading to the delectation of all present.

ST. PAUL BAPTIST CHURCH REPORT

A christian spirit prevailed throughout last Sundays services. At 9 o'clock, A.; M. many new scholars enrolled thus swelling the already appreciative number. The sundayschool is being placed on a new base and the visitors hail with delight a prospective future.

At eleven, an old time speaking meeting was held,—the saints told of their joyous march and battles fought, the rise and fall of Zion and triumphant victories. A glorious old-time shout and hand shake told that there is yet saints in Israel who have not bowed to baal, Pastor Holt enlevened the whole with a short sermon, "Why I love Jesus." One soul came under the colors.

The B. Y. P. U. adopted the "Model Plan" and the newly elected officer promise to bring things to pass. Evening services were well attended. Pastor Holt preached from subject,—"Under the flag." THE BAPTIST UNION

The Baptist Minister's Union meet at the Y. M. C. A. in its regular session. The Union will continue to meet at the above place mentioned temporarly until a permannent place is found. The meeting last Monday was marked with interest and many things which were benefical to the Baptist and also to the colored citizens were discussed. One of the most important subjects which was presented will be discussed at length at our next meeting Monday July 9, 1917. is "Whether it is advisable to invite the National Baptist Convention to Los Angeles, Cal in 1918. This no doubt will create quite a discussion and every Baptist Pastor of the City and County should by all means be present. Order of the Day for next Monday, "Rev R. D. Arline Subject, "Preaching." THE NEGRO WOMAN

By I. Gustavus R. Ford.

(Kansas Elevator)

(Written for the Washington Bee)

When I sit down to consider
How the Negro made his way,
Up the road of persecution
In the night and in the day:
I am forced to see injustice,
In each avenue of life,
Where the Negro woman's virtue
Strives to conquer in the strife.

More than all the other women
In these grand United States,
'Tis an awful tale of slander,
That the Negro woman relates.
More than all the ills of bondage,
Though from bondage she is free,
There is something that confronts her—
It is immorality.

You have seen throughout the Southland,
Mulattoes among our race,
Sons of Ham, without some other,
Ne'er could cause this deep disgrace.
But it was the Southern white man,
That caused such a thing to be;
Robed our women of their virtue,
Just because they were not free.

Negro women during slavery
Gave existence every day,
To mulattoes by the hundreds.
And there was none who could say nay;
For if they were not submissive
They were beaten till they would bleed,
Then forced, while in this condition
To please their master's brutal greed.

So today we find mulattoes
All throughout this hemisphere.
Such is lowering Negro manhood,
It will ruin us, friends, I fear;
For within our women's virtue,
There our strength and life doth lie
And if it is killed or trampled
What have we to do but die?

When a cry of shame is uttered,
That a Negro has disgraced
The virtue of a maiden fair—
Mobs slaughter in our race;
But if you would count the persons
In the gang that does the shame,
You'd not find a being in it
Who has not ruined some woman's name.

Do we find this self-same protection
For the woman of our race?
Can the Negro woman's virtue
Get its vengeance for disgrace?
Can they go in day or night time,
To the courtrooms of the land
And get justice? No, they tell them:
"You're an unprotected band!"

If a Negro man is faithful
To a dusky maiden's name,
And defies these hellish spirits—
Then he's murdered for the same.
So you see there's no protection
For the daughters of our race—
Greater ill as never measured,
None but her meets this disgrace.

Write your name upon the limestone,
And the water bids it fly;
Carve your name upon Gibraltar,
It will last till ages die.
As that is, well, so is virtue,
Just as said about a vine.
"Just the way that it is started,
This is how it will incline."

Though abusive this injustice,
Our Lord will win the fight,
If we pray to Him in earnest,
He will make our burdens light.
So just let the Southern white man
Plan our Negro women's shame—
God that rules with eyes of justice
Will some day regain her name.

Editor Eagle:-

On this, the eve of the anniversary of the nation's birth, it is most fitting and proper that we hesume the ojinion of the Court which will no doubt mark the birthday of freedom to the race and lead them out of bondage and place them in a position where they can and will become independent.

M. C. Davidson, Indian Agent, at page 131 of the report on Indian Affairs for 1865, said: "The status of the Papagos with respect to the soil ought to be determined in a way that no injustice will be done to them. The Mexican laws, based upon the laws of the Indians promulgated by the kings of Spain, recognized the Indians as subjects or citizens, and in most cases confirmed to them whereever they resided in fixed communities, the titles to the lands where they lived. The Spaniards never made treaties with the Indians, nor extinguished the titles to the land, nor did they in any way recognize them as independent nations. Those who now, by the transfer of the political sovereignty of the Country, find themselves upon American soil, and surrounded by Americans, look for at least a measure of recognition of their equal to that which they enjoyed under the despotic government of Spain. In my opinion, we must regard them as American citizens, and under certain conditions entitled to all their privileges." Rep. Sec. of Int., 1865, p. 299, Ex. Doc. 39th Cong., Vol. 2.

It is conceded, as indeed it must be from a study of Spanish and Mexican history, that plaintiff pueblo has continuously occupied the Valley of Santa Rosa from time immemorial. This logically brings us to a consideration of its legal status. We find that, under both Spanish and Mexican laws, extending from the Spanish invasion down to the cession to the United States, all Indian pueblos were accorded large legal and political privileges, with the power of having municipal self-governments and of choosing local officers with due relation to their responsibility to the public, and the power to hold property and to appear in court and sue and defend on their own behalfs. Each pueblo held title to its land in common, and in general its political and legal status was that of a juridicial entity. Indeed, after the Mexican succession, they were elevated to citizenship and civil rights. Hall's Mexican Laws, Sec. 101.

The Laws of the Indies, which were begun by decree of Charles V in 1543, and extended by subsequent decrees of the Spanish kings, contain much in recognition of the right of Indian pueblos t otheir lands in Mexico. In book IV. Title 12, Law 14 (1578) it is said: "Because we have wholly succeeded to the lordship of the Indies and because the public lands not granted away by the kings, our predecessors, or by us in our opinion belong to our patrimony and royal crown, it is suitable that all the land which is held in possession without just and true titles shall be restored to us as it belongs to us so that, resering before everything that which to us or our viceroy, courts or governors may appear necessary for plazas, commons, public lands, pastures and territory of the inhabited villages and towns in view of their present condition as well as of the future and their possible expansion, and granting to the Indians that of which they may reasonable have need for working the land and making their crops and for their education, confirming them in that which they now have and giving them in addition that which is necessary, all the rest of the lands may remain an dbe free and unencumbered to be disposed of according to our will. Wherefore we order and direct the viceroys and presidents of the pretorial courts that when it appears proper to them they shall announce a suitable limit of time in order that those in possession may exhibit them and the officers of their courts which may name the titles of the lands, plantations, farms, stock farms, protecting those who are in possession with good title and guaranties or with just prescription and they shall return and restore to us the remaining land to be disposed of according to our will."

Further quotation from the same laws confirm the Indians in respect to their titles. "We order that the sale, cultivation and adjustment of lands shall be made with such precautions that to the Indians shall be left the lands which belong to them, not only as individuals, but aso as communities." Book IV, Title 12, Law 18 (1642). "No one shall be allowed to enter into a composition of land unless he has possessed them for ten years; even though he may allege that he has so possessed them, because this pretext alone must not be sufficient, and the communities of Indians shall be admitted to composition in preference to the other particular persons, granting to them every convenience." Book IV, Title 12, Law 19 (1646) "It is just that the Indians shall have time to work their properties and those of the community and that the viceroy and governors shall proclaim that which may be necessary to the end that they can come to their farms." Book VI, Title 1, Law 23 (1609).

By the Laws of the Indies, comprehensive provision was made, not only confirming title to lands held by the Indians individually and in common, but establishing regulations for their better government and especially for the protection of their property rights, with ample provision for access to the courts.

I am going into full detail in regard to the titles to the land secured by the Progressive Educational Association, as I deem it extremely essential that everybody contemplating a purchase of these lands in the colony, shall be fully informed, and shall pursue it until the opinion is thoroughly gone into.

Very sincerely yours,
James H. Logden.
Chief Counsel, Progressive Educational Association.

A Negro's Point of View

loyal people than citizens of color, but loyalty is the loyalty that free men have for the land of their birth, thel loyalty of a thinking people who ask in return only equal citizenship.

A rennaisance of liberty is sweeping the earth. The morning sun ushered in the day of the slave and the whipping post, but when its last red rays bring to a close this bloody day out of its cataclysm with the birth of a new day will come the true brotherhood of man of which we read so much but see so little. The sentiment of the American people is going to be revoluntionized and the Negro is going to be a potent factor in the changing of this current of thought.

Nine generations of black people have lived and slaved, fought, bled, and died on American soil and for American institutions and the word traitor has never been applied to one of these. May it never be applied to an American Negro.

America is our Country, the land of our nativity, the land of our fathers, and their fathers. Our blood was spilled to wrest it from the claw of the British Lion, our blood was spilled that American seaman might not be impressed on English Man o' wars, our blood was spilled that this country, one and undivided, might remain and freedom wa our reward. Freed, we fought to free the Cuban. We gave our blood in Mexico, the foreign legion of France has records of our worth. Courage we have to live, and the courage to die. Let America call on her black millions, let her place black officers at their head, and for God, for Country, and for Right the American Negro will fight the good fight, a defender of the honor of his Race, a contender for the rights of his posterity.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. Prof. J. S. Banks Flays Mob Law at the Forum

Analaysis of the East St. Louis Horror Read at the Forum Sunday, July 15th.

It is strange irony of fate that the cial group in our heterogeneous opulation who gave their first blood r American liberty, whose loyalty to e flag is a part of their religion who every crisis of the nation requiring e test of patriotism in the clash of ms with foreign foe, have proved eir strength and devotion to the tion's cause; who even in the very rkest days when the nation was rent th sectional strife and fratricide when the shackles of slavery had arcely fallen from their limbs—still ood up like men, and fought and ed that the nation might live— I y it is astrange irony of fate—that ch a people cannot even at this late y find protection under the flag om the murderous assualts of a peoe obsessed with the most human ssions, as unrestrained as wild asts of the jungles. These people, o, claim to be the progeny of the orld's best civilization.

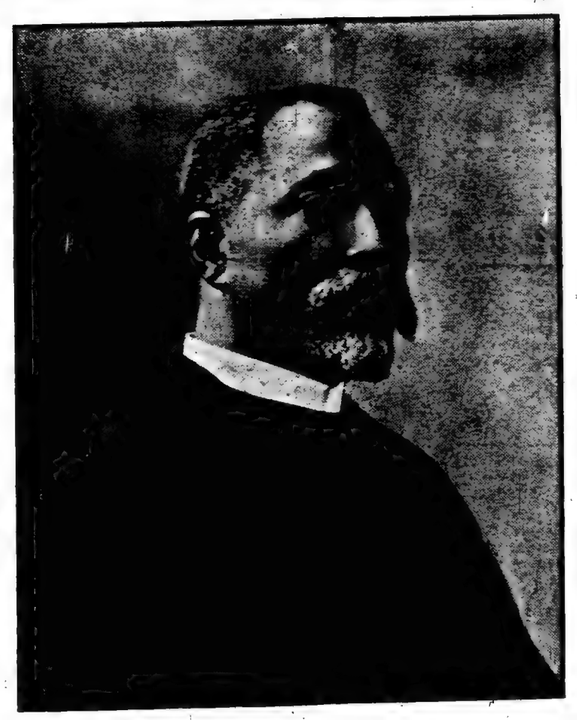
Just eleven days ago we were celrating the Fourth of July, the days days in the American mind; the cred day—when feelings of patrioam reach the high water mark and rejoice in the strength of our tional entity; when we re-dedicate rselves—our all in all declaration of

JUDGE F. S. FORBES.

dependence. It seemed especially gnificant that on the fourth of ly our nation should be preparing r war with a foreign government hose imperial power is considered a enace to the liberties of mankind, r America has long been recognizas the champion of human liberand human justice. America is the g brother of the world. But here is nother view, a striking deporable ntrast. On this same Fourth of ly, just passed, a reign of terror, a rnival of murder was being conducted in East St. Louis in the United tes. Men, women, and children—l of them native-born Americans—l of them law-abiding citizens—were ing tortured and killed in a manner arcely to be conceived of among y other people claiming even a all degree of civilization. When e hear of the atrocious murder and tal treatment of the Jews in ssia, of the slaughter of Armenians the Turks, the world stands aghast. ations are fired with indignation. ll the weight of their diplomacy, eir religion, their money, and whatver else they can reasonably bring bear, are thrown into the scale ainst it. The United States, true to r noble traditions, may be found alays in the very forefront of the nations thus protesting in the interest of humanity. But where among Christian peoples, except in the United States, at the preesnt time, has murder, meerly for the sake of murder, become a community festival?

"Negro shoots" in this country are more popular than clay pigeon shoots. Killing Negroes on a grand scale is becoming a moveable feast in Christian America. In some sections of the country, at least, it may reasonably be standardized with other community fetes, and it will doubtless eclipse them all in genuine soul thrill and glory glee.

What significance could the Fourth of July have had to the white citizens of East St. Louis? To the Negroes—those who may have still been living to endure the prolonged tortures of body and soul, we know that the Fourth of July brought a vision of hell with all of its furies turned lose. What could the Fourth of July have meant to the Governor of Illinois? What could it have meant to the state of Illinois? May we not ask also, in the light of events just enacted in East St. Louis, what can the Fourt of July now mean to the United States—now—as the nation goes forth to battle for the world? And then, in a very particular sense permit us to ask what can the Fourth of July mean to the National Guardsmen of Illinois—those who having been sent to the scene of trouble to restore order and protect innocents, freely surrendered their arms to the community murderers who requested it, lest the soldiers might hurt someone? Soldiers! What a travesty!



We may find particular pride in the fact that it has never been recorded of any American Negro in the uniform of a soldier that he handed over his gun to the enemy in voluntary surrender. Negroes do not make that type of soldiers. If National Guardsman at East St. Louis passed over their weapons to the mob—and it is reported that they did—they were, of course, not in sympathy with even the feeble efforts of the state to protect citizens who were Negroes. These Guardsmen sympathized with the mob. They believed not in law and order. They had no conception of the duty of a soldier—no sense or honor; no courage of manhood. They "laid down" to the enemy—cheerfully—willingly—and "grinned" when asked the reason why. That is the way the newspapers reported it. It is the practice among nations that when soldiers surrender to the enemy without resistance, such soldiers shall be courmartialed and shot. There is no danger of such a thing in this instance, of course, and there is no desire that it should be done, but the act is none the less dishonorable and despicable, for the state can have no worse enemy that its own citizens who mockingly brush aside its authorities and use the nstruments of law and order only to facltate lawlessness and disorded.

Now consider this; The Negroes who were beaten and bullied and murdered at East St. Louis, were not criminals. They had committed no wrong, They were not vagabonds. They became easy prey of the murderers, because, it is alleged, they worked where work was offered—where work was required to be done. It is stated by employers, according to newspaper reports, that not a single white man had lost a job because of the employment of Negroes; that all white men who wanted employment received it, and that there was till a shortage of labor to man the industries of East St. Louis.

There are those who tell us now that the human slaughter in that horrible City was the result only of a labor riot, but I do not think such a view would hold in the light of close investigation. But suppose it was a labor riot. In what way does it alter the case? The one big fact that overshadows everything else in connection with the matter, is that citizens were wantonly murdered without any cause which seems even remotely reasonable. I hold—and I know I hold with all right thinking people—that whether or not a man be black or whote, brown or yellow; whether or not he is a member of the labor union—inclined to strike or not strike—**he cannot forfeit** his right to live and work just as a **mere man** and a **mere citizen.**

We know, of course, that labor riots often assume very serious proportions, entailing the destruction of life and property, but the various states, as well as the national government, have been very stern in their attitdue toward such movements. They have always been quick to adopt effective means of checking any labor uprising that was resigned to block the wheels of industry or obstruct the channels of commerce. During the administration of President Cleveland, he did not hesitate to send soldiers of the regular army into the city of Chicago to quell a labor riot. This he did without the request of the Governor of Illinois. Mr. Rosevelt did not hesitate to take hand a hand when there was trouble in the anthracite coal region. Congress, last fall, at the request of President Wilson, passed the Adamson law as a preventive of the threatened strike by railway employees. This very day soldiers of the regular army are patrolling the mines at Globe, Arizona, to keep down any demonstrations. These are instances

THE GRAND MUSICAL CONCLAVE OF THE ALL AMERICAN LEAGUE AT WESLEY M. E. CRURCH A PROFOUND SUCCESS.

Notwithstanding the unusual number of public functions last Monday night, Wesley M. E. Church had a very large and appreciative audience presnt to witnss th unique musical program rendered largely by pupils of the dfferent music studios of this city. Among those teachers and studios represented were Mrs. M. E. Mallory, Miss Lilias G. Hart, Mrs. M. O. Bowers, Professors Douglass Greer and E. Atkinson. These demonstrated to the satisfatcion of the very appreciative audience present that the great work they are doing for the musical training of our youth is very satisfactory and successful. Not only was the very excellent training of their pupils shown to a great advantage, but the thorough efficiency of the teachers shown to a great advantage. Mrs. Chas. Herbert was Mistress of Ceremonies and she acquitted herself in this trying position very creditable. The opening number, anthem, by Wesley Choir, led by Prof. Albright, showed the work of cultured voices in complete harmony. Rev. Shaw, the pastor, made a very appropriate invocation and John Hall's Famous Jubilee Singers, as usual, received great applause and encores. Then followed a very eloquent address by President J. C. Colly, All-American League, wherein he showed it was the purpose of the League to stand for good citizenship in its making, and as to one of the best means of fostering patriotism was to begin at home, in the family the unit of society, and make for an economic preparedness that will guarantee each and every citizen equal opportunity. Master Jodie Shipply accompanied by Miss Laura Shipply, rendered a violin solo that was well executed and showed both great skill and the excellent teaching of Mrs. Hallory. Little Miss Ernestine Jones, who was entered by her mother, who was confident that her daughter would excel, played a waltz in E flat so true to touch and inspiration that she received repeated applause and responded with an encore of equal merit; Miss Edna Heard showed great finish in her performance of two classics from Shubert and Goddard; she was followed by a piano trio, Misses Barbara Alexander, Grace Grehot and Helen Harold, in the "Barcarolle," Offenbach-Silver, which demonstrated most satisfactory the painstaking teaching of Miss Liliah G. Hart, who is unquestionably the mistress of the musical art. Mrs. O. Bowers was represented on the program by little Miss Hilda Baker, who gave a faultless rendition of a piano solo, "Hungary," Op. 13, again appearing with Miss Irene Salisbury, who first had rendered very effectively "Sonata Pathetique," Op. Beethoven, in the pano duet, "La Reine Des Fees," Op. 42. The duet was most ably rendered by the Misses Baker and Salisbury. Little William Narcisse handled his violin solos like a young master. Professor Greer directed the Second Baptist Choir in a truly masterful manner, and the choir showed a resonance and finish inferior to no choir in the city. The vocal solos of Professor E. Atkinson stamped him a singer of genuine worth with a warm sympathetic voice and wonderful expression. All of the numbers were generously encored and the performers readily responded with new effort. After the performance the membership rolls of the All-American League were opened, a large number oined. There were also refreshments served in the basement. On a whole the musicale was a grand success and the President stated would be an annual event. This article would not be closed properly without stating that he Committee on Decoration made the auditorium profuse with American flags and floral pieces. To Mr. Baker and his able assistants much credit is due, also to Mrs. Jones and E. H. Hubbs.

NOTABLE MEET NG HELD

At First Methodist Episcopal Church, Pasadena, Sunday.

It was a great meeting, at a great church, by a great people and at a great time on last Sunday afternoon at the First M. E. church in Pasadena.

The occasion was gotten up as an expression meeting, and truly the expression there, if crystalized into sentiment, would undoubtedly make the country one great democracy indeed.

The meeting was presided over by Rev. W. E. Kinchen. The first speaker introduced was the Rev. Smith, pastor of the great church, who left no one in doubt as to his position for a real democracy, and in a scathing rebuke denounced the mob spirit that prevailed at East St. Louis.

Mayor Hamilton was next introduced. He, too, gave expression to the highest and most noble sentiments and extolled the colored people of Pasadena in such words of appreciation as must indeed be

HUGH E. MACBETH

to them an incentive toward the acquirement of addjtional worth.

Judge F. S. Forbes, the next speaker, expressed himself so that no one could misunderstand him, and in one of the most notable addresses to which the writer has ever listened, discoursed on democracy, in which the ruling thought was that we must first "Justify Democracy" with ourselves. His address was greeted with thunderous applause.

The next speaker was Attorney Hugh E. MacBeth, who, in his usual forceful and eloquent manner, brought out his ideals of all-Americanism—thus bringing to a fitting climax one of the most notable occasions ever held on the Pacific Coast.

Special mention is due the mighty choir of the Eighth and Towne avenue church. This choir has fifty-five members, and the large audience enjoyed their renditions to the utmost.

Rev. Kinchen, in whose fertile brain was evolved the idea of holding this great meeting, is especially entitled to much credit for the thought and putting the same into execution.

OFFICER LITTLETON McDUFF

OFFICER LITTLETON McDUFF GAINS HIGHEST MARK IN COMPETITIVE CIVIL SERVICE EXAMINATION.

In a recent competitive examination held by the Civil Service Bureau to secure eligibles for the rank of Detective Sergeant in the local police department, Officer L. McDuff successfully stood the written and oral tests and received the highest rating of the one hundred applicants.

We wish to commend Officer McDuff for the manner in which he has even exceeded the expectations of his many friends by his diligent study in order to enable himself to fill his position with credit to himself and his Race.

During his seven years service, as a member of the department, we have watched his career in the different clerical positons and field details and believe that the confidence reposed in him by his superior officers is well placed.

We wish to extend our sincere appreciation to the Honorable Board of Civil Service Commissioners for their fair and square dealing, thus corroborating the words of the Eagle, "Success must be attained by merit alone."

We anticipate the early promotion of Officer McDuff to the rank of Detective Sergeant, which has already been reached by Officers Glenn and Stevens, and assure all three, as well as the other members of the department, our hearty co-operation in the suppression of crime.

Marks entertained a number of her friends on last Sunday, the occasion being her twenty-first birthday. Mrs. A. Simpson, the mother of Mrs. Judkins, is on the sick list, she is one of the mothers of the church here and is missed very much by all of its members.

What the Churches are Doing

PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton St.
Rev. J. C. Anderson, Pastor

The services at this church on the past Sunday were very enjoyable. Rev. J. R. Rector, the pastor of our church at Berkeley, preached on Sunday morning to a very appreciative congregation. A spiritual feast was enjoyed. Rev. Rector is one of the old pastors of our church and is still very active and successful as a pastor.

The pastor preached at the night service to a splendid audience and another inspiring service was enjoyed.

The various auxiliaries are busy at work preparing for the rally on the 29th inst. A grand concert will be given by the choir on the 24th inst. at Mt. Olive Baptist church on East First street, near Savannah. This concert promises to be a musical treat.

The pastor will fill the pulpit at both the morning and evening services on the coming Sabbath and we are expecting the membership out in force at both services. Friends and visitors always welcome.

The children under the direction of Mrs. Anderson will give a "Tom Thumb" wedding on Friday night, July 27th. The public is cordially invited.

The Baptist Ministers will meet with the West End Baptist Mission at Normandie Ave. and Jefferson St. Sunday, July 22, at 2:45 p.m.

All the Baptist churches will be represented. The West End Baptist Mission Sunday school was organized July 8 with 42 children. On July 15 we had 56 in roll. We are hoping to do a great work on the West Side.

Come and help us.

Rev. Holt, pastor of the St. Paul Baptist church will preach.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

Sunday was a day of shower of blessing at Second church. The pastor preached morning and evening to appreciative congregations. He was assisted in the morning by Rev. Lee of the Holiness church.

The afternoo nservice was a great feast of good things. Rev. Rayford led a soul stirring praise service, after which Dr. J. Logan Craw, the Gospel preacher of the coast, delivered a sermon on the "New Creation" with great force. It was one of the strongest sermons ever delivered in our city, logical and philosophical, delivered with that power from above that edifies and revivifies the hearts of the people. Phillips Chapel famous choir directed by Prof R. M. Mitchell with Miss Lorenzo Jordon, accompanist, sang the glad tidings of the Son of God until every heart was thrilled and lifted up. Dr. A. P. Shaw of Wesley Chapel in his delightful manner installed the officers of the Methodist Ministers' Alliance. Dr. J. C. Anderson, president; Dr. Craw, vice-president; Dr. B. C. Robeson, treasurer; Rev. Edwards, secretary.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, D.D., Pastor
Cor. 18th and Paloma Sts.

Many hearts were made to rejoice and many souls were inspiried by the glorious services at this church, last Sunday. The sermons relivered by Pastor Greggs were indeed impressive and edifying.

Great work is being done by the Sunday School. The attendance continues to grow.

Much enthusiasm is also being developed in the Christian Endeavor, which meets every Sunday evening at 6:30.

In addition to the regular services, next Sunday, the grand lodge of the Knights of Pythias will held their memorial services at 7:45, a great time is anticipated.

Wonderful work has been done by the various auxiliaries of the church. Through their efforts all of the furnishings of the church have been practicallypaid for. The third quarterly conference will be held on Monday evening, the 30th inst., and detailed reports from all departments will be made.

FIRST A. M. E. CHURCH NOTES

Rev. J. Logan Craw, Pastor
Cor. 8th and Towne Ave.

Services last Sunday were up to the usual high standard. Many visitors were present. The pastor delivered both sermons and there were five accessions to membership. One at class Thursday night, which gave a total of six for the week. In the "Special Effort Dollar Money Rally," the largest amount paid in at any one time, during the past two years, was turned over to the Pastor. This is indeed true loyalty. Many members and friends have promised to pay this Sunday. Let each one who can do so, pay now. Don't be the last to do this benevolent deed. Mr. Johnson and the choir enraptured the audience with their sweet singing on this day. You are always welcome to our services.

Educational Day Sunday! Educational sermon at 11 o'clock and special selections by the choir. At 8 o'clock the vested choir will render special anthems in extraorinary educational program with the following notable persons participating: Prof. Fred M. Roberts, Dr. E. C. WESLEY M. E. CHURCH

Rev. A. P. Shaw, D.D., Pastor

Last Sunday was family day at Wesley M. E. church. At 11 a.m. a large audience that overflowed the main auditorium into the Sunday school room listened to a powerful sermon by the pastor on "The Family of God." At 7:45 p.m. the pastor preached on "Christian Enthusiasm" to an appreciative audience. Our classes were never in better financial condition. Our collections have risen from an average of about six dollars to twenty dollars last Thursday evening.

This Sunday will be one of unusual interest. We are striving to make every Sunday special. "No dull days at Wesley" is our motto.

At 11 a.m. the pastor's subject will be "The Path of Life." At 7:30 p.m. special evangelistic services. One half hour of song service before the sermon by the pastor on "Where Art Thou?" For the next month or two, perhaps until conference, we shall have special revival services every Sunday night. Special evangelistic music by the choir. Do not fail to attend these services. Bring your unconverted friends. All are welcome.

BANQUET DE LUXE GIVEN BY PACIFIC COAST TABERNACLE INTERNATIONAL ORDER OF TWELVE

On last Tuesday evening, at Central Hall, on Washington and Central Ave., was given the most elaborate banquet of the season by the above organization. It was truly prepared and served in six courses a la De Luxe and will easily rank as the very best conducted and service of any occasion of the kind ever held in the city. Mr Bert MacDonald, as Toast Master, was superb, and the various toasts rendered highly fitting for the occasion. Great credit is due Mrs. Vernon Grays as chairman of the arrangement committee; Mrs. J. Clark, her assistant, for the splendid arrangement which made this the stellar event. Also the work of the other committees which did such signal service, consisting of Mesdames Jackson, Batiste, Doggins and Miss M. Busby.

Cupid Appears.

On Friday evening Mrs. C. Hulbert of 1468 E. 20th St. entertained in honor of Miss Antoinette Young. The house was crowded with young people, who amused themselves with music and in talking until the program was called. The numbers were appreciated by all, and especially the solo of Miss Young's, whose engagement to Prof. R. G. Jackson of Western University of Kansas City was announced in a very unique manner by Cupid, who appeared in the parlor in the person of Master Fletcher Robinson, son of Mr. and Mrs. Isaiah Robinson of E. 18th St., and after having spoken to little Ernestine Jones, departed. At his departure Miss Jones found a card on the floor, and upon reading its contents aloud, disclosed the secret of two hearts. Refreshments were then served the guests.

Spring St., Tuesday evening, July 31, will please everybody. This Vaudeville and Minstrel will be given under the auspices of the National Association for the Advancement of Colored People, and it will be the best entertainment of the kind ever given in Los Angeles.

2. Hawaiian number, rich and refreshing, by five Hula-Hula girls. Here you catch a whiff from the breezy isles of the Pacific.

4. playlet: "A Boarding House" (Farce) bright, snappy, witty.
5. And then, what do you think?—An old fashioned Georgia Minstrel, done up in the prettiest of costumes, and coming in nice, neat little parcels. YOU MUST NOT MISS THIS GREAT SHOW.

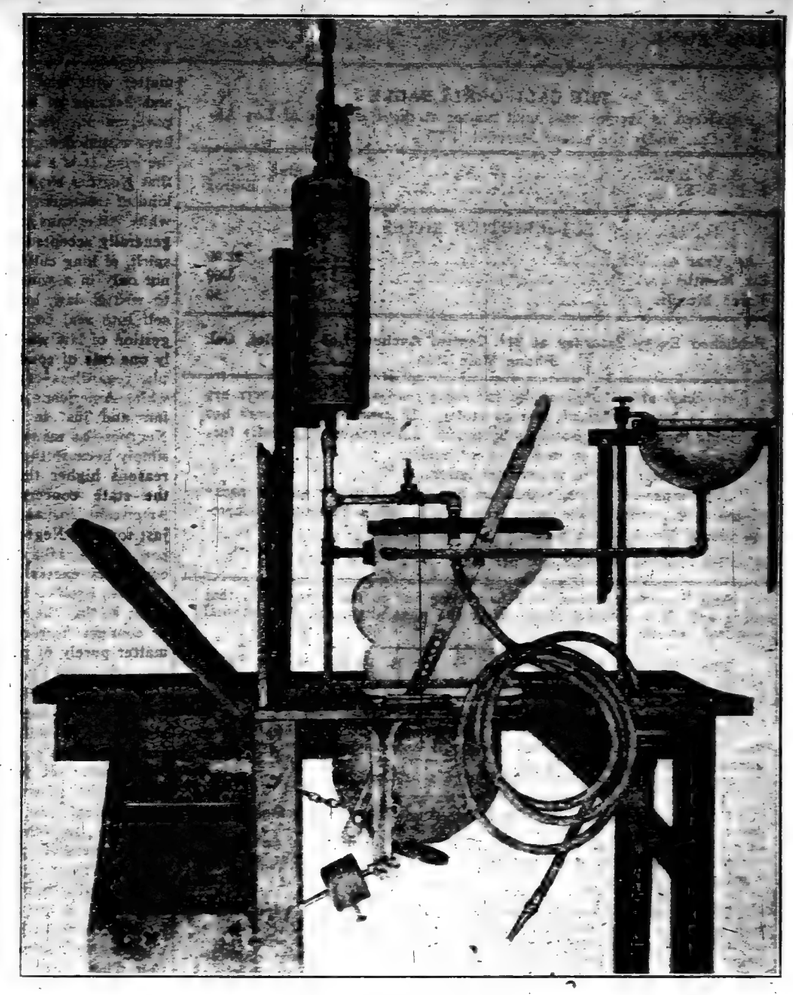
FIRST A. M. E. ZION CHURCH
Pico and Paloma Sts.
Rev. B. C. Robeson, Pastor.

In Golations the 6th chapter and 7th verse, is found these words: "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap," was the subject of a beautiful yet practical text last Sunday by the pastor.

He spoke of the sinners and their folly, which seem to satisfy only for the time being and how eventually it ends up in sorrow and shame. He compared the lives of sinners with that of some explorers who were lost in the wilds of South America, and after their food had run out how they subsisted on a plant which seemed to fill and satisfy, but they grew week and emaciated all of the while, because of the fact though the plant could appease hunger, yet it did not have any mitritive value and could not sustain life, and after a while they perished, just as those who follow in path of sin, though seemingly satisfied, but in the end perish.

His comment on the East St. Louis massacre was timely and not amiss, and were from all indications the sentiments of all present.



The Annual Conference has been brought forward to Sept. 19, instead of Oct. 10, therefore the Quarterly Conference will convene on Aug. 27, as was the intention.

The pastor will choose for his text next Sunday, at 11 a.m., "The Eternal Christ." At 8 p. m., he will talk on "Use Your Talents." Good ventilation. Services not prolonged. Strangers welcome. Sunday School at 9:45 a. m.

DUARTE
FIRST A. M. E. CHURCH—REV. H. JUDKINS, Jr., PASTOR

We feely highly honored in having with us on last Sunday, Rev. S. E. Edwards and wife. We also had visitors from Pasadena and Pomona, Rev. Edward preacher for us both in the morning and afternoon and he gave us a glorious message at both services. nI the morning he spoke from Acts, 10:34; and in the afternoon from Rom., 12:2. Rev. E. Wilson, pastor of the Second Baptist Church and Rev. Parks were wth us in the afternoon.

The voice of eevry one is proclaiming the ojy that they had at Fish Canyon on the Fourth of July, where they attended a picnic and barbecue given under the auspices of the church. The lectures given by Dr. Shaw of Wesley Chapel and Rev. Price of Wards Chapel shall not soon be forgotten. The Shining Star Glee Club entertained for the church at Duarte School House on Tuesday night, the audience was composed mostly of white people, who spoke of them in the very highest terms.

Gonsouland Car Toilet Device
(PATENTED)
Comfort and Convenience While Traveling

The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water. **Especially in the State of Colorado.**

The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.

The **Gonsouland** Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY method of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.

The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.

IN CONCLUSION

Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keeping clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, is all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they represent, and hope for a favorable consideration and adoption of my patents.

The use of these patents may be leased separately if desired.

May be used on street cars, overhead trains and suburban electric trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveling public, Board of Health and Railway Commission.

And it seems to those who have their ear to the grass roots that there will be a colossal shake-up in the next alignment for national political honors.

The patriotic address delivered by W. E. Easton at the Violet school grounds on the Fourth of July was a greater service to the people than all the rantings of a dozen soreheads in as many years.

The harpies who are wont to knock cannot discount the work of such forces that brought about the great expression meeting at Pasadena on last Sunday. These men do more in one minute for real progress than all the knockers can do in a lifetime.

Colonel Roscoe Conkling Simmons, whose star as the orator of the day is just now in its ascendency, certainly is making good and one of the phrases he used in a speech as Memphis sounds good to us, viz: "Don't get mad and drop the flag. That is just what your enemies want you to do."

The Portland Advocate complains that there was no representation of the race on the reception committee which met the Belgian committee which recently visited that city, in contrast to all other races being so well represented. Now, Brother Canady is is just possible that the colored peope are not so fussy over meeting that commission; they might have a remembrance of the treatment of the Belgians to the blacks of the Congo and remembering the same had no desire to do honor to that people.

SIR KNIGHTS AND PYTHIANS, WELCOME

We are glad to welcome to our city this week the delegates to the grand sessions of the Knights of Tabor and K. P.'s respectively. We trust that they will accomplish much good for the welfare of their orders and that their stay will be highly beneficial as well as a pleasant one.

We will be pleased to help make it pleasant for you and we extend a cordial invitation that you come to the Eagle office and make it your business headquarters, and we are satisfied that all of our citizens will equally make you feel at home and wish you the greatest success in building up your respective orders.

VERY COMMENDABLE INDEED

After all Los Angeles citizens need to be commended because they are conservative, safe and sane, and cannot be forced into any hurly burly stampede by the braying of windjammers or with any of the hallucinations they are heir to, but calmly they measure the distances and act, such action speaks louder than words, condemns in unmeasured terms the man who always has a chip on his shoulder looking for trouble and commends the men and women of this community who are doing things. The men and women who are a part and parcel of the growth of the community and we say again that this is one of the strongest and most redeeming features of our citizenship in Los Angeles

of labor trouble pure and simple, together with the procedure used against them.

But the history of race troubles reads differently. The mental attitude of the law authorities seems naturlly different here the persecution of Negroes has been carried on at various times and places. Look at Atlanta; lok at Memphis; look at East St. Louis. Cast your eyes any day over Georgia, Mississippi, South Carolina, or Texas. From that quarter has there ever come a voice strong enough to be heard in the interest of Negroes? When has the mailed fist of the law ever been raised to stop the inhuman treatment to which Negroes are commonly subjected? Well may we lift our voices in lamentation with David: "I looked out on my right hand and beheld but there was no man that would know me, refuge failed me; no man cared for my soul.' We will probably learn before long that it is useless to rely upon sympathetic authorities to give us the protection which is our legal due. Necessity may drive us to settle somethings ourselves with those who would murder us and even our babes in their cradles.

The labor phase of the trouble at East St. Louis, in my opinion, was only a surface development. Why then, do you ask, were Negroes so brutally dealt with at East St. Louis? Because, mainly, the enforcement of law regarding "life, liberty, and pursuit of happiness, so far as the Negro is concerned, has never been a serious matter with any state government, and because of our dual system of government, the federal authorities have assumed no real responsibility in the case. It is a sort of unwritten law that Negroes shall be subject to any kind of treatment that it may please white Americans to give them. It is generally accepted as proper. This spirit, of long cultivation, has resulted not only in a widespread indifference to written law, but often resolves itself into real contempt for any suggestion of law which would mean only one rule of conduct for all the people, regardless of race or color. If white Americans are disposed to be fair and just in their treatment of Negroes—as many of them are—it is simply because they wish to be—for reasons higher than any with which the state concerns itself. If white Americans do not wish to be fair and just toward Negroes, their prejudicial conduct may take on any form and become very excessive before the state permits itself to be concerned. The point is, that the white man's attitude or conduct towards the Negro is a matter purely of personal privilege—not influenced by and statutes of the states or the nation.

Of course, the state must affect some sort of indignation and embarrassment when these excessive outrages occur. It permits to pass unnoticed the mistreatment of Negroes in a general way; it regards with indifference, sometimes—often—individual instances of cold-blooded murder of Negro men, women and children; but coducting human butchery on the order of a holiady carnival, is perhaps too new an institution to pass over without some offer of explanation. The World would not understand. However, if the state permits the smaller instances referred to, it must stand for the larger. The state is responsible. It has permitted one class of citizens to indulge its prejudices and passions regardless of law, of ethics or religion. In the meantime it has practically denied to another class of citizens the ordinary privileges of citizenship.

It has willfully neglected to safeguard the latter class of citizens in the enjoyment of those "inalienable rights" noted specifically in the declaration of principles upon which the nation was founded.

I would not have you understand that the above reference of to any particular state. It may apply to any one of the many of the states comprising the United States. It is a question, indeed whether any state or section of our country is really immune from this contaminating evil. It is simply the weak place in Americanism—the best expression that our national democracy has yet been able to give. in spite of all that the Fourth of July stands for. East St. Louis is not worse at heart than Memphis, Illinois is not worse than Tennessee, or Georgia, or Mississippi. They are all Americans, and they are congenial, it would appear, in the prevailing fashion of butchering Negroes. It is a fashion, we hear, in which women and children are permitted to participate merrily and equally with the men. It is a festival of murder.

There is one fact in connection with the new streak of Americanism which invites very particular attention from thoughtful people. It is this: in the midst of the racial conflicts which we are having from time to time in this country, it appears, beyond all question, that the standard of American character is being lowered—or is at least in process of a very strange transformation. The high ethical standards, humanitarian principles, and ideals of democracy, set up by the fathers of the republic, do not now seem to be so firmly fixed in the hearts and minds of the American people as they were in former times. Fifty years ago, for instance we could hardly believe that a woman—even thought she belonged to the humbles classes—could be voluntary witness to scenes of murder, and that she could be a willing participant in the act of murder, is hardly thinkable. Not even the most cruel slave masters, we do not believe, would permit their wives and daughters to witness the punishment of slaves. The slave oversees, that type of humanity considered "a thing apart" among Southerners, was the instrument of cruelty for the slaves, and his operations had to be far removed from the presence of people of finer feelings.

The case is different today, it seems. White men who are now practicing this new form of Negro butchery seem to be teaching their wives and children that it is not only pleasant and proper to murder Negroes, but that it is a pastime calling for heroics; that it is sublime to mutilate the bodies of Negroes after the murder is done—to gouge out their eyes and chop of their limbs, and keep them as souvenirs. This is a recent development in our civilization. It is a disease of course. It is a cancer—gnawing at the heart of the republic.

Just now I believe that the nations has far more to fear from her own health—morally considered—than all the war machinery of Germany and her allies. American character—American morals—are showing signs of decay. All that a real democray can be based upon—all that Christianity can survive upon, is gradually falling away. The foundation is rotting. Do you wonded that Colonel Roosevelt apologized to the members of the Russian Mission at Carnegie Hall, for the scenes at East St. Louis? Do you understand that? He apologized to the members of the Russian Missions—and the apology was timely.

Verily, the evil days have come upon us. The night is dark for us as a race. The storm is raging, but we shall not lose heart, nor shall we lose our head, and surely, in the providence of God, we shall weather the storm. Let us remember that if it be dark for us as a race, it is also dark for the nation. We cannot be better than the nation of which we are a part; neither can the nation be better than we. Our destinies are interwoven. Truly, the days are numbered for any system of society, in the present age, that would operate upon the principal that some people be up while others shall be down.

Sometimes our institutions seem to be tottering, but God forbid that they shall ever fall, it may be true—and let us hope that it is—that our country's entrance into the present world war for humanity will bring about that regeneration which the country needs in order to serve the high purpose for which it exists. It may be true that when the great strife is over, and America, with other nations of the earth, shall have poured the last drop of blood required upon the altar of sacrifice, that the spirit of the fathers will again revive this nation, and there shall come a nobler conception of man's relation to man, and man's relation to God—than we have ever kown before. It may be then that the world will require a standard of manhood and womanhood based upon the qualities of mind and soul rather than upon the racial identity of the beings. It may be then that in our country, among this people, the doctrines of the fatherhood of God and the brotherhood of man will be accepted in spirit and in truth.

If by our conduct and continued devotion of the best interest of the nation, whether those iterest be at home or abroad, we shall be able to help preserve that which is best in our national life, and purge it of those damnable influences which would destroy not only us as a race, but the whole social fabric—the nation—as well, we shall be rendered the most effective service to the race, and we shall be patriots of a noble character.

Dear Sir:—This to advise you that Lieut.-Col. Chas. WHAT WE HEARD AT THE SUNDAY SCHOOL AND B. Y. P. U. CONVENTION

Things are never done in part at the Tabernacle Baptist Church, but as a whole Rev. J. D. Gordan, wife, and his entire membership seemed to have stood as a unite in making the delegates and friends comforatble and happy at the Convention.

We are alway enjoy our visits at this church.

To say that the Sunday School and B. Y. P. U. Convention is improving wonderfully each ycar is saying very little, they have accomplished a great work that will redound to the honor and glory of God.

To look in on the Convention while at work you would hardly know where you were at, and were it not for the thoughfulness of the Presidents in remindnig the ministers and others, who persisted in points of order, and long remarks, that this was the young People's meeting. The B. Y. P. U. Convention, not the State Convention, or the Western Baptist Associatio, you could never guess this, fact from observation, for the same men and women that hold offices and are workers in the Parential Body are the same men and women that are doing the work of the Auxillary bodies, with exception of a precious few.

I wonder wheer is our young people? Many of our young people are Christians. Some of our girls and boys have finished high school and gone through colloege and are thoroughly prepared as far as ability and qualification is concerned, and yet in these young people's conventions if we get a vocal or instrumental or short paper or a reading, from our young people, we think that is sufficient, they have entertained us, and that is all that is necessary.

But that is not all for this work that is so full of soul satisfaction is demanding not only the young people to entertain, but to get into the "King's business, and fill positions of honor and trust, for the Master says, "Work while it is day," and, "remember thy Creator in the days ofthy youth Our country is calling for the flower of the race. Our very young men. Our Master is calling for young men and women of every race to give Him a life of Service.

Rev. R. N. Hout preached for the S. S. Convention on Tuesday evening, for his text, "Is the young man Absalom safe," These was the words of David the father. Rev Holt inquired of the parents, after looking over the empty seats. "Are the young women and the young men safe, where are the young people that should be filling these seats?" But in connection with his sermon. He said that in this day and time, our children, are grown at, 13, old at 20, and grand parents at the age of 35, and at 40, they become sweet sixteen again, so if that is true no wonder we cannot find the dividing line between youth and old age.

The addresses of both Presidents, Mr. J. M. Reynolds of the S. S. Cenvention, and Mr. S. P. Johnson of the B. Y. P. U. Convention each told of a labor of love and earnest endeavor, recommendations for Missionaries on the field, and of fostering interest in the Old Folks Home. President Reynolds boldly and fearlessly denounced the treatment given our people in East St. Louis. Mr. Reynolds si both a soldier and a Christian man. He declined the office of President of the S. S. Convention to answer his countries call, to train our young men for the army.

Presidet Johnson, spoke of the number of boys and young men who had learned sloyd work at School, and are competent furniture and cabinet makers. He advised that these young men be organized into a company to do that kind of work, thereby benefiting themselves and others as well.

Little or nothing was said about the old Folks Home. Our people as a rule do not appreciate that which belongs to them, they appreciate that which belongs to others.

Here is one large new building, one old building and four fine acres of land land alying idle for want of some one to utilize it.

They spoke of a Rescue Home, Orphan Home and give the girl something to do, and the boy something to do.

Here is a splendid opportunity for S. S. and B. Y. P. U. Convention also the State and Western Bpt. Association to really get to work, plenty of room for the boys to have shops or factories for making furniture, tents or flags, plenty of space for a laundry or domestic science, so the girls might have work. And the old People could look after the little ones.

All this could be done with a little effort if we cut out the long talks resolutions. Pray for a leader, and be willing to work as young Rozier admonished us to do.

In fact to my mind the paper Mr. Hilbert Rozier read was the best thing I heard at the Convention. It reminded me of one thing that our beloved Mr. Booker T. Washington said in one of his last speeches in our city.

He said, "I am glad that God gave me brains enough to thing, and courage enough to stand alone, if I think I am right." The Missionaries got a chance to tell of their work and needs the encouragement was small. But since God commanded men to preach and women to go tell, and since, that commission has never been revoked we will not be discouraged. Sister Whitfield that noble women representing the National training school, Washington, D. C. brought greetings from the workers all over the U. S. The Convention gave $10.00 towards the erection of a new building to make room for the girls. Why don't we do the same here. "Charity begins at home."

Yours for saving the Young and Cherishing the Old Folks.

LIEUT. COL. CHAS. YOUNG

better in his life, headed by Attorney Hudson, flashed the word to the CALIFORNIA EAGLE, and editorially we gave to the country our fears, in our issue of June 23, and this was taken up all over the country. Letters were sent to senators and representatives, and the above is a frution, we verily believe, of the efforts put forth.

Much praise is due to other forces, to nip this injuetice in the bud. Our own attorney, Chas. S. Darden, did noble service, and through his personal friend, Hon. Kelly Miller of Washington, D. C., got in touch with Secretary Baker of the War Department. As a result of the same, the following letter from Attorney Hudson of San Francisco, the Secretary did all that he promised and, as a result, our citizens are glad to know that they have been granted a hearing which was not in vain.

War Department,
Washington, D. C.
July 16, 1917.

Dear Mr. Miller:—Your correspondent writes chiefly about Lieut. Col. Young, a colored officer of the regular army and a graduate of West Point, and a man with a fine record for service in the army.

Some time ago a board of officers passed upon his health and found him completely incapacitated for service—not obviously and visibly—but because, unfortunately, of their finding that he was afflicted with a chronic disease. My recollection is that it was Bright's disease. The report of the board was approved by the surgeon general; but, in view of the fact that Col. Young's record is a long and honorable one, and the Government needs officers of his rank and ability, it was directed that another board be convened to re-examine the question so as to make quite sure that there could not be any error in the matter. I have directed that the report of the Board be returned to me personally before being acted upon—not because I find myself able to believe that any prejudice would produce the deep dishonor of a false report—but because I want to be able to give the assurance to all who inquire that I have given my own personal thought and attention to this case, in which so many are interested.

BLACKS FOUGHT BACK AT EAST SAINT LOUIS

Not So One Sided After All —Just as We Thought.

East St. Louis, July 10—It was not all a massacre of lone colored men and defenseless women and children in this town. At times the whites ran up against a group of blacks, armed to the teeth and ready to sell their lives dearly. Then it was that the true courage of the white mobs was demonstrated. For, still outnumbering five to one the organized blacks, the white mobs discovered an engagement elsewhere and backed away, leaving the ground to the colored men.

Lest your correspondent be doubted in the statement of what he saw with his own eyes, I will give here a statement from the St. Louis Republic (white) of July 3.

"Thousands of Negroes, far from being cowed by the method of the white man's revenge, continued fighting back all day and far into the night. That more than 100 of their race had been disposed of during the day appeared not to enter into their calculations at all." Such is the tribute of a white paper to the black men who refused to be cowed by white cowards."

LONE MEN AND WOMEN VICTIMS.

It can be truthfully said that the only victims of the murderous and cowardly white mobs were lone black men and defenceless women and children. Sometimes, it is true, a group of eight or ten colored men were set upon and murdered, but in every instance of this kin the blacks were either unarmed or afraid to fight. Those who fought generally escaped with ther livee. The white mob was out for FUN! —not for FIGHT!

COLORED RESCUE ATTEMPTED.

And when word reached East St. Louis that the colored men of Bellville, Brooklyn, Cahokia, Alton, Granite City, Venice and East Carondelet were mobilizing to invade the city to avenge the deaths of their fellow blacks—a life for a life—genuine fear was apparent among the white mobs and feverish demands were made that the militia and police of the city guard the approaches to the city.

But this word could not be substantiated, except at Brooklyn. This colored town, where the population is almost entirely black was up in arms against East St. Louis, but no organized effort was made to strike back at the whites.

When word of the riots reached officials of the Illinois Steel Company and the Commonwealth Steel Company at Granite City, they refused to let their thousands of colored employes leave the works, for fear they would join their friends in East St. Louis.

ATTACK WOMEN.

One white mob chased a colored woman at the Relay Depot. White girls and women were brandishing clubs and calling on the mob to kill the woman.

A lone colored man was encountered and shot to death. A colored man was dragged from a street car, beaten, shot to death, and his face trampled upon by white men and girls. The mob chased a colored man down Collinsville avenue. He was caught, beaten and shot.

MEET BLACK WALL.

The mob then turned back down the street, and at the mouth of the "Black Valley" encountered a mob of fifty men. The whites then numbered about 500. But THE WHITE MEN URNED BACK, refusing the challenge to battle of the colored man when organized to defend his life. The whites were not after a fight with men of the race that fought at San Juan Hill, at Carrizal and a hundred other battlefields! All they were after was FUN, and this was best offered by LONE colored men and defenseless colored women and children.

GERMANS THEIR ALLIES.

The foreign born scum of East St. Louis were supported by American police and militia in their murderous and cowardly attacks on American lives! German enemies of the United States were their allies!

MILITIA LET THEM BY.

At Third street, near City Hall, the mob was faced by a cordon of soldiers who however, after such arguments as "It's the blacks we are after, stand back and let us pass. We're born white and will stay white," weakneed, lowered their bayonets and the streets were left open.—Amsterdam News.

Y. M. C. A. Rally Concert A Pleasing Entertainment.

Although we are a bit late in announcing the outcome of the Y. M. C. A. rally concert, it is highly gratifying to state to the public that it was a complete success from every point of view.

We fully realize and appreciate the fact that the entire credit for the success of this concert rests wholly with the different participants on the program, and the 400 noble friends who came and listened to one of the greatest programs ever staged in Los Angeles.

Everybody on the East Side, in the vicinity of 9th street and Central avenue, knew that "something was doing" when at 8 o'clock Lossiter & Eggleston's brass band struck up one of those catchy selections which you could not keep away from if you tried to do so.

At 8.45 p. m. Miss Mamie V. Cunningham, master of ceremonies for the occasion, in her characteristic, modest way announced to the audience that their patience would be rewarded by opening the program with prayer by the Rev. Mr. Hubdard.

After prayer was offered by Rev. Hubbard, the brass band scored its second hit by the rendition of a beautiful selection.

The next number was a piano duet by Misses Ernestine Jones and Georgie Carruthers. The little Misses were well received and responded to an encore.

Mr. J. E. Albright pleasingly rendered a vocal selo. It was done so well that he, too, responded to an encore.

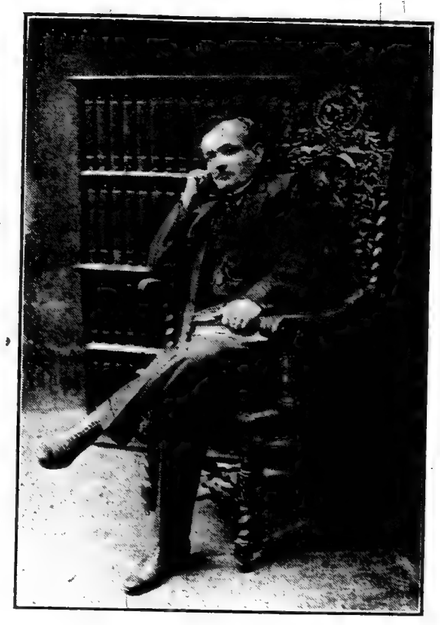
Mr. Owen Troy and his violin—judging from the applause—were easily the favorites of the evening. After an encore, a second encore was called for, but young Troy modesty refused.

After the concert was over, Prof. Wilkins remarked to us that Mr. Troy is the best Negro violinist in the city. We will take our chances on it that the Professor knows what he is talking about.

Mrs. Estelle Roberts Saunders' piano recital was well received. Mrs. Saunders has long since established a reputation as a pianist of no mean ability, but refused an encore after prolonged applause.

Mr. Emanuel Hall seemed to be incapacitated with a cold, but had to respond to an encore. There are lots of famous folks who sing, but we are here to tell you that Emanuel Hall is still on the globe

The closing number was rendered by Prof. W. T. Wilkins. When we say "Prof. Wilkins," that should be enough. An ovation was given the Professor at the close of the rendition of two of his favorite compositions.



We wish again to thank the public, not only for their presence, but also for $110 in cash.

J. H. STEVENS, L. H. BRYANT, } Mgrs.

AMONG RAIL ROAD MEN

By J. William Shields,

It pays to be courteous; whether you are an employer or employee you cannot afford to be discourteous to those with whom you come in contact. Courtesy wins friends in every line of business. Little acts that show consideration for those with whom you come in daily contact are most important; hence, the one who is courteous at all times is the most successful. Courtesy is an every-day application of the Golden Rule. Lord Chesterfield gave an example of it when he said, "whatever pleases you most in others will infallibly please others in you. Therefore, honor your position, whatever it may be, by doing your best.

Robert Bradshaw, an old Union Pacific man, is pleasantly located with his family in Los Angeles.

J. T. Jones of the Union Pacific of Omaha is a hard man to find in Los Angeles.

Tom Perkins, the Pacific Scout of Omaha, was in Los Angeles last week and was royally entertained by a host of his friends.

Sam Terrill and William Taylor are resting up, thinking the matter over, in Omaha:

Scott Hunter is "sitting on the moon" from Omaha to Denver. Look out, Scotty! Don't let your foot slip, or the goblins will get you!

Arthur Neeley, the "fat boy" is on the Portland run from Omaha.

Sam Dukes is "playing a lone hand" on the Portland run.

All of the Santa Fe and Rockisland boys are pleasantly located at the famous Rockisland Hotel.

Mr. W. F. Foster, proprietor of the Rockland Hotel, has just returned from an extended trip, touring New York and the entire East. He says he had the trip of his life, but that there is no place like the Pacific Coast.

W. R. Greer is on the Pacific Limited. He knows his "stuff."

L. Dysart, on "D. C. 360," is very despondent of late. Cheer up! kid—things will come your way soon.

S. P Britton failed to connect last Sunday night because Train 19 did not stop or wait for him on 24th street. Watch your step, boy; standing "on the bridge at midnight" isn't the "stuff."

Some of the boys talk of going to Chicago. Have a care! boys—the roads are full of Weary Willies. Far better go to war; and if it be your fate to succumb to the baleful influence of a "leaden messenger," may you find the change of scene all that heroes have imagined, and all that godly men have pictured

We hear that lots of the U. P. & C. waiters and cooks have gone to the stock yards to work. There are some others who should go, as the "rough stuff" they put on is fit only for the stock yards—not on dining cars, All take notice!

One of our D. C. boys was heard praying in his sleep while running through the wilds of Wyoming on one of the U. P.'s fastest trains recently. He said: "Our father who art in the saloon, 'Sunny Brook' be thy name; who always plays 'high low jack in the game'; may he, with his strong influence, lead me through the liquid stream of 'rock and rye' until we reach the shore where Metz and Budweizer flow." Then he awoke in Nebraska saying, "Amen."

The Chief Clerk, Marshall, of the U. P.'s dining car service, who has held that office for many years with credit and honor, knows his "stuff" from start to finish and is always up to the minute.

C. Warfield, one of the old waiters of the U. P., is now running from Chicago to Los Angeles.

ST. PAUL BAPTIST CHURCH

Services, good. Attendance, on increase. Demonstrations, satisfacory. The Sunday school was graded and pushed forward with renewed zeal. Many new teachers were appointed. Indications bid fair for a great work in future.

The eleven o'clock services was expressive of new life in atcion. Pastor Holt preached from text, "His Name Shall Be Called Wonderful." From which he introduced "a name over all, a character unrivaled—wonderful in love, wonderful in his life, wonderful in death, wonderful in his resurrection, wonderful in transcending glory, He is all sufficient."

One soul came over the divide and stood with the company of Gods chosen. The evening service closed with a glorious manifestation of the presence of the Holy Ghost. Pastor Holt's installation service will be held on the second Sunday in August. Look for groprams. Come to meeting next Sunday and hear the word, "The Religion That Counts."

MT. ZION BAPTIST CHURCH
3rd and Traction Ave.
Pastor eRv. F. H. Davis

Sunday morning another great sermon was preached at Zion by the pastor. His sermons are always instructive, interesting, inspiring and convicing. His subject, "Hezekiah, the Faithful King." In the afternoon at three o'clock, Mrs. Whitfield, the Field Missionary worker of Washington, D. C., gave a most helpful and enthusiastic address. At 5:30 o'clock the eGt Acquainted Literary Society had a very nice meeting. Mrs. Herbert the President of the Allensworth Club of this city, was present and enjoyed the meeting immensely. A Glee Club is being organized by the leadership of Mr. Thomas for the Club. Come to this Club and find out what they are doing for yourself. At 7 o'clock the meeting of the B. Y. P. U. was held. This is another very important meeting which should be well attended by the old people as well as the young. Come and hear our pastor once and you will come again. All are welcome. 500 free seats.

SIMMONS THRILLS VAST AUDIENCE

Memphis Lincoln League Listen to Words of Wisdom From Able Orator. Most Powerful Address Ever Heard in Memphis.

Memphis, Tenn., July 6.—Before 3.000 cheering people gathered at the call of President R. R. Church, founder of the Lincoln league and accepted leader of the political forces of the race in the south, Roscoe Conkling Simmons delivered, in the church auditorium Friday night, the most powerful address ever heard here. He got a bigger ovation than any orator, Theodore Roosevelt and Booker T. Washington included, ever received.

Col. Simmons' coming had long been heralded, and the people were out to see and hear him. They knew that he alone could speak their desires. For two hours he kept the thousands cheering.

As the close personal friend of Leader Church, he always comes at great moments to hold up Mr. Church's hands and represent the race before the judgment seats. No one has ever matched Simmons on the platform as champion of the country and the Negro.

"You may burn me," he said, "but you cannot burn away my record of undying loyalty.

"You may shake the rope in my face, but no rope is strong enough to tie me down or hang me to a tree of death. Long ago I took God's promise made to my fathers and broke the shackles of despair.

"We go forth," he thundered, "to make the world a democracy. After that job is well done we will make the United States safe for the Negro."

The great orator took up lynching, and said that the south had just as well know now as to find out later that the members of the race would leave here unless lynching was stopped by somebody.

"Nor would I ask you to stay," he said, "unless you are protected by the law. One state is as good as another, and the only 'best' state is the state of law and order."

Speaking of the race and the war, he said that although politicians may conspire to keep the race out of the army, they'd be glad enough to have him before the war is ended.

"Roosevelt," he declared amid cheers, "wanted the Negro to go to France with him so that he would have burglar proof protection; the Democrats objected. But the Democrats can't object when the Negro and the Republican party start Roosevelt for the White House three years from now."

Col. Simmons made a strong plea for loyalty, saying:

"Don't get mad and drop that flag. That is just what your enemies want you to do."

He reiterated his platform laid down in his Little Rock speech—that has become the platform of the race in the South. He embellished it: "I add to what I have said," and he spoke deliberately, "that we will stay if free speech and free type are guaranteed to us."

The audience thought his tribute to "Old Glory" was the climax, but his description of Lincoln's tomb was really the capstone. He brought the throng to its feet.

One old woman, scarred with the whips of slavery, after the meeting threw her arms around his neck. 'Don't stop," she said, and don't fear. God raised you up."

With Robert Church at the head of what is really a powerful organization, and Roscoe Simmons on the platform speaking to all the people every day, the Race in the south knows that it will get a hearing.

State Employment Bureau is An Unqualified Success

E. J. Sullivan of the joint state city employment bureau of Los Angeles, in an interview with The Eagle on labor conditions, said:

"I recall that a little over a year ago, when the state started the public employment bureaus, a great many people predicted failure for them; but now it would not be possible to find an employer who is not in hearty sympathy with them.

"Their usefulness is now conceded and they are as much a part of our system as are our public schools. I believe I was one of the first—if not the first—who was appointed by Commissioner of Labor John F. McLaughlin, and indeed it was not an easy matter to educate the public to the necessity of supporting public employment bureaus. There was no precedent to follow. It meant hard and persistent wo k, and a great deal of the success we have met with is in a large measure due to the splendid support we have received from the newspapers. The greatest reward that comes to any man in a public position is the feeling that his efforts have borne fruit, and that he has in some manner been instrumental in rendering the state and the public some service of a useful and constructive character.

"In the grave crisis which now confronts this nation, the public employment bureaus can and will render invaluable service, and they are proving a wonderful factor in the proper distribution of labor. It may surprise some people to know that the Los Angeles office furnished 10,481 positions in March and April. This record surpasses that of any office in the United States. The intelligent handling and selection of such a large number of men and women is no easy matter; but our well trained, well organized and efficient force proved equal to the emergency. By our splendid system we now have our hand on the pulse of the labor situation in this state, and we can—at a moment's notice—furnish information to employers which could in no other manner be obtained unless through such an agency. Employers have been quick to recognize the services we are offering them, and the support they are giving to the bureau is evidenced by the figures presented.

"Governor Stephens and the state council of defense are alive to the great service our bureaus are rendering in this crisis, and we hope to accomplish still greater results."

Mr. Sullivan is a warm friend of the colored race, and is always ready to help them.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seise it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. G. U. O. O. F. MEETS IN BAKERSFIELD

ANNUAL GRAND SESSION OF G. U. O. of O. F.

Concludes Its Labors Friday at Bakersfield

(Special Correspondence)

Bakersfield, Cal., Aug. 10, 1917.

The thirty-third annual session of the Grand Lodge of district 32, The Grand United Order of Odd Fellows, convened in this city at Labor Temple, last Tuesday at 9:30 a.m. Simultaneously with the meeting of the Grand Body of the Household of Ruth. A banquet was tendered the delegates and visitors on the same day and one thirty o'clock. The same evening a reception was tendered the delegates and visitors, at which the city manager, E. W. Benson, on behalf of the Mayor, delivered an address of welcome and gave to them a royal welcome to the city. A splendid program was rendered and addresses by Grand Master, A. D. Jones; Grand Secretary, S. P. Johnson; Grand Most Noble Govenor, Mrs. Virginia Ransom and L. J. Williams, Grand Chaplain.

Wednesday's session was one of routine business of the two grand bodies. On that evening, memorial services were conducted at the A. M. E. Church, at which the various lodges and Households eulogized their departed members. The eulogy of Mrs. Daniels and and one by Mrs. Pearl Hall, of 561 and 2329, respectively, was among the features of the evening. These two sisters were indeed worthy representatives of their order. L. J. Williams of Vallejo, gave a general euology of the departed members.

Thursday was the joint session of the two bodies and also was the one big day, because of the conclusion of the business of this day the election of officers took place. The following officers to serve for the ensuing year were elected:

D. G. M., A. D. Jones of Oakland.
D. D. G. M., A. Burrows of Stockton.
Secretary, Afue McDowell of Los Angeles.
D. G. Treasurer, J. D. Groves, Los Angeles.
District Grand Director, R. C. Cook of Pasadena.
District Grand Warden, W. C. Jordan of iRverside.
Grand Chaplain, I. Beal, Redlands, Cal.
Grand Guardian, E. W. Russell, of Los Angeles.

In the evening a grand installation of the officers was held, and a ball was given in honor of the occasion.

On Friday the delegates and visitors were given an outing and thus closed one of the most exciting, but helpful session held for many years.

The following are the officers elected by the district Grand Household:

D. G. M. N. G., Mrs. Sadie Person.
D. G. R. N. G., Mrs. Cecil Clark.
D. G. W. R., Mrs. Lucy Crabb.
D. G. W. G., Mrs. Mamie Gray.
D. G. D., Mrs. Sophia Malone.
Chief G. Ruler, Mrs. M. Bate.
Vice G. Ruler, Mrs. A. Clayton.
C. Scribe, Mrs. V. Cory.
G. Treasurer, Mrs. A. Dorsey.
Advocate, Mrs. K. Daniels.
Grand Delegate, Mrs. E. Warner.

GRAND LODGE NOTES

The old war horse, Jacob Soreas, was on hand and was a power in the deliberations of the grand body.

A. B. Caviet, scholar and aesthetic Odd Fellow, from Vallejo, Cal., was on hand and rendered valiant service in the grand body.

R. C. Cook, elected district Grand Director, who lives in Pasadena, is one of the strong links in the grand body and made a host of friends.

The local reception committee at Bakersfield, were very shy and incompetent when they failed in extending courtesies to the press. This session, except from these columns, received no publicity.

W. C. Jordan, delegate from Riverside, made good with a vengence. He not only returns home with a Grand Lodge office, but takes the next session home with him.

T. M. Love, the rancher from Visalia, is in his quaint way one of the strong members of the Grand Body.

W. DeClagbrook of Sacramento, was one of the brilliant young men who made good at the session.

J. D. Groves, who was elected Grand Treasurer, was one of the influential members of the Grand body.

J. B. Bass, editor of the Eagle, made a remarkable race for Grand Master, losing by but a single vote.

District Grand Master Jones was re-elected, but only by an eyelash.

Ernest Russell was a very popular member of the grand session and the members all appreciated very much the courtesies shown by him. His auto was always at the disposal of the delegates.

HOUSEHOLD NOTES

Many compliments were given the members of the grand body of Ruthites for the business like manner in which they translated their business.

Mrs. Eliza Warner truly was the queen-mother around which the busy body worked and accomplished much for their order.

Mrs. V. Fingers was one of the very efficient members of the grand body who rendered very excellent service.

NEXT SUNDAY CLOSES THE SECOND YEAR OF THE PASTORATE OF REV. J. LOGAN CRAW AT THE HISTORIC 8th AND TOWNE AVE. FIRST A. M. E. CHURCH

Tomorrow, Sunday, August 12, Rev. J. Logan Craw will read his annual report for the second conference year in which he has served at this place and no doubt the members and friends will be out in large numbers to hear his parting message before going to the annual conference and to show their appreciation for the very efficient services of both himself and his talented and energetic wife, Mrs. Lillian J. Craw.

It is a long ways from the prairies and cattle ranges of Texas to the pastorate of one of the first churches

REV. J. LOGAN CRAW

in the great A. M. E. connection, but J. Logan Craw has made the distance and all along the journey no matter at what task he set to do he has done it so well that his work has been one of continued advancement. Coming to Kansas at a very early age, proficient as a student, he became a teacher, proficeint as a teacher he felt that he had been called to the highest and noblest calling, that of a Christian minister; he qualified as such and step by step he has advanced until now as the pastor of the historic 8th and Towne avenue, he ranks among the first pastors of this great connection.

He came to Los Angeles in a distressing time when there were those who shook their heads and said that it would take a mighty giant to steer the ship safely through the troublesome waters, but to the satisfaction of all he proved to be the much wanted giant and for the past two years the church has grown and prospered as never before under the inspiration of his pastorate the church has grown wonderfully in its membership and a greater financial showing than any other two years in its history. Many improvements have been made and a splendid payment made on the small bonded indebtedness reducing the same to exactly $1400. The large and appreciative gatherings every Sunday morning which wend their way to this house of worship testifies to his worth as a pulpiteer. Each service is a revival within itself, and seldom does a Sabbath pass that numbers fail to come into the army under the leadership of the Master. Rev. Craw gives unstinted praise to all of the auxiliaries, the officers and the choir, which has made it possible for him to have such a magnificent success and they universally give credit to their leader who gives inspiration for good all along the line. So as Rev. J. Logan Craw goes to the annual conference after next Sunday's service the prayer of his mighty congregation no doubt will go with him and having great faith in prayer they feel confident that for another year he will be sent to lead them.

Pen Sketch of Mrs. Lillian Craw

The writer has known Mrs. Lillian J. Craw, the estimable wife of Rev. J. Logan Craw since she was a mere child and as she grew and was able to be helpful to anyone she was to her father, who was the editor and publisher of a newspaper in Topeka where we were reared, a great boon in his efforts to succeed in journalism and she served in every capacity most faithfuly and brilliantly. However, during all this period her schooling was never neglected. She graduated from both the grammar and high school of that city with signal honor and credit, her force as a worker both in the A. M. E. church and Sunday school brought her to the forefront as one of its leading apostles and despite her duties as a teacher in the public schools of Topeka, her church work always maintained a stellar role. So therefore the marriage of this brilliant young and ambitious pastor and the talented church worker and teacher, was hailed as a happy union, and that the same prophecy has proved true is but to note the wonderful success that has been wrought by the union, for not only the church to which they belonged, but to the entire community in which they reside. In her husband's steady rise,

MRS. LILLIAN CRAW

she has been a strong force that has even enlarged his ambition on and on to nobler and greater things, and with these two forces we see no reason why the bishopry itself would not be in the future the niche which they have unconsciously carved out. Be that as it may, certain indeed is the fact that a pen picture of the rise of J. Logan Craw could not be ppresented without a like picture of Mrs. Lillian Craw, his wife.

MISS MINNIE ALBRITTON

The Mightingale of the Pacific Coast, Premier Soprano of Los Angeles, who will appear in Recital at Wesley Chapel, August 17.

Los Angeles has learned to love merit, mirth and music, and gladly greets the opportunity to show fond appreciation of its home talent, who have meritoriously won a conspicuous place in the ranks of music makers of America. How just the consideration. Important, because music-making has become a factor in the solution of "The Black Girl's Burden," for it is true that through the music channel the Negro girl is winding her way to unparalleled distinction.

You who appreciate music and its merits, you who feel it a paramount duty, in the realms of race loyalty, to encourage, through your patronage, a struggling ambition of a young woman of our race to qualify through training in one of America's best conservatory of Music, avail yourself of the opportunity to hear Miss Minnie Albritton in her grand musical benefit recital at the Wesley Chapel M. E. church, Friday evening, August 17th, at 8 o'clock. All who have heard Miss Albritton sing, bear witness to the fact that it goes without saying that she is a musical charm, numbered among those of superior rank. Miss Albritton will be assisted by a number of Los Angeles' best talent.

The following is a partial list of patrons and patronesses of this grand musical recital: Mrs. W. E. Williams, Dr. and Mrs. Eugene Nelson, Dr. and Mrs. George D. Taylor, Mr. and Mrs. J. H. Shackelford, Mrs. E. E. Barr, Atty. and Mrs. Hugh E. Macbeth, Mr. and Mrs. Wm. Easton, Mrs. E. L. Mason, Miss Lucy B. Porter, Mr. and Mrs. Noah Thompson, Mr. and Mrs. Samuel Thompson, Mr. and Mrs. S. Pool, Mr. and Mrs. J. H. Shanks, Mr. and Mrs. L. M. Blodgett, Mr. and Mrs. E. R. Baldwin, Mr. and Mrs. Charles Alexander, Dr. and Mrs. J. A. Sommerville, Mrs. Shackelford, Mrs. Polk and daughter, Miss Chlora Polk, Mrs. N. L. Gottschalk and daughter, Miss Ethel, Dr. and Mrs. Prentice, Miss L. WHY WE SHOULD ANNEX SANTA MONICA

By G. W. Smith
220 Utah St.

Consideration of economy require that all overlapping and duplicating activities be done away with, so that with the resources available the largest possible amount of public service can be rendered to the citizen.

1. The following control program has been delayed, broken up, and all but overthrown by the failure to formulate it in terms of a general community enterprise. For example, it has been constantly urged that it would be unfair to the City of Los Angeles to place 65 per cent of the burden on the City when 65 per cent of the benefit would go to outside districts.

2. Pasadena is now engaged in a bitter fight with outlying districts over the sewage disposal problem, which will be continued with increasing bitterness until a comprehensive sewage plan for the whole district is prepared and adopted.

Sewage and Taxation

3. The sewage question of Santa Monica is fast becoming a menacing peril to the greatest asset this city has or eevr will have, our beach. Immediate steps must be taken to remove the sewage to some distant point and the only logical place is the Los Angeles outfall sewer at Hyperion.

Los Angeles taxation per capita, $24.33.

Santa Monica taxation per capita, $33.90.

A difference of $9.57 in favor of L. A. Are you justified in paying such a difference?

4. Important through highways from Los Angeles to Santa Monica, Long Beach, Pasadena, and Pomona remain uncompleted by reason of the lack of central planning and control; part of these highways being under county jurisdiction and other parts individual cities and towns.

5. The harbor project, which is of just as much interest to outlying cities as to the City of Los Angeles, is handicapped and delayed in its development by failure to solve the flood problem and by the conflicting interests of Long Beach and Redondo. Los Angeles owns its harbor, but has no authority or responsibility in developing it as a part of a single well planned enterprise for the entire district.

6. The rapid transit, electric and steam lines radiating from Los Angeles aectff the outlying towns and rural communities quite as much as the central city.

Ihave asked myself repeatedly how it could happen that such men as Hon. P. J. Dudley, President of three banks in this community; H. M. Gorham, President of the Bank of Santa Monica; H. J. Englebrecht, cashier of the same institution; R. C. Gillis, one of the largest tax payers in Los Angeles county; Carl F. Schader, a remarkably successful and enterprising business man of our district; R. P. Serman, a good tax payer and formerly president of the Los Angeles Pacific railway and many other successful and leading business men who, while they may not all live in Santa Monica, are large tax payers here and their property is at stake and it would be quite a sacrifice on their part if they were now advocating something that would be suicidal as the wise ones claim. I repeat, I have asked myself many times how would all these successful and leading men be wrong in this matter and what is the matter with their usual good udgment.

West with the love, respect, confidence and best wishes of all its citizens.

LOS ANGELES HONORS HERO

The friends and well-wishers of Dr. J. Gordon McPherson met in the vestry of Mount Zion Baptist church las Sunday afternoon to express their appreciation for the splendid work done by him during his sojourn in California.

It rarely happens that a man lives to enjoy the fruits of his own labors. Seldom one is permitted to behold that which he planted with his own hands springing up all around him. Not often one is privileged to gather some of the flowers he himself has planted. These are final rewards. They usually form the finishing touches of a mission whose scenes are closed by death.

Not so with Rev. McPherson! He has and is enjoying, popularity, the expression of appreciation for the untiring labors expended in behalf of his people.

We are not engaged in writing a requiem, nor have we thought out our epitaph for his monument, but we have crowned him with ante mortem encomiums which are deservedly his.

What we have to say about Rev. McPherson might be resolved into a universal formula for appraising men.

He has succeeded in bringing thousands of souls to Christ. Under the influence of his magnetic power many have been saved from the common herd of men and women and from the wreck of fallen humanity. He has held charges in the principal cities of California. In all these places the influences of the life he has lived is left like the fragrance of eternal flowers to be inhaled by this and the generations to come hereafter.

Rev. McPherson leaves us to begin his itinerary. Hardly a place of any size will be untouched ere he completes his trip through Georgia, Florida, Alabama, Mississippi, Louisiana and Texas. He will also visit many eastern points.

We herald his going. He is a great man. His greatness declares itself in his belief in his fellowman, white and black alike.

His inspiration is derived from the faith he has in himself, in his work, in his fellowman and in the ultimate triumph of Ethiopia.

"The highest faith makes the highest man." With the eye of faith and the finger of prophecy he points to the future within which the all-enfolding love God will wipe out sorrow, sin, sickness and the like. Ignorance, oppression, deceit, prejudice, will be unknown.

Dr. E. W. Kinchen, H. D. Greer, Rev. Davis, J. B. Bass and Mrs. A. E. Webber, spoke of their intimate relation with Dr. McPherson and of the incalculable good he has done for our people in this state.

As a minister, historian, publisher, orator, warrior, Rev. McPherson goes from the Golden State of the

Sidney P. Dones who will leave for the East, Tuesday, August 14. Mr. Dones is one of the select drafted men and is making the trip to visit his mother and to take his little neice back to her home at Marshall, Texas.

What the Churches are Doing

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th St. and Central Ave.
E. E. Lightner, Pastor

Two splendid services were enjoyed by the worshipers at this church on last Sunday.

Rev. G. M. McGuthrey was the speaker at the morning service, bringing a message on "The Prodigal Son."

"Remember how He spoke unto you when He was yet in Galilee" (Luke 24:6), was the text used by the pastor at the evening service. Many mebmers and friends were present to partake of the "Lord's Supper" which was administered at this service.

The services on next Sunday promise to be of unusual interest. Rev. J. N. Cherry of the A. M. E. Zion church will be the speaker at the morning service. The pastor will speak in the evening on "What Shall Thy Wages Be?"

Christian Endeavor, 7:00 p.m. Topic "The Sin of Gossip and Scandal." Ps. 120:1-7. Brother Morris, leader.

You are cordially invited to all services.

WESLEY M. E. CHURCH
8th and San Julian Streets

Rev. A. P. Shaw, Pastor

Large congregations attended the services at Wesley M. E. Church, Sunday. At 11 a.m. the pastor preached on "The Divine Purpose," using Ephesians 4:13 as a text. "Till we all come into the unity of the faith and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fullness of Christ." In the evening the pastor preach on "The Iron Did " found in Second Kings 6:6. These were both messages that will not soon be forgotten. Two persons unitde with the church.

This Sunday will be up to the usual high standard of our services. At 11 a.m. the pastor's subject will be "Thy Kingdom Come." The subject of the evening sermon will be "Cain and Abel."

Prof. W. V. Howard, former chorister, has taken charge of the choir again. He comes back to his task more determined than ever to make our choir second to none in the country.

Too much credit cannot be given the retiring chorister, Prof. J. L. Albright, who served so earnestly and efficiently after the death of Prof. J. Norman King. His high Christian character, splendid generalship, and the ability as a singer and choir leader, are excelled by few, if any, in the city. It is the opinion of all that under normal conditions he could have led our choir on to the front rank of the great choirs of the city.

The pastor desires to see every member of the church who is able to travel, present at one of the services on Sunday. Don't be a religious slacker.

Strangers are welcome.

FIRST A. M. E. CHURCH NOTES
8th St. and Towne Ave.

Rev. J. Logan Craw, Pastor

Sunday's services were up to the usual high standard. The pastor delivered both sermons. There were two accessions to membership, two infant and one adult baptisms. A large number of members communed and paid their "Dollar Money." The pastor's gratitude is unexpressable for the continued loyalty which brings encouragement and lightheartedness in these times of stress and strain.

"Womans' Day," Sunday, Aug. 12. The ladies of The Mite Missionary Society in charge. At 11 a. m. our unexcelled choir will open Ritualistic services. Miss Nellie Johnson of Kansas City, Mo., Miss Edna Heard of Santa Monica, Mesdames Gussie Bacon and Geo. Copeland of this city, will appear as soloists in this special service. The address of the occasion will be delivered by Mrs. Lillian J. Craw. In the evening, promptly at 8 o'clock, the choir and ladies of the Mite Society will present, "God's Clarion Call" or "The Building of the Cross," an object lesson service that will edify the sainthiest as well as the most critical worshipper. Come early morning and evening for a good pew. This is our last service before conference and everybody is welcome to attend.

The pastor will take about 10 minutes during the evening service Sunday in reading the Annual Conference report. Will you please pay your "Dollar Money" before this is done.

FIRST A. M. E. ZION CHURCH
Pico and Paloma St.

Rev. B. C. Robeson, Pastor

The 13th verse of the 12th Chapter of Exodus reads thus: "And the blood shall be for you a token upon the houses where you are, and when I see the blood, I will pass over you, and the plague shall not be upon you to destroy you, when I smite the land of Egypt."

This was the subject of a sermon preached by our pastor last Sunday morning. It was the gospel pure and sweet. He led off with the hymn, "Rock of Ages," and everyone seemingly entered into the spirit of the meeting. Brother Caldwell was called on to pray at the beginning of service. It was a long, earnest and impressive prayer. He touched on all of the serious problems of both the church and the race—and wound up imploring God's blessing on all mankind and desiring the Gospel "talked of and sung by all human kind." The pastor commenced his sermon shortly after the church notices were read. He spoke of the beautiful sermon on the Mount—a masterpiece of eloquence and literature, of its being ever so grand—that it alone did not save you, nor all of Jesus' preaching on earth would have saved one had He not died on Calvary. When at that fated hour when our Lord was about to pass, how He, when pierced in the side by the soldier and His blood was spilled. He exclaimed, "Now it is finished," and not until then was our salvation complete. Mrs. WWhitefield, a teacher and worker for National Training School of Washington, D. C.; a school for poor girls, was introduced. She commented on the sermon, saying that Rev. Robeson was one of the strong men of the country, as she had traveled much and she had heard many speak, but none had excelled him as an exponent of the Gospel, the unadulterated kind, and that it made her soul happy to be there. Zion gave her $15.16 for the school. Collection for Brother West, who is ill, was taken. He got a nice sum to help him take a trip to Elsinore Springs. Sunday collection and gleanings were good.

The trustees made a good payment on the principal debt of the church, which is small.

The Pastor will take for his text next Sunday at 11 a.m. "Afraid of God." At 8 p.m. he will talk on "The Crown of Glory."

Cool church, good ventilation, strangers, newcomers and visitors are welcome. Sunday school at 9:45 a.m. Classes for grown-ups. Services not prolonged. Large choir.

Phillips Chapel C. M. E. Church
1406 Newton St.

Rev. J. C. Anderson, Pastor

Two splendid congregations were present on last Sunday at the services of this church. A large number partook of the sacrament of the Lord's supper and helped to make the services of a highly spiritual order.

The pastor preached at both the services, using as a subject in the morning, "The Night of Weeping and the Morning of Joy." At the evening services, "Indifference and Self Deception." Quite a number of visitors and friends were out to enjoy the evening services. The congregation contributed $10.15 at the evening services to the National Training School of Washington, D. C.

The concert given on last Friday night by the children under the direction of Mrs. M. B. Anderson, was a success in every way and the children acquitted themselves in a very creditable manner. Quite a neat sum was realized for the treasury of board number one, under whose auspices the concert was given.

The pastor is expecting that all the members will pay their general assessment as soon as possible and get this important part of the conference work through with.

Friends and visitors are always welcome to services of the church.

MT. ZION BAPTIST CHURCH
3rd St. and Traction Ave.

Rev. F. H. Davis, Pastor

Sunday was a great day at Mt. Zion Church. At 11 a.m. an audience that taxed the seating capacity of the church, listened to a very forceful sermon on "Where Art Thou," by the pastor. Seldom is an audience moved as was the audience Sunday morning. Not only could shouts of joy be heard from those who are accustomed to shouting, but people of every temperament manifested in some way the power of the preached word. At 3:00 o'clock, Sunday afternoon, Rev. J. Gordon McPherson preached his farewell sermon which will always be remembered by those who were present. At the evening services the pastor preached on "A Fixed Purpose," to an appreciative audience. This Sunday promises to be a record breaker in many respects. At 11 a.m., the pastor will preach on "By-products of Christianity." At the evening services Rev. Lambert will preach.

All are busy looking forward to the Western Baptist Association, which is to be held at this church, August 21 to 24. Strangers and visitors are always welcome to the services of this church.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST
Corner 18th and Paloma
Rev. N. P. Greggs

The People's Independent Church of Christ was honored on last Sunday by the presence of Rev. Jones, the noted evangelist who has for the past several weeks been stirring the souls of men, women and children in this city. Rev. Jones preached a sermon on last Sunday morning, one that will long be remembered. Five persons connected themselves with the church.

At 7:30 the pastor was at his post, bringing his message with the usual amount of enthusiasm. The day was one of a two-fold blessing.

At 7:30 the pastor was at his post, bringing his message with the usual amount of enthusiasm. The day was one of a twofold blessing.

Your presence will be much appreciated at the Christian Endeavor at 6:30 each Sunday evening. You will be especially benefited on next Sunday when Mr. George Beavers, Jr., will have charge of the meeting.

You will please note the mistake in last week's papers, the present membership of the church being 643, not 167.

ALL SAINTS CHURCH

Sunday morning was a blessed morning in the Saint's Home church. Pastor Driver came with a burning message from this subject, "The Distress of the Nations," and truly the Lord God was in the midst of us. Pastor Driver seemed to have a special anointing all day Sunday. After speaking nearly two hours Sunday morning he came forward in the afternoon as if he had not spoken at all during the morning and from the subject of the opening of the "Seals" and his message was so filled with power and interest that many of the hearers said they had never heard the Doctor in this way before. The whole congregation was brought to their feet almost. A. Lawes from from Nashville, Tenn., was present and walked the floor in deep interest, while the saints were almost taken to new plains in Jesus. Pastor Driver is surely bringing things to pass in his congregation. Sunday night closed us with a red hot message from the subject of "Excuses." The crowded house was truly entertained throughout the whole day. Next Sunday promises us a great day, it being our communion day. The afternoon services and sermon will be devoted to the afflicted. Pastor Driver will preach on the "Day of Miracles," and mostly divine healing. All the sick and afflicted are urged to be present. Pastor Driver says to come expecting to be healed of what ever your case may be.

PASTOR TO END THIRTY YEARS ITINERANT MINISTRY IN SUNDAY MORNING SERMON

Rev. W. W. S. Dyett expects to preach a farewell sermon at eleven o'clock next Sunday morning. Not only will this end a pastorate of five successful years in the A. M. E. Church here, but will probably be his last sermon as the pastor of any church. Ill health, the result of thirty years of zealous ministry, has made necessary complete rest for a while at least. The pastor and his family will leave the city Monday to attend the Annual Conference in Oakland and afterwards to take up residence in Berkeley where the talented young Mr. Walter Dyett will take up freshman work in the State University.

Last Sunday morning the congregation was delighted with the presence of Chaplain Gludden, who was presented and spoke briefly. The compliment of his visit and assistance in the service was deeply appreciated by pastor and members. The Aid Society was entertained at the parsonage on Thursday by Mrs. Dyett.

Three services will fittingly mark Rev. Dyett's last Sunday at the church. Besides the farewell sermon at morning service an afternoon platform meeting and a review of the year's work at evening service have been announced.

SCOTT CHAPEL NOTES

Last Sunday was a great day in Scott chapel. Visiting friends from Mother Wesley greatly inspired Pastor Kinchen and his people at 11 a.m. Mrs. Pauline Brooks Daniels, her husband, mother and sister, Ruthella Hall, honored us with their presence. Mrs. Daniels and Mrs. Hall sung her great mothers' song. They will also sing Sunday evening.

At 8 p.m. Brother Stout and Brother Atkins were present and Brother Stout preached a fine sermon.

Miss Fannie Grout entertained the Ladies' Aid on Thursday evening. A storm struck the parsonage on last Thursday and left over $20 worth of groceries.

METROPOLITAN BAPTIST CHURCH

The Rev. J. M. Riddle, D.D., the newly elected State Missionary for the Baptist State Convention, brought a well defined message to the people at the 11:00 o'clock service from the subject, "The Brotherhood of Man and the Fatherhood of God." Text, "Our Father who art in Heaven." He told his hearers that the full recognition of this fact was the only solution of an absolute democracy in these United States.

The Sunday school adopted the report of the Teachers to co-operate with the president of the Baptist Sunday school convention in the organization of the proposed teachers' Bible institute as recommended by her.

The W. H. and F. M. Society held a special call meeting and elected messengers to the W. B. Ass'n. that meets with the Mt. Zion Baptist church, Los Angeles, August 22 to 24 inclusive. They received many thanks for the much needed awning they had placed at the large west window of the church.

WE ARE AMERICANS FIRST

In this time of national, as well as racial stress and storm we, as colored citizens, must above all other things keep our heads cool. as colored citizens, must above all other things keep our heads cool. There is no honest man that will accuse the News of cowardice or ultra-conservatism or lacking in race loyalty. We can be paid no higher compliment than that as patriots we have an abiding faith in the ultimate justice and sense of fair play of the Ameriacn people. Our hopes for the black race rest upon its saving grace fo common sense. It is for that reason we adjure every one of our fellow citizens of color to stamp out at once that silly and dangerous doctrine which has been given vent in certain quarters that "we are Negroes first and Americans afterwards." Next to the American Indians, the black citizens are in every sense of the term the first and truest of American citizens. Balboa, when he discovered the Pacific Ocean at Darien found a tribe of Africans settled there. In the explorations and discoveries of the continent from Cortez in Mexico and Coronado in Kansas and Ponce de Leon in Florida to Freemont and Clarke in the Golden West and Commodore Perry at the North Pole, colored men have aided vitally and valiantly. From Bunker Hill and New Orleans and Fort Pillow to San Juan Hill and Carrizal, black Americans have helped vitally and valiantly to establish this Republic. From Jamestown, Va. in 1507 and 1619 to Moblie Bay and the Panama Canal black men have done the labor to establish this country's wealth and sustain its free institutions. This is our country and the Stars and Stripes is our Flag. That other Americans whose claim to this nationality is less both in blood and treasure than our own, should seek to rob black Americans of their birthright of liberty, equality and opportunity under the flag matters nothing. That brutal industrial injustice, prejudice and anarchy should stalk madly up and down the country against the race must force the black American to proclaim all the more his Americanism and to fight all the more for his equal rights as such. This is not only the politic but the patriotic course for his to pursue. In the heat of the coming campaign in New York we urge all the leaders and candidates in the fight for race representation that this position be maintained and made clear to all white and black alike. Nothing including the respect of our Caucassian friends is to be lost thereby. The dormant trait of black American citizens is gratitude. It is eternally grateful to its great and true

DEADLY PARALLEL

TO THE AMERICAN WHITE MAN

By Ralph W. Tyler

In 1861-5 one hundred and seventy thousand Negroes donned the blue of the Union Army and offered their lives for the privileges which half the world is defending against a horde that now threatens liberty on every land and sea.

The flag that set them free, and under which they perished at Fort Pillow New Market and Milikin's Bend, now calls upon them, whose constitutional equality is denied, to protect its honor, their franchise, denied throughout the South, and the sacred principles which God gave them in trust, after fighting and suffering for them.

We are following the banner of the free to the momentous fields on which champions of special privileges are assembling, who defy enlightenment, and deny our blood-won right to exercise a freeman's vested rights.

In the name of all those martyr, and valiant hosts of blacks, who fough from Lexington down to Carrizal for a country that still denies us full liberty, we are coming forward to vindicate this country's right to sail her ships, unmolested, on every sea, as thousands of our race have shown courage and proved their souls when the call came for patriots.

It shall never be said, in the days to follow; it cannot be said of the days that have passed, that any Americans rendered a better account of themselves and served the Stars and Strips, whose folds do not protect us below where sweeps the Ohio, with a greater loyalty than the American Negro. WE ARE doing our duty.

TO THE AMERICAN NEGRO

By Herbert Kaufman in the N. Y American.

In 1861-5 half a million white men perished to secure for you the privileges which half the world is defending against a horde that threatens liberty on every land and sea.

The flag that set you free now calls upon you as a citizen and a constitutional equal to protect its honor, your franchise and the sacred principles which God gave use in trust, to have and to hold eternally.

We bring the banner of the free to the mementous fields on which the champions of special privileges defy enlightmeat and deny Blood-won right to remain master of self and challenger of circumstances.

In the name of Lincoln the martyr, and of the valiant that died for your salvation, come forward and vindicate the nation's faith in your fitness for brotherhood—as thousand of your race have showed courage and proved their souls when need was for patriots.

Let it be said, the days to follow, that none in these United States rendered a better account of themselves and served the Stars and Stripes with greater loyalty than the American Negro. Do your duty.

EAST ST. LOUIS, ILL.—NOISE.

The last echoes of the malicious mobs and rioters in and around East St. Louis are dying slowly away and will finally subside into an inaudible whisper, but the odium and rancor of the dastardly cowardice and deliberate murder will form a sad page in the annals of East St. Louis' history, besmirch the fair name of the State of Illinois and leave to the historian of the future the painful task of recording those crimes which will tarnish the work of the Twentieth Century.

Our ears were pained. Our souls were sick at the report of these wrongs and outrages perpetrated against our people. We brand them as lawless and irreligious outrages against a class of citizens who have proved their love for and loyalty to this country in every crisis.

SANTA MONICA ANNEXATION THE LOGICAL MOVE.

A single, centralized, simplified government for this entire community is absolutely essential to the proper development and control of the public health, sewage disposal, highway and transportation lines, grade crossings, flood control, police administration, and water distribution, because:

1. These problems affect uniformly the entire metropolitan area from the mountains to the coast line, and require direct, cooperation of the entire district for their solution.

2. Effective control of these vital matters can be insured only by focusing upon them the attention of our united citizenship, which cannot be done so long as numerous independent muicipalities divide and dissipate this attention.

A REAL TRIBUNE.

No newspaper in Los Angeles stands higher in our estimation than the Los Angeles Tribune-Express. They have fearlessly advocated principles of justice and truth. In pursuance of these altruistic principles they are always found with the scales of Justice on hand, with an attentive ear waiting to hear our side of the story and weigh the testimony for themselves. Experts place our cause on one end of the scales and the righteous opinions of their papers on the other, and with the scythe of impartial intelligence they cut down the evidence until a balance is effected.

It requires great, big, whole-hearted men to determine the weight of human events. The Tribune Express employs expert weighers, who— by the art of extreme condensation— have reduced to a minimum all matters that might unjustly reflect undue criticism upon our people. With this same fixedness of principles they have, by the art of amplification, magnified the honesty of purpose and nobility of character when and wherever found among us.

EQUALITY.

Equality, with us, is the highest expression in the English language. It is not, however, the zenith of our social aspiration. Our innate sense of symmetry crowns perfection. Equality is the most perfect, abetract, intellectul, mathematical of moral notions. In the concrete it implies oneness; in the abstract it conveys the ideas of definite proportions. Rates and percentages are all right. They are elements of mathematics, but we love better and cherish and cheriah longer the axioms of Algebra, theorems of Geometry because they are charitable toward none.

AMERICAN—NOT ROMAN.

"I would rather be a dog and bay the moon, than such a Roman."

We are reminded by this expression that Caesar had his Brutus. History teaches us that George III. had his Cromwell. And, too, history tells of many cases where great men have bled for Justice' sake.

We pride ourselves on the fact that our race has never produced a Brutus, a Cromwell, a Booth, or a Guiteau. We would rather be dogs and bay the moon, than such Americans.

As a race, we believe in the ultimate triumph of justice. Our nation is now passing through the crucible only that she may gather experience on the field of battle, and thus associated with that justice and truth of which God is the Supreme Judge.

CALL FOR SPEEDY GETTING TOGETHER FOR PROTECTION

Hillburn, N. Y.,
July 16, 1917.

Fellow Comrades and All Colored Americans:—

Our nation, with the rest of the so-called civilized world, is agonizing in the throes of world-wide "human wreckage."

Alarming indeed, therefore, must be the condition of any particular group of American citizens that could justify them, during such awful times, in assemblying in large numbers with their own interests chiefly in view. Any justification for the calling of such an assemblage in a group of loyal Americans, numbering fully twelve million, casts a damaging reflection on our national sense of justice and Christian practice.

A Speedy Get-together Needed.

And yet, in view of unjust and unbearable conditions that continue, with increasing horror, to afflict all Colored Americans, we challenge this nation, and the world, to show why we have not **just and sufficient cause for a speedy and general getting together at this time, in self-interests and in self defense.** However much this may reflect on our boasted Christian Democracy, it is, nevertheless, the truth, and nothing but the truth.

Therefore, by the authority vested in me as president of the National Equal Rights League, I do hereby issue this call for the tenth annual convention of said League, and also for the second National Congress of All Colored Americans to convene in September, 18, 19, 20 in Mother Zion Church, New York City.

There are no words in any language than can adequately portray the increasing appalling humiliation to which we Colored Americans are being daily subjected in certain prejudiced-cursed sections of this country.

Laughter in Hell and Weeping in Heaven

The party in power has its iron heels on our necks. Our nation's chief executive and his associates in power, has not only done less for us, but has done more against us, than any other administration since the days of Abraham Lincoln. The ruthless disregard of our civil, social and political rights; the fiendish destruction of our hard-earned property; the shameful segregations and humiliating discriminations everywhere enforced against us; the horrible butchery of Colored men, women and children in both southern and northern states, and the sleeping apathy of the American conscience present a picture so infernally horrible as must cause laughter in hell and weeping in heaven.

The fresh, warm blood of innocent men, women and children of color, that clods the clay in East St. Louis, Ill., cries aloud to our racial leaders and to our great masses, TO GET TOGETHER.

Who Can Blame Us?

In the face of such unspeakable horrors who can justly charge us with lack of patriotism because we are forced to pause in the midst of international strife and to raise our shackled hands and our unheeded cry indefense of our own outraged manhood?

While Whites Cling to Prejudice

If White Americans during such trying times can cling with such a struggling grip to their color-phobia, should we be blamed for striking a blow for our own continued existence? When the Caucasian, while plunged into the very hell of war, and death, and national and racial decay, can find time at every turn of the road to practice his vile coolr schemes against us, it is high time that we poor, oppressed burden-bearers of the nation, should call a halt to the oppresser's rod. So heavy grows our burden, and so gauling becomes our yoke that patience on our part will soon become a crime against ourselves.

Let Colored Come Together

Therefore, let us come together. Let us gathr from the east and from the west, from the north and from the south and with the combined wisdom and strength of the race, let us "round-about" and confront and combat the forces of evil that sorely oppress us. If the flag for which we have always fought and bled can find no way to restrain the "poulted, blood-blistered, crime-cankered" hands that continue their wicked slaughter of our wives and children, let us get together and **find a way, or make a way, that will lead to freedom.** If, under prevailing conditions, we cannot get together and hang together, our enemies will continue to hang us separately.

Any person, white or Colored, who preaches that "this is not the proper time for the Negro to air his own grievances and to speak in his own behalf," is a dangerous ally to our vilest oppressors. Colored and white pacifists who, during the past have apologized for wrongs against us that they should have fought, constitute one of the root-causes of our present appalling condition in this country.

No Time to Lay Down

So far as relates to our case at this uncture in American history, a Negro pacifist ought to be an impossibility, and a pacifist of any other race claiming to be our friend, deserves to be branded as our foe, in sheep's clothing.

One Great, United Move

All organizations—churches, lodges, business and fraternal societies—States, are cordially invited and earnestly urged to send one or more delegates to represent them in this, the tenth annual convention of the National Equal Rights League, and the Second National Congress of All Colored Americans. Without regard to creed, sect, sex or party, let us come together, and compel public attention to our demand for "a square deal" as citizens of this great republic Let the entire Colored American population, in all sections of this grea country, be strongly represented at this great Race Congress.

Yours for one, great, united move for freedom.

BYRON GUNNER,
President of the National Equal Rights League.

STICK TOGETHER.

If a man has one per cent of Negro blood
He's a Negro just the same.
The white man is the cause of it
And so we'er not to blame.

We are a powerful strong race,
At that rate you all can see,
And could absorb the white race.
At some time we'll try—maybe.

When we came to America,
T'was by special invitation.
So since we'er here we're going to stay
And receive our ovation.

If you look this up in history,
I think it will prove to you.
The white race came against protest,
In the year 1492.

The Old Time folks one had a song
Which many of us have heard.
"Take the world—But give me Jesus."
The white man took him at the word.

But we no more remain the same,
Want reglion and also land.
And to demand our rights for this
Be ready to fight any man.

Now didn't we go into slavery.
Without the slightest knowledge?
Come out American citizens,
They have to acknowledge.

You'll never find our equal
In any other lands.
Went in without a language.
Came out with ballot in hand.

Everything has been proven,
That the Negro Race is to be,
For look at our splendid progress.
Since we have been set free.

Another good thing slavery did for us.
Gave us the habit of work.
So all continue to be men.
And do not try to shirk.

And while we make our money.
Lay a dollar on the shelf.
For it represents or day's
Independence for yourself.

The time is here when Christian friends,
Will have to help us too.
God told us if we take one step.
That he would then take two.

Now we must stick together,
And have more brotherly love,
Then we'll receive more blessings.
From Him whose up above.

CECIL BUSH.

Who Will Help the Negro?

(Wm. Allen White in Emporia Gazette.)

If the black man loafs in the South, he starves. If he works in the South, he is poorly paid, more or less in kind—chips and whetstones—and his wife becomes a 'pan toter." If he leaves his low estate in the South and goes to work in Northern industry, he is mobbed and killed.

He was brought to these shores from Africa a captive. He is held by his captors in economic bondage today—forbidden to rise above the lowest serving class. He is herded by himself in a ghetto; and if, while he is there, he reverts to the jungle type, he is burned alive. If he tries to break out of his ghetto, and, by assimilating the white man's civilization, rise, he is driven out by his white brothers.

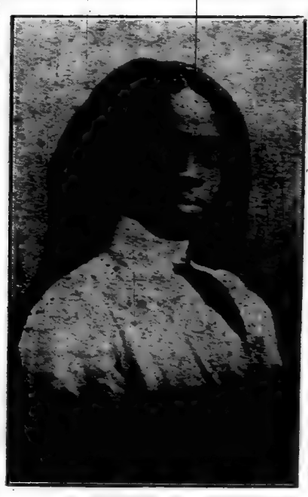
If he goes to school he becomes discontented, and is unhappy and dissatisfied with his social status. If he does not go to school and remains ignorant, he is then only a "coon" whom everybody exploits, and who has to swindle and cheat in return, or go down in poverty to begging and shame. There are not ships enough in the world to take him back to the land of his freedom; there is not room enough here except on the crowded bottom round of the ladder, and there always the grinding heel of those climbing over him topward is mangling his black hands.

Race riots, lynchings, political ostracism, social boycott, economic serfdom! No wonder he sings:

"Hard trials,
Great tribulations;
Hard trials—
I'm gwine to live with the Lord."

No wonder he looks dismally back at the forest whence he came, and dismally forward to the hopeless sea into which he is slowly being pushed, he lifts his plaintiff voice in its heart-broken minor, and wails:

"Swing low, sweet chariot, comin' for to carry me home."



"Home" is about the only place he can go where they don't oppress him.

SAN DIEGO NEWS.

The secret scheme that was being worked by the City Cemetery Commission to segregate the Negroes in the cemetery was nipped in the bud by the timely actions of the Progressive League with its committee. Rev. Guy and Rev. Williams called upon the Mayor, who put the "cap upon the pit" by his veto.

The current opinion of the A. M. E. Church at the Casal Hall Thursday evening was a grand success. All parts were well rendered.

Mrs. C. E. Norwood had a social repast with her friends Wednesday before leaving for other shores; the Russians furnished the music for the occasion.

Mrs. L. L. Moore, President of the Home and Foreign Missionary Society of Southern California, organized the children's bazar at the Mt. Zion Baptist Church Tuesday at 3:30 p. m. Officers—Miss Dasie King, Pasadena; Miss Isalar Neuman, vice; Miss Mattie Mason, rec. sec'y; Miss Carrie Brauer, cor. sec'y; Miss Lena Mason, treas.; Miss C. Langley, chaplain. They will have their installation at the next meeting.

The special meeting for the women at the First Street Baptist Church was almost a failure, as the sisters met at 7 o'clock and found the door locked. They waited until 8 o'clock, after which they entered through a window and held a short session.

Rev. Guy is turning over every stone in search of his dollar money for the Conference at Oakland soon.

Mrs. Marshall, who has been on the sick list for some weeks, is improving.

Hugging and kissing in the alleys is the latest by the young ladies. Be careful, girls!

Some of the San Diego orange pedlars have found a cheap way to get their oranges from the tree at night. But they found they could not carry oranges and birdshot at the same time—so they left the oranges and wagon and carried the birdshot home. The Sheriff is trying to locate the shot.

Mrs. A. G. Banks and her daughter, Esmarella Winn of Imperial Valley is visiting our city this week. They are stopping at Mrs. Thomson's on Third street.

Mrs. Clarence Vahn and his new bride are housekeeping on Williamson street. Good luck to you, Mr. and Mrs. Vahn.

Mrs. Brown of Arizona, who has been visiting her daughter, Mrs. Ida King of this city, spent a pleasant evening at the parsonage of Rev. C. Williams, her old friend.

The B. Y. P. U. of Mt. Zion Baptist Church was greatly inspired by the talk given by Mrs. L. L. Moore Sunday at 7:30 p. m. Dr. A. L. Brown, the president, is bringing things to pass with the juvenile choir to do the singing. Hear them.

Mr. C. M. McCane and daughter, Miss O. T. Taylor and Mrs. A. W. Williams of Imperial Valley, arrived in our city Saturday at 4.40, overland, and secured the flat of Mrs. Woods on So. 30th street, where they will spend the remainder of the summer. They are much pleased with their quarterly.

Mr. and Mrs. Darby spent Sunday at Ocean Beach.

Ocean Beach has become a very popular place for colored people to take the place of church and Sunday school. Where will the end be?

Have you ever met Mrs. Slander? She is becoming widely known in San Diego. You will know her when you meet her. She is tall, very dark and wears a broad smile. She is tall that she can see every lady's business. She is black, which shows her disposition. She wears a smile—to deceive. So look out for her!

Sunday will be Convention Rally day at Mt. Zion. A program will be rendered at 2.30 p. m.

On the sick list are Mrs. H. Nickels, Mrs. N. Gipson, and Mrs. E. D. Marshall.

Mr. G. S. Belt was much disappointed over the condition of her sick daughter in Kansas City, but received word that she was improving.

The social given by the Missionary sisters at the home of Mrs. Farnum was a grand success.

There will be a Japanese Tea and Cake Contest at the parsonage of Mt. Zion Baptist Church for the benefit of the pastor. A prize will be given the one making the lucky cut. Come out and try your luck. Thursday, 16th.

Owing to the hot weather in Imperial Valley very many of its people are coming here for the summer.

Mr. Hopkins of Imperial has received orders to go to the front at Washington. Mrs. Hopkins is very grieved. Cheer up daughter, Uncle Sam will care for you.

The Young Men's Reading Room is still open at 3039 Greeley street.

FRESNO

A packed house greeted the Rt. Rev. H. B. Parks, Bishop of the Fifth Episcopal District of the A. M. E. Conference at Bethel A. M. E. Church last Wednesday evening. The Bishop is indeed an eloquent, forceful speaker and the large audience was greatly benefited by his sermon. The special music furnished by the choir was also an added incentive.

The Rev. W. W. Mathews, P. E. of A. M. E. Zion Conference, preached at the Zion church last Sunday and also held Quarterly Conference Monday night.

No doubt the most extensive of the summer trips taken this season was that enjoyed by Mrs. Lillian Jeter Davis, who left some time ago on a visit to Salt Lake, Denver, St. Louis, Kansas City, Chicago, New York and Newport.

The Rev. Taylor M. Davis, the eminent pastor of the Second Baptist Church, will leave within the week, with the children, for one of the summer resorts, having been granted a month's vacation by his congregation.

A congenial party, including Mr. and Mrs. William Hale, Mr. S. S. Hannible, Mrs. William A. Bigby and Mrs. Eugene J. Morris, have returned from a delightfu trip to the Big Trees at Sequoia National Park, in the high Sierras, where they spent several weeks.

PROF. F. M. ROBERTS DELIGHTS FORUM

Last Sunday was Mound Bayou Day at the Forum. The day had been set aside to listen to a detailed account from the lips of one personally in touch with every phase of the work and who is actively engaged in the development of the colony he had come to describe.

In a manner particularly his own Prof. Roberts gave a detailed account of the work in and around Mound Bayou. He painted scene after scene which gladdened the hearts of his hearers. Expressions of deep satisfaction, inquiring looks, eager nods of heads, sighs of astonishment greeted him intermittently, as he unrolled the story of Mound Bayou. Had the story been told in pantomime or had it been focussed upon a screen backed up by the the high frequency of a calcium ray, the effect would not have as pleasing nor half so impressive.

The soft, mellow voice of Prof. Roberts told the story. We lived with him for one solid hour in Mound Bayou.

Every question that might naturally arise in the minds of his listeners was answered by the artistic description of the colonial life at Mound Bayou.

It is rather difficult to conceive of a colony, owned, operated, controlled and governed by Negroes. It is almost as difficult as would be the idea of our trying to conceive of a man without brains. We remembered, however, that some Negroes have brains. Thus we reconciled ourselves to fact that brains and brawn have formed a combination among some black elements and that these compounds having little or nothing in common with extraneous elements, decided to form what are called base elements, and consequently rule themselves, if not others.

A clear definition of the commercial activities at Mound Bayou revealed to us the fact that articles of food, clothing, merchandise, coal, wood, etc., are manufactured, sold bought and consumed by Negroes. These industrious colonists have established all classes of stores which supply them with the various commodities of the market. There are drug stores, banks, meat markets, hotels, boarding houses, jewelry stores, in fact they have in substance what one would naturally expect to find in a city of greater magnitude and more highly organized from a business standpoint.

The spell of Prof. Roberts' revelation was not broken. He touched lightly upon the social development of the colony.

They are organized for anything and everything that promises to lend itself to the betterment of the colony. They respect themselves. The colonists respect each other. If any one does anything that interferes with the good laws of the colony, if found guilty, he is punished. Anyone found guilty of violating the laws established for peace and order, he too must be arrainged before a court presided over by a Negro judge. Even the jury that decides his fate is impaneled with Negro men.

Nature has set her seal upon Prof. Roberts. He is a natural pedagogue. He is destined to lead men and women into the higher walks of life. He can't quit. If he tries to quit he will finally go back to it with renewed determination and zeal. We discovered psychologically, his weakness when he began describing the educational work at Mound Bayou. The ritardando which characterized his speech at this point, the hesitation and difficulty with which just a few thought arranged themselves in his mind, told us the story of his life and work. We discovered his deep seat of emotion.

This emotion declares itself in his love for his people. His highest aim will be to see Mound Bayou become a thriving, prosperous city where his people will demonstrate to the world the fact that Negroes are capable of self-government—they too, have a high respect for law and religion.

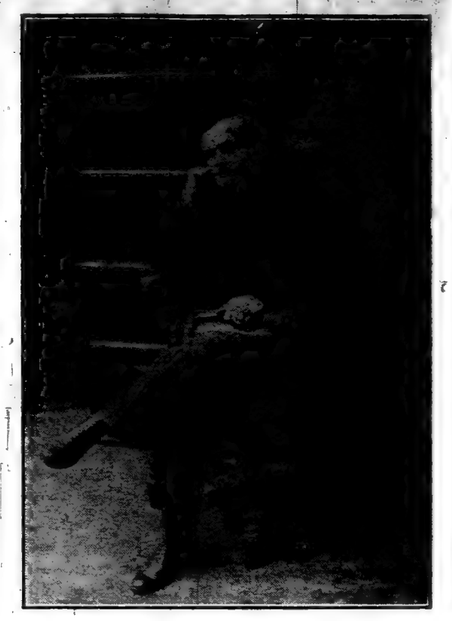
Prof. Roberts says there are 250 students enrolled in the Mound Bayou Normal Institute. The boys and girls are preparing themselves to fight the great economic battle of life as it pertains specifically to Negroes. There are those who apply themselves to arts, crafts, industries and to the various branches of educational work.

While the educational facilities are not adequate to the present demands Prof. Roberts is hopeful for the future and is looking with pride to the day when his school will be thoroughly equipped and nothing will hinder the progress of the institution or the development of its pupils.

The audience was so well pleased with the recital of facts by the President of Mound Bayon, that a liberal offering was presented him, after which Atty. Hugh E. Macbeth pledged to form a club of 20 men who will subscribe each $5.00 to assist in the work for the ensuing year.

H. DOUGLAS GREER.

POTATO PRICES GOING UP AGAIN



A warning regarding the late potato crop is contained in the report of a special committee of the Los Angeles Chamber of Commerce. City residents and ranchers are urged to plant for the family and the market as there is every indication that there will be a repetition of last year's high prices.

Seed potatoes are nearly exhausted, hence the planting of the heal urged. While a big yield from these may not be expected, says the report, if care is taken a good percentage crop may be raised ,if not a normal one.

Within a few days potato shipments from Stockton are expected to reach Southern California. The prices are advancing and, according to dealers, the situation is changing rapidly.

The Los Angeles Chamber is making a survey of the potato crop in this section and will appreciate reports from surrounding growers, dealers and others having knowledge of conditions.

It is hoped that the survey will reveal that Southern California will have potatoes for shipment next winter instead of having to buy elsewhere. The large early crop lost much of its value because these tubers will not stand long shipment nor will they hold up in storage. The late potato is the one that may be stored and shipped successfully.

NOTICE

A special meeting of the Unit Holders of the Apple Orchard at Rossburg, Oregon, will be held at its regular place of meeting, 1119 So. Los Angeles St., A. City, on Monday, August 12, at 30 p. m., for the purpose of forming a corporation and electing directors for the coming year. This is a very important meeting and all Unit Holders in good standing are requested to be present without fail.

A. I. JONES, Pres.

friend. Theodore Roosevelt, for his epoch-making denunciation at Carnegie Hall of mob murder, the efforts of the New York World in quoting an unfortunate utterance at the Civic League mass meeting to the Contrary notwithstanding. Under the leadership of the United Civic League the race in Harlem is going to rise this fall to the occasion. It does not endorse the untimely and ungracious act of its speaker. Neither do its candidates asking suffrage of their fellow citizens.

We repeat what we said recently under the catption, "Allegiance to Old Glory."

To those black men who speak in despair of "the Land of the Free and the Home of the Brave" and of all Old Glory really stands for, the following paragraph taken from the appeal of Otis Fletcher to the race is a direct answer.

"My Countrymen, have you not heard the nation's call? Can we forget that back in the early sixties, that this nation placed her life upon the altar of sacrifice to deliver our race from the hands of the oppressors? Can you fail, then to do your whole duty to this glorious nation who is now making the same sacrifice for oppressed and suffering humanity? No race of people in all of civilization shoul fell a keener nor a deeper sense of loyalty to the cause of this great nation than the Colored American; for this country of the noble free, 'sweet land of Liberty,' has not yet recovered from the shock sustained in our behalf. It is true that the nation's process of establishing such principles and reforms as are necessary to raise a race of people who were just recently liberated from slavery to an equal dignity of citizenship with those who formerly held them as slaves is slow, but remember that great and lasting reforms that affect races and nations, as a rule, are slowly but surely worked out. Do not become excited over spontaneous local race friction. Do not blame the nation every time a member of the race is killed, but look to her as the friend and protector of the race."

This, we urge Colored Americans, is the better part. Old Glory does stand for justice, equality and fraternity. We as Colored Americans must press on in the fight until Old Glory means every where and at all times what it stands for.—Amsterdam News.

OUR CREED.

We believe that God is the Father of all and that all men are brothers; that we are bound together by the laws of a common humanity and failure to recognize this fact is a travesty upon high heaven.

We believe that life reaches its highest expression through service—earnest, devoted and unstinted service—and that every soul should contribute something worth while to the progress of civilization.

We believe that God intended for man to enjoy himself; that all things are here to help man to that end. If he harms himself, it is because he has misapropriated. God's gifts harm not.

We believe in fighting sin—whether it be in high places or low—in condemning sin while trying to help the sinner. The fort of evil must be stormed, and cannot be captured by a policy of cowardly resistance.

We believe that every man should weigh his convictions on the scales of reason, experience and truth, and then live up to them, even though he must wade through blood.

We believe that the world is growing better every day and that man is reaching out for the higher, nobler things—in spite of war, carnage and bloodshed. The beautiful flower of fraternal love will yet send forth its fragrance to the joy of all mankind.

We believe that right is always in the ascendancy, that good is never swamped. If the tide recedes, it is only to gain more momentum for the dash to follow.

We believe that man is the architect of his own future—by the thought he thinks, by the dream he dreams, the ideal he enthrones, he will lift or lower himself.

We believe in preparedness and self-defense, but detest retaliation and force.

We believe in our Country and will stand by her as long as she is right. God forbid that she should be wrong.

We believe in the Negro, and that by loyalty, devotion and adherence to the principles of righteousness, justice and truth, he will steadily ascend the mountain of achievement, defy all obstacles and trample on all wrongs.

We believe in doing your best every day to be good, sincere, and develop a strong chararacter. If anything makes me swerve from my purpose it is my enemy and should be so considered. I should love the right and hate the wrong, and be a man of purpose, power, plan and poise.

We believe that without God without faith in His Son Jesus Christ every life is a failure, no matter how brilliant its achievements, or glorious its honors. Good works, a life-time filled with good deeds can save no man. It is only when sheltered behing the blood that dripped from divine veins that we shall be passed by and enabled to sing a song of triumph.

HER GARDENING

"I mean to raise my beets and corn
And cabbages," said she;
"I've figured up exactly what
A saving it will be.
"I've joined the Ladies' Garden Club,
Ten dollars is the due,
And bought my garden tools they came
To fifty, nintey-two.

"I've got the sweetest garden gown,
With little pockets neat
To hold the seeds, and frilly hat,
And gloves and shoes complete.
It costs me eighty dollars, but
The time has come to pass
When we must use economy,
And grow our garden sass."

A LITTLE MISTAKE

Since Gladys took to gardening
And wields the rake and roe,
She wears a pair of overalls
Just like her brother Joe.
And with her rakish Panama,
She is a picture that
Whenever I behold her makes
My heart go pit-a-pat.

Last night beneath the silver moon
I stole upon her where
She weeded the potato patch
With slow and patient care.
I clasped her in my arms and took
A kiss and then another,
Before I saw that it was not
My Gladys, but her brother.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

Santa Monica Citizens Fight for Annexation

Election Next Wednesday

SAYS LOS ANGELES IS TO BECOME TAXLESS CITY

Annexation Advocate Points to Great Asset of Producing Bonds

That Los Angeles stands in the front ranks of cities of its size in the proportion of producing bonds outstanding is shown in an analysis made by J. C. Steele of Santa Monica, who is urging annexation there. Non-producing bonds of Los Angeles, he states, amount approximately to $2,500,000, or one-half of one per cent of the assessed valuation, while producing bonds amount to 7 per cent.

"It is being said on the very best of authority that Los Angeles is destined to become, through her producing bonds, practically a taxless city," the analysis declares.

Mr. Steele takes up the producing bonds in detail, showing the proportion which would be met by Santa Monica in the event of annexation, in part as follows:

"The outstanding aqueduct bonds for the year 1918-19, which would be the first tax levy for which we would be liable are: Water bonds, 1905, $1,012,500 and water bonds, 1907, $19,615,000, or a total of $20,628,100.

Amount to Be Assumed

Estimating the assessed valuation of Los Angeles in 1918 to be $530,000,000 and county valuation in 1918 to be $12,000,000, you will find that our pro rata of the amount to be assumed is $468,820. Figuring the interest on this amount at 4½ per cent we find it to be $21,096.90, which necessitates a tax levy on our $12,000,000 assessed valuation of 18 cents on each $100 valuation. This has not taken into account the revenue that will be derived from the sale of equeduct water, which amounted recently to $4500 a day. Estimating the average sales per day for the entire year at $3000 we find the gross revenue to be $1,095,400, or $65,595 more than enough to pay the interest on the bonds.

"From a statement of Auditor Myers we find that the taxpayers of Los Angeles this year will not be taxed at all for the power bonds, because they are at present not only paying operating and maintenance expense, but they will turn into the city treasury the sum of $700,000 this year, or $250,000 more than enough to pay the interest on the outstanding bonds.

Value of Power

"It has been estimated by competent engineers that a fair value of the power from the equeduct would be $25,000,000, and it is believed Los Angeles could at any time realize this sum provided the city would keep out of the sale of power. By the acquisition of cheap power Santa Monica would, with the assistance of the Merchants and Manufacturers' association, become a prosperous industrial center. Without annexation we cannot hope to secure this class of business, because no power can be produced that will complete with acqueduct power.

The outstanding harbor bonds in 1918 will amount to $4,631,000 and the interest on this amount will be $208,395 or only $8395 more than the gross income. Those who are in a position to know say that the harbor is in the near future destined to be a source of great profit, besides being an enormous benefit to business, because it is making it possible for the wholesaler to sell his goods to the consumer at reduced rates.

Cheap Freight Rates

"Much commendation should be given Los Angeles for making it possible for the merchant to obtain cheap freight rates, and it is predicted that when peace has been declared and the Panama canal is in full operation the traffic will be enormously increased, thereby causing the harbor to vastly increase her revenue.

"Can it not be said that the producing bonds we are asked to assume is destined to become the greatest investment any city could possibly make? Our pro rata of the harbor bonds would be $105.250 and the interest would be $4,725.25, or a tax rate of 4 cents."

Total Saving

Saving on taxes, $56,355.88. Saving on water, $53,269.28. Saving on light, $55,096.78. Saving on gas, $34,936.61. Saving on insurance, $15,000. The grand total of all this saving amounts to the enormous sum of $214,658.45, or a saving to each man, woman and child in Santa Monica of $17.89 each year. The total amount of taxes raised in Santa Monica last year was about $208,000. Deduct this amount from the savings made by annexation and you will find that you have not only paid al your taxes out of the savings on taxes, water, light, gas and insurance, but you will have still saved the sum of $6658.45. Taxpayers and consumers, can you afford to pay this enormous price for the privilege of having a local government? Can you afford to stay out of Los Angeles? Will it not pay to annex?

Unmeasurable Cost

No one is able to estimate the awful cost and the menacing peril it is to this community to continue indefinitely the discharge of raw sewage in the midst of bathers. No one can measure the awful cost it is now or will be in the future to the property owners of this community. Annexation offers us the only logical solution to free our beach of sewage contamination. The Hyperion outfall of Los Angeles is the only way we can dispose of our sewage. Will it not pay us to annex? Can we afford to stay out of Los Angeles?

The argument has been presented, Mr. Steele says, that Los Angeles should assume a pro rata of the Santa Monica bonded indebtedness. These bonds, he says, were issued for local benefits which would in no way benefit Los Angeles. Santa Monica, he points out, is not asked to assume bonds for similar works in Los Angeles. Annexation, he declares, will insure the prosperity of Santa Monica, will mean reduced taxation, more, better and cheaper water, cheaper light, gas and power, reduction in insurance, cheaper transportation, elimination of beach contamination, advertisement of the beach by the Chamber of Commerce, assistance of the Merchants and Manufacturers' association in establishing factories, and the substantial financial backing of Los Angeles.

The Los Angeles Police Department has been requested by the chief of police of Kalispel, Mont., to locate Mrs. Savannah Harris, as her son Wallace is very low at that place and wants her to communicate with him at once.

UNDAUNTED THE N. A. A. C. P. EQUAL TO THE EMERGENCY AND HOLD MEETING SCHEDULED FOR INDEPENDENT CHURCH AND PERMISSION REVOKED DAY BEFORE THE MEETING

Undaunted, the local association for the Advancement of Colored People, would not let a little thing like being denied one place prevent their holding their meeting at another for the purpose of hearing Senator Works and other distinguished speakers talk upon the issues confronting the people as a result of the war. So a full house heard these distinguished men at the A. M. E. Zion church, corner Pico and Paloma street on Thursday night. The Douglass Temple choir rendered the musical part of the program and we must compliment this organization for their proficiency in chorus work which they have attained. They are unexcelled.

Now the audience was thoroughly appreciative one and each speaker received an ovation, thunderous applause greeted each period. The meeting was presided over by Dr. J. A. Sommerville and was one big affair.

INTRODUCTORY REMARKS BY ATTORNEY E BURTON CERUTI

Mr. Chairman and Friends:

On this the 16th day of August, nineteen hundred and seventeen, being the third Thursday in the month of August, the Los Angeles Branch of the National Association for the Advancement of Colored People are met in regular quarterly session which in accordance with its By-laws is designated and intended to be a public meeting.

The National Association for the Advancement of Colored People, as its name implies, was organized to protect and promote the interest of the Negro Race in Ameria. It is now more than six years in existence and continuous operation, and is past its experimental stage. It is recognized as the most, if not the only efficient organization of a National character engaged in work of this special nature. It claims to be both patriotic and philantropic.

While I have stated its general purpose to advance the cause of the Negro, it pleaces no limitations on the means and measures by which this end may be accomplished save only that they be lawful and honorable. Specificially, it endeavors among other things, to:

1. Stop lynching (more than 3000 Negroes lynched in past thirty years.)
2. Restore franchise (more than three-fourths Negro population disfranchised.)
3. Prevent segregation (both person and property.)
4. Extend and equalize educational opportunity.
5. Extend and equalize industrial opportunity.

To accomplish these purposes we endeavor among other means and methods, to keep or membership and the aspiring members of our race informed on all issuses which concern them directly or indirectly. We encourage, and seek to stimulate in them an intelligent interest in their own affairs and the affairs of their country. This, in order that they might qualify as worthy citizens and enable them the better to cope with the problems which confront them.

In enlightment there is a hope; in ignorance, despair.

In acordance with these plans, and as is our usual custom, we have invited to our program as our guest three distinguished men, who will present and discuss living subjects with which they are intimately conversant. Their eminent standing in their respectice communities, their records and their reputations assure us of the worthiness of their motives and are guarantees of the sincerity of their utterances. These things must comamnd for them a respectiful audience.

Being ourselves, not infrequently denied the rights of petition; it does not become us to reject any petition unheard.

So, whether we will approve or disapprove of the sentiments to be here by them expressed, must be left to your individual conscience and your independent judgment.

ENTERTAINED AT DINNER

On last Thursday, Mr. S. P. Johnson entertained at dinner in honor of Mr. J. Soreas of Oakland. The cuisine of the far famed Cadillac Cafe was keyed to its pitch and if was one of the stellar events of that hostelry, other guests were Mr. J. D. Groves and Editor J. B. Bass.

COTTON KING OF IMPERIAL VALLEY VISITS LOS ANGELES

It will no doubt be of interest to many readers of this paper to know that we have had in our midst for the past week, R. L. Armstrong, who is known as the Cotton King of Imperial Valley. Mr. Armstrong not long since turned down an offer of $60,000.00 for his crop of cotton for this year. While he has been in the city purely on business he has been entertained by a host of friends who reside here, he is accompanied by Mr. Perry Moore and Joseph Brown, both of whom are associated with him in business in the Valley. Mr. Armstrong gained his sobriquet as the Cotton King from the fact that he is always alert and on the job in cotton raising, he produced in 1916 the first bale of cotton and left here Wednesday evening to pick the cotton for what will undoubtedly be the first bale of cotton for 1917. Mr. Armstrong's great program is to be commended and is an object lesson for some of our young men who whine and cry and say they never had a chance. He owns and controls for this season, more than 2000 acres of cotton and will be in a position to furnish work for 500 people for six months, beginning Sept. 15th, and the price paid for picking cotton will be much better than ever payed in the history of cotton raising.

Los Angeles Business in Charge of K. C. Venable

The business aaffirs of Mr. Armstrong on this end are in charge of Mr. K. C. Venable, who is located at 1160 E. 10th St., phone bdwy. 4925. Mr. Venable is one of our splendid young and hustling business men and has made many friends throughout the state. He is qualified and will be pleased to give any information that you may seek regarding Imperial Valley, also in reference to Mr. Armstrong's business. These gentlemen are doing the things worth while in this section. They say that in this Valley lies the chance for those who will. They are giving a practical demonstration of the possibilities thereof, and are willing to help others to succeed as they have. See Mr. Venable.

ANNUAL PICNIC OF PIONEER CLUB A STELLAR EVENT

Editor J. B. Bass Speaker of the Day

On last Thursday the Sturdy Pioneer Citizens and their families wended their way to Sycamore Grove, which place had been designated to be the scene of the Pioneer Club's Annual Picnic for 1917. After a sumptious repast had been served and a greeting and interesting exchange of reminiscences and etc., Mr. A. J. Jones called the assemblage to order and announced that the program for the afternoon would begin. After some remarks he introduced Mrs. V. Fingers, the president of the club who briefly told of the purpose of the organization and introduced Mrs. N. J. Warner, missionary who had just returned from Africa, who interestly spoke of her experience in that country. She called for an interest in the welfare of Africa.

Editor J. B. Bass of the California Eagle, was then introduced as the speaker of the day and graphically told of the struggles of the pioneer and spoke encouragingly indeed, of the good examples the pioneers in this section had set for those who follow. The greatest of enthusiastic prevailed.

The program was interspersed with singing by the club and President Fingers and her fellow officers deserve great credit for the notable success of this year's annual picnic.

WILLIAM ROSS, PREMIER COMEDIAN AT THE CADILLAC CAFE, AHEAD LINER

The funniest man in Los Angeles, not barring the far famed Charlie Chaplin, is William Ros, premier comedian who is an entertainer at the famous Cadillac Cafe, 553 Central avenue.

Ross furnishes the comedy to the work of a high class of performers and in his line he is in a class by himself, and is at all times a favorite with the crowds which nightly go to this far famed cafe to be entertained. His varied and quick changes in comedy with his quaint originality and natural ability stamp him as a high class artist and makes him a stellar attraction.

He has had a rich and varied experience in show work, having performed with some of the brightest stars that the race has produced, played throughout this country and invaded Australia and Honolulu. In speaking to the Eagle man Mr. Ross said, "I a mpreparing to take a trip east, visiting New York, Chicago, and other eastern point. I shall let them all know that the Cadillac with its high grade entertainers stands second to no other like concern in the country. He praises the work and worth of his associates and says that his highest aim is to keep up the high standard of the Cadillac because the very latest and best in their line is none too good for the patrons of the place.

NEW YORK DELEGATION GOES TO SEE PRESIDENT GREETED BY SECRETARY TUMULTY.

(By Fred R. Moore.)

"Seeing the President" is no new experience with me, for I have had the pleasure of conversing with quite a number of the nation's chief executives and uring the Taft administration was invited to call at the White House on several occasions. But on Wednesday of last week I went through an unsual ordeal at the White House, which might be entitled "Not Seeing the President."

I was a member of a delegation of Negroes from New York who called to talk with Mr Wilson personally about the murdering of innocent Negroes and to protest against the reign of mob law in many sections of the country. We carried with us a beautiful engrossed memorial wich set forth that in the last thirty-one years 2,867 colored men and women have been lynched by mobs without trial and that less than a dozen persons out of the ten thousands involved have been punished for murder.

Before leaving New York for Washington I openly expressed misgivings to members of the delegation about the probability of being received by Mr. Wilson, for his record during his five year s as President has not been such to inspire any Negro that he had a true and sympathetic friend in the White House. There is as much difference between the respective attitudes of Grover Cleveland and Woodrow Wilson, both Democrats, on the race question as there is between chalk and cheese; but one was a Northerner of broad and generous ideas, while the other is a Southerner who, despite many years of residence in the North retains many of the obsolete and antebellum ideas of what the Negro today should do and should be.

Negro Callers Not Welcome

During the Wilson Administration few Negroes have been permitted to cros the portals of the White House, and the impresion exists that they are as welcome as a case of smallpox. A few colored men are accorded the rare privilege of shaking hands with Mr. Wilson, but they are regarded as "good darkies" who are called by their first name, spend most of their time telling about the good white folks back home and who are greatly "loved" for "keeping in their place." But as for Negroes of influence and culture, men who stand for something who respect themselves and demand respect in return they receive no recognition whatsoever, and their chances of getting a word with Mr. Wilson are very slim.

Members of the New York delegation at leas some of them had hopes of being ushered into the august presence of the President, as word had been sent to the White House by Mr. Hudspath of New Jersey, one of the men accredited with having made Mr. Wilson politically, that the delegation was coming, and the answer had been sent back to tell them to come on, A. F. Cosey also had received word from Mr. Tumulty to tell the delegation to call at the White House at 12:00. So when the noon bells were ringing the entire delegation was escorted to the office of Mr. Tumulty, who was very cordial in his greeting as each was presented by Mr. Cosey.

After the introduction Mr. Tumulty began to emphasize the many responsibilities of his chief, stating that the principal reason Mr. Wilson would be unable to see the delegation during the day was owing to the great importance of the food supply bill, which was demanding his attention. Then James W. Johnson who had been chosen as spokesman of the delegation, in a few well chosen words, presented the written appeal which asked for justice for 12,000,000 American citizens.

Secretary Tumulty Sympathetic

Mr. Tumulty expressed himself deeply interested in the delegation's endeavors to secure a square deal for colored citizens, and with feeling assured those present that the President was greatly interested in the welfare of the Negro and fully appreciated his desire for proper redress for the wrongs commited against him. Extracts of letters were read by Mr. Tumulty which had been written by his chief to the Cabinet officers having control of these matters, in which the writer ordered that everything be done ot put a stop to the evils complained of. The letters were not for publication, Mr. Tumulty so advised the press.

The impression made upon the members of the cimmittee was that the President was desirous of doing something, but really did not know how to go about it since it was the Negro who was pleading for justice; that in view of the fact that the Negro was largely in the South and the South was now in control of the Government, the President did not want to apear too sympathetic toward the Negro for fear of offending his "sensitive" Southern brethren who do not believe that the Negro has any rights which the South nor the white Southerner is bound to respect.

The members of the delegation really wanted to see the President if only for a few minutes, and would hay been as polite to him as they were to his distinguished secretary. They wanted to read to Mr. Wilson the harrowing cruelties that hed been inflicted upon innocent law-biding Negroes at East St. Louis. They had no intention of telling him of the horrors of Waco or Memphis, although they might have brought to his attention his celebrated letter to the late Bishop Walters.

Had the delegation been permitted to see the President it is very likely an appeal would have been made for him to come out and express himself unequivocally in favor of the Negro in his quest for liberty, the pursuit of happiness and for a real human democracy. Mr. Tumulty, however well represented the President, appearing most sympathetic and declaring: "Something must be done."

Although we did not get a chance to see the President we left Washington believeing that before the close of his administratoin Mr Wilson will speak out palinly to the South and other communities where lawlessness prevails, and will tell the South that it must recognize that the black man had rights and that law and order must prevail. We are led to believe that Mr. Wilson should be given a reasonable time to think.

Visit Senators, Calder and Frelinghuysen

From the White House the delegation visited the Senate and the House. A friendly greeting awaited us when we called on Senator William M. Calder of New York and Senator Joseph L. Frelinghuysen of New Jersey. They were also presented with memorials and after readng them pledged their hearty support, volunteering to read the appeals into the record and to urge an investigation that would bring results. As spokesman for the committee I explained to both Senator that social justice, no "social equality," was desired, and in telling of the race's progress states that the Negro in the United States was worth three billions of dollars in farm lands, homes etc., had 30,000 school teachers, 30,000 ministers of the gospel, on deposit $200,000,000 in banks controlled by white men and had 50,000 Negroes employed in the packing houses throughout the country, some being at East St. Louis.

Senators Calder and Frelinghuysen admitted that the South, which is in the sadlle, did not at all time treat the Negro fairly, saying that a change would sooner or later take place by advancing the proper argument and submitting facts which could not be denied. They promised to do their part in enlightening the South. Senator James W. Wadsworth of New York, who was occupied with important committee work, asked Senator Calder to represent him, sending word that he was willing to do what he could to improve conditions.

Members of the delegation also called on the Socialist Congressman, Mr. Lundy who expressed great sympathy for the Negro people and promised his support. He advised the Negroes of the country to play better politics if they wanted to get better results.

We did not see the President. I did not expect to. But taking everything into consideration I sincerely believe that our visit will do a lot of good, and even though Mr. Wilson did not meet us face to face and hear from our lips what we had to say on behalf of the Negro, he will be made to see, through Secretary Tumulty, that the colored people of America are anxious to be included in the real democracy about which he talks so much.

What the Churches are Doing

PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton St.
Rev. J. C. Anderson, Pastor

Two splendid congregations were present at the services on last Sunday and listened with raptattention to the sermons delivered by the pastor. The pastor preached atthe morning service on the offices of Christ, and at the evening on the message to the church at Sardis.

The church is very busy preparing for the conference but thsi does not interfere with the charitable work of the local church. The neat sum of ten dollars was raised at the morning service for one of the families of the church that has had sickness in it for a long time.

The fourth quarterly meeting for this conference will be held by presiding elder Seldon on the fourth Sunday and we are expecting a great time. The conference is rapidly approaching and the pastor is expecting that each member will pay their general funds and get their names on the bulletin as soon as possible. Friends and visitors are always welcome to the services of the church.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

18th and Paloma
Rev. N. P. Greggs

Services at the People's Independent Church of Christ last Sunday were unusually inspiring both morning and evening. The pastor took his text from the 27th chapter of Matthew. Theme, "Sacrificing for Christ." This sermon was one that fitted all classes and ages of people and all present were greatly benefited.

The Christian Endeavor led by Mr. Beavers was very well attended. This organization has before it a wonderful future.

Through the thoughtfulness of Mrs. Nannie Tripp there has been recently organized in the church a benevolent aid society. An organization in which each person may make hay while the sun shines, that is, prepare for sickness and death while in health. Think this matter over and hand your name and 50 cents to Mrs. Loveing, Mrs. Poes or the secretary, Mrs. E. Alexander. You might also attend the meeting on the 2nd and 4th Tuesday evening of each month in the parlors of the church.

The Benevolent was organized with 20 members. Nothing remains in its infancy at Independent church. Everything grows, so hand your name in early.

10 a.m.—Bible School. I. J. Williams, superintendent.

11 a.m.—Preaching by pastor. Subject, "The New Birth."

8 p.m.—Preaching by the pastor. Subject, "Reconciliation."

WESLEY M. E. CHURCH
8th and San Julian Sts.

Rev. A. P. Shaw, Pastor

The services at Wesley M. E. church were up to the usual high standard last Sunday. At 11 a.m. the pastor used Matt. 6:10 as a text, "Thy kingdom come, Thy will be done on earth as it is in heaven." Among other things he said, "Although many of us have repeated the text over ten thousand times, how few there are who make the text personal! Our first duty after praying this prayer is to open up our individual hearts and surrender our individuel wills to God. There are thousands who pray this prayer who do not conscientiously try to do the will of God tewnty minutes. The great objective in the church and the Christian nation is not that which our nation is blindly seeking today as lofty as that aim appears. It is not democracy, the rule of the people, that a Christian nation that knows its business seeks, but the rule of God, of righteousness and justice and purity and holiness in the world."

The evening sermon on Cain and Abel was full of helpful thoughts drawn from the life of these men.

This Sunday promises to be one of unusual interest. At 11 a.m. short sermon by the pastor followed by an address by Mrs. Warner, a recently returned missionary from Africa. Special thank offering for the Woman's Foreign Missionary Society.

The subject of the evening sermon will be "Enoch." Wesley promises helpful and inspiring services to all who attend. Good, helpful, practical preaching. Excellent singing by our splendid choir.

Strangers and visitors welcome.

THE WESTERN BAPTIST ASSOCIATION

The Western Baptist Association will convene at the Mt. Zion Baptist Church, Tuesday morning, at 9 o'clock and close Friday, August 24th. Important sessions each day and night. Owing to the high cost of food, living expenses, etc., it has been decided that each delegate pay one dollar for badge and matriculation fee to dining hall and all facilities accorded delegates. The church has made elaborate preparations to take care of delegates. Rev. Davis and congregation extends a cordial welcome to all visitors, delegates and friends.

Corresponding Secretary Western Baptist Association.

PASTOR TAKES LEAVE OF CONGREGATION

Impressive services attended by large crowds marked the concluding Sunday of Rev. Dyett's pastorate of the A. M. E. Church. At the morning service the pastor spoke. His sermon was a farewell, not alone to the people of Pasadena, among whom he had labored for five years, but also to the itinerant ministry, after thirty years of strenuous service. In the congregation were a number of persons from former charges pastored by Rev. Dyett, as Omaha and Denver.

The afternoon service was elevated to a rally, in which all the churches of the city joined in expressing appreciation of the services Rev. Dyett and family have rendered to the people of the city. Music was furnished from the choirs of the city and short addresses from pastors of the city were enjoyed. Reports of the year's work were rendered at the evening service from all departments of the church, showing a healthy financial and spiritual condition through the organization. Substantial purses were presented the pastor and wife at this service. Rev. Dyett and family left the city Monday afternoon for Berkeley, Calif., where they will reside at 3901 King Street.

Next Sunday services at the church will be held as usual. A committee will supply the pulpit with interesting speakers and will rely upon the loyalty of the members of the church in keeping up the regular services.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th and Central Ave.
E. E. Lightner, Pastor

The usual good services were enjoyed at this church on last Sunday. The Sunday school which has been an encouraging feature of our work, bids fair to surpass all former records under the leadership of Brother Geo. Baker, who resumes the superintendency.

All were wonderfully helped by the masterly sermon brought to us by the Rev. J. M. Cherry at the morning service on "A Personal Devil."

The pastor was at his post at the evening service and spoke on "Highways in the Heart."

Services for Sunday, August 19, as follows. Sunday school, 10 a.m., preaching, 11:15 a.m. and 8 p.m. by pastor. Morning, "What Shall Thy Wages Be?" Evening, "The Finder Lost."

Christian Endeavor, 7:00 p.m. Topic "A Definite Purpose and the Success It Wins." I Kings 9:1-9.

Acordial welcome to all.

Do not forget the great drama, "Not a Man in the House," Thursday evening, August 23, at 8:15 o'clock.

SCOTT CHAPEL NOTES

Scott Chapel had another great day last Sabbath. The sunrise prayer meeting was one of great blessing to all who attended.

The Sabbath School is showing fine growth and each teacher is determined that this part of the education of the youth shall be as definite as any part of the education, one is secular and the other is eternal.

At 11 a.m., Pastor Kinchen was at his best and was greatly used by the Lord in the delivery of the message.

tA 8 p.m., a fine audience turned out to hear the message in song, brought by our own good Sister, Pauline Brooks Daniels. It was a service long to be remembered.

The people of Scott Chapel will feel the loss of Doctor Dyette and his good family and join the good people of Pasadena in wishing them Godspeed.

The District Superintendent will hold the fourth quarterly conference on Saturday evening.

PREPAREDNESS LEADS TO MURDER

At the inquest over the killing of Will Thomas on Redwood street last Tuesday morning the testimony showed that the defendant, Parker, went to his home on East 12th street, procured a gun, not necessarily to kill Thomas with, but to be prepared In this situation he sought out Thomas and upon knocking at the door at the residence where Thomas was, he fired two shots. One of the shots was fatal and Thomas died in a few minutes. Parker was held by the coroner's jury for first degree murder.

LEADS FOR PROMOTION; OFFICER McDUFF APPOINTED DETECTIVE SERGEANT

Passing the highest examination by six points of all examined, Officer Littleton McDuff was, on August 7, appointed Detective Sergeant and has already been assigned to duty with Detectives Glenn and Stevens.

This is complimentary, not only to the high efficiency of Detective McDuff, but also to Mayor F. T. Woodman and Police Chief John L. Butler in pursuance of the recent declaration that "politics" must go and that men in the department will rise by merit. The immediate appointment of Detective McDuff, without a long wait upon the eligible list, shows that Race officers seem in line for their share of this splendid policy.

With these three detectives and Mrs. M. Robinson, who has made such a fine record as police-woman, an addition of another police-woman would greatly increase the effectiveness of the Race representatives in this branch of service.

A TRIBUTE TO WOMAN.

BY REV. B. C. ROBESON
Pastor A. M. Zion Church.

We have lifted our voices repeatedly, singing the praises of those who shoulder the rifle and rest in the trenches; we have painted beautiful pictures of the Generals who, with the words, "They shall not pass!" upon their lips, have stemmed the tide of defeat. But too little has been said about that band of loyal, unselfish, brave and courageous souls who have contributed so much to the onward march of civilization and who now are waiving high in the breeze the banner of love.

Talk about sacrifice! Speak not of those who march to the tune of martial airs and jump gladly into the fray; but go into that little house by the side of the road, where dwells a woman with a mother's love in her heart. See her gaze fondly on the son of her bosom, for whom she braved the terrors of death; see her as the Country calls for its best blood to sustain the prestige and honor of Old Glory! THEN, see her with a willing heart TAKE THE APPLE OF HER EYE and lay him upon the altar of SACRIFICE, and send him away WITH A SMILE! It is THERE that sacrifice is given its highest expression.

Because I've got mixed up with with the Serpent and was led to walk away from God, it has ever been man's cry, "The woman whom Thou gavest to live with me, she gave me of the tree and I did eat." That was a regrettable incident; but passing on without further comment, I want to say if woman had not been with us since, and was not with us now, we would all be weeping and wailing and gnashing our teeth.

We talk about faithfulness! Here it is. It is to her unswerving fidelity and constant loyalty that the Church of God marches on so joyfully today. Never does she betray her trust—never does she forsake the cause. She is God's best friend—and she was Christ's when, upon the earth, the disciples forsook Him and fled in that darkest hour when his soul cried out in sympathy. Man skulked away in shame. Did woman? No! But, with tear-stained eyes she remained to sympathize with her Jesus.

We talk of slackers today, but they all wear trousers. Has any mother raised her arm against her Country and said, "My boy cannot go!" I have yet to hear it. It was she who gave the message on the Russerection morn that victory had been achieved, and I doubt not that when this conflict ends the voice of woman will herald the news.

All praise and honor to th m! They may not snatch the lightning from the clouds, but they snatch immortal souls from the pit of hell; they may not write the copious volumes of Shakespeare, but they engrave upon the hearts of mankind the priceless flower of love which sheds its fragrance upon their lives; they may not spangle the eternal vault and discover one of the heaven's comets—but, deep down in the human heart they unearth the core and canker of Sin and leave their memories enshrined therein. They may not wield a pen dipped in the Nomad's ink and thrill the soul of humanity, as did John Howard Payne when he wrote, "Be it ever so humble, there's no place like home," but, with a Christ-like vision of their duty, they lift the sword of the spirit and send upon the field of life such sturdy warriors as Wesley the founder of Methodism; Booker T. Washington, the Moses of his race, and Abrahaham Lincoln, the savior of a republic.

Women, you walk the road of fiery trial, but float the banner high. We have a pernicious code of morals that allows men to do as they please, and, if you transgress, we brand you as outcasts and turn our backs upon you. But, keep on fighting, and—some day—Justice shall unsheathe her sword and bring you the victory.

Your country is proud of you.

CALL FOR SPEEDY GETTING TOGETHER FOR PROTECTION

Hillburn, N. Y.,
July 16, 1917.

Fellow Comrades and All Colored Americans:—

Our nation, with the rest of the so-called civilized world, is agonizing in the throes of world-wide "human wreckage."

Alarming indeed, therefore, must be the condition of any particular group of American citizens that could justify them, during such awful times, in assemblying in large numbers with their own interests chiefly in view. Any justification for the calling of such an assemblage in a group of loyal Americans, numbering fully twelve million, casts a damaging reflection on our national sense of justice and Christian practice.

A Speedy eGt-together Needed.

And yet, in view of unjust and unbearable conditions that continue, with increasing horror, to afflict all Colored Americans, we challenge this nation, and the world, to show why we have not just and sufficient cause for a speedy and general getting together at this time, in self-interests and in self defense. However much this may reflect on our boasted Christian Democracy, it is, nevertheless, the truth, and nothing but the truth.

Therefore, by the authority vested in me as president of the National Equal Rights League, I do hereby issue this call for the tenth annual convention of said League, and also for the second National Congress of All Colored Americans to convene in September, 18, 19, 20 in Mother Zion Church, New York City.

There are no words in any language than can adequately portray the increasing appalling humiliation to which we Colored Americans are being daily subjected in certain prejudiced-cursed sections of this country.

Laughter in Hell and Weeping in Heaven

The party in power has its iron heels on our necks. Our nation's chief executive and his associates in power, has not only done less for us, but has done more against us, than any other administration since the days of Abraham Lincoln. The ruthless disregard of our civil, social and political rights; the fiendish destruction of our hard-earned property; the shameful segregations and humiliating discriminations everywhere enforced against us; the horrible butchery of Colored men, women and children in both southern and northern states, and the sleeping apathy of the American conscience present a picture so infernally horrible as must cause laughter in hell and weeping in heaven.

The fresh, warm blood of innocent men, women and children of color, that clods the clay in East St. Louis, Ill., cries aloud to our racial leaders and to our great masses, TO GET TOGETHER.

Who Can Blame Us?

In the face of such unspeakable horrors who can justly charge us with lack of patriotism because we are forced to pause in the midst of international strife and to raise our shackled hands and our unheeded cry indefense of our own outraged manhood?

While Whites Cling to Prejudice

If White Americans during such trying times can cling with such a struggling grip to their color-phobia, should we be blamed for striking a blow for our own continued existence? When the Caucasian, while plunged into the very hell of war, and death, and national and racial decay, can find time at every turn of the road to practice his vile coolr schemes against us, it is high time that we poor, oppressed burden-bearers of the nation, should call a halt to the oppressor's rod. So heavy grows our burden, and so gauling becomes our yoke that patience on our part will soon become a crime against ourselves.

Let Colored Come Together

Therefore, let us come together. Let us gathr from the east and from the west, from the north and from the south and with the combined wisdom and strength of the race, let us "round-about" and confront and combat the forces of evil that sorely oppress us. If the flag for which we have always fought and bled can find no way to restrain the "poulted, blood-blistered, crime-cankered" hands that continue their wicked slaughter of our wives and children, let us get together and **find a way, or make a way, that will lead to freedom.** If, under prevailing conditions, we cannot get together and hang together, our enemies will continue to hang us separately.

Any person, white or Colored, who preaches that "this is not the proper time for the Negro to air his own grievances and to speak in his own behalf," is a dangerous ally to our vilest oppressors. Colored and white pacifists who, during the past have apologized for wrongs against us that they should have fought, constitute one of the root-causes of our present appalling condition in this country.

No Time to Lay Down

So far as relates to our case at this uncture in American history, a Negro pacifist ought to be an impossibility, and a pacifist of any other race claiming to be our friend; deserves to be branded as our foe, in sheep's clothing.

One Great, United Move

All organizations—churches, lodges, business and fraternal societies—States, are cordially invited and earnestly urged to send one or more delegates to represent them in this, the tenth annual convention of the National Equal Rights League, and the Second National Congress of All Colored Americans. Without regard to creed, sect, sex or party, let us come together, and compel public attention to our demand for "a square deal" as citizens of this great republic Let the entire Colored American population, in all sections of this grea country, be strongly represented at this great Race Congress.

Yours for one, great, united move for freedom.

BYRON GUNNER,
President of the National Equal Rights League.

POTATO PRICES GOING UP AGAIN

A warning regarding the late potato crop is contained in the report of a special committee of the Los Angeles Chamber of Commerce. City residents and ranchers are urged to plant for the family and the market as there is every indication that there will be a repetition of last year's high prices.

Seed potatoes are nearly exhausted, hence the planting of the heal urged. While a big yield from these may not be expected, says the report, if care is taken a good percentage crop may be raised ,if not a normal one.

Within a few days potato shipments from Stockton are expected to reach Southern California. The prices are advancing and, according to dealers, the situation is changing rapidly.

The Los Angeles Chamber is making a survey of the potato crop in this section and will appreciate reports from surrounding growers, dealers and others having knowledge of conditions.

It is hoped that the survey will reveal that Southern California will have potatoes for shipment next winter instead of having to buy elsewhere. The large early crop lost much of its value because these tubers will not stand long shipment nor will they hold up in storage. The late potato is the one that may be stored and shipped successfully.

The fact that more than 80 of the rioters of East St. Louis have been indicted by the Grand Jury is at least encouraging, and it is to be hoped that justice will be meted out in its fullness to the guilty.

Judas Iscariot sold his Savior for thirty pieces of silver; Esau his birthright for a mess of pottage. We have failed to ascertain what a certain delegate received for selling out at the Grand Lodge held at Bakersfield last week.

No good citizen will object for a moment that the most drastic efforts should be used to force the idlers and loafers to do their bit and get off of the streets into the fields and other places of employment in this critical period of our existence.

Looking up toward the Hall of Records, we opine that it is almost time that some of those things should come to pass that it has been intimated would come to pass. So far, we do know that the recognition department in the County Government has been withdrawn by the Board of Supervisors. It may be this was what was meant when Supervisor Norton said good things for the colored man would come to pass.

The Western Baptist Association will be in session in our city next week and all are pleased at their coming and bid them a most hearty welcome. We trust they will do many things for the betterment of their denomination and the community as well, and that fake preachers will receive no quarter at their hands, and that real encouragement be given the manly, honest and truthful Ambassadors of God. The others are a reflection on the denomination and should be suppressed.

COL. YOUNG RETIRED.

After all, it has transpired that Colonel W. H. Young has been retired. Despite the strenuous efforts to thwart the seeming injustice by the people of the nation, who stand for a square deal, a man who has never been sick, never felt better in his life, after a spotless career in the United States Army, it is the irony of a cruel fate that this should be so—especially as he was just at the place where his life's ambition was about to be realized—that of commanding a regiment of men of his own race. But it seems as though this will not be, and it is another stinging blow dealt to a struggling race by the Administration. However, we are becoming so caloused to these things under the same, that the sting is always looked for and loses its shock as the force is expected.

THE LABOR SITUATION.

That the labor proposition will soon reach an acute stage, there is no question, and there will be many opportunities to labor and be well paid for the same, under the most favorable housing conditions and for responsible parties is also true; but under the present conditions we can get more bunk about different propositions than is our due. Parties, passing as representatives of prospective employers, come in, take up our time going over the labor situations, go away with glowing promises. You never hear from them again. Some come in, leave their advertisement and pay for it, request the men to call at their office. We never hear from these labor agents again. Many call in here daily Some times as many as thirty or forty men inquire as to this work. But what can we tell them? So, we have made up our minds that the next man coming into the office representing employers on the market for labor, must thoroughly convince us that he has something tangible or he will not be permitted to befuddle the issue, or that such a chaotic condition shall obtain as at present. So far, the only labor proposition presented to us has been one by W. H. Saunders, who has proved and is proving every representation he made, and those who want to work in the best fields he can place. So, in a way, we are forced to agree with the attack made on these proselyting labor solicitors at The Forum last Sunday; that the same is justified, although, at the time, we did not think so.

Watch the Eagle. We shall endeavor to keep the people posted. In the meantime—Beware! Be sure you are right before accepting the golden promises of white labor solicitors.

ANNEXATION IN SANTA MONICA

We are very much pleased at the attitude of our people at Santa Monica and that they are standing like a stone wall for the things that mean so much to the great masses of our citizenship. It is well known that we fall short in our aims when our forces are scattered and therefore in the building of a mighty city we are doing our bit when we stand for a concentration of all of the forces which go to make this possible.

Do your full duty and on next Wednesday go to the polls and get your friends to go and vote for annexation. It means much for the future.

Did you ever note the weasly small and insipid man who by chance is elevated to a high place? He just cannot help being small, he has utterly failed to be big enough for the job, and continues to exhibit his smallness by doing cheap, small and selfish things, failing to realize that a real big man cannot afford to be small.

E PLURIBUS UNUM.

I wonder if Abe Lincoln can look down from where he is
And see the things that happen in this land that once was his?
I wonder if his heart aches; if the tears bedim his eyes;
If Heaven is not quite perfect for him beyond the skies?
He must recall the message he gave us, long ago,
When he said, "God made men equal," then helped to prove them so.
But are they equal? Are they free? And what is freedom, pray,
When some men's souls are scarce their own in this fair land today?

So I wonder if Abe Lincoln wouldn't like to just step down
To earth and count as nothing the loss of golden crown,
Just to show an erring people what he meant when once he said,
"Equality for each one," be he black or white or red.
Yes, his heart must ache, and grieving must fill his soul to see
How they've abused his message since the days of '63.
But patience, men—truth, crushed to earth, will surely rise again,
And never anything worth while was won, except through pain.

There's Someone who is watching; there's Someone taking toll;
And every unjust deed will reap, some day, a white man's soul.
Abe Lincoln will yet see his words respected and fulfilled—
Will find the cruel slander against the dark race stilled.
Then, perhaps, we'll boast a country that is brave and truly free,
That upholds its own dear honor and its vaunted liberty;
Then our E Pluribus Unum will be more than empty phrase,
And our treatment of the dark race won't besmirch the flag we raise.

WHY NEGROES COME NORTH.

Lynched Without Pretence of Mercy, Let Alone Justice.

To the Editor of The Sun—Sir: I cannot refrain from making public a letter I have just received from Birmingham, Ala., from a reputable colored man, who was for years a member of the National Board of Negro Odd Fellows and is therefore widely known by colored people as one of the prudent, cautious and conservative men of the colored race. The letter is as follows:

1606 Second Avenue,
Birmingham, Ala.,
July 30, 1917.

Hon. Joseph C. Manning, 214 W. 34th St, New York City.

Dear Mr. Manning: There is not a man living who knows the whole situation of alarming conditions that exist among my people in the South. Only a few days ago two young Negroes, who left Lowndes county the latter part of last year because they could not make a living (and against the will of the white man for whom they had been working all their lives for nothing), hearing that their old father was dying, went back to see the last of him. Simply because they would not agree to stay, the white man, as usual, began to cuff and kick them around. When they attempted to defend themselves, and having made their way to Montgomery, they were arrested as they started to board the train for Birmingham, where they had work. Carried back, on the way a mob, as usual, overpowered the Sheriff and hanged them both to the first tree they came to, simply because they would not stay and work on the farm, where they could not even get enough to eat.

Always your friend,
C. A. Howze.

On January 15 the Sun published a letter from my pen on the subject of "Negro Migration From the South," and I then stated that unbearable conditions were causing the self-exile of colored people from the South and that it would keep up until a half million had left for the North.

That many have already left the South, and as many more will have come in the next six months.

Just such incidents as related by Mr. Howze are a reason why life is intolerable for colored people in these states that have lynched the liberty guarantees of the Constitution, and now, so freely and unrestrained, lynch colored people as a daily pastime.

The re-election of President Wilson has caused the "South in the saddle" oligarchy to feel that they have the nation by the tail and a down hill pull; while a go as far as you like with a "damn a negro anyhow" sentiment is enthroned. Sooner or later this thing is going to cause this whole country to hang its head in shame.

I forewarn the North that unless public sympathy is quickly aroused against this mob law menace, this spirit of mob government and politic-l thugism, there is something so shameful ahead coming of this increased and increasing inhumanity as will bring regret and remorse to all the people of the entire country.

SAN DIEGO NEWS.

San Diego is becoming the popular resort for the Valley people.

Mrs. Jerome Collins of Dixaland is visiting her sister-in-law, Mrs. Jarod Freeman of M street.

An organization known as "The Fathers' Chamber," was launched last Thursday night at the A. M. E. Church. The writer has not yet heard the names of the officers.

The police court has been busy this week trying to bring peace in some of the young married homes.

San Diego is alive with Uncle Sam's boys, and the mothers are wondering what to do with their girls.

The Mt. Zion Baptist Church is becoming the center of attraction for visitors.

The program rendered at the Baptist Church Sunday by the young people was grand. The paper on "True Religion" by Mrs. A. W. Williams was excellent. The instrumental solo by Miss O. T. Taylor of Imperial Valley was interesting, and the paper by Miss Vellma Williams, "Questions of the Hour," was also full of interest. The Sunshine Band furnished the music.

Rev. Guy, pastor of the A. M. E. Church, is attending the annual conference this week in Oakland.

Rev. and Mrs. C. Williams will attend the Association at Los Angeles, as also will Mrs. S. Freeman and Mrs. M. A. Hayden

Mrs. E. Whitfield of Washington, D. C., was in our city in the interest of the National Training School for Girls in that city. We are are always glad to see Sister E. Whitfield, because we know she has a burning message for the race.

A DEFINITE PURPOSE.

"One thing I do," said Paul.
So near is grandeur to his dust,
So near is God to man,
When duty whispers low, 'Thou must,'
The youth replies, 'I can.'"

One of the great hindrances to the progress and advancement of this our race is that we had no definite purpose in life. The majority of the young men and young women of our race have no object in view. The question was asked in our young people's meeting, "What does it take to constitute a a man?" The answers were, "Good clothes," "Money," and another said, "A good name." So we are left to judge which of these are essential to manhood. If either, which is your aim? Reader, the Government is calling for young men and women who have made choice and have reached the height of their ambition and stand ready to answer the call. Let every young man respond to the call: "Here am I! Send me!"

The services at Mt. Zion were well attended all day. The B. Y. P. U. at 6.30, with its subject, "Gossip and Scandal," was made interesting by those who discussed it. At 8.15 Mrs. Whitfield took the stand and delivered a burning lecture on the things that keep us down as a race and the things that will lift us up. After her talk they gave her $15.15 and 60c for tracts. The total collection for Mt. Zion was $25.95. Rev. Guy made his report for the year, the total amount for that period being $998.50, and made a nice payment on their church debt. The First street Baptist Church gave Mrs. Whitfield $10.

The Germans are still feeding the fish with human flesh and destroying lives in London.

Have you found a cool place for the summer? If not, come to San Diego, and don't forget Mt. Zion Church.

Mrs. C. Williams entertained Mrs. Jackson and daughter, Mrs. Black and grand-daughter, Miss Ruth Genett and Mrs. C. M. McCane at dinner Monday at the Parsonage. They are contemplating a return to the Valley Saturday.

Mr. Curain is still selling hominy. It is a cheap dish. See him

Mrs. V. T. Goodwin celebrated her 33rd birthday a few days ago with a few friends. Many presents were received.

J. Gibeon Bray was in town last week looking the picture of health. Where have you been, old boy?

Can anyone tell why the young girls do not stay in church Sunday nights. Mr. Preacher, tell me the secret.

"Ten things the Negro must do for himself," by Miss Nannie H. Burroughs of Washington, D. C.—

1. He must get right with God.
2. He must be honest and truthful.
3. He must keep clean.
4. He must keep the yards clean—back and front.
5. He must keep the home clean.
6. He must stop hanging over the gate and out the windows.
7. He must behave better on the streets.
8. Must make the word "Negro" a synonym for honesty, cleanliness, intelligence, industry and righteousness; by doing with our might what our hands find to do.
9. He must be loyal and helpful to his race.

He must respect his women, educate his children and stay out of saloons and dives; vote for men who are opposed to saloons, and work for a true democracy.

Mrs. Langley's house was slightly damaged by fire recently.

Washington, who was a daughter of the late Mrs. Biddie Mason, who came from Georgia many years ago and was the grandmother of Mr. Robert C. Owens and at the time of her death was the wealthiest colored woman in Los Angeles. Miss Harris is the daughter of Mrs. Lydia Harris of this city, whose home is at 310 N. Wilson avenue, and of the late Joseph W. Harris, who died at San Diego some time ago. Miss Harris is a Native Daughter, born near Pomona; began her schooling in that city; is a most deserving young lady and organist at Scott Chapel.

OBITUARY.

MRS. AMANDA JOHNSON.

Mrs. Amanda Johnson was born in State of Louisiana, moving to Texas when quite young. She and her daughter, Eliza, came to California in 1909, the latter dying shortly after.

Sister Johnson was active until June 30, from which time to Aug. 4 she was confined to her bed. She died August 4 at 12 o'clock, aged 88, after a month's illness. On leaving for the hospital, Sister Wilson told her she was trying to beat her to heaven. Sister Johnson replied, "I am not trying to beat anybody to heaven, but I am on my way to my Father's Kingdom and have been on the road a long time."

A few weeks before Sister Johnson took sick she told her daughter, Mrs. Sarah Allen, that she would not be with her much longer, that she was going home.

Sister Johnson was always a Baptist, and one of the first members of Harmony Baptist Church of Furlong Tract. She was the mother of five children three of whom survive her, Mrs. Sarah Allen, Los Angeles; Harriet of Texas; a son, James, and a host of grandchildren, two of whom, Mrs. J. W. Wesley and Mrs. J. W. Alexander, and a nephew, Mr. Henry Watson, reside in Los Angeles.

Sister Johnson lived with her grand-daughter, Mrs. Annie Wesley, at 5114 Holmes avenue. She leaves a host of relatives and friends to mourn her loss. She was buried from the First Baptist Church, 53rd and Holmes avenue. Rev. H. Rozier officiated.

STICK TOGETHER

If a man has one per cent of Negro blood
He's a Negro just the same.
The white man is the cause of it
And so we'er not to blame.

We are a powerful strong race,
At that rate you all can see,
And could absorb the white race.
At some time we'll try—maybe.

When we came to America,
T'was by special invitation.
So since we'er here we're going to stay
And receive our ovation.

If you look this up in history,
I think it will prove to you.
The white race came against protest,
In the year 1492.

The Old Time folks one had a song
Which many of us have heard.
"Take the world—But give me Jesus."
The white man took him at the word.

But we no more remain the same,
Want reglion and also land.
And to demand our rights for this
Be ready to fight any man.

Now didn't we go into slavery.
Without the slightest knowledge?
Come out American citizens,
They have to acknowledge.

You'll never find our equal
In any other lands.
Went in without a language.
Came out with ballot in hand.

Everything has been proven,
That the Negro Race is to be,
For look at our splendid progress.
Since we have been set free.

Another good thing slavery did for us.
Gave us the habit of work.
So all continue to be men.
And do not try to shirk.

And while we make our money.
Lay a dollar on the shelf.
For it represents or day's
Independence for yourself.

The time is here when Christian friends,
Will have to help us too.
God told us if we take one step.
That he would then take two.

JOHNSON LET WILLARD WHIP HIM, SAYS "TAD."

The article published in last Saturday's issue of the New York Evening Journal by "Tad" that Johnson permitted Willard to become heavyweight champion by agreeing to put up a fake fight has created great excitement in pugilistic circles, and many are reminded of the charges made by Sam McVea and others at the ringside with Johnson at Havana that the fight was not "on the level."

Following is the article published in the Evening Journal under the caption, "Willard Champ Because Johnson Flopped,"

"Jess Willard is heavyweight champion of the world today because Jack Johnson kept true to his word and went through with a flop," said a New York sporting man yesterday,

"I was close to Johnson and also to the other people in that Havana hippodrome," added the man from Gotham, "and know what I am talking about. The way the sporting writers felt for it was really funny. You know Johnson was not a bit tired in that 26th round. One of his seconds asked him how he felt, and Jack looked up with a smile and said, 'How do I look?'

"Don't you remember that Sam McVey, one of Jack's seconds, let out a squawk after the fight had been declared a fake? He was suspicious, but was certain of the facts. He knew that Jack wasn't hitting as he should. He knew that the big, lumbering Willard couldn't touch the clever Johnson with a handful of bird shot unless Jack let him.

"Do you remember the stories of the finish of that battle? Do you you know that they said that Jack came to his corner in the 25th round and, feeling weak, asked Jack Curley to find his wife and tell her to go out? Well, Jack Curley saw her and walking to Johnson pointed her out. She left immediately, and a minute later Johnson was counted out!

"Do you know what the wife gag was? That was just the office where she got the dough. They were wrangling over Johnson's bit all during that fight, and he was just stalling until she got what he agreed to flop for, and as soon as he got the wire that she was paid

OUT WENT LITTLE ARTA.

"When the fight was over I was standing near some of the big guns who were in the thing, and I heard one of them say, 'Well, you can knock Johnson all you like, but

'HE KEPT HIS WORD.'

Johnson was a business man He would listen to reason. Jim Cofforth the 'Frisco promoter, said Johnson was the smartest fighter he ever did business with.

"Johnson was in many fake battles he had to make in order to matches. There is many a fake pulled off in New York that the boys think is up and up. Why, half the fights pulled off nowadays are agreements. They agree to go ten rounds and knock one another out.

"There was one of those things in New York not three weeks ago and it looked just as real as a grudge fight.

NEEDED THE MONEY.

Johnson couldn't enter America, he was barred in France and England, so where was he to get any money? He was offered a fat roll to do the 'Osterwoor act' with Willard, and accepted it.

"It will all come out. Watch and see. I don't believe that poor, simple Willard was in on it. That wouldn't do. He's a bad enough fighter as it is. He couldn't pull in a fight if he tried to. It's only a good fighter who knows how to fake.

"I see that some of Willard's managers are suing him for breaking a contract with them. They might know. If they lose this suit and get no kush there might be some news for the world about Big Jess, the Cowpuncher Wonder."

Something Everyone Should Know.

Something Everyone Should Do

In order to spend a dollar and get value received for same, it is necessary for the one who spends it to—in a measure—be familiar with their purchase and the value of the purchase and to reap full reward; they should, as far as possible, acquaint themselves as to where the dollar is going and what moral and reciprocal returns they will get.

If a man spends $1 for whiskey and drinks all the whiskey at once, he is liable to get drunk, go to jail and, without a doubt, be worse off than if he never had a dollar; but, if he spends it for food and clothing for himself or family, and spends it where it will be appreciated and turned into more food and clothing, he is not only helping himself, but is helping all concerned.

If you use an advertisement in this paper and it is honest and bonafide and you patronize the firm advertising same, you are not only helping yourself, but you are helping the editor and every reader of this paper, thus helping a good local cause and making your dollar do a twofold purpose.

This is one of the reasons why the Ozonized Ox Marrow Company believes in advertising.

When you buy one of their combs or a bottle of their pomade, you are buying an article that is guaranteed as advertised—an article out of which you will get your money's worth, and from a firm that has been helping the race for nearly 60 years.

Look elsewhere in this paper for the ads of the Ozonized Ox Marrow Company—read what the say Send for one of their catalogs, and when buying hair pomade or hair straightening combs see that you get those manufactured by the Ozonized Ox Marrow Company and tell the company that you saw their ads in this paper, thus making your dollar do a dollar's worth.

TABERNACLE BAPTIST CHURCH

The Tabernacle Baptist church gave a reception last Monday evening in honor of Rev. C. P. Jones, the great Evangelist, and the New Members of the Church.

A color scheme of green and white was most beautifully carried out. The pulpit was converted into a garden of palms and large ferns. In the center of the church where a large table was and maiden hair fern, while flowers and hofly shaded lights made a pretty seting for the twenty six guest who were seated around the table.

After a short program dainty refreshments consisting of chicken salad, ice cream, cake and candy were served.

Mr. M. B. Davis and Mrs. B. Settles deserve much credit for the success of the affair.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

It is indeed fortunate for those who appreciate talent to have the opportunity of hearing a man of the calibre of the dean of the Western University, Acknowledged throughout the County as one of the greatest performers on the pipe organ living black or white. And it goes without saying that on this occasion he will receive a flattering reception the admision has been arranged at the popular price of 25 cents. A. M. E. Conference Closes at Oakland

The Fiftieth session of the California Conference ended Sunday night, Aug. 19, with great success. In the organization of the conference Rev. J. Logan Craw was elected secretary; Rev. J. H. C. Redd, statistician; Mr. G. M. Warren and Rev. C. J. Lockhart, marshals. The session continued five days full of interest along spiritual, educational and missionary lines. The ministers reported $4,508.57 collected for benevolent purposes. On Friday night, including the special offering taken, $452.50 was realized for Western University, Quindaro, Kans.

The conference adjourned to meet at Stockton next year, after the assignment by Bishop Parks as follows:

Transfered to the Southwest Missouri Conference, Rev. E. R. Johnson and Rev. J. Allen Harvey.

Riverside, Rev. C. J. Lockhart; Redlands, Rev. C. A. Harris, Bowles Circuit, Rev. Little; Ward Chapel, Los Angeles, Rev. J. W. Price; Marysville, Rev. B. E. Edwards; Pasadena, Rev. J. F. C. Taylor, of the Kansas Conference; San Francisco, Rev. J. Washington; Oakland, Rev. J. M. Brown; San Diego, Rev. B. R. Guy; Duarte, Rev. H. Judkins; Santa Barbara, Rev. J. A. Duncan; Bakersfield, Rev. F. L. Donohoo; Fresno, Rev. J. B. Fletcher; Stockton, Rev. G. L. Triggs; Watts, Rev. W. C Davies; Long Beach, Rev. J. H. C. Redd; Second Church, Los Angeles, Rev. W. M. Taylor; Pomona, Rev. A. Simpson; First Church, Los Angeles, Rev. J. Logan Craw; Presiding Elder, Rev. J. H. Wilson; Rev. W. W. S. Dyett, superannuated and is living at Berkeley, Cal., where his son will attend school.

FIRST LIEUTENANT IN U. S. ARMY IS DR. W. A. TARLETON

Dr. Frank A. Gordon showed to the Eagle man the commission issued to our own Dr. W. A. Tarleton, who is now in the officers training camp at Ft. Des Moines, Iowa. The same reads that he is duly commissioned as a first lieutenant to serve until discharged.

A line from the doctor himself shows that he is full of enthusiasm and is enjoying his work to the utmost. The doctor is sorely missed by his patients and a host of friends, as he was wide awake and abreast of the times and thoroughly progressive. All wish him a great success and that he will return to his home unscathed and singing the songs of rejoicing and triumph.

REV. CRAW'S ASSIGNMENT

The people are glad that Rev. J. Logan Craw has been returned to the 1st Church to begin the third year pastorate thereof, but they are very much displeased, that if it is true, as reported, that there are strings to this appointment. We have been told that the Bishop assigned him back to Los Angeles to stay until he heard from him; we learn further that Rev. Craw is wanted at some Metropolitan charge in the east. Now this is the very thing that is displeasing, and it certainly bodes no good for the church in this section. Los Angeles plays second fiddle to no other church in the connection, and while Rev. Craw has just succeeded in getting the old ship righted and she is stemming the waves and progressing as never before, why this juggling, and again unsettling conditions here.

The people are justly up in arms over the prospect of such conditions and we verily believe if the mighty protest, which will go to the Bishop is not heeded, that it will be a set back to the progress of the church in this community.

Miss Albritton Scores a Mighty Triumph.

By John A. Gray

That Los Angeles is rapidly becoming a musical center, was indisputably proven last Friday evening, when over 500 music lovers packed Wesley Chapel to hear one of our young singers, who has returned to visit us after two years' absence.

Miss Minnie Albritton is the young artist in question. I say artist because of the highly artistic work done by this young lady. Two years' training at the New England Conservatory, Boston, has made a wonderful change in the work of this favorite singer. She still possesses the same sweet voice but more developed and richer in resonance than it formerly was.

Of course, in two years time one expects to hear only foundation work, but the fact that Miss Albritton showed not only an excellent foundation and evinced a knowledge of true artistic requirements in her rendition of the several numbers given, but proved beyond a doubt that she is on the right road to become a truly great artist.

Miss Albritton might be classed as a mezzo-soprano with a strong leaning toward the dramatic style, although her great range gives her a fine command over songs that are written for high voice.

One strange thing about her Italian and French is that in her French diction she surpasses the Italian, a very strange thing, since the Italian is much easier. Her correct intonaton, style and accent places her French far above her Italian.

The "Elegie," of Massenet, was exquisitely sung. In her English songs she proved that much discussed point, singing in English to be possible. Her enunciation is clear at all times. She never forces her tones and has accomplished that difficult feat of singing pianissimo. In short Miss Albritton has demonstrated what can be done in two years time by one who is determined to succeed. It is evident, from the crowd that was present, that Los Angeles stands ready to help this young lady to continue her musical studies.

Assisting Miss Albritton were: Mr. Johnson, a very fine and capable baritone, who is a jewel to be added to the list of local musicians; our own Mrs. Dones, the violinist, who was well received in her share of the program; Prof. Greer, who for some reason did not appear, and last but not least, Miss Lorena Jordan, whose accompaniments sparkled and rippled under her dainty fingers. Miss Jordan showed herself capable and sympathetic in her playing of a very tiring and difficult program. Her playing of the last song without notes was a daring and successful piece of artistry.

It is to be hoped that more of our young people will be inspired to follow in the fotsteps of Miss Albritton and her clever assistants.

It is impossible to give too much credit to the committee in charge of the management of the affair, for their faithful, earnest and untiring efforts. Mr. Harold Prince was president of the Committee of Seventeen; Mr. C. A. Biggers, secretary and chairman of the publicity committee; Attorney Chas. S. Darden, treasurer; Mr. W. W. Gay, chairman of arrangements, and Mrs. C. C. Hulbert, chairman of the program committee.

Fourteen young women selected from the social and business circles of the city and directed by Miss Mayme Cunningham, acted as ushers, while the Misses Juanita Patton and Anita Thompson served as flower girls.

SOARING EAGLE IN NEW ENGLAND

Reports from the east are that our managing editor is receiving an ovation every place she speaks.

She was the recipient of a monster reception at the True Reformers' Hall in Providence, given by her sisters, Misses Victorine and Lillian Spears on last Monday evening. W. M. McDONALD
BANKER, MERCHANT, FARMER, STATESMAN

Makes First Visit to Los Angeles

Los Angeles has been highly honored this week to have in our midst one of the foremost citizens of the Lone Star State in the person of W. M. McDonald of Fort Worth. He is not only one of the most prosperous citizens of that State along business lines, but he is the real successor to the lamented Cuney as the political leader in that bailiwick. Those who keep track of national affairs in politics know of McDonald as one of the forces of all republican national conventions. He carried the soubriquet of "Goose Neck Bill." All of the great journals of the East have written column after column of his prowess in the political arena. We first met him at the Republican convention held at St. Louis in '96, at which time he was a strong adherent of Thomas B. Reed for President, and it was at this convention that Cuney was unhorsed by the first steam-roller process ever introduced in a national convention.

Mr. McDonald is the dominant force in Republican politics in Texas today. He is leisurely taking a pleasure trip and left Wednesday over the Salt Lake and will visit Denver, Topeka, Kansas City and St. Louis before returning to his home in Ft. Worth. He is the president of the People's Bank of that city, owns a drug store, and this year has in cultivation 500 acres of cotton.

Some man is he!

Attorney Darden Learns Where Colored Applicants for Government Service Head In.

The following letter, received by Attorney Chas. S. Darden in answer to an inquiry relating to the enlistment of colored men in the Signal Corps, seems to answer for all time the attitude of the Administration to 12 millions of its very own citizens.

WAR DEPARTMENT,
Office of Chief Signal Officer

To Chas. S. Darden, 407 Germain Bldg., Los Angeles, Cal.

[Subject: Colored Units].

Your letter of Aug. 10, with reference to colored men who have applied for enlistment into the Aviators' Section of the Signal Corps. At the present time no colored aero squadrons are being formed, and applications from colored men for this branch of the service cannot be considered for that reason. It is decided later on to form Negro aero squadrons. Recruiting officers will be notified to that effect and colored men may then apply for that particular service.

By direction of
Chief Signal Officer,

Capt. Signal Corps, U. S. A.

What the Churches are Doing

WESLEY M. E. CHURCH—8th and San Julian Sts.—Rev. A. P. Shaw, Pastor

The services last Sunday were up to the usual high standard at Wesley M. E. Church. At 11 a. m., the pastor preached a short sermon on "Africa," which was followed by a thrilling address by Mrs. Warner, a returned missionary from Africa, on the story of her work in Africa. An after collection of over $14 was taken for the Woman's Foreign Missionary Society.

A splendid audience heard the pastor's sermon on "Enoch" at the evening services. Six persons united with the church during the day.

The services at the Pullman Mission were a treat to all who attended. One young man was happily converted.

This Sunday will be one of unusual interest. At 11 a. m. the pastor will preach the annual sermon of the Wesley Chapel Benevolent Society. In the evening the pastor's subject will be: "Negro Business In Los Angeles, and How to Improve It." This is a special sermon to the business and professional people of the city to be followed by the pastors famous Labor Sunday sermon, Sept. 2nd. Special invitations have been extended the business and professional people of the city to attend this service. Special music by the choir.

The choir under the leadership of Prof. W. U. Howard is rendering excellent service. Wesley promises a helpful and inspiring treat to all who attend her services. Strangers are always welcome.

Phillip's Chapel C. M. E. Church

Rev. J. C. Anderson, Pastor

The services at this church were of a high order on the past Sunday.

The pastor preached at both services to appreciative congregations.

The sermon at the morning service was on "prayer" and a highly spiritual service was enjoyed. A very delightful entertainment was given at the home of Mrs. Clark on Cordova St., on Tuesday night in the interest of stewardess board number two. Quite a number of people were present to enjoy the entertainment provided and the evening was very pleasantly spent.

The coming Sunday is the Fourth and last quarterly meeting for this conference year and the pastor and officers are expecting the membership out in large numbers.

The church is as busy as a bee-hive, preparing for the entertainment of the annual conference. Friends and visitors are always welcome to the services of the church.

Peoples Independent Church of Christ 18th and Paloma Sts.

Rev. N. P. Greggs, D.D., Pastor

The soul stirring services held at the People's Independent Church on last Sunday, seemed like the climax of a great revival. Magnificent audiences witnessed both services and were greatly inspired and edified.

With his matchless eloquence, pastor Greggs delivered two masterly sermons on the subject, "The Partnership Between God and Man." With forceful argument filled with logic and plain practical illustrations, the pastor gave a most comprehensive explanation of the working of this great partnership. Seven accessions to membership were recorded.

The music was up to the usual high standard. Mrs. Susie Downs Turner, who has been out of the city for some time, rendered a beautiful solo at the evening service.

Much enthusiasm is being shown in the Christian Endeavor which meets every Sunday evening at 6:30. The meeting next Sunday promises to be unusually interesting as the pastor will lead.

The Sunday school continues to hold its place in the front ranks and those who attend are greatly benefited.

SAINTS' HOME CHURCH

The members and friends of this church are proving their loyalty in a way and manner that is surprising even to the most optimistic. All furnishings of the church have been paid for, all current obligations have been met without delay and a nice balance maintained, and now they propose to make a double payment on the mortgage debt next month.

Every one who attends this church receives a hearty welcome.

A. M. E. ZION CHURCH Cor. Pico and Paloma

Rev. B. C. Robeson, Pastor

Last Sunday the Pastor spoke on the Power of Prayer. A lovely audience was present. All were urged to pray and to back their prayers with a righteous life.

Progress is the watch word at Zion. The spirit of enthusiasm runs high and means the dawning of a new day.

Presiding Elder W. W. Matthews will preach at both services this Sunday. At 11 a. m., from the theme, "Who is on the Lord's Side," at 8 p. m., "Go Get Them."

Lincoln Memorial Congregational Church 34th and Central Ave.

E. E. Lightner, Pastor

"Tell Me, What Shall Thy Wages Be," Gen. 29:15, was the text chosen by the pastor at the morning service on last Sunday. Near the close of the service, Prof. F. M. Roberts, principal of the Mound Mayon, Miss., School, was introduced and spoke very interestingly of general conditions and the work of the A. M. A. in the South.

At the evening service the pastor's theme was, "The Finder Lost." text Luke 2:44, 15.

On next Sunday, Aug. 26, the services promise to be of unusual interest. It will be known as "Membership Day," when it is desired that every member of the church will be in his or her pew at one or both of the services. The pastor will speak in the morning. Subject, "As For Me," or "One's Independent Duty."

The evening service will be under the auspices of the Ladies' Aid Society. Rev. W. C. Fairfield, a missionary to China, will be the speaker. You cannot well efford to miss hearing this man of God. Other services as usual.

A cordial welcome to all.

NEW PASTOR TAKES CHARGE SUNDAY

Rev. J. F. B. Taylor, appointed to the pastorate of the First A. M. E. Church, of this city, will take charge Sunday. Rev. Taylor comes to the California Conference from Atchison, Kansas, well recommended by the Bishop H. B. Parks. He is a relative by marriage of Mrs. Willis Coleman of Winona Avenue, this city.

Returning from the annual conference, Mr. and Mrs. Fouche report a very enjoyable trip and a profitable visit to the conference. The local church maintained its standards among the leading charges of the conference. It was reported that physicians in Oakland having diagnosed former pastor Dyett's illness, announce his chances for complete recovery excellent.

Large audiences are expected at all services Sunday to greet the new pastor.

FRIENDSHIP BAPTIST CHURCH

Services last Sunday were marked with an excellent sermon by the Pastor in the morning and an interesting, uplifting address in the evening by Prof. F. M. Roberts, on the educational work and outlook in the south. Both services were utilized to swell the fund to be donated to the Old Folk's Home. A total of fifty dollars was gathered in, with more promised. This money will be presented to the Western Baptist Association in its annual session this week, at the St. Paul Baptist Church, Los Angeles. The Pastor and delegates will be in regular attendance at these sessions and will render their reports at the regular meeting of the church, next Wednesday evening. Services at the usual hour next Sunday.

DIVORCE.

BY REV. E. C. ROBESON
Pastor A. M. Zion Church.

Not a day can you pick up a paper without reading where a decree has been granted or a union dissolved, or a request filed The air is rife with it—so much so that many parties figure it in with the marriage contract. The evil is so strong that because of its frequency in action it has almost lost its sting, and the comments made by the young on marriages are often disgusting and bespeak a state of mind which bodes evil for the perpetuation of unity. No country can thrive with such an evil sapping its vitality—eating away its manhood and womanhood. The bible gives only one ground for the procurement of divorce—any other is man-made and must be judged accordingly. The result of our looseness in this respect has been that a verbal chat that grows too earnest may be used to untie the knot. If you bat your eyeballs a little too strong, away goes your contract for life. Where we will end at such a rate only God can tell; but one thing we do know, i. e., "We shall reap as we sow." The time has come for our consciences to be aroused, our feet to be put down, our doors to be shut. Some folk go to law to separate and others say au revoir and go.

The underlying cause to my mind is the tearing down of the home life. It cannot be gainsaid—break up the home and you have a crowd of wanderers, of soldiers without armor and characters unable to stand the test of civilization. Home life in California is almost lost. With white and black it is the same. With the whites it is mostly an act of volition, with us it is a little volition and created necessity.

By volition I mean that deliberate transgression upon all the laws of high heaven which bind a man to his family and home. He will spend the day away from home and then, after supper, put on his hat and leave his wife to bring up the children. With these little charges calling for a father's sympathy and love; with the mother's heart yearning for a little assistance in their rearing, he—brute that he is—turns his back on those cries and hies off to some 2x4 dance hall or 6x9 pool room, or else pollutes his mind and sears his soul frequenting some of these pleasure clubs.

Plod on, thou breaker of eternal laws! Tear, in anguish, if you will, the heart of that woman who is sacrificing, toiling and laboring to bring up your children and make you a home! Tramp on and blight your manhood, blast your character and—damn your soul! But, don't forget, "Whatsoever a man soweth, that shall he also reap." Every tear that you have brought from that wife's eyes shall drop again from yours. It is amazing to know the sorrow and misery entailed in this way.

Men, I call upon you now to change your ways. Act as becometh men with poise, power, plan and purpose.

Peace is much desired, but seems hard to obtain, and therefore the great forces backed by an unseen hand are fighting on and on, and the uninitiated proclaim "How long, O Lord! How long!

The Central Avenue Protective Business League will again commence its activity on a larger scale and the continued progress along business lines will be stimulated to the utmost. There is no reason at all why the various business men represented on this thoroughfare should not receive from the people their united support.

The prominent and dominant policy of The Eagle in playing no favorites, and recognizing in the most humble of our citizenship the real foundation for racial progress, has proved a winning one, and the soaring Eagles acknowledges its remarkable success has been its strong support from the common, every-day people, the masses—the people who do things.

THE RETIREMENT OF YOUNG.

Twelve million colored citizens look with suspicion and disfavor upon the forced retirement of Colonel Charles H. Young, coincident with his becoming a colonel in the regular Army. Nothing has done more to convince them that race prejudice alone in the General Staff is responsible for the colored army man's dismissal than the juggling of his case by the four examinlng boards and his military superiors at Washington. It seems almost incredible that a stalwart army veteran, still in his forties, fit and firm to all appearances and by his own testimony, should be retired now in the face of the greatest struggle that America and the world has ever seen. It would not seem possible that in such a crisis any man's Negrophobia should outweigh his patriotism. We submit the facts to the unbiased judgment of the world and posterity. We cannot do more We cannot do less.—Amsterdam News.

TAKE ADVANTAGE OF EVERY OPPORTUNITY.

From the present state of labor conditions in this section and the call for colored labor in the fields, where they have never had a chance heretofore, it is to be hoped that the people will take advantage of every opportunity offered and make good in the fullest sense of the word; and if, perchance, there are those who have no intention of making good, we say to them, "STAY BACK!" and do not be a stumbling block in the road of those who will. The man who simply works for a pay day and is content, is not the sort of man that is wanted, for he will do more harm than good. The proposition is to take advantage of the opportunities which present themselves, to the end that a practical demonstration as to the true worth of this labor may be presented, and in years to come it will be of lasting benefit—not only to the race, but to the community, state and nation as well.

THE DAILY EXPRESS SPEAKS RIGHT OUT.

The Eagle has, from time to time, acknowledged the fairness of the Express and Tribune to the great masses of the people, and especially its attitude of a square deal for the colored citizens, and the clipping from the Daily Express of Aug. 13 which follows, more than justifies the same. They do not "hem and haw"—but, like Colonel Roosevelt, they speak right out and by all the people who stand for justice, this stand must be appreciated. The fact that strong friends are taking notice of these pernicious conditions means that, ultimately, justice will assert itself, and we verily believe that somebody must answer as to why this unfair discrimination prevails:

UNFAIR DISCRIMINATION.

The claim is made by a local association that although the fire department is in need of men and fifty colored men are on the eligible list is in itself sufficient proof they have passed the examination of the civil service board "and therefore must be in every way fully competent to perform the duties of firemen." Appeal was made in vain to the chief of the fire department to appoint some of these eligibles to some of the existing vacancies, and it was urged that the department definitely declare itself against discrimination on account of color.

We do not know whether the statements made in the communication are sustained by the facts; but, assuming that there are fifty colored men on the eligible list. if it be true that appointments are refused them when vacancies occur, they have just cause for complaint. The city of Los Angeles does not ask the color of a man's skin when it presents its tax bills. Government does not concern itself with racial prejudices when it exacts equal obedience to the laws. Negroes who have qualified through civil service examinations for appointment to public service are entitled to exactly the same sort of treatment that is accorded white men who pass like examinations.—Daily Express.

IN OUR CHURCHES.

To the uninitiated who are church members and who keep up automatically with the organization, who attend Sunday services, weekly night prayer, class meeting, etc., it is merely a panorama, the passing of events, scheduled to pass—and that's all. But there is another side—the inside—the very works itself. And in this, the professional is oftimes wont to play his or her part. There are those who must be supreme in their whims or fancies, or there will be no church, insofar as this particular individual is concerned. And then there are those who must be right up to the money trough, and woe be unto any force which will attempt to curtail his ambitions along that line, and to the board or pastor who demands that he play his hand face up on the table. Of all the evils, there is no question but that the handling of church money causes more trouble and more confusion than any other. An honest preacher who goes up against these conditions must show wonderful tact and be highly courageous if he pulls this hill. And then, again, there comes the church "baby," who is accustomed to be carressed and humored. If he fails in a continuation of the same he bacomes morose and sullen and loses interest. These couditions do not obtain in any particular church, but is a common scene in a great majority, and of all denominations, and even pervades the fraternal organizations, there are members whose enthusiasm dies out the minute they are out of sight of the money. Despite the religious enthusiasm these conditions obtain; the only reason they do is because the condition is tolerated by the Church itself. A member will say, "I know this is so," shrug his shoulders and say, "What can I do?" But somebody is going to wake up, for the people will not stand for this condition of things to obtain.

ATTORNEY GRASTY OF OFFICERS TRAINING CAMP AT FT. DES MOINES SETS AT REST ALL RUMORS WHICH HAD ANY REFLECTION ON HIS INTEGRITY AT HIS HOME IN SAN FRANCISCO AND OAKLAND

The Eagle is the People's Forum and in its columns all have a chance to be heard and when friends of Attorney Grasty, feeling that he had been unjustly assailed in his absence on behalf of his country, asked that the Eagle give to them a hearing. They did not ask in vain and therefore the following version and facsimile contract accompanying the same, follows:

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF ALAMEDA.

CHARLES M. JOHNSON, PLAINTIFF,
VS.
MARY JOHNSON, DEFENDANT.

I hereby agree to pay TOWSON S. GRASTY, my Attorney, a fee equal to fifteen per centum of the entire amount recovered in the above entitled action.

conting the above matter. I hereby agree not to dismiss or drop or compromise said cause of action without his consent.

San Francisco, Cal., May 9th, 1913.

SIXTY days from date, or less than sixty days, I promise to pay to TOWSON S. GRASTY TWO HUNDRED DOLLARS, for legal

It is claimed by friends of Mr. Grasty who vouch for his worth and integrity that a political and personal enemy in his absence from San Francisco and Alameda counties, based his vitriolic attack upon Mr. Grasty's professional conduct on an alleged agreement between Grasty and Chas. M. Johnson for service rendered by Grasty. It was made to appear that Grasty defrauded his client, but Grasty's friends now have dispelled that illusion which disappears like the baseless fabric of a vision, as we produce here the photographic copy of the agreement which was even dictated by Johnson himself, and that no one can see any fraud or questionable dealing in this contract goes without saying. Attempts to blacken Grasty's character therefore, go to the scrap heap. Friends of Mr. Grasty praise him to the highest and deprecate the underhanded methods that are being used to hurt him both politically and in a professional way. They say, however, that the efforts will fall of their own weight just the same as the ones to Col. Ballou, to the San Francisco grand jury and to the Alameda County Grand Jury.

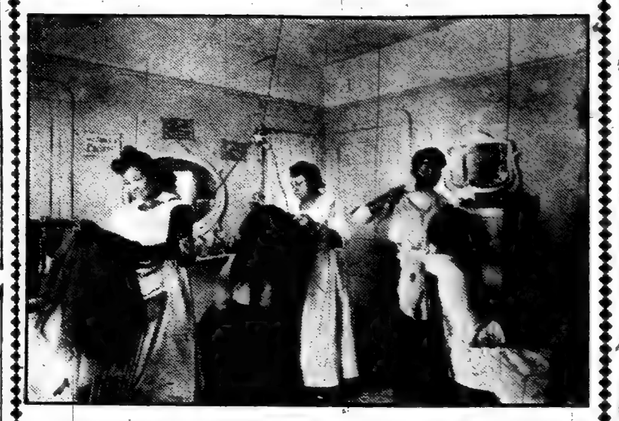
SEEKING UPLIFT FOR WAYWARD GIRLS



We could not be present at the meeting held at the Hall of Records Tuesday evening, but from what we can learn of the object sought we most heartily concur, for it is certainly time that some concerted action be prosecuted for the protection and helpfulness of our young women.

Mr. J. W. Mills, who is the head of the janitor force at the city hall, has been appointed to a very responsible position at Sacramento. He will have charge of the Capitol Annex. The position pays him $1380.00 per annum. Mr. Mills is one of our splendid young men and they appreciate very much this appointment.

RAINBOW DAY ON LABOR DAY, SEPTEMBER 3

On the end of every rainbow, according to the old legend, is a pot of gold. On Labor Day, September 3, Venice will have a rainbow all day and part of the evening and not according to the legend, but from actual fact, the end of the bow will have twenty pots instead of one. All the event department is afraid of is that the old rainbow will not be able to carry the load. You will be interested in the following, for it is going to tell you how to win one of these coveted gold pots.

These gold pots are to be given away absolutely free—all you have to do is to find where the Rainbow Girl secrets them.

This you will sneer at, saying that she will never bury any and that possibly there will not be any Rainbow Girl at all.

Well, we are going to fool you this time, for at 10.30 a. m. she will drive down windward avenue to Speedway, t Brooks, to Ocean Front, to Zephyr, where, at the edge of the sand, herself and her maids of honor and two detectives will proceed down to the very edge of the ocean and the pots of gold will be buried. You will have to keep your eyes wide open, for the Rainbow Girl is going to be the slickest of sleight-of-hand performers and you are going to miss that gold unless you pay the strictest attention. All day long the Rainbow Girls will hide these gold pots at the Race Thru the Clouds, at the dance pavilion, on the Scenic Railway, on the end of the pier, in the different cafes—in fact all over the entire amusement section.

Where it will give everybody an absolute even chance, the Rainbow Girl will travel in a handsome Overland special car painted in all the colors of the rainbow. It will have signs on it telling that this is the rainbow gold distributor. In it you will see a vision of loveliness that will be the Rainbow Girl, with her two charming maids of honor, and two burly detectives to guard the gold.

As the car goes from place to place the announcer will tell you where the gold is to be hidden, not the exact spot, of course, but as near as he dares without actually pointing it out. Watch this beautiful Rainbow Girl, for she is going to mean a lot of real gold to you, and the minute you lose sight of her you have lost your opportunity.

Don't forget that the day is Monday, September 3 (Labor Day), and that the gold will be given away all day long and that every body has an equal chance to find it.

LOUD TALK

From Philadelphia Tribune

We are continually annoyed or shamed by the tendency on the part of our people to discuss private matters and racial secrets in loud tones in public places.

This is not confiled to any special class of people, but is a general failing of the race.

In bar-rooms tipsy clored men loudly discuss gambling, women and the short comings of other no account men like themselves. These same loungers, in far too many instances, discuss last Sunday's sermon, the preacher's frailties and their family business.

In street cars, theatres, public meetings and on the highways our enterprises, our leaders and our social evils are made topics of public news.

As a consequence the bartender generally a low-grade white man, and the white people of all classes are to believe that the white man is superior of the high class clored man; that the highest ambition of the colored man; is to dring booze, ware loud clothes, smoke cigarettes live in adultry and are all the weaknesses of the white man for that is where the colored man learned it all. The white man is every ready to listen to these conversations, as they generally show thec lored man up in a bad light, but sinetimes they become so disgusting in their details that he gets nauseated Keep your private affairs to yourself, discuss racial affairs calmly and soberly amonk those capable of comprehending and assisting in racial uplift.

Do not discus sthe moral lapse of your friends, wives and daughters anywhere, especially when you have been criminally guilty of contributing to these delinquencies.

Most white people believe that all colored people are morally bad, intelectually deficient and generally unworthy of respect and consideration. We are largely responsible for this belief.

We have yet to learn that while "speech is silver, silver is golden."

A jackass brays loudly, but he is neither intelligent nor valuable for he is the lowly burden bearer with highblooded stock.

THAT SO DIFFERENT BAND

The above caption is the name of a musical organization that has recently came in our midst from San Francisco, their fame as performers had preceeded them and they rally are the class, each one sems to be a Star. Leon Overton Tutinson on the traps is unbeatable, all the others are especiall good, no one should fail to hear this aggregation if they appreciate the best of music. Mr. Gerald B. Wells is the general manager, B. F. Spikes Treas. and Monroe Elgin Secretary, and Clarance Williams Sidney Le Roth, Aam Mitchell. It is some band and draws great crowd whenerev they appear.

THE MINNIE ALBRITTON MUSICAL RECITAL A GRAND SUCCESS

By C. A. Biggers

The Grand Benefit Musical Recital in which Miss Minnie Albriton is a resipient of its succes, stands first in the rank of the many benefit recitals recorded in the City of Los Angeles. Miss Albritton's singing brought this compliment from all over the house, "There is none better."

Each of the participants assisting Miss Albritton, were truly Artist of first rank, strictly in a class to themselves.

Mrs. Bessie Dones won not only distinction, but face for herself as a violinist: Mr. Thomas Johnson established a record for himself in Los Angeles, that no baritone singer san surpass. Miss Lorenza Jordan has long been regarded the choice piano accompanist, but at this recital she added to her reputation all that commendation could express to thec redito of merit and ability. A full house listened with intense interest to the remarkable high class program. The finanary Club, the committee representing cial receipts neted a flattering neat sum for Miss Albritton.

Sunday after noon 5:30, at the Mt. Zion Baptist Church at the regular session of the Get Accquainted Literary Club the committee representing the various Clubs of Los Angeles, who fostered the interest of the Minnie Albritton Recital will meet in a body, and thru the president, present to Miss Albritton, the net receipts of the money taken in by the said Musical Recital.

HER GARDENING

"I mean to raise my beets and corn
And cabbages," said she;
"I've figured up exactly what
A saving it will be.
"I've joined the Ladies' Garden Club,
Ten dollars is the due,
And bought my garden tools they came
To fifty, nintey-two.

"I've got the sweetest garden gown,
With little pockets neat
To hold the seeds, and frilly hat,
And gloves and shoes complete.
It costs me eighty dollars, but
The time has come to pass
When we must use economy,
And grow our garden sass."

A LITTLE MISTAKE

Since Gladys took to gardening
And wields the rake and roe,
She wears a pair of overalls
Just like her brother Joe.
And with her rakish Panama,
She is a picture that
Whenever I behold her makes
My heart go pit-a-pat.

Last night beneath the silver moon
I stole upon her where
She weeded the potato patch
With slow and patient care.
I clasped her in my arms and took
A kiss and then another,
Before I saw that it was not
My Gladys, but her brother.

If hot air was music, some of these home guards would be a brass band. Some of the women are doing their bit by wearing just as few clothes as they can. Once upon a time a little girl six years old would put on her mother's dress and play "woman." Now an old woman of sixty puts on a short dress and plays "girl." And some old men of fifty wear Norfolk jackets! But we know THEM!

The new pastor of the A. M. E. Church of this city will preach at 11 a. m. Sunday. He was transferred from Kansas Conference and came here from Hutchinson, Kan. He has three children, two boys and a girl. He is a brother-in-law to Mrs. Willis Coleman of this city.

SCOTT CHAPEL

The people of Scott Chapel had a glorious day, last Sabbath. Pastor Kinchen brought home to the hearts of his people two vital messages. At 11 a. m. he preached on "The Peace of Victory," and at 8 p. m., "The Victory of Peace." The choir conducted by Mrs. E. ST. PAUL BAPTIST CHURCH

Last Sunday brought to the people of St. Paul another of those rare treats. Sunday School good, well attended. Pastor Holt came on the scene at 11 a. m. charged with the electrified fire of the Holy Ghost. He chose for the Tex—Prov.7:-"He goeth straightway after her as an Ox goeth to the slaughter and as a fool to the conestion of the stocks." Her house is the road to hill leading down to the chambers of death." Subject; "Death's Valley and the Slaughter house." Those who heard this sermon will ever remember "the trail of Death," and "the haunts of sin so vividly described by this "wonder of the age."

The packed house seemed to burst into an ocean of tears while many broke down and cried aloud in unmistakable terms.

The B. Y. P. U. 6:30 folowing a very lively session of the S. S. Union which meet at three P. M. was well attended.

Sunday 7:45 P. M. Pastor Tolt. came again with a message that made "Old Zion tremble while shouts echoed in the distant waving palms. Tex: "How con these things be?" Jno., 3 c. Subject "Question of the age."

Two happy souls came over the tide. Pastor Holt will leave for the National Convention Sept 3. Come to the Revival.

THE SOUL OF FORT DES MOINES.

BY I. M. HORTON.
(In the Kansas City Sun.)

Twelve large, modern brick houses, giving shelter to 1,400 men, facing a grass covered, well kept rectangle of many acres, bordered on the other side by another imposing row of bricks called the "Officers' Row," having at the West end the Colonel's mansion and at the east the Colonel's office and his administrative forces and over this administrative building attached to a 50 ft. iron staff waves OLD GLORY—Fort Des Moines.

But today Fort Des Moines is more than these buildings and rolling acres and waving flag. Fort Des Moines is a soul. The concrete expression of hope, good will and faith in Negro manhood by those white men in the United States army in whom still lives the spirit of Robert Gould Shaw, blended with the aspiration of these Negroes as they struggle here taught, led, aided and encouraged to touch the mark set here for super-men that they might don the uniform and efficiently fill the proud position of officers in the United States Army; that they might draw their swords as free men and go forth to battle as peers and equals among all the men of the world, declaring that by their might, too, freedom shall not perish from the face of the earth.

A score of West Point graduates (volunteers to the Negro uplift) compose the supervising faculty of this college. Each one a top notcher in his line. Among them First Lieutenant Max Murray, Ordinance Expert, served in the Boxer wars, a rare judge in men and a master disciplinarian; Captain Stever, the father of the Wisconsin plan for Military Instruction in American public schools; Major Ingraham, expert Tactician and a model in soldierly carriage and demeanor; Major Sturtevant, administrative expert—these and the rest are presided over by Col. C. W. Baltou, a grizzled old veteran of abolition stock who has led Negro troops for years, knows and loves them, because they never failed them.

Such is Fort Des Moines, the soul; thrilling, inspiring, the mecca of the Negro's military hopes, and first page of a new volume of black history in white America. At Fort Des Moines, white America and black America have joined hands to pull the black race over a mighty barrier of race prejudice.

And such an effort it is!

These sons of black women are trying to do in three months what it takes West Point four years to do. These men, in the main, are not job seekers nor draft dodgers. Many are past the draft age. They are patriots and crusaders. Patriots, because they love Old Glory—Lincoln's flag! Crusaders, because they are the leaders of a rising race fighting to rise. And when the call came for Ethopia to send forth her champions these boys left lucrative positions, deserted paying patients and good clients and threw down the gauntlet to Riley and Plattsburg and Sheridan. They told their instructors, "We ask no mercy, beg no sympathy. We want the same standard of efficiency set here that the white boys must rise to." And it was set.

And when the black boys had worked and toiled a few weeks and their marks of efficiency were summed up, I had the life lasting pleasure to hear one of our West Point men say, "You men have made a most remarkable showing." Another one, a Major, stood in the field and cried out, "Boys, you are out of sight."

Crusaders, patriots, champions of a rising race!

From 5.30 in the morning until 9.00 o'clock at night they drilled and marched with gun and loaded haversack. We fought sham battles, charged with fixed bayonets, stabbing straw men. We went through physical exercises in the broiling sun bareheaded. All this simulate warfare that the men might prove their mental and physical efficiency, their fitness to lead men against that most efficient German fighting machine.

The boys are fed on the best, are paid $100 per month for their time and are disciplined until discipline is no more.

The Army requires scrupulous cleanliness of body and belongings—and they get it. The Government furnished books free, and such an array of books—books on drill, on firearms, on military law, on map drawing, on science of warfare and so on.

All this work was supervised by West Pointers. But the men who are actually whipping the Negro army into shape are the Negro noncoms from the 9th, 10th, 24th and 25th.

These heroes of San Juan, the Pacific Isles and Carrizal are all picked by the Government as the finest in the Army. Their shoulders, physical set up, general carriage and grasp of military science mark them as the fittest soldiers in the world. They have carried the roll of honor for their race since '61, have worked up in the Army through drudgery from the bottom to the top, and they are now handing down the record untarnished to the younger generation of college bred Negroes.

Aside from these lessons, the Training Camps teach this country that a million men can form a mob over night, but not an army of soldiers. The citizens who take his training will readily see the pathos of that miserable fallacy of a million men springing to arms over night. The men who graduate with their commissions have a long way to go before their soldierly ability will measure up to the grade of their commissions whatever rank they get in both the white and black camps.

It takes more than ninety day to make a soldier.

Registrations of the metronome showed each one up to the standard for the time they had studied. Pupils were, Misses Ruth Champion, Norma and Madeline Hughes, Myrtle, Ivese and Bessie Madison, Odell Burton, Ruby Stock, Olive McAlister, and V. Turner, Cora Hopkins, Mamie Lewis; Oscar Turner and Warren Rosen.

THE RIOT AT HOUSTON.

Of course, at this time, we cannot write intelligently on the Houston affair between the civilians and members of the 24th Infantry. But, whatever the situation is, it is certain that these Southerners who lynch and burn human beings for a pastime, will be up against it every time they start against these trained soldiers And it has never been charged against these men that they are not amenable to Army discipline; therefore, in Thursday's riot the provocation must have been great and unbearable. In the meantime we await the facts in the premises.

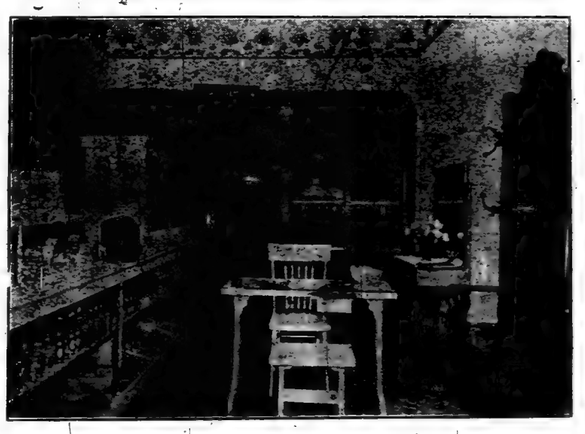
Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life



to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Famous Musician Claims Los Angeles Bride

MARRIAGE OF MISS ANTOINETTE YOUNG OF THIS CITY TO R. G. JACKSON, DEAN OF THE MUSIC DEPARTMENT OF WESTERN UNIVERSITY, KANSAS, A NOTABLE EVENT

On last Sunday evening at 8 o'clock Miss Antonette Young at the residence of her aunt, Mrs. L. Stiles, 2714 Hyans street, was married to Prof. Robert G. Jackson, dean of the music department of Western University, Kansas City, Kansas. It was a notable event and another link in the strong chain which is placing the destiny of two great cities in common touch with each other has been

forged. Antonette, one of California's fairest maidens with a highly developed talent in the musical world, had plighted her troth with the greatest musician in the western country and who knows but that in this union means much for the profession in which the hearts of these two eminent proponents are anchored. Certain it is that a vast assemblage of friends wish them all of the happiness and joy that goes with this union.

No princess or potentate ever received greater homage than did this couple from the people who have known the bride from childhood and from those who have become acquainted with the groom since his visits began in this city a few years ago, at which time all who met him learned to love and respect him. It was truly a democratic gathering which wended its way to Hyans St. last Sunday evening. They were all happy, they were on their way to Antonett's wedding. No one was stiff or conventional, but they came with best wishes and prosperity for the bride and groom. It was a beautiful wedding and inasmuch as the principals both rank high in the musical world, music was a dominating feature of the ceremony. The scene of the ceremony was a garden, the wedding beperformed upon the lawn at rear of the home, and for about 100 feet an archway of flowers and ferns had been built. White canvas was the pathway to the altar and there under

the mistletoe and the dove and wedding bell, Dr. H. D. Prowd awaited the bridal party, while Mrs. Pearl Lowry Winters (who it is said has acted as fairy godmother to the happy pair) sang in accents sweet and clear, "Because God Made You Mine" and then came the bridesmaids bearing shepherd's crooks followed by the ring bearer and flower girls, and then to the tune of Mendelssohn's Wedding March floating on the breeze, there appeared out of the darkness into the brilliant light of the archway, the bride, who was beautifully gowned in white brocaded satin, crepe meteor, carrying a shower bouquet of roses and as she passed through the archway to the altar it was exclaimed on every hand, "isn't she beautiful!" She wended her way to greet her future husband, who had preceded her just a few moments from the recess, as from nowhere, which represented in fact the growing corn field, came the groom to claim his bride with a happy smile on his face and all declared him looking many years younger.

There amidst ferns and roses and the setting heretofore described, the ceremony itself was solemnized while Miss Susie Anderson played softly "A Perfect Day."

After salutation by the pastor and the bridal party, the bridal party faced the guests assembled and listened to the sweet baritone song, "I Promise You," sung by Mr. Thomas L. Johnson, recently of Detroit, Mich., after which to the strains of a sweet melody the bridal party returned to the dining hall and there amidst a profusion of roses, carnations and golden rods, they were seated at the festal board, and there received the congratulations of their many friends.

After all had been served the bride's bouquet was thrown and notwithstanding the determination of many other to catch it, it was caught by Miss Gladys Owens. The bride and groom quietly slipped away and soon everyone was asking where they were, but they were speeding away in Attorney Darden's high powered machine to the solitude of some cozy dell where the world was shut out with just she and he and Prof. R. G. Jackson, dean of the musical department of Western University had claimed his very own "Minnehaha," and these two declaring they will never forget Mrs. C. Hurlbert who had invited them to take prominent parts in the "Wedding Feast of Hiawatha" where they first met.

The following served in the bridal party, Miss Alice Reed, maid of honor; Miss Ida Davis and Miss Ruth Patterson, bridesmaids; little Melvin Griffin, ring bearer; Luana K. Martinez and Ernestine Ward, Miss Susie Anderson played for the wedding ceremony, assisted by Miss Gwendolin Baker on the violin and Miss Lorenzo Jordan played accompaniment of Mr. Thos. L. Johnson. Mr. Elmer Bartlett was best man to the groom.

ELDORADO GOLD STAR MINING COMPANY HOLD ANNUAL MEETING OF ITS STOCKHOLDERS AT ODD FELLOWS HALL LAST TUESDAY ELECT BOARD OF DIRECTORS FOR THE ENSUING YEAR

On last Tuesday the large hall of the Odd Fellows corner of 8th and Wall street, was filled to its capacity with stock holders of the Eldorado Gold Star Mining Company, who had come together in their annual meeting for the purpose of hearing the reports of their officers and to elect a board of directors which is an annual event, they were there from the smallest stockholder to those holding thousands of shares all interested in the progress of the work of the company, and despite the discouragements and the fact that their prior realization for success had failed, they after hearing the report of the secretary and of Mr. S. J. Brown, the company's manager, expressed an abiding faith in an ultimate and magnificent success of their efforts aside from the secretary's report showing the true condition of the affairs of the company was the message of Mr. Brown who had just arrived from the mines. Mr. Brown is well known for his sterling worth and high integrity and withal his conservatism, and when he says anything there is no one who would gainsay the truth thereof.

Manager Gives Report That Absolutely Gives Reasons for Highest Hopes of Success

After stating the general conditions of the properties and the machinery at the mines, explaining the failure of the machinery to work out the low grade ore, he told of the latest discovery of high grade ore in great quantities at the second level in the Silver Legion mine at 122 feet and exhibited the ore. This ore if found in any company with hteir ore listed on the stock market would cause the shares to double in value, hence the shareholders of the Eldorado company feel assured of their permanent success as in reality since this latest discovery as the work proceeds there is every reason to believe that this great ore body of shippable ore will steadily increase. To show the confidence of the stockholders present hundreds of shares were purchased that the work for its extraction and shipping may go speedily on, arrangements are to made at once for the same.

New Directors Elected

The following directors were elected to serve for the ensuing year: George W. Shields, Joseph J. Bunch, G. P. Isaacs, J. W. Lewis, L. K. Roberts, S. J. Brown, C. G. Dunscomb, Howard Folke, Walter, Peery, Willis Storrs and Andrew Hayman.

Mr. N. G. Pitts, who has been one of the pioneers in this great effort and served as its president for the past seven years, announced that he would have to ask that he be relieved of that office, but that his service could ever be depended on on behalf of the company, and that he would contrive to serve in an advisory capacity. r. J. H. Young, also on account of his health, could not serve on the directorate for the incoming year.

We want to raise $169.58 at 3 p. m. on the 9th of September.

Our property has been sold, but the people are giving us one. This is a rare opportunity to redeem ourselves; so, come one—come all—and let us have a good time together on that day.

Rev. W. H. Rozier will preach for us on this occasion and his choir will render the music.

Take the Watts car and get off at 52d street; walk one block east to Holmes avenue; south on Holmes to church.

MUSICAL AND DRAMATIC RECRECITAL AT INDEPENDENT CHURCH A MAGNIFICENT SUCCESS

Mr. J. J. Joseph's first effort as an impressario was a magnificent success, as on Thursday evening a capacity house greeted his all star performance, which included the best talent in the city, features of the strong program were the playing of Miss Jordan, the singing of Mr. Hanley, Mrs. Kelso, the quarrel between Brutus and Cassius from Shakespeare by Webb, King and Mr. Joseph, Miss Ida Maddison, who was featured for the occasion made good with the audience and was compelled to respond to an encore as well as was Mr. Hanley and Mrs. Kelso.

Mr. Josephs is to be congratulated upon the splendid galaxy of talent he assembled and is deserving of the success attained, the only improvement we could suggest is that programs should have been provided for the patrons.

ORGAN RECITAL GIVEN BY PROF. R. G. JACKSON

A Magnificent Success.

The organ recital given by Prof. R. G. Jackson, dean of the musical department of Western University, assisted by some of our best local talent and Mrs. Pearl Lowery Winters of Bakersfield, was not only a magnificent success, but a musical treat as well, and the vast audience hanging on to the very last strain from the great organ at the historic 8th and Towne avenue Church on last Tuesday evening. Among the number, the unannounced appearance of Mrs. Antoinette Young Jackson was a welcome one, and the vast audience was lifted up as she sang while her husband accompanied her on the organ. She was compelled to respond to an encore. All of the numbers were well received, especially Mrs. Pearl Lowry Winters, Mrs. C. Hunter Lewis, and the "Marche de Concert" by Prof. Jackson at the organ and Miss Lorenza Jordan at the piano were the strong features of the evening. Mr. Eggleson's trombone solo was appreciated most highly, and Mrs. Dones and Mrs. Mitchell in a violin duet were received with high favor. Prof. Jackson seemed inspired, and his playing of the various numbers on the program was received with thunderous applause by the vast audience, thus showing their appreciation.

EAGLE HELD IN HIGH ESTEEM

The following letter from A. P. Alberga who is in the officers training Camp at San Francisco, will give you an idea as to how the Eagle stacks up against the big Eastern Negro Journals.

Now our highest ambition is not only to maintain our present standard but to ever keep improving. And we are glad that friend Alberga appreciates our efforts as indicated by his letter.

What the Churches are Doing

A. M. E. CHURCH NOTES

A good audience was present Sunday morning to greet the new pastor, Rev. John Taylor whose morning and evening discourse was on the subject, "A Christian's Inheritance." At the morning service the officers of the church expressed their intention of being loyal to their church and pastor, and of helping in paying off the church's indebtedness.

Next Sunday morning, the pastor will speak on "David's Love and Gifts for the House of his God." In the evening the subject will be, "God's Loving Kindness."

The Ladies' Aid Society met in the Church parlor on Thursday in regular monthly business meeting.

Phillips Chapel C. M. E. Church

Sunday was quarterly meeting day at this church and two very helpful and inspiring services were held. Rev. Seldon the presiding elder preached at both services and the quarterly communion was administered to two splendid congregations.

Only two more Sundays remain before the sessions of the annual conference will begin in our church here.

The session will begin on Sept. 12th and they will be presided over by Bishop C. H. Phillips, D.D., of Nashville, Tenn.

Quarterly conference was held on Monday night and the report of the various boards showed that a great work had been done here this year.

The reports showed a substantial gain in membership as well as the financial work of the church.

The pastor will preach on the coming Sabbath and the public is cordially invited to come and worship with us.

Mrs. A. C. Harris-Bilbrey will give a grand patriotic concert at this church on Friday evening, Sept. 7th, assisted by some of the best local talent of the city. The concert will be one of the best you have ever witnessed. Come and be with us.

At 7:00 p., the B. Y. P. U. held another good meeting. Come to the Sacred Recital, next Sunday night, given by Miss Minnie Albritton, the charming singer of the East and the nightingale of the West.

FIRST A. M. E. CHURCH NOTES

8th and Towne Ave.
Rev. J. Logan Craw, Pastor

Two large and appreciative congregations greeted the new minister in the opening services of the third year's administration. The metropolitan choir was in its usual place on time and sang more sweetly than ever. Mrs. Pearl Lowry Winters inspired the thronging congregation with her soul stirring solo. The pastor delivered both sermons and there was one accession to membership.

The offering of the day was very good, while the Sunday School and Endeavor Society assemblies started out with an enthusiasm that presages the dawn of a new era with greater results in the future than at any time heretofore. Many distinguished visitors were present and introduced. Prominent among these was Prof. Robert A. Jackson, head of the music department, Western University, Kansas City, Kansas. You are always welcome to worship at First African M. E. Church. Be punctual. We begin and end on time.

First communion services of the new conference year, Sunday, Sept. 2, morning and evening. The pastor will preach and administer the Lord's Supper to all communicants. Morning subject, "Death, the Crown of Life." Evening subject, "The Lord's Supper and Personal Faith." Special music by our vested choir. Start the year off at the after this day.

WESLEY M. E. CHURCH

8th and St. Julian Sts.
Rev. A. P. Shaw, Pastor

Sunday was a great day at Wesley M. E. Church. At 11 a.m., the Pastor preached the annual sermon of the Wesley Chapel Benevolent Society, using as a text, Luke 10:35, "Take care of him, and whatsoever thou spendest more, I, when I come back again will repay thee."

At 7:45 p.m., the pastor preached a special sermon on "Negro Business in Los Angeles and How to Improve It." This sermon was full of helpful practical suggestions and received very many favorable comments by those who heard it.

This Sunday will be observed as Labor Sunday. At 11 a.m., the pastor's subject will be "Working With the Heart." There is a secret of successful labor in this sermon that every working man or woman should know. Don't fail to hear it. The subject of the evening sermon will be, "The Status of the Negro Laborer in Los Angeles and Vicinity, His Problems and Opportunities." These will be two helpful messages upon a very vital topic. The loss will be to the persons who fail to hear them.

The Pullman Mission under the leadership of Brother O. S. Stout had a great day Sunday. Brother Stout is indeed a "fisher of men." One young man was converted.

Communion at each service Sunday. Let us have over 300 communicants. Do not be a church slacker.

Visitors and strangers welcome.

Special music by the choir.

Lincoln Memorial Congregational Church

34th and Central Ave.
E. E. Lightner, Pastor

All the services at this church on last Sunday were unusually good in point of interest and attendance. The pastor chose for his text at the morning service, Joshua 29:15, "As for me and my house we will serve the Lord." He said in part: "Although we are a part of the social order and are affected and to some extent influenced by the environment in which we live, there are times, there are conditions in which it is necessary for us to assert out personal convictions, even thou theyp do not accord with that of those with whom we are associated. Joshua was surrounded with an idol worshipping people, whom he would turn to the worship of the true God, but having pleaded with them, whether they turned or not, he could say, 'As for me.' Let us have the courage to stand alone if necessary when a principle of right is involved."

Communion services morning and evening on next Sunday. All are invited.

People's Independent Church of Christ

18th and Paloma Sts.
Rev. N. P. Greggs, Pastor

Services at this church last Sunday were up to the usual high standard. At the morning session Rev. J. M. Riddle delivered an edifying sermon on the subject, "Christian Religion and Service."

In the evening a very inspiring sermon was delivered by Brother Emanuel Hall. Both services were well attended and those present were wonderfully blessed.

On Tuesday evening a farewell reception was tendered Mrs. Louvenia Hickman Kaigler, under the auspices of the Young Peoples Advancement Club. All members and friends of the church regret very much the loss of this worthy, zealous and faithful young woman. Mr. and Mrs. Kaigler will leave for Portland, Oregon, Monday, Sept. 3, 1917.

First A. M. E. Zion Church
Pico and Paloma Sts.

Rev. B. E. Robeson, Pastor

The presiding elder of this Episcopal dioese occupied the pulpit last Sunday morning. He chose for his text, "Who is on the Lord's Side?" found in the book of Exodus. He dwelt on the sins of the children of Israel, who after coming into the wilderness, became so wicked, disregarding the admonitions and commandments of the stern law giver Moses. How they worshipped the golden calf and some of those faithful few, turned about for a true and tried leader and they found one in the person of Joshua, the Levite, he who in these never to be forgotten words, said, "As for me and my house we will serve the Lord." Showing and proving that in every crisis, it matters not how dark things may seem there is always a "remnant" left of those who are ever on the Lord's side.

There was a good crowd out and two accessions to the church, both were baptized Sunday evening. Last quarterly conference was Monday evening, Rev. W. M. Matthews presiding. A splendid report was the order of the conference for the quarter ending.

Too late for last week's publication was the account of the surprise tendered Rev. B. C. Robeson, the pastor, by Miss F. C. Petty and others. Shortly after prayer meeting, Wednesday evening, in the vestry, the pastor was invited into the auditorium amid a large galaxy of members and friends. The pastor, so taken was he, he simply gasped and loked on. Miss F. C. Petty in fitting words presented him a purse and many other useful and needed gifts. The pastor responded as best be could. Then Rev. Dr. Prowd of the Second Baptist Church, spoke and Mr. J. C. Banks also made a few remarks after which refreshments were served amid an atmosphere of joviality and good will.

The pastor's text will be next Sunday at 11 a.m., "A Tribute to Woman."

DIVORCE.

BY REV. B. C. ROBESON
Pastor A. M. Zion Church.

NO. II.

By "created necessity" I mean the reasons often given for the neglect of home life and its joys. The conditions among our people are alarming. Seven out of ten homes are deserted during the day, or so left that such might as well obtain. Call it what you will—economic necessity, the high cost of living, or what not—whatever condition calls for the neglect of the home life, for mothers to forsake their children and let the streets bring them up, is to be deplored.

It is time that we stop and think. We are robbing of that which money cannot buy nor honor bring—we are taking away from our own life. Every man needs a home, a haven of rest—a place where, after the day's weary toil, he can come and find sunshine and consolation. Very little of this will you find when both husband and wife are struggling the livelong day. She comes in cranky, and so does he; she is tired, and so is he; neither can stand much and neither will take much—and, consequently, out goes the man, and no communion is held. The children are neglected and suffer for instruction, companionship and friendship; you are never far from a divorce and always stand on a platform that is shaky.

For myself, I want no such home. After my day's toil with the world and men, I want to be shut in from its worries and cares. Around an altar of love, peace and joy I want to bask in the sunshine of a contented companion's smiles—there, together, do I anticipate the solving of many serious problems, and be prepared to heal many a wound.

I would rather sweat great drops of blood and crack my knuckles in the deepest of grief; I would rather live on the plainest and coarsest of food and deny myself the luxuries of life; I would rather live in a little hut by the side of the road, with my family gathered about me, than to dwell in a mansion while my companion worked her very life out—and almost to no avail.

"The body is more than meat and the soul is more than raiment." The loss of home, ideal companship, sweet communion, can never be regained.

Turn a deaf ear to my cries if you will, look not at the signboard of warning if you please; but, remember—"Whatsoever a man soweth, that shall he also reap."

Mr. and Mrs. W. Miller gave an outing to Venice, Cal. last week in honor of Miss Ously, which was a brilliant affair.

Mrs. J. M. Massey, the well known business woman of this city, returned this week from her vacation, during which she visited her old home in St. Louis, Chicago and other Eastern ponts she will resume her business and open her hair dressing emporium at 12th and Central avenue next week.

WIDESPREAD INTEREST IN NATIONAL RACE CONGRESS

Colored Americans "Brought to Their Feet" by Memphis, E. St. Louis, and Chester Outrages—Local Equal Rights Committees Being formed. —Special.)

Boston, Mass., Aug. 23, 1917.—That the Colored people of the country have been "brought to their feet" by the Memphis lynching, East St. Louis massacre and Chester riots, is shown by the instant interest taken in the call issued for a "Speedy Getting Together" at New York by Rev. Byron Gunner, President of the National Equal Rights League. Already President Gunner has received word from representatives in a dozen different states who will attend the 10th annual meeting of the League and 2nd Annual Race Congress under the League's auspices, which will be held 3 days, September 18, 19 and 20, in Mother Zion church, W. 136th street, New York City.

Colored newspapers all over the country are announcing this National Colored Equal Rights Convention in their columns, and the editors are working with success for the formation of local "Equal Rights Committees" that are to send delegates.

The "Call" has been given such wide publicity, the invitation being open to every organization as well as the Equal Rights League, the oppressed in every country in the civilized world have met as a group and put forth their case and their demand, except we Colored Americans, thoughtful citizens everywhere see that the race will be judged by the attendance at this National Race Congress.

Every community that has not already formed a Citizens' Equal Rights Committee to send delegates is urged to do so. Three full weeks remain in which to do so. The last Race Congress brought men and women of all factions and all organizations together and increased co-operation. It is ten times as critical now for the race as then.

Pres. Byron Gunner, of Hillburn, N. Y., and Cor. Secretary Wm. Monroe Trotter of 34 Cornhill, Boston, are receiving many letters in the convention and will answer all inquiries.

"I mean to raise my beets and corn
And cabbages," said she;

It is always well to keep your ears to the grass roots and listen to the rumbling noise that indicates the state of mind of a people and of the nation.

In response to the sentiments expressed in these columns along the line of business endeavor, we are encouraged to keep up our efforts along that line to the utmost.

The President's answer to the Pope's peace note has, according to the news from Washington, struck a popular chord and promises to do much for the ultimate object sought.

Houston, Texas, should never have been recommended to the War Department as a rendezvous for colored troops. They have never quite forgiven the colored folks for being free in that section of the country. —Los Angeles Times.

And in the passing of events it is well to consider that the winter months are slowly but surely coming upon us, and while we here in California bask in the sunshine of a semi-tropical climate, it is well to consider that we have our winter problems to solve just the same

The police, in their efforts to enforce the vagrancy laws, should have the hearty support of all good citizens, and it is to be hoped that they will hew to the line and play no favorites, and that every man shall do his bit. These are strenuous times and the chronic vagrant should have no quarter.

It is very much regretted on all sides that the unblemished record of the 24th Infantry has been marred; but those who know of the infamies heaped upon the colored soldiers in the Southland can realize the fact that these men have had to endure taunts and insults which no other set of men were ever called upon to suffer, and can realize that even these men could not bear the strain forever, and before their trial has been concluded, we verily believe that these circumstances will be shown to the world, and—pending the same, we would ask a suspension of judgment. And we certainly shall not "lay down" on these men who have, time after time, gone into the jaws of death for the country and its honor. We will wait. We have an abiding faith that they were in such extremity of circumstances as to justify them in defending their very own lives. We say this believing that under no circumstances is mutiny justified, and feeling that, after all, it will be shown there was no mutiny.

HELP THE THINGS WORTH WHILE.

Mr. Bert McDonald, one of our energetic and ambitious young men who is a student of the University of California, while seeking to gain an education by diligent effort, has qualified himself as an orator of signal ability; he has prepared himself so he can come before his people and demonstrate his worth by giving to them for their consideration in concrete form the things he has acquired, and in patronizing his benefit at Wesley Chapel on 7th street, people can be assured that their patronage is worth while. His subject will be "Mastery of the Situation. A strong musical program will be presented and the young man should receivethe encouragement of all who stand for the things worth while. Do not forget the date—Friday evening, Sept. 7.

THE MINISTERIAL ALLIANCE WILL BE THE SCENE OF IMPORTANT HAPPENING NEXT TUESDAY

We are taking this means to communicate with the colored people of this city who stand for the progress of their race and who stand for humanity's cause to tell them to be present at the meeting of the Ministers' Alliance at the Y. M. C. A. on next Tuesday morning and see to it that a proper reply is sent to the parties who have sought to cooperate with the race in a movement to save and to reclaim our wayward girls. We are not speaking to those who would make political capital or to those with selfish motives, but the people who are really interested in the welfare, the uplift, the things worth while, to such as these and these only do we address ourselves, the fear of segregation cuts no ice in this affair, there is no such issue as we understand it, at stake; colored girls take their turn in the state reformatories just the same as any other and all peoples of all nationalities (except the colored people) in this city are doing their bit toward helping these girls when they come out of these institutions and many times they are able to save them from going into them.

And now here comes an eminent scoial worker who is present on almost all occasions, sees the misery, the utter hopelessness of scores of our young girls. She realizes this people has not had the chance that the Anglo Saxon has, she proffers her hand, volunteers her expeset up the cry of segregation. Now as a matter of fact we must do our rience toward the solution of the problem, and there are those who set up the cry of segregation. Now as a matter of fact, we must do our bit. A great statesman not many years ago stood on the floor of the U. S. Senate and said in the future "the Negro must tread the wine press alone," and it does not take a prophet to see that the time spoken of is fast approaching. We must take cognizance of these situations, we must organize and help in this great moral proposition by at least operating with those who seek the moral uplift. Else what are you going to do, let these young women perish, many of whom can be actually saved, we say no, forget segregation, save a precious soul. The Eagle has ever stood up in defense of the race. We are against all sorts of Jim Crowism, we have stood the test, but we are strong for the salvation of our young girls and we are calling on our people who feel as we do to come out and seek this co-operation.

It is not a question of segregation at all; to those who are so pugnacious and are on the bit against segregation, and Jim Crowism. There is plenty for you to do. Great big signs up in public places in Santa Monica and the thing growing every minute. Get busy.

COMPLAINS OF COLORED CENTER 12th AND CENTRAL AVENUE

Mr. Editor:

Many times while visiting in Los Angeles have I passed a crowd of ill-bred colored men who make it their buisness to make remarks about all girls and ladies passing by; and 12th and Central seems to be the main headquarters for such loafers.

While passing that corner last Sunday the following remarks were passed, "Ah! There she goes." "That's mine." and "Some class to her." Those men knew very well I was no street-walker, because I neither looked nor grinned at any of them.

If the colored men do not respect their own respectable laides then how can they expect other races to do so.

I would suggest that each loafer start from to day to be a gentleman, thereby being a credit to himself and to the race.

JESSIE KINSY,
Monrovia, Cel.

The public, as well as the stockholders of the Comobabi Mining Co., have been privileged this week in having two opportunities for hearing Mr. G. W. Miller, president of the company, the man who has endured hardships and privations for years in order to make possible the work which is now being done at the mines in Arizona. Mr. Miller was at his best on Sunday, when in the dim light of late afternoon he stood before the Forum and demanded of the people: "What is your Hope?"

Referring to the recent horrors in the South, he told the people that they must work out their own salvation and that the great hope for wealth lay in the vast mineral deposits in the practically undeveloped regions of the country. Mr. Miller's talk was listened to with deep attention.

Monday evening Mr. Miller was guest of honor at a reception given at the People's Auditorium, 1121 So. Los Angeles St..

Attorney Hugh E. MacBeth was master of ceremonies. A few remarks were made by Mr. T. W. Troy and Dr. H. D. Prowd in introducing Pres. Miller, who spoke at length on the work at the mines, the unselfish sacrifice of Mr. and Mrs. E. B. Patterson, of the recently installed machinery and the interest of the two high school boys who are studying mining under the direction of himself and Mr. Patterson.

Miss Maudetta Rosemond, S. S. R. S. Stewart, and Owen Troy gave musical numbers on the program, following which refreshments were served.

LABOR DAY TENNIS TOURNAMENT

There is much enthusiasm over the Tennis Tournament to be given next Monday, Sept. 3, by the West Side Tennis Club. The tournament is to be held at the State Normal School grounds, which has four of the best cement courts in the city.

There will be men's doubles, mixed doubles and ladies' singles. When you read a few of the names of players you can see that it will be hotly contested from start to finish. Clarence Brooks and Phil Davis, winners of last Thanksgiving Day Tournament, are out to defend their cup. Then there is Kemp and Al Matthews, of Alpha; Maloney and Ray Matthews, of West Side, who lost in the finals last year; Williams and Williams, Broyle and Tyler, the fat men's champions; Peters and McNeal, of Santa Monica, Rainey and Davis, of Pasadena, and Dr. Robeson and Prof. Banks. There is also a team coming up from Riverside, and last but not least, Eddie Harris and partner.

In the ladies' singles, since Miss Fern Calwell has decided not to enter, it will be a difficult task of picking the winner, as most any of the players of the fairer sex, like Miss Young, Josephine Brown, Edna Broyles, or Miss Harris, are full of pep and likely to win.

The doubles are slow about entering. Outside of Peters and Caldwell, winners of last year's cup, we have yet to hear from the rest.

The courts are situated at North Vermont near Heliotrope Drive. Take Heliotrope Drive car at 7th and Broadway or Western Ave. Those living on West Side transfer on N. Vermont. After the Tournament there will be a dance at Normandie Hall. McVea's Howdy Band will furnish the music. Plenty of refreshments on the grounds. The prizes will be presented to the winners at Normandie Hall in the evening by W. O. Tyler and Dr. A. A. Garrot.

The heroism of Robert Jackson could not avail and his life was lost also as his chum, James Hall, drowned in the Los Angeles river near Avenue 20, Tuesday afternoon. Swimming in 30 feet of water where former sand pits had filled in, James Hall found himself sinking and called for help. Robert Jackson swam to his aid and struggled with his drowning friend in a vain effort to save him. Those who witnessed it say Robert was free from the grip of James and might have saved himself but heroically continued his efforts of rescue until tired out and sank in the embrace of the larger boy as he went down the last time. Officer Buitt, of the East Side Police Station, reached the edge of the pool as the boys sank, and diving for the bodies brought up that of Robert Jackson, which was hurried to the Receiving Hospital. The body of James Hall was not recovered for some minutes and efforts to revive the unfortunate lads were futile.

Tearful scenes were enacted as parents and relatives were notified of the misfortune. Mrs. Jackson became hysterical after identifying the body of her 14-year-old son at the Smith-Williams Company, and was hurried to her residence at 1615 W. 35th St.

Mr. John Hall, an uncle of James, was notified at the Hall of Records that an accident had occurred and hastened to the morgue of A. J. Roberts, Sons & Co. He was deeply affected upon finding the body of his nephew. A few minutes afterward arrived a sister, Miss Beulah Hall, whose grief was pathetic. She was carried to the family home at 1584 W. 35th St. in the car of Mr. F. White.

Funeral services will be held at Wesley Chapel at 2 p. m., Saturday, Sept. 1.

LAST APPEARANCES OF MISS ALBRITTON

I will be in your city Monday and Tuesday, and possibly Wednesday, and desire very much to meet all advertisers and subscribers, as well as correspondents. Be prepared to meet me.

J. B. BASS, Editor.

Rev. J. M. Riddle State Missionary was in our city Sunday, he spent the forenoon and eveining at the Frst Street Baptist Church and at 3:p. m. at Mt. Zion Baptist Church. Rev E. Williams give him a good house on short notice.

The Cake-Cutting Party given by Dr. A. L. Brown at the parsonage of Mt. Zion was a frand success. The young men's reading room on Gruley street is open every day Books of all kinds can be had.

The delegates from Mt. Zion left for the Association Monday by steamship rout. They had a pleasant sail. But many of the passenger were over come by the sea breeze. Rev. Williams was among the number. Monday evening the delegates arrived in Los Angeles and proceeded to the church where they had a nice service led by Rev. C. Williams and Rev. A. J. Williams. Rev. A. J. Williams preached a noble sermon from Luke 19:10. Subject Jesus's Purpose in the World. Dr. A. F. Brauer entertained the B. Y. P. U. and Sunday School at the parsonage of Mt. Zion at 4:30 P. M.. Rev. Riddle was a guest.

Well Mr. Editor; owing to the many things that claimed my attention last week I was to late to get in, as you see. But beg to be excused as I was in the rush to get them all ready for the Association. The Shepperd was out of town and the sheep were wandering around and upon the day of his arrival the little flock gathered at the fold and was watching the waters to get a glmpes of the boat that would bring him in. About 8:30 P. M. the Steamer Yale landed at the pier and the lamb was soon making its way through the multitudes to find the shepperd after finding them with happy embrace, led them to the little fiock that was yet waiting at the fold. Before the leave of the Pastor and wife for the Angel City, part of the flock made themselves very interested about how their Pastor and wife would look on their arrival in the Angel City. Therefore Mr. A. L. Braum J. H. Griffin Mrs. W. M. Walker, Mr. M. Warren presented them with a new suit each. Mrs. E. M. Sheppard a new suit case, and Mrs. C. E. Norwood and Mrs. Molton saw that the wife had spending money. The stay must have been pleasant. Upon their return a number of the flock thought about how they would fair at nome and took them a surprise and laid it behind the altar. Everything that was eatable from a sack of salt up to a breakfast ham. It showed the deep setted and lasting love they had for their pastor. We watched the twinkle of his eye and quivver of his lips, which gave evidence of a great surprise. No sound came from him for a few minutes. It The silence was broken by the word thank you and after examination he foud a note bearing the names of those who donated the great supply of good things to make the Pastor and wife happy in their home. The names are as follows:

Rev. and Mrs. C. Williams, Pastor and wife, of Mt. Zion Church you are requested to look behind the Pulpit and you will there find a suplpy of groceries donated by the following friends:

Mrs. C. S. Norwood, $1.00; Mrs. W. M. Walker, $1.00; Mrs. E. E. Sheppard, 50c; Mrs. M. A. Hayden, 25c; Mrs. L. A. Jones, 25; Mrs. Geo Denny, 15; Mrs. Molan, 25; Mrs. V. L. Goodwin, 5c Mrs. Laura Ficou, 20c; Mr. J. H. Griffin, 50; Mr. S. F. Freeman, 50c; Mr. M. A. Hayden, 25; Mr. Geo. Denning, 25; Mr. E. B. Whiteside, $1.40; Mrs. Geo. Lewis, 25c; Mr. Geo Lewis, 25; Mr. M. T. Laws, 25c; Mrs. E. D. Marshall, 10c; Mr. L. C. Curry, 10; Mr. A. L. Brown?

The party given by Mrs. C. E. Norwood for the children at the home of Mrs. V. L. Goodwin was an enjoyable affiair for the little ones. The A. M. E. Church and people are rejoyicing at the return of their pastor Rev. Guy. We are also glad for we had learned to love him as a worthy minister of the Gospel. The delegates arriving from Los Angeles report having a nice time and say that Mt. Zion is in the front rank amoung others and has invited the Association to convene in San Diege in 1918. The daughters of Mrs. G. S. Belt of 719 South 30th St. passed away in Kansas City last week, over which she is much greived. But the Lord giveth and the Lord taketh away. Blessed be the name of the Lord. Mrs. C. M. Mc Cane and Daughter Miss O. T. Taylor of Imperial who have been spending the summer here left for their home in Imperial Tuesday. Mrs. A. W. Williams also of Imperial left last Saturday. Will the Public schools open Monday. They take many children off of the streets. Mithers aren't you glad.

Sick List; Mrs. Nickles, Mrs. Hayes Mrs. Zalocoffer, Mr. Ford all are on the sick list.

Rev. G. C. Colman of Oakland was the diner guest of Rev. C. Williams Tuesday, and had a trip to Muaco Thursday with friends of this City.

The Grand Lodge of the U. B. F. and the S. M. T. held their annual session in this city this week. A grand program and reception was given them Tuesday at 8 P. M. at the Hall. The many addresses and songs and readings, made known the talent of the Negro in the Golden West. Dr. G. C. Colmen of Oakland was the center of attraction in the crowded hall. The members of the Lodge spent much of their time across the line into Mexico. Dr. A. L. Brown has been given authority to organize a Boy Scout Camp in San Diego. Mrs. Henderson is proving her self to be a true race-woman and is making strenious efferts to arrouse the women of San Diego to organize themselves and make protest against mob and other violance committed against the Negro in the United States. She thinks the salvation of the Negro lieth in his women as it is said. the hand that rocks the cradle rules the world. So let us say like the Apostol Paul, "(Help those Women) to bring salavation Dawn."

THE LATE MRS. BIDDIE MASON.

Mrs. Mason was born in Hancock county, Ga., on Aug. 15, 1817. She came to California in 1852, accompanied by two daughters, Mrs. Hudlerson and the late Mrs. W. H. Washington. She has one grandson in Los Angeles, Mr. Robert C. Owens. She was for many years a member of the M. E. Church. When the A. M. E. Church was organized she thought they needed her assistance more than the M. E. Church, and she joined it, and for nine years she paid the taxes and all expenses on the church property. She was a liberal donater to charitable and Christian institutions and her purse was ever open to the poor. She never turned them away, yet—with all that—she was one of the wealthiest in Los Angeles. She left a fortune to her children, who today own property on Spring street, Los Angeles. Her name should not be forgotten. I believe that on Wednesday, Aug. 15, at 11 a. m., the doors of the great A. M. E. Church should have been opened in honor of her anniversary and a sermon preached from Judges 4:4 13.

Such lives the world must reverence
As stars in the firmament of Time.
And when Death shall have gained th victory
Her memory would ever live sublime—
A beacon-light of love and usefulness to all mankind.

"GOD IS NEAR."

BY MRS. J. SHELLS.

[Read at Atalla, Ala., May 24, 1917, at S. S. and B. Y. P. U. Convention.]

"In the year that King Isaiah died I saw also the Lord sitting upon a throne, high and lifted up, and his train filled the temple."

"Above them stood the seraphims; each one had six wings; with twain he covered his face, and with twain he covered his feet, and with twain he did fly. And one cried unto another and said, 'Holy, holy, is the Lord of Hosts, the whole earth is full of his glory,' and the posts of the door moved at the voice of him that cried and the house was filled with smoke.

Then said I, "Woe is me!—for I am undone.

"Because I am a man with unclean lips and I dwell in the midst of a people of unclean lips, for mine eyes have seen the King, the Lord of Hosts."

Then flew one of the seraphims unto me, having a live coal in his hand, which he had taken from the altar with the tongs, and he laid it upon my mouth and said, "Lo, this hath touched thy lips and thy iniquities are taken away, and thy sin purged."—Isaiah 6, 1-8.

One afternoon, about 4 o'clock, Isaiah, who was then in early middle life, found himself one of a great crowd of worshipers slowly ascending the temple steps. Together with them he passed the lower platform and still climbed until he stood at the summit, at the beautiful gate of the temple. Standing there he little realized that that afternoon was to be the epochal moment of his life. But that afternoon was to introduce an altogether new element in his life work. Standing there upon that highest step, in the direct line of vision lay first the altar upon which thereafter noon sacrifices were to be made. Beyond it a lower one where priests washed their feet, and beyond that the tall cedar doors that opened upon the holy place, which indeed would have unfolded presently, as Zachariah in after days when he went to offer incense while the people stood without in prayer.

On either side stood probably 250 Levites, with the instruments of David in their hands, prepared to sing the psalms which were so famous, and about which their Babylonian captors in after days, said, "Sing us the songs of Zion." As Isaiah sat there wrapped in thought, those who stood nearest him had no idea what was transpiring. But he was swept away from all these sights and sounds; he heard the prayer or chant of the seraphim; and for a moment his whole soul was steeped in the rapture of that vision. But a moment after, he was plunged in the profoundest contrition of soul as he contrasted himself with those who served God with sinless lips, and he cried, "Woe is me, for I am undone; because I am a man of unclean lips."

Now, why was this?

Partly because after the latter years of Isaiah's reign, in which money and splendor were corrupting the hearts of the people, it was necessary that the leaders, at least men like Isaiah, who stood in the forefront, should be lifted to a higher level.

You must understand from the pernicious character of his book how the dwellers of Zion, the men and women of Jerusalem, and indeed all the people, were being corrupted by the sin, the fashions, the wordliness and the money making of their time and how needful it was, therefore, that God should raise a new standard among them, by the hand of Isaiah, who stood closest to him.

It may be that in this country, at this time, the very prosperity of your land, the years of peace, the great influx of population and the increase of wealth have been subtly undermining the religious life of your people so that some of your holy customs are being broken down. Perhaps family worship is no longer maintained as it was; the children are no longer trained, as once, in the habits of godliness, the high morals of your people, derived from your noble ancestry, may have been disintergrated while you devoted your energies in other directions than in wholehearted devotions to God. At such times it is God's habit to call about Himself his Isaiahs, his servants, those who stand nearest to Him, the members of His church, and to lift them up to a new level of Christian living, that from that moment they may be the pivot on which a lever may work to lift the entire nation.

But before you and I can become what one should be, there must first be a humbling process; we must be laid low in the dust before God. Just in proportion as we are prepared to descend will we ascend.

Let us get down in the dust before Jesus Christ, our Lord, and let us become convicted and cry: 'Woe is me! For I am undone! Because I am a man of unclean lips."

There is a threefold conviction here of personal unworthiness, of the nearness of God, and of the one method by which the heart of man can be pacified.

Oh, Father, may the words of Isaiah's mouth and the meditations of his heart be ours forevermore.

Friendship Baptist Church

Rev. Tillman was the speaker at the morning service, last Sabbath. In the evening an echo meeting was held affording an opportunity for the pastor and messengers to the convention of the Western Baptist Association to make full and complete reports to the church concerning the business transacted there. Lively sesions of the Sunday School and B. Y. P. U. helped to make the services of the day complete. The Missionary Society is being entertained on Friday afternoon at the home of Mrs. Lillian Overr on Glorietta St. Meetings of the Official Board of the Church were held this week. Realizing a need of more social astivity among the church members, the Official Board has decided to hold at their own expense a church social at which time every member of the church is invited to come and accept their hospitality. The affair is scheduled for the early part of September. Further notice will announce the date.

SCOTT CHAPEL NOTES

Rev. Doctor Johnson who has been transfered to one of the Eastern conferences, preached a very helpful sermon to our people on last Sabbath. This has been a wonderful year for Scott Chapel. She has served the community in a way that makes her one of the great factors for good. She has kept up her current expenses, paid the district superintendent in full and has paid the pastor's salary up to date. Pastor Kinchen says these are the most heroic people he knows of. The pastor of Scott Chapel is paid the same salary that the best Colored churches in Pasadena are paying and furnishes him a good house to live in.

Although a number of our members are on their vacation, the work of the church does not lag. Mrs. Levi Mills, the chairman of the music committee is directing the choir in the absence of Mrs. Beavers, who is on her vacation.

Next Sabbath is Holy Communion Pastor Kinchen will preach at both services.

Metropolitan Church Notes

The subect for the pastor's discourse Sunday morning will be "The Covenant Between God and Man," and in the evening, which will be a communion service, he will speak on "Christ's Last Commission." At the B. Y. P. U. service, Mrs. W. H. Hughes will open the discussion on the topic, "A Favorite Hymn," after which the meeting will be opened to the general discussion of the subject.

The Social Hall was closed all day Friday, the day of Mrs. Brookes' funeral. Resolutions from the church and the social hall board were sent to the family of Mrs. Brooks. A public memorial is being planned to commemorate her work.

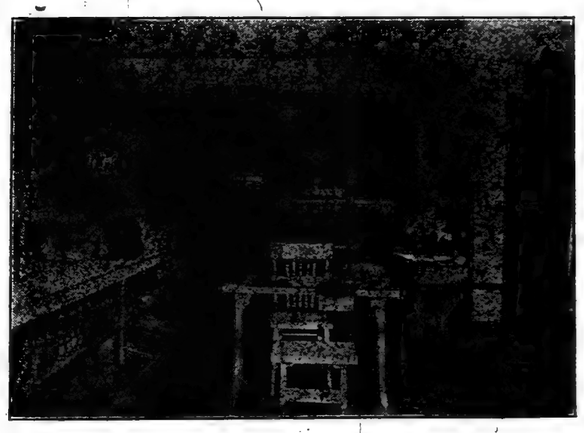
Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life



to join us in the Oil, Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. U. B. F. and S. M. T. Hold Annual Session At San Diego

The 12th Annual Grand Lodge of the U. B. F. and the fifth Annual Grand Temple of the S. M. S. of California, held one of the most inspiring conventions ever witnessed in the Fraternal world in this State. The sessions were carried on in the city of San Diego, August 28, 29 and 30. One of the largest delegations among secret organizations left by way of the Santa Fe route on Monday night to attend this grand assembly.

Tuesday morning, the 28th. ultimo, found the streets of San Diego filled with men and women with their delegate badges on and one could readily see that the U. B. F. and S. M. S. were well represented.

Buch business of varied importance was transacted by both the Grand Lodge and the State Grand Temple.

One of the main features of these bodies was the report of the rapid growth of the financial funds of the Mutual Aid and Mortuary Departments. The Mutual Aid Department has more than $2700 in the bank and the Mortuary Department has something over $630. These departments have been established within the last five years, and pays death claims of $150.00 and $75.00, respectively. Five claims were paid from these departments during the past year.

MRS. SARAH P. SHORES

Elected Grand Princess

The Juvenile departments of this order in the State of California, have cash amounting to more than $400.00. There are four Juvenile Departments in the State, two in Los Angeles, one in Watts and one in San Diego. The Temples over the State have 375 members. The order is progressing rapidly, a Temple being ready for institution in Pasadena and another being pushed to the front in one of the suburban towns near Los Angeles. The election of officers was carried on very creditably.

Following is a partial list of the officers of the State Grand Lodge:

State Grand Master, Thomas Norman.

Deputy Grand Master, A. L. Tilton.

State Grand Secretary, Morgan T. White.

Assistant Grand Secretary, Rev. Coleman.

Chaplain, Wm. Lofton.

Treasurer, J. A. Adams.

The officers of the Grand Temple were;

Mrs. Sarah P. Shores, who was over-whelmingly elected State Grand Princess, for the third term.

Vice Grand Princes, Miss Sarah A. Cleveland, of San Diego.

State Grand Secretary, Mrs. Ardellia Anglin, a member of the order since a child in the Juvenile.

Assistant Grand Secretary, Mrs. Mary Taylor.

State Grand Treasurer, Mrs. Molly Woodyard.

Trustees, Mrs. G. Fletcher, Mrs. Lee and Mrs. Sarah Lamont.

Marshals, Mrs. Hattie Jackson and Mrs. M. Clausell.

Chaplain, Mrs. G. Edmonds.

Joshua, Mrs. Rosa Wooden.

Assistant Joshua, Mrs. M. L. Gottschalk.

Caleb, Mrs. Ada Judy.

Outer Sentinel, Mrs. Mary Dorsey-Allen.

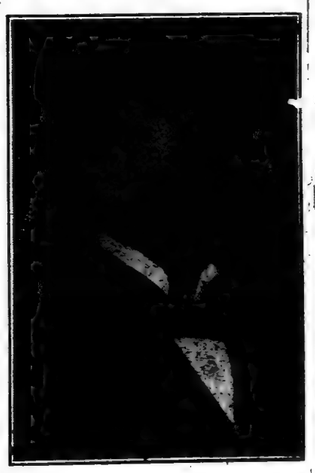
Zilla, Mrs. Minnie Harris.

Pilot, Mrs. Gertrude Harmon.

State Mother Matron, Mrs. Maggie Jennings, who has held this office for the fourth term.

Miss Missouri Busby was appointed Journalist and special correspondent of the State Grand Temple.

The next Grand Session will be observed in the city of Los Angeles.



Had Father Taylor, the founder of this noble order, ben numbered among those who attended the Grand Lodge and Grand Temple, held in San Diego, this past month, he would have looked over his work and gladly say, "My labors were not in vain." And, now, noble U. B. F. and merciful, most hoonred women of the Sisters of the Mysterious Ten, of the State of California, in the words of our State Grand Princes, Sister S. Shores:

"Sail on across the sea
Let others know that we
Will ever live.
Give out sweet charity
To those who needy be,
Unfold our mysteries,
Let us freely give."

THE SESSIONS WILL BE HELD AT PHILLIPS CHAPEL C. M. E. CHURCH ON NEWTON STREET

The annual conference of the C. M. E. church of which Rev. J. C. Anderson is pastor in this city, will convene at ten o'clock a.m. Wednesday morning, Sept. 12th, at the church, 1406 Newton street.

The sessions will be presided over by the scholarly and erudite Bishop

C. H. Phillips, A.M., D.D., LL.D.

This will be perhaps the last session of the conference over which Bishop Phillps will preside The bishop is the founder of the work on the coast and has presided over every session of the conference but one since its organization

Quite a delegation will be in attendance. The conference is composed of two presiding elder districts over which Revs. Z. Z. Johnson and W. M. Seldon preside

The conference is only ten years old but consists of fourteen preachers and has twelve appointments. The work has shown a remarkable growth under the guiding influence of Bishop Phillips assisted by the loyal preachers and laymen.

The church in this city has made great strides this year and some much needed improvements have been made.

Under the pastorate of the present incumbent a pipe organ has been installed, the church has been seated with opera chairs, new carpets have been put in the church, a new choir loft has been built, Sunday school rooms have been built, the membership has been strengthened and the work generally is in a prosperous condition.

The public is invited to any or all the sessions of the forthcoming conference. Two sessions will be held daily with services each evening.

Mrs. Susie Jeter Davis of Fresno Cal.

Whose home is in Newport, R. I., and who is now in the east on a visit to her relatives. She is a life long friend of our managing editor and was present at the reception given Mrs. Bass in Providence, R. I., on August 28th. Mrs. Davis is an accomplished musician and elocutionist. A graduate of Neff College, the wife of Rev. M. T. Davis, who is visiting this city at this time.

Wesley Chapel at 8th and San Julian has thrown oper her spacious auditorum for their worthy effort. The very best talent representing leading choirs and musical societies have tendered their service to make this an evening long to be remembered as the success that has attended the efforts

and sacrifices of Rev. and Mrs. Johnson in building Christian character in a community made up of our people has proven their worth to all classes of citizens. Tickets are now on sale adults 25 cents Children 15 cents, by the pastor and Bro. and Sister True. Don't forget the date.

MEET AND PASS RESOLUTIONS

The colored citizens met with the Interdenominational Ministers Alliance on last Tuesday morning and as a result of the same passed the following resolutions, on the recent agitation that the colored people devise some means to help care for the wayward girls which come before the local courts from time to time. The resolutions are directed to Miss O. J. Shontz of the Juvenile Department, 8.

RESOLUTIONS

We, the colored citizens of Los Angeles, California, in a public meeting held under the auspices of the Inter-

Mrs. A. E. Weber, President of the Women's Missionary Convention of the California Baptists

Denominational Ministerial Alliance on Monday, August the 27th, 1917, for the purpose of considering the proposal to establish a Home, Sshool or Reformatory for the accomodation of delinquent girls and fallen women of the Negro race by Negroes, referred to us by Miss Orfa Jean Shontz, Referee of the Juvenile Court, the same being Department eight of the Superior Court of the State of California, in and for the County of Los Angeles; having duly considered and determined upon said proposal, beg most respectfully to

REPRESENT:

I. We are opposed to segregation of races in public instutions.

Rev. Geo. W. Reed, Pastoring at Riverside
The Little Napoleon of the Baptist Denomination

II. It is neither requested nor desired that the Negroes should be the object of special legislation or particular provision, however favorable.

III. We resist the inference that this is a condition peculiar to the Negro race, requiring special consideration and action in its behalf, as distinguished from other races.

IV. The proposition is an attempt to treat, in a local and superficial manner an evil which is general and fundamental.

V. These unfortunates are wards of the state. The public treasuries of the city and county and state, representing taxation for this and other governmental purposes, are rich and abundantly able to supply any need of this kind. We are neither able to undertake this function of the government in providing, nor willing to assume the duties of public officials in caring for them.

RECOMMEND:

I. That necessary appropriations be obtained for the needed accomodations in State institutions.

II. That City ordinances regulate liquor traffic, vagrancy and dance halls be strictly enforced. In furtherance of said object, we,

PLEDGE:

I. Our support in the effort to obtain necessary approprirations.

II. Co-operation with the Juvenile Department in the enforcement of city ordinances above mentioned.

III. Sympathetic support in all the humane endeavors of the Juvenile Department. Wherefore, be it,

RESOLVED:

That a copy of these resolutions be respectfully addressed to Miss Orfa Jean Shontz, Refree aforesaid, be included in the minutes of the Inter-Denominational Ministerial Alliance and this original resolution filed among the records of this Alliance.

August 29, 1917.

ECHOES OF THE RACE RIOT AT FORT LOGAN HOUSTON TEXAS. THE POLICE AND THE RED NECK REBELS OF THAT CITY WERE RESPONSIBLE FOR THE SHOOTING UP OF THE TOWN AND THE KILLING OF FIFTEEN OR TWENTY WHITE CITIZENS.

So much has been said in connection with the race riots at Fort Logan, Houston, Texas in which well onto twenty White and Colored, people lost their lives, mostly White, that it is almost useless to enter into all of the details of causes leading to the riot on the part of the soldiers belonging to the 24th Regiment whose record for so many years in the past has always been a good one and from all that we have been able to learn concerning ot the unregenerated and the unreconstructed red necked rebels, residing in Houston, including its police officers were solely responsible for the riot and for the shedding of so much human blood.

For sometime prior to the out break on the part of the Colored soldiers belinging to the 24th Infantry the White citizens of Houston and the police officers highly delighted to call them or refer to them as the "Nigger" soldiers and in every other way they felt that they had the undisputed right to insult and roughly abuse them to their heart's content.

It seems that Captian J. W. Mattes of this city was in accord with sentiments entertained by the vast majority of the White Citizens of Houston in relation to the colored soldiers and as he was not connected with the 24th Regiment in any way whatever and was not responsible for the conduct of any of its members it was very sad indeed to think that he would permit himself to ride around town and out near Fort Logan, in an automobile late in the evening, with the same policeman who had been so horrorably brutal in his treatment of the Colored soldiers and not being able to distinguish him from the policeman his life was ended in the same manner as that of the policeman who labored under the impression that he was sent from

Mrs. Pearl Lowry Winters of Bakersfield, will Sing at 8th and Towne Church, Sunday Evening

'on high' to this earth for no other purpose than to beat up or club up Colored soldiers wearing the blue uniform of Uncle Sam, and a Colored woman who had not been charged with committing any crime other than walking with a colored soldier who was at that time five miles away from the city limits of Houston.

These incidents were the forerunners of the reign of blood shed which followed on Thursday evening for the Colored soldiers had continued to brood over the brutish treatment which had been accorded to them in the past on the part of the majority of the White citizens of Houston and it seems that they were willing to blow to the winds their past untarnished record and under the leadership of Sargeant Vida Henry, Co 24th Infantry all told about one hundred men armed to the teeth and in the twinkling of an eye fifteen of twenty White citizens were shot to death, at the same time Sargeant Henry and one other Colored soldier lost their lives.

Within a few days from that time all of the members of the 24th Infantry were removed from Fort Logan back to Columbus, New Mexico and it is very hard to tell just what will be the fate of those members of that famous regiment who lead off in the shooting of White citizens who entertain the idea that Colored United soldiers have no rights whatever that White gentlemen are bound to respect, until after the United States government conducts and finishs its investigation into all of the causes leading on up to the latest racial troubles in one of the hell-holes of the South, in which so many White gentlemen lost their race prejudice lives.

The White citizens of Houston after so man yof them had been shot down in cold blood for their continued insults of the Colored soldiers prayed unto President Wilson not to send any more Colored troops to Fort Logan and especially the Eighth Illinois Infantry, whose Co. G. was at Fort Logan at the time of the riot and conducted themselves like true soldiers for they took no part whatever in the bloody affair, but now the white citizens of that 40th rate town say they are willing to permit the Eighth Infantry to locate at Camp Logan if its Colored officers are all dischared and white officers are selected in their places, simply showing or proving that after all that they are full of the most bitter race prejudice—that all white gentlemen have been created for the sole purpose of ruling over Colored people—Broad Ax.

CLUB WILL MEET

The house was beautifully decorated in club colors and much credit is due Mrs. Mceynolds for the beautiful program she rendered.

Miss Harris made her departure Saturday at 8:30 a.m. in the presence of a host of Kentuckians who assembled to bid her adieu.

Mr. Bynum was most agreeably surprised. Mr. Bynum has been granted a six weeks' vacation. Mr. Elmer C. Bartlett will direct after Sunday the 9th.

What the Churches are Doing

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Corner 18th and Paloma Streets
Rev. N. P. Greggs, Pastor

All services at this church were well attended last Sunday and all present were wonderfully blessed.

Pastor Greggs spoke on the subject "For We Walk by Faith, Not by Sight." 2 Cor. 5:7. Both sermons were impressive and instructive.

This being the first Sunday the holy communion was administered to a large number of members and friends.

The special effort being made to make a double payment on the church debt, had a very successful beginning on last Sunday when $558.70 was collected

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th Street and Central Ave.
E. E. Lightner, Pastor

"Christ Aboard Our Safety" was the subject of the pastor's sermon on last Sunday morning to an appreciative audience

At the evening service he chose as a text I Cor. 2:9. "Eye hath not seen, nor ear heard, neither have entered into the heart of man the things which God hath prepared for those that love Him"

It is a great satisfaction to note the continued growth in interest and attendance of the Sunday school and the Young People's Society.

The services on next Sunday will be of unusual interest, being the last appearance of the pastor before his leaving for a month's vacation, the major portion of which will be spent with his people in Alabama. "True Greatness" will be the theme at the morning service. In the evening the theme will be "The Unexpected in Jesus."

Christian Endeavor, 7:00 p.m. Topic, "Are You a Yes—But?" A lesson on excuses. Exod. 4:1-17. Strangers cordially welcomed.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Sts.

Rev. B. C. Robeson, Pastor

Last Sunday was Woman's Day. The choir sang these words with telling effect, "By cool Siloam's shady rill see how sweet the lily grows. After this beautiful anthem was rendered the pastor arose and chose for his text, Luke 8:14 "Go and sin no more." This was an admonition to woman. The pastor spoke of the devotion of woman, of the filial love of the daughter of Jephtha, who permitted herself through love of her father to become a living sacrifice. He spoke of woman as being the pillar of the church. He also said he believed in woman's rights—the right to vote, the right to govern as well as being governed, etc. He also emphasized that women have duties to perform as well as rights to protect.

His climax in his text was beautiful indeed in picturing or painting of woman in her various garbs and moods

Truly the women of the church did seemingly act as if they had arrived at the heights of their ambitions.

Zion was host for visitors from Palo Verde Valley—the town of Blythe. Mrs. Simpson, who is the wife of the Civil Engineer at this town, and her children, Mrs. Jasper and Mrs. Williams. They report progress.

Bishop L. W. Kyles of Winston, Salem, N. C., will preach for us next Sunday at 3 p.m. He is one of the ablest and by far the ablest of the newer bishops of the connection. A feast is in store for those who hear him. The pastor will choose for his text next Sunday at 11 a.m., "Christ or Barabbas—Which?" At 8 p.m. he will talk on "Watch Your Step." Good ventilation, cool church, all are welcome.

MT. ZION BAPTIST CHURCH
Corner 3rd St. and Traction Ave.

Rev. F. H. Davis, Pastor

The services at Mt. Zion were up to the usual high standard last Sunday. At 11:00 a.m. the pastor preached from the subject, "The Way," which was immensely enjoyed by those present. At 5:00 o'clock covenant meeting was held. Every Christian should be at church on the first Sunday to partake of the Lord's Supper. At the evening services an audience that taxed the seating capacity of the church was present to hear Miss Minnie Albritton in her sacred concert. Miss Albritton, who will leave for the New England Conservatory rendered some very beautiful solos after which an offering was taken for her. Miss Albritton expressed her appreciation for their help towards her. All are welcome to this church.

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton St.

Rev. J. C. Anderson, Pastor

Two splendid services were enjoyed at this church on the past Sunday. The pastor preached at the morning service and the congregation was favored to have with them the Rev. E. R. Johnson, former pastor of the Second A. M. E. church, who was transferred to the Missouri Conference at the recent session of his conference. Brother Johnson brought a great message to the people.

The entertainment given at the home of Mrs. Bowen on East Seventeenth street on last Thursday evening was a sucess in every way. Sister Bowen deserves great credit as she worked untiringly to make this entertainment a success.

Sunday is the last one before the conference. The pastor will preach at both services. The conference will convene at ten o'clock on Wednesday morning, September 12th, with Bishop Phillips presiding.

The pastor is expecting that all who have not paid their general funds will do so at once.

Friends and visitors will always find a hearty welcome to the services of this church

SAINTS' HOME CHURCH
20thSt and Hooper Avenue

Eddie R. Driver, D. D., Pastor

Sunday school, 9:30 a. m. Lawrence Catley, Superintendent.

Preaching, 11:30, a. m., 3:30 p. m., and 7:30 p. m., each Lord's Day.

Week day services—Preaching on Tuesday and Thursday nights. Young People's meeting, Wednesday night, and Sunday evening at 6:30—Miss Berta Miller, President.

Women's Sewing Circle, and Bible Band, each Thursday from 10 a. m. to 6:30 p. m.—Mrs. Annie E. Driver, Priestess.

WESLEY M. E. CHURCH
8th and San Julian Sts.

Rev. A. P. Shaw, Pastor

Sunday was observed as Labor Sunday at Wesley M. E. church. At 11 a.m. the pastor's subject was "Working With the Heart." Among other things he said: "To the normally healthy person there is no work that is really hard. The thing which makes work hard is a dissatisfaction with one's occupation. The thing to do is for every person to seek the kind of work he likes and do it with all his heart, and work will become a pleasure rather than a burden.

"The time will also come when men learn to value things rightly that a person's social standing will not be determined by one's occupation but by the character of the man or woman and the quality of service rendered. The Jack leg preacher, quack physician, humbug business man or woman, is socially no more honorable than the failures of other trades commonly considered of minor importance. Loafers and parasites are the same, whether in the pulpit or on the saloon corner."

Two persons united with the church during the day.

This Sunday will be up to the usual high standard. At 11 a.m. the pastor's subject will be, "Not Yours But You." 7:45 p.m., sermon by Rev. E. R. Johnson, formerly of the Second A. M. E. church, but recently transferred to the Southwest Missouri Conference.

Our choir has come back to its place second to none on the coast.

Come and hear the good singing and always helpful, practical and inspiring preaching

Strangers and visitors always welcome

FIRST A. M. E. CHURCH NOTES
Corner 8th and Towne Ave.

Services last Sunday both morning and evening were up to the usal high standard at First church. About three hundred faithful members communed. The choir sang beautifully and the pastor delivered both sermons. There were two accessions to membership at the evening service. The offering was good. Preaching at both services Sunday. Everybody welcome. Our services begin and end on time. Be punctual. Come praying.

Trustee Day will be observed this second Sunday in a special "One Dollar Effort" for the purpose of clearing up all our current expenses at the very beginning of this new conference year. The smal amount of only one hundred sixty-three ($163.50) dollars and fifty cents will make us free of current expenses up to date. Come morning and evening prepared to "do your bit" and all you can, both members and friends, in this special "One Dollar Effort" Sunday.

The Allen Christian Endeavor Society promises the general public an unusually interesting Sunday at 7 o'clock. A dialogue entitled, "Yes—But," will be worth the hearing of every member of the church. Come early and enjoy the song service. Everybody welcome.

METHODIST PLEDGE NEARLY $2000 ON CHURCH DEBT

A whirlwind campaign to free the church building debt during the present conference year has been launched at the A. M. E. church by Pastor J. F. C. Taylor and to date has netted in cash and pledges $1803.57. This amount nearly covers the indebtedness and to be paid within the year. The Aid Society was entertained last Thursday night by Mrs. Bunch, who is leaving the city soon for an indefinite stay. Next Sunday services will be as usual, save that a special collection for payment on the notes due the bank will be received.

SCOTT CHAPEL NOTES

The services were inspiring and helpful all day Sunday. Pastor Kinchen was greeted by his loyal members and many friends, some of whom were from Los Angeles. Brother Beeks and Sister Dallas were among those present.

The pastor and his cabinet of class leaders held their second bi-monthly conference at the home of Brother Fred Pope. After conference Sister Pope served the cabinet a fish dinner

Sister Clarke, one of our faithful members, has been sick for several weeks, but is much improved.

Mr. and Mrs. Roberts and Mrs. and Miss Beavers blessed the church by their return from the beach—one of the party only looked at the water—no harm done.

Mrs. Kinchen entertained the Ladies' Aid Society on Thursday evening at the parsonage.

"Little Folks Party"

The most unique affair of the season was the "Little Folks Party" given by Miss Josephine Brown of 1682 W. 36th St. Friday evening in honor of the Misses Galia Johnson, Juanita Patton, and Carney Clifton. Ninety guests composing the younger society of Los Angeles and Pasadena, attired as little folks, had a merry time dancing, playing childhood games, and enjoying candy suckers, ice cream cones, ginger snaps, animal cookies, and punch.

MURDER!

There is an evil which to my mind is the crowning sin of this age. An evil that works in a subtle manner and walks around dressed in a grab of splendor and respectability. Whoever is guilty of this crime is not respectable, decent society should close its doors in their faces and into jail should they be cast until they pay the uttermost farthing. I refer to the crime of murded. I repat MURDER! MURDER! MURDER! I speak to those murders whom men have not tried but who shall answer in the day of judgment for their sins.

It cannot but be noticed to-day that we have outgrown the system of large families. It used to be that a man enjoyed sitting around his own vine and fig tree, surrounded by his five or seven children. To-day time and ideas have changed. No more can we see in umbers such families, more often do we see man and wife go up the hill of lie together and alone. What meaneth this. It is that men today are so immoral that life is extinct. Is it that manhood is at a premium? In some cases this may obtain, but why such condition where such does not obtain? Too often it means that cold blooded murded is being enacted before our very eyes. Yes murder pure and simple. I tell you this morning God is displeased with such foolishness, and shall make every transgressor pay the price. He told men to multiply and He meant it, He didn't preach birth-control either. How in the world anybody can be held while such sins are being committed it is hard to see. This is a day of sickness, disease operations and the like, but to the thoughtful mind there often comes a smile of scorn and disgust.

I speak not of all homes. God knows there are plenty who would be filled with joy to bring up children to the glory of God, but who are denied the privilege. Many who long and even pray for such favors. I speak of those whose hearts are so black and souls so dead, and characters so marred they are a stench in the nostrils of civilization. Be not deceived, God is not mocked, whatsoever a man soweth that shall he also reap."

A great surgeon stood before his class to perform an operation. With strong and gentle hand did he do his part of the work successfully and then turned to his pupils said. "Two years ago a simple operation might have cured this disease. Six years ago a wise way of life might have prevented it. Nature must have her way. She will not consent to the repeal of her capital sentence." The patient died the next day. I cry out now when the opportunity may be nigh to rectify past mistakes. I call upon all who are guilty to take heed and mend their ways.

ELDORADO GOLD STAR MINING COMPANY HOLD ANNUAL MEETING OF ITS STOCKHOLDERS AT ODD FELLOWS HALL LAST TUESDAY ELECT BOARD OF DIRECTORS FOR THE ENSUING YEAR

(Report of annual meeting from the California Eagle in their issue of Sept. 1, 1917.)

On last Tuesday the large hall of the Odd Fellows corner of 8th and Wall street, was filled to its capacity with stock holders of the Eldorado Gold Star Mining Company, who had come together in their annual meeting for the purpose of hearing the reports of their officers and to elect a board of directors which is an annual event, they were there from the smallest stockholder to those holding thousands of shares all interested in the progress of the work of the company, and despite the discouragements and the fact that their prior realization for success had failed, they after hearing the report of the secretary and of Mr. S. J. Brown, the company's manager, expressed an abiding faith in an ultimate and magnificent success of their efforts aside from the secretary's report showing the true condition of the affairs of the company was the message of Mr. Brown who had just arrived from the mines. Mr. Brown is well known for his sterling worth and high integrity and withal his conservatism, and when he says anything there is no one who would gainsay the truth thereof.

Manager Gives Report That Absolutely Gives Reasons for Highest Hopes of Success

After stating the general conditions of the properties and the machinery at the mines, explaining the failure of the machinery to work out the low grade ore, he told of the latest discovery of high grade ore in great quantities at the second level in the Silver Legion mine at 122 feet and exhibited the ore. This ore if found in any company with their ore listed on the stock market would cause the shares to double in value, hence the shareholders of the Eldorado company feel assured of their permanent success as in reality since this latest discovery as the work proceeds there is every reason to believe that this great ore body of shippable ore will steadily increase. To show the confidence of the stockholders present hundreds of shares were purchased that the work for its extraction and shipping may go speedily on, arrangements are to made at once for the same.

New Directors Elected

The following directors were elected to serve for the ensuing year: George W. Shields, Joseph J. Bunch, G. P. Isaacs, J. W. Lewis, L. K. Roberts, S. J. Brown, C. G. Dunscomb, Howard Folke, Walter Peery, Willis Storrs and Andrew Hayman.

Mr. N. G. Pitts, who has been one of the pioneers in this great effort and served as its president for the past seven years, announced that he would have to ask that he be relieved of that office, but that his service could ever be depended on on behalf of the company, and that he would contrive to serve in an advisory capacity. J. H. Young, also on account of his health, could not serve on the directorate for the incoming year.

Report of Secretary Howard Folke to the Stockholders

Since the last angual meeting of this company, held in 1916, the happenings as relate to its affairs, and general conditions have been most eventful.

The year closed with a considerable indebtedness against the Corporation, in amout approximately $4400.

WIDESPREAD INTEREST IN NATIONAL RACE CONGRESS

Colored Americans "Brought to Their Feet" by Memphis, E. St. Louis, and Chester Outrages—Local Equal Rights Committees Being formed. —Special.)

Boston, Mass., Aug. 23, 1917.—That the Colored people of the country have been "brought to their feet" by the Memphis lynching, East St. Louis massacre and Chester riots, is shown by the instant interest taken in the call issued for a "Speedy Getting Together" at New York by Rev. Byron Gunner, President of the National Equal Rights League. Already President Gunner has received word from representatives in a dozen different states who will attend the 10th annual meeting of the League and 2nd Annual Race Congress under the League's auspices, which will be held 3 days, September 18, 19 and 20, in Mother Zion church, W. 136th street, New York City.

Colored newspapers all over the country are announcing this National Colored Equal Rights Convention in their columns, and the editors are working with success for the formation of local "Equal Rights Committees" that are to send delegates.

The "Call" has been given such wide publicity, the invitation being open to every organization as well as the Equal Rights League, the oppressed in every country in the civilized world have met as a group and put forth their case and their demand, except we Colored Americans, thoughtful citizens everywhere see that the race will be judged by the attendance at this National Race Congress.

Every community that has not already formed a Citizens' Equal Rights Committee to send delegates is urged to do so. Three full weeks remain in which to do so. The last Race Congress brought men and women of all factions and all organizations together and increased co-operation. It is ten times as critical now for the race as then.

Pres. Byron Gunner, of Hillburn, N. Y., and Cor. Secretary Wm. Monroe Trotter of 34 Cornhill, Boston, are receiving many letters in the convention and will answer all inquiries.

Some of our leaders, it seems, are taking lessons from Vardaman, Hoke Smith, et al, and when their influence seems to waver, they attempt to bolster up by sounding the alarm "Segregation," and too often it is a case of the "guilty fleeing when no one pursueth."

RIOT AND MURDER AT SAN FRANCISCO

The deliberate rioting and murders being enacted by Union Labor in the San Francisco street car strike is a blot on the civilization not only of that city but the state and nation as well, and it seems as though there are none who are so concerned as to curb the lawlessness which prevails in that bailiwick, it seems as though the lives of men are mere pawns in the hands of scheming politicians and as long as they can gain political advantage, let riot, mob law and murder prevail. Some of these days the citizens will rise up in their might and will put to flight these forces who stand idly by and allow these conditions to exist.

SCHOOL DAYS AGAIN

After a fifty day vacation period the public schools of Los Angeles will again swing wide their doors for the purpose of diffusing knowledge on next Tuesday and young America will be equal to the ocasion and eagerly absorb all the learning possible for them to obtain, to the end that this glorious country will keep in the front rank as a nation which represents real democracy, and the only regret is that this same light of knowledge cannot obtain in the Southern States. If so, we could truly hope for even greater things, as with the advent of this light into this benighted land, ignorance, superstition and prejudice would disappear, "Like the baseless fabric of a vision."

GO FIFTY-FIFTY ANYTIME

And now that the famous answer has been made to Miss Shontz in answer to her appeal for co-operation in caring for wayward girls, and while that answer rightly condemned segregation in public institutions, let it be understood beyond the pale of that line of demarcation that this people will go fifty-fifty on any proposition to ameliorate any untoward condition which may exist for our young girls, and to do this we really believe that there should be formed an organization to have for its work the investigation of all cases, where a young girl is about to be discharged from these institutions, and if possible to step in where there is a probability that one can be reclaimed before she is consigned to such institution.

All peoples except ours, we are informed, have such organizations and we should at least do our bit in protecting and caring for our own.

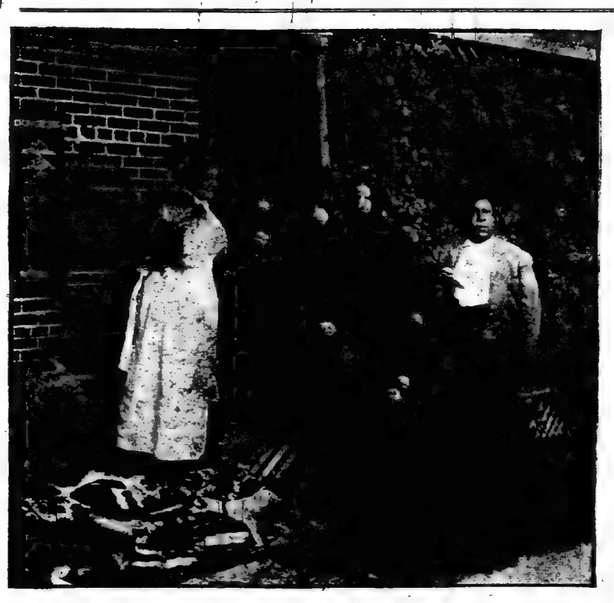
IT'S AN ILL WIND THAT BLOWS NOBODY GOOD

In face of the action of the city council that civil service eligibles must be certified and put to work and owing to the fact that there is quite a number of colored men on that list, and also that there are many vacancies in the fire department, very truly is the old axiom which we use as a heading to this article, at hand. Some months ago the Citizens' Civic League, headed by R. G. Lamar, brought to the attention of the powers that be this situation. It was discussed but not seriously, but later on the Citizens' Republican Protective League insisted that this same proposition should be disposed of with the above result, so after all, without question these two mediocre organizations have, it seems, been of some service and should receive such credit as is due.

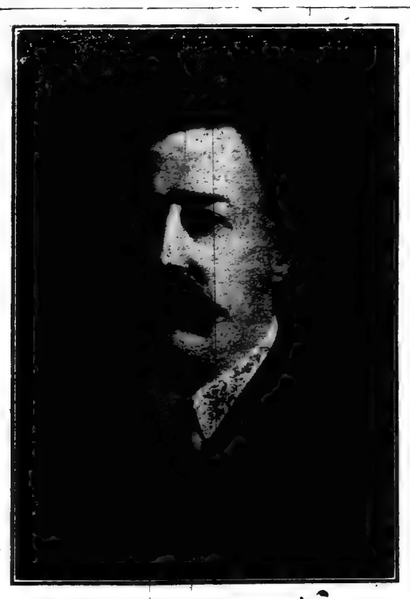
MAKING FRIENDS

It is not necessary to go around carrying a chip on your shoulder all the time. Somebody a little stronger and larger may take a notion to knock it off and then there is nothing for you to do but take it gracefully. Some of the new importations from the southland are laboring under the impression that every white face is an enemy; that up here where it is free they have a right upon the slightest provocation to vent the bitter feelings that have been pent up all these years against their oppressors in their own section on the men who would be their friends in this section, or if not their friends surely passive.

It should be remembered that strange people in a strange land are on trial and judged by their actions. If they make good they are a fixture in their new location and have blazed the way for their friends to follow. Perhaps on account of the rough work required of the men in Gary, Ind., in the large iron industries, a rougher set of migrators have found their way there and in consequence friction between the races is more frequent. We need friends and while it is not wise to sacrifice one's manhood to get them it is wise to meet people half way and attempt to come to a mutual understanding.—Defender.



MRS. J. B. BASS



The above is an excellent likeness of our managing editor, who is presented to the public in our weekly issue as C. A. Spear. She is now, after a three months' visit with relatives on the Atlantic, returning to her home in Los Angeles.

During her visit east she has visited in Maine, Massachusetts and surrounding cities adjacent to her mother's home at Providence, R. I. She has been the recipient of many courtesies for which the Eagle is very appreciative.

On her way home she will stop in New York City, Philadelphia, Washington, Chicago and Kansas City, where she will tell the people of race progress in California. She will arrive home on September 16. The many inquiries as to her health, her arrival and welfare indicate that on her return she will receive a right royal welcome at the hands of the good citizens of the community, they too, appreciating the fact that the **Soaring Eagle** has now stretched its wings from the peaceful Pacific to the roaring Atlantic and stands as ever for the great masses, advocating Peace, Prosperity and Union.

The above is a picture of Mr. and Mrs. Perry Payne, prominent citizens of Phoenix, Arizona, at their beautiful home at that place. Mr. and Mrs. Payne are visiting here for a few weeks and are stopping with Mrs. Jackson on Hemlock street. They are among the prosperous citizens of that state. Mr. Payne informed the Eagle man that his venture in the hog raising business had been a diversion which cost him about $6000, as his fine lot of porkers, all but ready for the market, took the cholera and died. Mr. and Mrs. Payne will spend a month in our midst.

SAN DIEGO NEWS.

San Diego Subscribers Take Notice!

I will be in your city Monday and Tuesday, and possibly Wednesday, and desire very much to meet all advertisers and subscribers, as well as correspondents. Be prepared to meet me.

J. B. BASS, Editor.

A week of joy and pleasure for all just passed while the U. B. F. Lodge was in its annual session here. Old friends met and new friends made. The people of San Diego feel that they have been benefited by the coming of the visitors. We feel proud also, because San Diego has the honor a furnishing a head for the great Negro organization.

The New Age head was seeing the sights in San Diego, Sunday. The Eagle head was to be in town also, did you see it? Rev. Dr. W. A. Mitchell, pastor of the First street Baptist Church, met with a serious accident, last Wednesday, as he was standing on the pier watching the fish bite the gang line of the boat slipped and knocked him down, bruising him much, but no bones were broken, he was bale to fill his stand Sunday and will not be able for a few days.

Rev. Guy of the A. M. E. Church was at his post and his people was glad to hear him again, they have an entertainment for the 6th of this month at the church.

Dr. A. L. Brown will have an ice cream and cake cutting entertainment on the 6th at the home of Mrs. Freeman's, 3031 Martin Ave. A set of dishes will be the prize for the winner.

Prof. F. M. Roberts, our home boy, who has been down South and viewed conditions, returns to dear old California to tell the story of the things that prompts him more to be a real man. Prof. Roberts spoke at the Mt. Zion Baptist Church at 11 a. m., and at the A. M. E. at 730 p.m. Those who heard him wept over the conditions of our people in the Southland and desired to help make condition better.

The Negro Boy Scout camp will soon be organized in the city under the leadership of Dr. A. L. Brown.

The Mt. iZon Church is about to launch a three months rally to prepare for the association next year.

Did you se the big "Eagle" in town last week?

Mr. Zion had a lively service last Sunday. The Holy Spirit had its way many tears was shed for joy. The collection for the day for $12.89.

Mrs. Reed of El Centro is spending a few days in our city. Mrs. Reed is president of the Momans' Missionary Society at El Centro.

Mrs. Peacoo of New Orleans, La., who has been spending several months in our city is now leaving for Calexico.

Mrs. C. E. Norwood gave a dinner at her home in honor of Mrs. Lou Peacoo. Those present were: Mrs. Bershiers, Mrs. Sims, Mrs. King, Mrs. U. L. Goodwin, Mrs. C. Wright, Mr. and Mrs. C. E. Norwood and Mrs. E. Sheppard.

It is said that two soldiers were shot by a band of unidentified Negroes in Lexington, Ky. One was shot in the leg and the other in the ankle. Do you think they stopped to see who did the shooting? I say, no. Shooting is the latest fad. A young married lady made three shots at her husband in Imperial Valley, Sunday, but he ran faster than the bullets.

Say, Smith, old boy, how did your mourth get mixed up with that white man's fist, last week. If you stay out of those dives you will save your teeth.

There has been a string tied to the clapper of the wedding bell in San Diego and it will toll for some bride soon. Bus buz and buz bus, there will be honey soon.

Mrs. S. Freeman has just returned from the association.

Mr. Jeraiim Collins of Imperial Valley, was in the city, last week, with wife, visiting relatives and friends.

Mrs. S. S. Reed of El Centro, is stopping at the parsonage with Rev. and Mrs. C. Williams. Mrs. Reed says, cotton picking is good, they are paying $2.00 per hundred.

Mrs. Smith and daughter, Mrs. Fletcher of Los Angeles and Rev. G. C. Coleman of Oakland and Rev. and Mrs. C. Williams of Mt. Zion, were early breakfast guests of Mrs. E. Sheppard at 7:30 a. m., Friday. Dr. Coleman left on the 8:40 for his home.

A happy time was spent in a round table gossip by the ladies.

The Los Angeles Times and the San Diego Sun met and told of each others troubles. The Oakland Sun tried to shine, but the Bay fog hid its rays.

Say, neighbor, do you take the California Eagle? How do you keep up with the news? The Eagle is the highest sailing bird on wings, he looks in every corner of the land, he saw that girl and boy in the alley in Logan Heights, last week. He will write your name next time.

Since it is a fact that the whole salvation of the Negro rests upon its women, why don't the Negro women stand up and make the world take notice. No race will ever rise higher than its women. Girls of today, you are the women of tomorrow and your destiny is just what you will make it.

The foundation that has been laid by your old mother and father, thru blood and tears, through grief and shame, with strife and wounds, shall they be in vain and the Race go down in disgrace and shame for the want of good women. Will each girl stand upon her chastity and say, "I will be a general in my Race that the world may desire me.

MEETING OF THE WATTS ALLIANCE

The editor, upon invitation, made his first visit to a meeting of the Alliance of Watts on last Monday evening and we were indeed agreeably surprised at the strong front which they present. This organization is composed of the foremost and progressive citizens of Watts and there is no doubt but that they will play an important part in the future development of this city.

We addressed the club and our words seemed an inspiration as the highest enthusiasm was manifest and we have nothing but praise for these splendid men who have indicated by their actions that they stand ready to do their bit in the present crucial period through which our country is passing.

The following are the officers: Rev. J. R. Skinner, president; Wm. Holway, vice-president; Jno. Hale, secretary; W. Shaw, treasurer.

CALL FOR SPEEDY GETTING TOGETHER FOR PROTECTION

Hillburn, N. Y.,
July 16, 1917.

Fellow Comrades and All Colored Americans:—

Our nation, with the rest of the so-called civilized world, is agonizing in the throes of world-wide "human wreckage."

Alarming indeed, therefore, must be the condition of any particular group of American citizens that could justify them, during such awful times, in assemblying in large numbers with their own interests chiefly in view. Any justification for the calling of such an assemblage in a group of loyal Americans, numbering fully twelve million, casts a damaging reflection on our national sense of justice and Christian practice.

A Speedy eGt-together Needed.

And yet, in view of unjust and unbearable conditions that continue, with increasing horror, to afflict all Colored Americans, we challenge this nation, and the world, to show why we have not **just and sufficient cause for a speedy and general getting together at this time, in self-interests and in self defense.** However much this may reflect on our boasted Christian Democracy, it is, nevertheless, the truth, and nothing but the truth.

Therefore, by the authority vested in me as president of the National Equal Rights League, I do hereby issue this call for the tenth annual convention of said League, and also for the second National Congress of All Colored Americans to convene in September, 18, 19, 20 in Mother Zion Church, New York City.

There are no words in any language than can adequately portray the increasing appalling humiliation to which we Colored Americans are being daily subjected in certain prejudiced-cursed sections of this country.

Laughter in Hell and Weeping in Heaven

The party in power has its iron heels on our necks. Our nation's chief executive and his associates in power, has not only done less for us, but has done more against us, than any other administration since the days of Abraham Lincoln. The ruthless disregard of our civil, social and political rights; the fiendish destruction of our hard-earned property; the shameful segregations and humiliating discriminations everywhere enforced against us; the horrible butchery of Colored men, women and children in both southern and northern states, and the sleeping apathy of the American conscience present a picture so infernally horrible as must cause laughter in hell and weeping in heaven.

The fresh, warm blood of innocent men, women and children of color, that clods the clay in East St. Louis, Ill., cries aloud to our racial leaders and to our great masses, TO GET TOGETHER.

Who Can Blame Us?

In the face of such unspeakable horrors who can justly charge us with lack of patriotism because we are forced to pause in the midst of international strife and to raise our shackled hands and our unheeded cry indefense of our own outraged manhood?

While Whites Cling to Prejudice

If White Americans during such trying times can cling with such a struggling grip to their color-phobia, should we be blamed for striking a blow for our own continued existence? When the Caucasian, while plunged into the very hell of war, and death, and national and racial decay, can find time at every turn of the road to practice his vile coolr schemes against us, it is high time that we poor, oppressed burden-bearers of the nation, should call a halt to the oppressor's rod. So heavy grows our burden, and so gauling becomes our yoke that patience on our part will soon become a crime against ourselves.

Let Colored Come Together

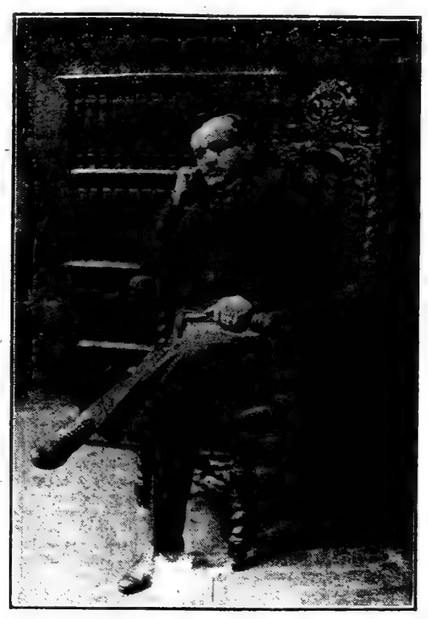
Therefore, let us come together. Let us gathr from the east and from the west, from the north and from the south and with the combined wisdom and strength of the race, let us "round-about" and confront and combat the forces of evil that sorely oppress us. If the flag for which we have always fought and bled can find no way to restrain the "poulted, blood - blistered, crime - cankered" hands that continue their wicked slaughter of our wives and children, let us get together and **find a way, or make a way, that will lead to freedom...** If, under prevailing conditions, we cannot get together and hang together, our enemies will continue to hang us separately.

Any person, white or Colored, who preaches that "this is not the proper time for the Negro to air his own grievances and to speak in his own behalf," is a dangerous ally to our vilest oppressors. Colored and white pacifists who, during the past have apologized for wrongs against us that they should have fought, constitute one of the root-causes of our present appalling condition in this country.

No Time to Lay Down

So far as relates to our case at this uncture in American history, a Negro pacifist ought to be an impossibility, and a pacifist of any other race claiming to be our friend, deserves to be branded as our foe, in sheep's clothing.

One Great, United Move



All organizations—churches, lodges, business and fraternal societies—States, are cordially invited and earnestly urged to send one or more delegates to represent them in this, the tenth annual convention of the National Equal Rights League, and the Second National Congress of All Colored Americans. Without regard to creed, sect, sex or party, let us come together, and compel public attention to our demand for "a square deal" as citizens of this great republic Let the entire Colored American population, in all sections of this grea country, be strongly represented at this great Race Congress.

Yours for one, great, united move for freedom.

BYRON GUNNER,
President of the National Equal Rights League.

FRIENDSHIP BAPTIST CHURCH

Peter Tillman brought an inspiring message as usual to the morning congregation last Sunday. At 3:30 the regular monthly meeting of the Women's Home and Foreign Missionary Societ ytook place. A large amount of routine business was transacted including the election of officers to serve during the ensuing. The B. Y. P. U. was made interesting by the discussion of the topic and the excellent program offered by the committee. The evening service was turned into an Old Fashioned Prayer and Covenant Meeting from 9:45 to 9:00 o'clock. At the close of this service the church covenant was read and the sacramental service observed. The church suffers a loss this week by reason of the departure of Sister McAffee for her home in Indianapolis. Her help along the spiritual lines in the church during the last few months has been most valuable. The official board has selected Thursday evening, September 13, as the date upon which they will hold their reception to the members of the church. No efforts are being spared to make the affair first class in every particular and they will be disappointed if every member of the church does not make it a point to be present that evening at 8 o'clock. Services at the usual hours next Sunday.

The Missionary Society will meet at the church at 2 o'clock Friday afternoon. At the meeting last Sunday the following officers were elected: Mrs. Edith Dotson, president; Mrs. Arthur Young, vice-president; Mrs. A. Smith, secretary; Mrs. Pearl Griffen, coresponding secretary; Mrs. Lowry, treasurer; Mrs. Wm. Lawson was made treasurer for the Old Folks Home fund while Mrs. Fleming was named to take charge of the society's interest in this charity. Mrs. Sherman Over is in charge of the program, Miss E. Harison, organist, Mrs. Mattie Griffen, chorister.

YOU MUST PAY UP

The Eagle will be compelled to drop many delinquent subscribers for the reason that they show inclination to pay their indebtedness and do not know what a statement of their account mean as they fail to pay attention to statements mailed therefore we are discontinuing such subscribers and will place the their bills in the hands of a collecting agency we regret this step but we are unable to furnish enormous quantities of paper unless there is some return the small yearly subscription price of a paper such as we present is certainly worth paying for, and we appreciate the several thousand who do.

"MUST MAKE LYNCH LAW A FEDERAL CRIME," SAYS KELLY MILLER.

Federal Government Alone Can Deal With Menace.

Washington, D. C., Aug. 22.—The following sensational open letter to President Woodrow Wilson from Dean Kelly Miller, of Howard University is causing widespread comment. It follows in part:

"There are 10,000,000 loyal citizens of African descent in the United States. They are vigorously excluded from a voice in the Government by which they are controlled. They have no regularly constituted organ through which to present their case to the powers that be. They have no seat nor voice in the council of the nation The late Dr. Booker T. Washington was the accepted spokesman and mediator for the race, but he has no successor.

"Under former Administration there was a small appointive office for negroes. Though derisively designated as the "Black Cabinet," they were on the inside of the circle of government control to which they had ready access in presenting the claims of the race. But under the exaction of partisan exigencies even there have been excluded from official position under your administration.

"The Negro feels that he is not regarded as a constituent part of American democracy This is our fundamental grievance and lies at the basis of all the outrages inflicted upon this helpless race. It is the fundamental creed of democracy that no people are good enough to govern any other people without their consent and participation. The English are not good enough to govern the Irish. The Russians are not good enough to govern the Belgians. The Belgians are not good enough to govern the people of the Congo. Men are not considered good enough to govern women. The white people of this country are not good enough to govern the Negro As long as the black man is excluded from participation in the government of the nation, just so long will he be the victim of cruelty and outrage on the part of his white fellow citizens who assume lordship over him.

What the nation needs is not investigation of obvious fact, but determination and avowed declaration on the part of the President, speaking for the people of the United States, to put an end to lawlessness wherever it raises its head.

"Lynching cannot be confined to the colored race. Hundreds of white men have been the victims of lawlessness and violence. While these words are flowing from my pen news comes over the wire that a labor agitator has been lynched in the State of Montana. Although the Negro is at present the chief victim of lawlessness, like any other evil disease, it cannot be limited by racial lines.

"Chief of the Army and Navy, you express the voice of the American people in the great world conflict which involves practically the entire human race. You are the accepted spokesman of the world democracy.

"The time has come to make lawlessness a national issue, as a war measure if not for any higher consideration. As a patriotic and military necessity, I suggest that you ask the Congress of the United States to invest you with the power to prevent lynching and to quell lawlessness and violence in all parts of the country during the continuance of the war. Or at least you might quicken the conscience of the nation by a stirring message to Congress calling attention to this growing evil which is gnawing at the vitals of this nation.

LABOR DAY PICNIC BY THE BUILDING LABORERS' UNION DRAWS RECORD CROWD

The annual picnic given by Building Laborers' Union No. 1 on last Monday at Scheutzen Park was the occasion for the banner crowd which that body has had the honor of entertaining.

A feature of the festivities of the day was the ball game between the Hall of Records nine and the Janitors of the local banks. The Hall of Records nine ran all over the boys from the banks, but for all that the game furnished barels of fun, some of the boys developed a mania for failure to hit the ball. One bystander said that Ray Matthews and Louis Hubburd could not hit a balloon with a bass fiddle. Little Master Van Norton was the mascot for the court house boys and that's why they won.

The Black and Tan Band furnished the music and it goes without saying this self same music delighted the crowd.

Dinner was served, soda water, ice cream, hot dogs and watermelon.

The day's pleasure was almost marred at the close of festivities by the usual gang of undesirables whom it is impossible to keep away from these public affairs, but the perpetrators of the same was arrested on the spot and will be prosecuted to the fullest extent of the law by the managers of the Union.

RINGLING BROS. COMING THIS WAY

World's Biggest Circus and Spectacle "Cinderella" Announced for Early Date.

Announcement is made that on Monday, Tuesday, Wednesday, Sept. 10th, 11th and 12th, Ringling Bros. circus will give afternoon and night performances in Los Angeles. The famous showmen are this season presenting an all new and wonderful program. The tremendous fairyland spectacle "Cinderella" will appeal to both young and old. More than 1000 persons take part in it. It is easily the biggest spectacle Ringling Bros. have ever staged, and its glorious "Ballett of the Fairies" with 300 dancing girls, is in itself worth going many miles to see. Following "Cinderella" 400 arenic artists appear in the main tent program. The Ringlings have secured scores of circus performers never before seen in America. An entire trained animal show has been made a part of the main tent program this season. The menagerie now numbers 1009 wild animals. The elephants, including "Big Bingo" the earth's largest pachyderm, have been increased to 41 and almost 800 horses are carried. There will be 60 clowns and a big free three-mile street parade show-day morning.

ST. PAUL CLOSES REVIVAL

For some two weeks the lights have been burning in the St. Paul Baptist Church where Pastor Holt has been deliverying many stirring sermons that brought thronging multitudes to the historic church. Some fourteen persons were added to the church, and the congregation has taken on new life. The fire burns as never before Baptizing on the first Sunday in October. A great "good-bye" meeting was held on August 30, as Pastor Holt was preparing to leave for the National Baptist Convention in Muskogee, Okla. The congregation and friends surprised Pastor Holt with a new suit of clothes, a full trip ticket to the convention, additional expenses and a respectable surplus of "coin." Pastor Holt was all smiles as the happy people turned over the "wad" and told him if he needed more, say the word. Pastor Holt will make a fight for the National Convention to convene in this city, 1918. He has the endorsement of all the Baptist machinery.

Dr. Holt left Sept. 1st, 9 a.m., and it was fitting to note that many Baptists crowded the station to see this "Black Billy Sunday" leave for the east, they also greeted the long looked for Billy Sunday, who arrived at 9:45 a.m. Dr. Holt will visit other parts after the convention.

Come to St. Paul and have a good "soul shaking."

Bishop L. W. Kyles Coming.

Rt. Rev. L. W. Kyles, A. M., D. D. Presiding Bishop of the Seventh Episcopal District of the A. M. E. Zion Church, will arrive in this city Friday evening, Sept. 7. A grand reception will be tendered Bishop Kyles on this evening, at which time many prominent citizens will extend words of welcome. A cordial invitation is given to all.

Bishop Kyles will preach at the First A. M. E. Zion Church Sunday afternoon, Sept. 9, at 3 o'clock.

The People's Auditorium was crowded Tuesday night, when Mrs. Clara C. Hulbert presented Miss Minnie Albritton in her farewell concert in Los Angeles. Miss Albritton had planned to give a recital here on the 11th of September, but her eastern engagements were such that she was obliged to cancel that date.

Appearing with Miss Albritton on Tuesday evening were Mrs. C. C. Lewis, reader and poser; Miss Juanita Johnson, pianist; Mrs. Pearl Lowery-Winters, contralto; Mr. Owen Troy, violinist, and Mr. Thomas Johnson, baritone. Miss Loremza Jordan and Miss Fannie Wilson acted as accompanists.

The concert was under the auspices of the Second Baptist Church, and a charming bevy of young girls from that church, assisted by several of the society girls, acted as ushers.

Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. C. M. E. Conference in Annual Session

The annual conference of the C. M. E. Church convened at Phillips Chapel on Newton street, Wednesday morning, with Bishop C. H. Phillips, A.M., D.D., presiding.

Pastors and delegates are in attendance from Arizona and New Mexico as well as California. Following is a partial list of pastors present: Rev. Z. Z. Johnson, presiding elder of the Arizona District; Rev. A. J. Norris of Phoenix; Rev. A. C. Caldwell of Douglas; Rev. Thos. Hughes of Carlsbad, N. M.; Rev. Wm. Selden, presiding elder of the Los Angeles district; Rev. W. B. Butler of Santa Monica; Rev. J. R. Rector of Berkeley; Rev. T. C. Cook of El Centro. A number of ladies of the missionary society are also in attendance.

Everything possible is being done by Rev. and Mrs. J. C. Anderson and the good people of the church for the comfort and pleasure of the Bishop and the visiting pastors and delegates.

The conference convenes each morning at nine o'clock and adjourns at two. The public is cordially invited to attend all the sessions.

The opening session was well attended. Rev. J. R. Rector of Berkeley preached a strong sermon, after which the Bishop, assisted by the elders, administered communion.

Today, Friday, the Woman's Home Missionary Society will meet at 2 o'clock with Mrs. M. R. Harris presiding. It is largely due to the untiring efforts of the women of the church that such signal successes have been possible. All who attend this meeting will be greatly benefited. On Friday evening an excellent missionary program will be given.

Saturday will close the business session.

Bishop Phillips will preach on Sunday morning at eleven o'clock, and the appointments will be read on Sunday night. The city is hoping for the return of Rev. J. C. Anderson. During his pastorate here he and his family have endeared themselves to the people and have accomplished much good in the church and community.

Monday night a banquet will be tendered the Bishop and visitors. This will probably be the last opportunity to see Bishop Phillips as he is planning to spend only a short time in California this year. A very pleasant social time is anticipated for Monday evening.

He is employed here by one of the largest firms of this city. Their numerous friends have been most hearty with their congratulations and wishes for all the joys that go on the sea of matrimony.

BISHOP L. W. KYLE OF THE A. M. E. ZION CHURCH RECEIVES FLATTERING WELCOME

There is no doubt but that Bishop L. W. Kyle, A.M., D.D., who received such a hearty welcome at the hands of the citizens at Pico and Paloma church on last Friday evening and at his service, Sunday, at 3 p.m., will no doubt feel that after all his efforts to do something worth while in this section are not in vain, and that they are appreciated to the utmost.

Friday evening Rev. B. C. Robeson had arranged a splendid program, which was in charge of W. L. Gordon as master of ceremonies. Dr. H. D. Prowd delivered welcome address on behalf of the Interdenominational Ministers' Alliance, Rev. E. R. Johnson on behalf of the Methodist Ministers' Alliance, Mrs. J. A. Slaughter on behalf of the Women's Clubs, J. B. Bass on behalf of the Press, Capt. F. H. Crumbly on behalf of the business men and Dr. A. G. Garrott on behalf of the professional men. These addresses were interspersed with both vocal and instrumental selections by talented singers who did great credit to the occasion, after which the good Bishop responded and no one who heard him could doubt his appreciation of his royal welcome. At the conclusion of these exercises a sumptuous banquet was served in the dining hall.

EDDIE RUCKER HEADLINE ENTERTAINER AT CADILLAC CAFE

Enjoys Visit From His Aged Parents—Gives Them a Royal Time

Mr. Edward Rucker, king pin of entertainers, and who holds forth nightly at the far famed Cadillac Cafe, and who entertains and amuses thousands, has been the recipient for the past two weeks of joy unbounded, when his aged mother and father journeyed from Brookfield, Mo., to pay their only son a visit, this information therefore will explain Eddie's absence from his post of duty all of last week. He was busy, very busy, entertaining his aged parents, they were overjoyed to see their son again and he has done his utmost to make their stay a most pleasant and enjoyable one.

EDWARD RUCKER

With his car he has taken them to all the points of interest in and around the city and they declare that this visit is the climax to all others and a revelation to them, as it is the first time they have taken such a pretentious journey, having always basked on the hearth of their native home in Brookfield. Wallace Rucker and Mrs. Emma Rucker are known in that village for their sterling worth as among Brookfield's best citizens. He has worked as an employee of the C. B. and Q. R. R. at that place for 32 years.

His son, Edward, left home at an early age and journeyed westward to grow up with the country, he soon found he had talent and proceeded to develop the same and as an entertainer, he stands in the front rank. His service is always in demand and he is thrifty and energetic and ambitious, and while he strives to the utmost to please the people, he also is striving to look toward the very best things for the continued progress and elevation and is admirably succeeding along that line. He idolizes his parents and they appreciate him as only parents can to their only son, and both the son and parents will long remember their September meeting in the Angel City.

Mr. and Mrs. Rucker left on last Thursday for their home in Brookfield, Mo.

THE FIGHTING PARSON "ON THE WING" IN THE LAND OF DIXIE

Marvelous Progress of the Brother in Black in Evidence Everywhere

By Rev. J. Gordon McPherson
Special to the Eagle
(Delayed from last week's issue)
Orange, Texas, Aug. 28, 1917

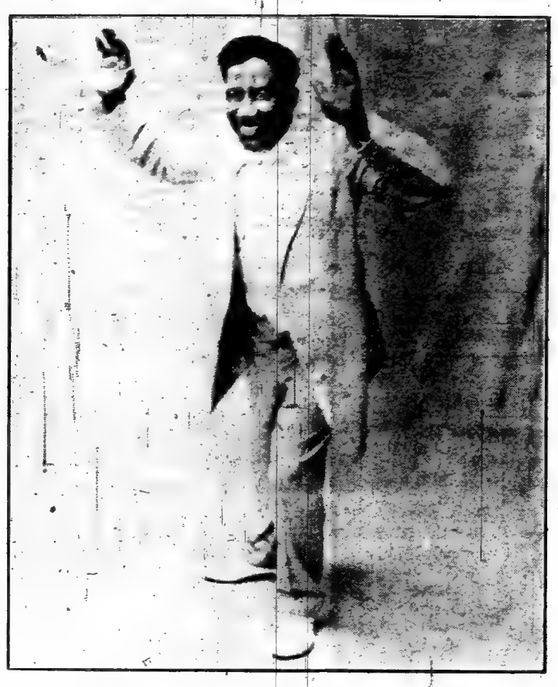
Several weeks ago with grip in hand we mounted the Sunset Limited of the Southern Pacific system and started on our itinerary for the land of Dixie, at the Arcade depot in the Angel City. After a night and day ride we landed at Deming, New Mexico; and soon made our way to Camp Cody, where the headquarters of the famous 24th U. S. infantry and Second Battalion is station. On our arrival there we saw thousands of civilians busily making ready this monster trainig camp for reception of 30,000 soldiers that are to be trained here for foreign service. At the headquarters we were taken charge of by the Rev. Thomas E. Davis, of the regimental medical department, who, in the absence of our old friend, Chaplain W. W. E. Gladden, who is absent on sick leave, is the acting chaplain, and spiritual advisor of the men. Comrade Davis is a Zion Methodist and is a splendid example of a Christian soldier and gentleman. He has the confidence and respect of his superior officers and his comrades in arms. We were taken to the headquarters where Colonel Winn, now Brig. General, was in command and was most cordially received and was extended the courtesies of the camp. Our visit was made indeed a pleasant one by Comrade Davis and his assistant. At the noon hour we took lunch with Company "G," our old command in which we stormed San Juan Hill in 98, of the old guard of this crack company of those stirring times there were only four of the old boys left. That evening the entire camp was astir, soldiers, Mexicans and civilian employees wending their way to the new Y. M. C. A. building, where we were scheduled to speak, after an inspiring song service in which the men entered with vim, we were flatteringly introduced by acting Chaplain Davis and gave an inspiring talk that stirred the patriotism of our noble black boys.

At the close of our talk the officers and men thanked us heartily for the inspiration and cheer we gave the soldier boys. The General Secretary, a Mr. Dennison, was so greatly impressed that he urged our return to give the boys another talk. In Deming we found a dee phatred on the part of white citizens against the Negro troopers, and an outbreak was only prevented by our visit and Acting Chaplain Davis, who made a personal appeal to General Secretary Dennison and members of the Chamber of Commerce, to have the black defenders accorded better treatment at the hands of the local citizens. But for this timely action the country would have been startled by an outbreak in resentment of the insults repeatedly cast upon the black troopers. Much praise is due Acting Chaplain Davis.

From Camp Cody we made our way to El Paso, where we were greeted by our fellow townsman and co-worker in the Master's Vineyard, the genial Rev. Dr. James A. Stout, who is pastoring in this bustling city of the great Lone Star state. He was accompanied by Prof. Wm. Coleman, principal of the city schools, Mr. S. M. Collins, a mail clerk in the city post office, general secretary of the Second Baptist church, which is the leading Negro congregation in this section. We were escorted to a waiting automobile, and rushed through the principal business section and thence to our stopping place at the cozy home of Deacon and Mrs. John Slater, 811 Hill street, where we spent a very pleasant week.

On Sunday morning the historic Second Baptist church, of which that well known popular Los Angeles divine, Rev. Dr. Joseph T. Hill, now of Topeka, Kansas, was formerly pastor, an immense crowd packed this historic edifice at the morning hours' worship, in fact it was said to be one of the largest audiences ever assembled in this old church. God wonderfully used the man and his message. The people were thrilled by power divine. We were introduced by Prof. Wm. Coleman, in choice words in which he commended us as one of God's messengers.

We spent five days, God honored the Word and eight precious souls were added to this Zion. On Thursday night we gave our famous lecture before an immense mixed audience. They were thrilled by the graphic portrayal of the daring charge of the famous black troops at San Juan Hill 98. Many white citizens grasped our hand and said that it was one of the greatest war lectures ever given on the American platform.



On Friday evening we again greeted a large mixed congregation at Phillips Chapel C. M. E. church, of which Dr. James A. Stout is pastor. It is said that we again lifted high the old gospel banner, and used our battle axe until both saints shouted victory and hardened sinners trembled under the mighty power of God. At the close of our final message in El Paso we entered the waiting automobile and was rushed to the depot and boarded our Jim Crow car, and was soon speeding on our way to Houston, our next stopping place, while our car was clean and comfortable and after all the Jim Crow car was not a cage of horrors as has been so often depicted to our ears, but for the first time we learned the Negro porter was an autocrat. No Russian despot could have shown himself so arrogant as one of these Southern black knights, who seemed to take a special delight in adding insult to injury by chasing and ordering colored passengers from seat to seat, but aside from this our thirty-six hours' ride was without special incident until we reached San Antonio. Here we saw a big excursion of our folks, all shades, colors and sizes, but no more orderly crowd have we seen anywhere.

Sunday morning, August 19th, we reached the City of Houston with her teeming thousands of industrious Negroes and was greeted at the Central Union Station and rushed to the home of Dr. and Mrs. Wm. Johnson, of the St. John Baptist church on Broadway, where a sumptuous breakfast awaited us. Dr. Johnson is an old Louisianian, a large crowd greeted us at the morning hours worship, but at the evening services our reputation had spread throughout the city and Houston turned out en masse to hear the man from the Golden West. On Monday afternoon we visited Camp Logan and called upon Col. Newman, who was making ready to leave for Des Moines, Iowa. He turned us over to Major L. S. Snow, who was to assume command of the fighting 24th U. S. Infantry. As we were to speak of the daring charge of the black troops at San Juan Hill 98 we invited the men of the command to here us.

Now just a word in reference to the recent outbreak of this once famous regiment. These Negro soldiers had stood insults that were almost unbearable because of the hatred of the average red neck Southerner, who thinks the black man or woman must cringe and bow to him because he was accidently born with a pale face. Let it be said, that the better class of white citizens are friendly to the Negro and are ever ready to assist and to encourage the industrious Negro man or woman, who is striving for self betterment. In Houston one can see thrifty Negroes fill every position of trust, 5 churches, stores, printing offices, three Negro papers. Space does not permit us to tell of the evidence of Progress we noted along all lines. The outbreak was sudden and came like a thunder bolt from the clear sky and for once it sent the red neck into the tall timbers. It is a lesson that when the Negro will defend himself, mobs will cease and his rights will be respected, as the white man is not so willing to face the issue when it comes to looking down to barrel of a trusty rifle backed by a determined Black man.

Thursday morning we left for Orange, where we have been addressing immense throngs at Mt. Zion Baptist Church, of which Dr. Ira M. Hendon is minister. This is another city of progress. Some Negroes own whole blocks of houses, autos and many business enterprises, one of the finest pressed brick, two story school building, the finest in East Texas. With a few more Houston outbreaks, the South will become the Black Man's Eldorado, for it is the natural home of the Negro.

We are now en route to New Orleans, where we shall write our observations. The trip has been an eye opener and tells a wonderful story of the brother in Blacks' Thriit and progress in the land of Dixie.

ABOUT OURSELVES — NOTED DIVINE SPEAKS RIGHT OUT

THE CALIFORNIA EAGLE!

Our year's work in this community has come to an end. We have fought, labored and toiled to create wholesome conditions, stimulate thought and heighten ideals. Next week we shall render a report to the Powers that be as we answer the query, "What have you done?"

We would betray our trust should we drop our pen without a word of tribute to the California Eagle, the greatest Negro Weekly on the Pacific Coast. True to her name, she has soared high above the clouds and breathed an atmosphere of devotion, service and progress. Always a welcome visitors because her pages are shining resplendently with the rays of truth.

The outstanding feature of this great paper is its unswerving devotion to principle and loyalty to high ideals. The storms have blown, the lightnings have flashed, and the thunders roared, but the Eagle has simply flapped its wings of determination and carried us where the light streamed radiant and pure.

This great Weekly, this great Champion of human rights has been made possible because of the untiring energy and unselfish devotion of its editors, Mr. J. B. Bass and his esteemed wife and co-laborer, Mrs. C. A. Spear-Bass. Possessing grand and lovely characters, they have thrown their virtues into this medium of their heart, to the betterment of mankind and the forward march of civilization.

Southern California is blessed to have such an influential organ in its midst. The people of Los Angeles are proud of their enviable possession. In the days to come, when the sword shall have been sheathed and the world shall recognize the "Fatherhood of God and the Brotherhood of Man," when autocracy shall bend the knee to the telling brows of Democracy, when all races under the Sun shall have their faces bathed in the pure, exhilarating waters of Justice, yea, when worlds shall crash moons melt and suns shall darken; when all peoples shall gather in the great Auditorium beyond, the sons of man as they march with steady tramp, banners unfurled, and singing a paean of victory, will praise the California Eagle for the inspiration it has given, the problems it has solved, and the achievements it has gained.

Long may the California Eagle continue to soar.

REV. CRAW RECEIVES OVATION WHEN TELEGRAM FROM BISHOP PARKS WAS RECEIVED CONFIRMING HIS APPOINTMENT TO THE 8TH AND TOWNE ST. CHURCH

It was a notable victory attained for the people when on last Sunday a telegram from Bishop Parks conveyed the intelligence that despite the effort which had been made to change the appointment at this church and in response to the will of the people, Rev. Craw would remain at this place. When this announcement was read from the pulpit pandemonium reigned, men and women jumped up and down and embraced each other in joy, for truly their prayers had been answered and justice had prevailed. It was not a personal victory which had obtained, but a just victory for the great masses of

REV. J. LOGAN CRAW
Pastor 1st A. M. E. Church

the people of this great church; and it spells the doom of a selfish few ever in the future dominating the will of the people, and we sincerely congratulate the Bishop, the church and all concerned as to the happy determination of what promised to be of vast detriment to this great church and the people of this city regardless of denomination, are no less pleased than the members of this church themselves and even the few who would have in an unguarded moment wrought a great injury to the progress of the church, now think righteousness and justice has prevailed, so they can all sing again the song, "The Church Is Moving On."

When word was conveyed to the people through the Eagle and later by Dr. Craw himself, that this appointment here was only temporary and that the Bishop bade him to stay here until he heard from him, the people began to get busy and scores of letters and telegrams protesting against Dr. Craw's removal were sent to the Bishop and one monster petition with upwards of 400 names, and after receiving these the Bishop bowed in humble acquiescence to the will of the people and wired that Dr. Craw would stay. **The people, therefore, won a notable victory.**

HOME COMING OF OUR MANAGING EDITOR WILL BE THE OCCASSION OF MONSTER RECEPTION BY CITIZENS OF LOS ANGELES.

On next Wednesday evening, at the 1st A. M. E. Church, the people of this city will show their appreciation to the good deeds and worth of our esteemed fellow citizen, Mrs. C. A. Spear-Bass, and on the occasion of her home coming will tender to her a hearty welcome. It is desirous that all citizens who are in sympathy with this effort will meet at the Y. M. C. A. building on East 9th St., Saturday for the purpose of arranging a program and details. Every citizen is invited to come out and become a member of this committee. The idea is to give Mrs. Bass a real democratic welcome and show our appreciation at home to one who has made good.

Citizens' Committee

PROGRESSIVE CITIZEN

The Eagle was favored this week with a visit from our energetic and progressive townsman, Mr. W. E. Hall, who is a lieutenant in the city fire department, and who is on his annual vacation of two weeks. He is not spending his time without profit as indicated by the fact that he is beautifying his home on Long Beach Ave., where he lives, assisted by R. Mays, his father-in-law, he put down cement walks in front of his home and made other useful improvements. Mr. Hall is one of our best citizens and has made an enviable record in the department. His wife is prominent in fraternal circles and only recently represented one of the Households in their annual session at Bakersfield as a delegate.

Rev. A. P. Shaw, Pastor

Last Sunday was up to the usual high standard at Wesley M. E. church. At 11 a.m. the pastor took for a text 2 Cor. 12:14. "I seek not yours, but you." In the evening Rev. E. R. Johnson preached on the subject the "Choice of Moses." Two persons united with the church.

This Sunday promises to be one of unusual interest. It is the fourth annual True Blue Day. Every member of the church is expected to show his colors by his presence and offering according to the True Blue plan. A special effort will be made to get every member out on that day. Do not fail t obe present and assist in making this the greatest of the True Blue celebrations.

At 11 a.m. the pastor's subject will be "Methodist General Rules. In the evening his subject will be "Christ Sanctified in the Heart."

Y. M. C. A. Notes

Great things are planned for the men and boys of Los Angeles with the mothers and sisters invited in at times to help out in the work and fun. The big swimming pool and the well equipped gymnasium are there to help make the boys physically fit, as well as to provide plenty of wholesome fun. It is truly a great work that is being done by Secretary T. A. Greene and the Board of Directors, backed by the good people of the city.

On next Monday evening, Sept. 17, at 8:15, the Y. M. C. A. will hold the opening meeting of the 1917-18 activities. All the men and boy members are requested to be present and all other men and boys are invited. A short program of addresses and songs will be rendered.

A water melon feast will follow the program. Addresses by the heads of committees and departments, interspersed with music by the Y. M. C. A. quartet and Glee Club will make the evening worth while. There will also be demonstrations in athletics and swimming. Every father is asked to come and bring his son, ages from 9 to 100. Secretary Greene, who is away on his vacation, will return for the occasion.

METHODISTS HARD AT WORK UNDER NEW PASTOR

Untiring in their zealous effort to liquidate the church debt the members of A. M. E. church, led by Pastor Taylor, contributed $91.48 last Sunday and in the Aid Society and Sunday school as well as in the A. E. League, pledged nearly two hundred dollars more to the rally fund. The Aid Society met with Mrs. Simmons last Thursday afternoon. The pastor will preach at both services Sunday, at morning on "Blessings Changed to Curses," and at 8 o'clock Sunday evening on "Hope." A cordial invitation is extended visitors.

FRIENDSHIP BAPTIST NOTES

The Official Board of the Friendship Baptist church tendered a reception to the members on Thursday evening for the purpose of promoting co-operation and team work. Rev. W. H. Tillman was master of ceremonies, the address of welcome being made by Mr. Wm. Solomon. The principal adddress of the evening was delivered by Rev. J. Fleming. Miss Marie Ford rendered a musical number. Refreshments and favors were distributed after the program.

The Missionary Circle met with Mr. and Mrs. James Morton Friday afternoon.

OUR DUTY

There are to day in these United States of America twelve million of people who, according to the Articles of the Constitution governing this Country, are citizens hereof with the right to a full enjoyment of all of the privileges to be derived from that citizenship. Yet seventy per cent of these twelve million of people are but nominally citizens was granted them before these citizenship bestowing articles were so solemnly ratified.

What then is the position of these people who having been granted certain right find themselves without the power to have those rights enforced and without the influence to have those who have so lawlessly in rights, excused from the duties that devolve upon those who are citizens Are they, since they are denied the Government thru the agency of the Supreme Court of that government whose sworn duty it is to uphold the the very letter of the Constitutio the several States abridged these rights held to account by the Federal in more than name? Are they exempt from taxation bcause they have been denied a full measure of citizenship nevertheless, are accorded ful justice in the courts and equal consideration in the enjoyment of those pleasures which are the just fruits of their labor? If they are, what great hardships then has been worked upon them by this abridgement of their constitutionally granted rights? I say, without equivocation, without fear of refutation that they are not.

Mr. Roosevelt has said that the United States flagrantly disregarded the international obligation she owed to Belgium, which arose because of the adoption by this country of the Hague Convention of 1909, in which she swore to keep inviolate the territory of neutral nations. This grave treaty which Germany had also adopted, Germany ruthlessly in August 1914, violated. When Germany thus broke her primose, we broke our promise by failing at once to sall her to account; further, Mr. Roosevelt contends that this treaty was a joint and several guaranteen and it was the duty of every signer to take action when it was violated above all, he maintains, it was the duty of the most powerful neutral, the United States. Probally we will all agree with Mr. Roosevelt in this contention but whether we do or not makes little difference to day, for America has at last taken definite action in this international controversy. However, if this flagrant act of bad faith toward Belgium has caused the righteous indignation of Mr. Roosevelt and millions of other true Americans to brust forth in condemnation of this administration how much greater should be their condemnation of the policy of this administration and of other administrations in the past when they stop to consider that th solemn and binding obligation to the black man that this country had sworn to keep inviolate by the ratification and adoption of the fourteenth and fifteenth amendments has from its very inception been outrageously ignored as of no consequence. This was no joint and several guarantee of an international nature, the breach of which Mr. Roosevelt so rigorusly condemned, but an absolute guarantee to a distinct group of people. An assumption of protection and guardianship and a granting of all of the privileges, rights and consideration that are part and parcel of American citizenship. To wink at the open descreation of this most sacred covenant that makes us a nation has been the policy not only of this present Democratic administration, but of many of the Republican administrations of the past and will be the policy of future administrations, Democratic or Republican as they may be, unless the American Negro does his duty toward himself and his posterity. The duty he has thus far so ignobly shirked. Mr. Roosevelt, I challenge you or any other champion of the cause of Belgium to say that America's dereliction of her sacred international duty has been a great offense in the eyes of God and man than the unqualified desertion of these millions of hapless black men and women whom Abraham Lincoln so nobly liberated. Mr. Roosevelt, I challenge you to say that by their recreant silence the better class of right thinking Americans have not sondoned the hideous atrocities of the lawless mob and the constitution defying States and allowed them to recognize that no punishment awaits those who trample upon the rights of unfortunate Negroes. Loud have been the voices raised in fervent plea for Belgium, loud, too, has been your voice, Mr. Roosevelt, in condemnation of riotous East St. Louis, yet, East St. Louis, was but one of a monotonous succession of outrages that have drawn forth no fervent plea for a square deal to the Negro. Low and mournful has been the lamentation of these stricken black people, their very failure to resent these attacks by more than feeble protests an encouragement to the heartless mob whose rampages occur with greater frequncy and greater violence as they realize that the Federal Government will not molest them or distrub them in the pursuit of what has become for them a form of sport and the Negro dare not.

Would England, I ask you, have been any more willing to grant Ireland Home Rule if Ireland had been any the less willing to fight for it? I will answer "No" for you. Will America the more readily grant us the right which by the sacred Constitution are ours, if we by soft voiced and cringing appeal show that we are not willing to fight for what is ours? This is a holy duty that we owe to ourselves and our posterity; that we fight for what was given us. The man who will make no attempt to protect himself can expect no sympathy or protection from his neighbor. We are no sparate people who strive for home rule, but an American people striving fruitlessly for an equal rule at home. If our endeavor in the past to obtain emancipation and protection has been of no avail it is because it has not been vigorously enough. Belgium gained the undying admiration and respect of the civilized world, because she resisted to the death the vicious attempt of a nation many times larger and of infinitely greater strength than hers to violate her rights. The black man would have gained the wholesome respect of the lawless American if he had resented to the death any attempt to curtail the rights granted him by the Federal Constitution. Does the American Negro so findly cherish life that he would live as a cur to be kicked and cuffed at the mere whim of the white of the white man? If life without honor and respect life at all or merely a living death? I leave these questions for you to answer. From a standpoint of self-preservation which is the first law of nature, the American Negro is justified in arming himself to defend his home and family, to secure for himself the protection denied him by the government of this country, and to create in the minds of those craven people who would ruthlessly murder men women and children because they believe those whom they attack will not defend themselves in a united manner and are unable to obtain the protection of the Government, a religious respect for the fighting qualities of the Negro when used in his own just battle.

The kenyote of civilization is humanitarianism. The essence of humanitarianism altruism. I advocate no antipathy toward any race or people and much less do I advocate antipathy toward this people to whom we are allied by ties of government. But the Negro must perform his duty and that is to defend the honnor of his race and to make secure his constitution granted rights. I feel justified in saying that I am willing to die in France to uphold the honor of this my country in this war for liberty and justice, but far sooner would I rather die here in America to uphold the honor of my people in their fight for equal rights and justice.

It seems literally increditable that any people not made of mud and water could submit for so long a time to the indignities that have been heaped upon them by their fellow countrymen without resorting to arms in an attempt to change these conditions. The events of the past few years have shown that we need expect no consideration at the hands of the present administration and I thank God that the events of the past year have also shown that unlike this present administration we, as a people, are not too proud to fight.

Yet, unfavorable to us as the present administration has been, it was left to the present head of this government to voice a sentiment that fully expressed the wishes and desires of twlve million of black people. Then making his famous speech, the president said we are goint to make the world SAFE FOR DEMOCRACY, he expressed for us what we have been waiting so long to hear a black man acclaim. Fighting to make the world SAFE FOR DEMOCRACY, but we want, oh, such a different kind of democracy than that Mr. Wilson champions. We do not want the kind of democracy that inspires one to deeds like that which transpired in East St. Louis, in Memphis and in Waco, but rather the kind of Democracy that gives to the Black man the same political rights, the same economical rights, the same legal rights, the same social rights granted the white man and the same right to work out his destiny along the lines God gives him to feel the best for him. Thiat is the only true Democracy. That is the Democracy that the immortal Lincoln stood for.

WIDESPREAD INTEREST IN NATIONAL RACE CONGRESS

Colored Americans "Brought to Their Feet" by Memphis, E. St. Louis, and Chester Outrages—Local Equal Rights Committees Being formed. —Special.)

Boston, Mass., Aug. 23, 1917.—That the Colored people of the country have been "brought to their feet" by the Memphis lynching, East St. Louis massacre and Chester riots, is shown by the instant interest taken in the call issued for a "Speedy Getting Together" at New York by Rev. Byron Gunner, President of the National Equal Rights League. Already President Gunner has received word from representatives in a dozen different states who will attend the 10th annual meeting of the League and2nd Annual Race Congress under the League's auspices, which will be held 3 days, September 18, 19 and 20, in Mother Zion church, W. 136th street, New York City.

Colored newspapers all over the country are announcing this National Colored Equal Rights Convention in their columns, and the editors are working with success for the formation of local "Equal Rights Committees" that are to send delegates.

The "Call" has been given such wide publicity, the invitation being open to every organization as well as the Equal Rights League, the oppressed in every country in the civilized world have met as a group and put forth their case and their demand, except we Colored Americans, thoughtful citizens everywhere see that the race will be judged by the attendance at this National Race Congress.

Every community that has not already formed a Citizens' Equal Rights Committee to send delegates is urged to do so. Three full weeks remain in which to do so. The last Race Congress brought men and women of all factions and all organizations together and increased co-operation. It is ten times as critical now for the race as then.

Pres. Byron Gunner, of Hillburn, N. Y., and Cor. Secretary Wm. Monroe Trotter of 34 Cornhill, Boston, are receiving many letters in the convention and will answer all inquiries

And now the question arises are the Russian people capable of self government?

In the selective draft it is said that the colored units will be the last ones called and then we think of the old adage, "The first shall be last and the last shall be first."

We thought the news that each cantonment was to have a colored regiment was too good to be true, especially so when taking into account the present administration.

Hon. Wm. Trotter, the militant leader, is now advancing on Washington with his brave band of warriors fighting as ever for a man's chance in this, our very own country. We are with him in all his efforts to bring about a better condition of this people in this country.

While we read here of the conditions of the Central powers the unrest and other conditions, no doubt over there they are reading the same things about us, so after all, it seems to be a question as to who can survive and we of course are for our own country as against the world.

EAST ST. LOUIS

Let no one fear that in the economic development of the American Negro East St. Louis is not a bubble. Its significance is simply the shame of American democracy and the utter impotence of its justice. Nevertheless, despite this program, engineered by Gompers and his Trade Unions, the demand for Negro labor continues and will continue. Negro labor continues to come North and ought to come North. It will find work at higher wages than the slave South ever paid and ever will pay, and, despite the Trade Unions and the murderers whom they cover and defend, economic freedom for the American Negro is written in the stars. East St. Louis, Chester and Youngstown are simply the pools of blood through which we must march, but march we will.—The Crisis.

IS THE COUNCIL MESMERIZED

Just where the City Council can conceive that the one man who has been asking for a Jim Crow fire department is in any way a representative of the colored race in this city is an enigma to us. This race, if they should send a representative to your honorable body, would send a man who is thoroughly in touch with the conditions and needs of this people, a man who is on the firing line at all times for both their moral and industrial uplift and who could both intelligently and creditably present our cause. In this crucial period through which this country is passing the great minds of this country are uniting their efforts to do the things which will eliminate strife and contention and they are united against Jim Crowing a people in our government; it therefore does not become any man, black or white, to ask for this very thing we are fighting. We are asking no special favors, if we have eligibles on the list there is no need for any fireworks. Do the right thing. Certify them, put the to work, that is all we ask.

THE FIRE DEPARTMENT PROPOSITION

The Hon. Geo. H. Woodson, while here last winter at a great gathering cautioned the people against irresponsible and barefoot leadership, the same is very apparent in the situation which obtains in the city at the present time relating to the colored men who are on the eligible list for firemen. As a matter of fact, so far as we have heard, there has been no representation made to the council by any representative colored citizen whatever, there is no intelligent citizen who would be so brazen as to go before that body asking to be **Jim Crowed.** We have truly the spectacle of the irresponsible, barefoot, self appointed leader who by the assumption of a colossal nerve essayed to speak for the colored people, but this people, when made acquainted with the situation will hurl it back into their teeth, because they are asking no special legislation and more especially so as to places in public service. All they ask is that they be given a fair and square deal. They are American citizens and if by competitive examination they have merited a place on the civil service lists, that they be certified just the same as any other citizen. They are not clamoring for any Jim Crow department by any means and the city councilmen have certainly got the wrong sow by the ear when they rush so frantically to the cry of some irresponsible, self-appointed sponsor for the race and establish any special fire house for them. At the very best this move would not dispose of the said 51 eligibles. What of the rest of them? They have qualified, too, and there are vacancies yawning for eligibles enough, we are told, to absorb the entire list. It is to be hoped that this council and fire commission will give these men a square deal in all fairness and justice. There is nothing else to do. For many years in this city the colored and white firemen served in the same companies. What's the trouble now? Why such a hurry to give a house to these men on representations made by forces mentioned The matter is certainly one which will stand investigation and then, if made impartially, the recommendation would be to certify and appoint the men who have qualified. "Hew to the line, let the chips fall where they may."

THREE—EAGLE 9-14-17

That is the kind of Democracy Jesus Christ preached. That is all we want, all we desire. When I read Mr. Wilson's proclamation to the world that America was coming forth to champion the cause of Democracy. I said to myself this is a war of white man's making, but since he has invoked the aid of the black man to help him fight now is the time for the millions of black men to take up arms, crowd into the armies and navies of the worl dand make this war a real fight for Democracy; so that when the conflict is over, this much vaunted Democracy of the white man will be ours for we will have gone to our graves like men.

We are not a militant people. Our desires are few, nor are they hard to express, but before God, I believe them worth dying for. We want freedom. Not the kind of freedom the fourteenth and fifteenth amendments have given us, but the kind of reedom it was intended they should give us. So, tonights, I say the black man must go into this fight to stay until the world is made SAFE FOR DEMOCRACY. The time has come for the black man to do his duty to his race, to stand up like a man for what is his and to die if that be necessary in this cause which is truly his own. Those who are too cowardly to do their duty have not the right to expect others to do it for them nor have they the right to life, libtery and pursuit of happiness.

WILLIAM L. PATTERSON,
(1917).

A NEW WAR PROBLEM

(The following unsigned and timely comment has lately come into our hands, and we think deserves all the space it occupies.—H. B. Hartzler, Editor of the Evangelical.)

What student of psychology will tell us what is the charm in the uniform which makes the girl who is all dignity in her relations with the civilian, so ready to make street acquaintance with some man when he shall have donned the uniform. As in the material world chemical elements in themselves seemingly innocent, when united make a poisonous compound, so in the human. A passing smile between these two —our soldier boy and our high chool girl—a morning greeting—a moment's conversation—a stroll together down a town block—a lingering chat in the town park as the shadows fall—a more than ordinarily long handclasp—a frolic at the camp with others—a lone walk in a woodsy lane—a secret tryst, another and still another—then the company moves on and a sad young girl broods in silence till the passing days force upon her the certainty of the fatal truth, and soon another unmarried mother of a "war baby" is added to the pitiful group left in the locality of every military camp; while a young soldier "somewhere in France," now and then regrets—but not too sadly; for, to the average man the girl who is easy to make acquaintance is worthy to bear the results.

Hear is our home problem. It is inevitable. It is already with us and the result will continue to follow as surely as the night follows the day until parents, teachers ,and public spirited people everywhere waken from their culpable apathy, and unite in an aggressive effort for the enlightment and protection of both boys and girls.

A camp of soldiers watching bridges and tunnels along a transcontinental line or a vital industry that is menaced—soldiers who are young, fine looking, virile boys no better, no worse, than the average brave, happy-go-lucky, thoughtless American lad, educated in the non-essentials, ignorant as a baby in essentials—all in natty uniforms that follow every curve of the superb forms; a nearby town with numbers of adolescent girls, winsome and attractive, no better, no worse than the average American girl; educated as girls of her age are in non-essentials, ignorant and irresponsibe as butterfly in essentials—mothers but a trifle more intelligent in the matter of the most vital problems their sons and daughters must face—the whole village alive with that emotional enthusiasm which constitutes the first stirring of what will be real patriotic zeal when

IMPERIAL, CAL.

TIDINGS FROM THE FIRST BAPTIST CHURCH

A great time was experienced in the church work of this city during the past two weeks. This place is a stronghold for Satan and his force. Our pastor, Rev. C. N. Moore, held a ten days' meeting and the arch-enemy was defeated. Our pastor came in with his U-boat and turned the Gospel gun on the great submarine of Satan, taking twelve persons as Gospel prisoners and giving them Gospel freedom.

Our Chuch was lingering—about dead—when Rev. Moore was called to take charge of the work. But Rev. Moore and his wife have succeeded in making the First Baptist Church a Gospel live wire in the Valley. They are a godsend to the Valley and have done a great work here. We never want the time to come for them to leave us. Mrs. Moore has imbued the young people with a deep interest in the Sunday school and B. Y. P. U. and the church is crowded at each service.

The third Sunday of this month will be a great day in Imperial—a big baptizing rally and a basket dinner at the church.

People are returning from the summer resorts and preparing for the fall harvest.

The Woman's Home and Foreign Missionary society, led by Mrs. Moore, held cottage meetings during the revival. Much good was done.

Mr. and Mrs. Lindley are the proud parents of a fine little girl Mrs. Linley is the superintendent of our Sunday school.

The "grim reaper"—following the death of our dear sister Yarbough, wife of Deacon Yarbough, returned and claimed the infant. We extend to our brother our sympathy.

Mrs. Mary Hopkins and Mrs. Jackson have returned from San Diego. Mr. Hopkins, who has been quite sick, is recovering.

SHERIDAN'S PARENTS

One of the sweetest and most pathetic war stories is about the Sheridans, father and mother of Gen. Phil Sheridan.

The old people were living at Somerset, Ohio when word came that Gen. Sheridan had suffered a great defeat in the Shenandoah valley. They slep none that night, but in the morning the old gentleman said:

"Mother, I have thought it all out. Phil wasn't there when the fight began. This is what the pap said. It would not be like our boy to remain away througout the battle. As I make it out Phil returned in time to save the day. I'll go to the store and wait until the paper comes, get the news and hurry back. I don't believe there's anything to worry about."

"I hope you are right, father, but I'm afraid yesterday's news was correct. Phil has had so much good luck I'm afraid he's had bad luck this battle."

Old Mr. Sheridan was sitting on the steps of the store when a man rode up and called out, "Good news from Sheridan!"

Then one of the bystanders caught up the morning paper and read the account of Sheridan's return to the army of his turning the tide; of the President's message of thanks; of Sheridan's heroic conduct and complete rout of the enemy.

The paper said it was one of the greatest victories of the war.

That was enough for Mr. Sheridan. He started on a trot to tell Mrs. Sheridan the news about their son's greatest battle.

She saw him coming, and hurried to the gate to get the tiding from Cedar Creek.

"Glory to God, mother, glory to God! Phil whipped em! The president has sent him the country's thanks and the paper says it was one of the greatest fights of the war. I knew Phil would get back in time to save the day."

After they had gone into the house the old lady suddenly became sober.

"What's the matter, mother?"

"Father, did the paper say anything had happened to John?"

John was another son, a private in Sheridan's army in the valley.

But here was a mother's heart, joyous over the great fame that had come to one son, yet in the midst of it all, remebering the other son, who was not a successful general but only a faithful private in the ranks.

BIG LAW SUIT WON

The Apple Orchard Unit Holders Wins Suit in Oregon Involving a $60,000 Transaction

Chas. S. Darden, our big Negro Lawyer, received notice on Sept. 11, 1917, of the Court's order made by Judge Hamilton of the Circuit Court of Douglas County at Roseburg, Oregon, sustaining his demurer to the complaint filed by the Stuart-Ferguson Timber Co. vs. Harding Orchard Co., et als, on the ground that plaintiff was without legal capacity to bring the law suit, which resulted in a big winning for Mr. Darden and about one hundred colored people, who will now get title to the one hundred acre apple orchard at Roseburg, Oregon.

There were five lawyers appearing in the litigation, but Mr. Darden was the only one to file a demurrer to the plaintiff's complaint, and it was Mr. Darden's demurrer that defeated the action.

Mr. Darden recently went to Oregon to argue his demurrer, nearly two days being consummed in the arguments on both sides, due to presentation of much intricate detail law involving fundamental jurisprudence.

Mr. Darden has on more than one occasion, shown his ability (which must be admittedly extraordinary) to handle any law suit, without regard to the parties involved or to property sought. The legal fraternity of this city should pull their hats off to Mr. Darden, and his ability and success in the practice of the law should be by the citizens of this community assumed as a matter of fact.

From The Scrap Book By J. D. Reynolds.

What Can a White Man Do?

(20th Century Magazine.)

Voluntary effort can help by raising a fund to run down lynchers and sue the State for indemnity to the families of the victims. Even $1,000 for each negro life would make more impression on the white corpuscled taxpayers than all the unchristian taxpayers have accomplished or promise to accomplish.

It is necessary to observe that the inhabitants of the shameless towns where these murders occur, whether in Oklahoma or Illinois, are generally devout blasphemers name of the Prince of Peace. No more help can be hoped for from the churches than was received by those who abolished the iniquity of slavery.

There must be Federal intervention in the race conflict. Neither Georgia nor Pensylvania can be trusted.

The white man ought to insist upon a Federal amendment securing a uniform divorce and marriage law. It would be an inestimable advantage to the white population, especially the women; and it would enable the Federal government to abolish the ridiculous prohibitions of the Black Belt and force all fathers of illegitimate colored children into the limelight. Nothing else will arouse the cowardly white woman to a revolt against the pusillanimity of the white ravisher of negresses, the thin blooded degenerate of a once proud race—an adulterous race—which still boasts naively that every colored womau was susceptible—From the "Scrap Book" by J. D. Reynolds.

IS CAUCASIAN COWARDICE CONGENITAL?

[Editorial from the 20th Century Magazine.]

The chief evidence that the antagonism of race is due to privilege and not to inheritance, is found in the white man's treatment of the negro.

Although less than one-third of the lynchings of negroes are due to assaults on white women, the white man continues to urge that particular crime as the sufficient cause for white cowardice and brutality. Not only are many negroes lynched for trivial offenses, or none, but uot infrequently are they lynched because they refuse to allow white men to do to their women what the same white livered whites proclaim the negro victims have done to white women.

The latest indictment of our despicable Caucasian cowardice comes from Hamilton, Ga., where the murder of Norman Hadley led to the lynching of three negroes and a mulatto girl, three of whom certainly are wholly innocent of the murder.

The Associated Press report says: "Hadley was an unmarried planter and it is said he was infatuated with the girl, Bertha Hathaway. He had been pursuing the girl and had been wa ned to keep away from her. He disregarded the warning, however, and on Sunday afternoon went to the girl's home and tried to get her to come out and meet him.

While Hadley was at the girl's home he was shot, but no one can tell by whom. Henry Anderson, one of the negroes lynched, is said to have wanted to marry the girl, and it is possible that he shot the young planter.

Bertha Hathaway said Hadley was shot by some one in ambush while he was calling to her to come to meet him.

The developments have caused great indignation, and a determined effort will be made to ferret out the members of the mob. Bertha Hathaway was only 20 years old and comely. The negroes are stirred and a number have left the county. As a result, farmers are having trouble getting laborers.— From the "Scrap Book" by J. D. Reynolds.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

Capacity Audience Hear Description of Eastern Tour

(By W. E. Easton)

Wednesday evening at the First A. M. E. Church, Eight and Towne Ave. a very appreciative audience met to tender Mrs. C. Spear Bass, Editress of the California Eagle, a warm welsome on her return from a visit to her mother in Providence, R. I. The poplarity of this able race leader was demonstrated by the applause that greeted her on her appearance on the platform of the pulpit, and the many and sincere encomiums of all the speakers of the occasion. The distinguished guest of the evening had turned what was intended as a pleasure trip to a period of close observation of the conditions of the race in the distant East, had addressed innumerable audiences, interviewed Eastern race leaders and she had returned to the scene of her great activities with a resounding message to her people to "get together" and live the clean life that counts for lasting good.

The eloquent speaker held her audience for an hour and a quarter so deep moved and interested that the time seemed altogethr to short. The conditions she found in Houston, Texas, were gripingly dispicted and altogether different than we had read in the newspapers. Throughout her address Mrs. Bass spoke with an intensity of purpose to continue the great race-uplift work that she has devoted her life and energies, not only on the West Coast Country, but throughout the Nation, held her audience spellbound.

There was a very nice program. Mr. Milton W. Lewis was the President of the occasion and made a very happy and felicitous speech in introduction of the object and purpose of the home-coming of Mrs. Bass, he also paid a high compilment to the Eagle.

In the absence of Dr. H. D. Prowd who had been on the program to give the Invocation, Mr. J. H. Shackleford ably performed this function.

Among those who added to the pleasures of the occasion were Miss Clifford Robinson, vocal solo, Miss Idelle Albritton in Recitation; Miss Beatrice Young, vocal solo; Mrs. E. Carter Buckner in a original poem that eloquently voiced the mission of woman and which was inscribed to Mrs C. Spear-Bass; a delightful piano solo by that equisit player, Miss Velma Wood who has no superiors and few equals. The combined choir of the Second Baptist Church and the A. M. E. Church, under the able direction of Professor, Bartlett gave several beautiful selections in perfect harmony. The speech welcoming Mrs. Bass was pronounced by Attorney Hugh E. Bacbeth, who displayed much heartfelt feeling and he was frequently applauded. In a very short speech Mrs. Bass' pastor, the distinguished Dr. H. D. Prowd of the Second Baptist Church, congrartulated Mrs. Bass on her return to her great admirers in Southern California.

Professor Greer made a little speech fairly brimming over with humor and good-fellowship. At the conclusion of a very nice program, that able little race woman, Mrs. Clara A. Hulbert President of the Allensworth Club and a foremost leader in race betterment, stepped forward and in a few and very inspiring words, presented Mrs. C. Spear-Bass with a beautiful solid gold wrist watch, inscribed in the inner case: "To Mrs. C. A. Spear-Bass By TheCitizens of Los Angeles, Call.," with her monogram artistically engraven on the back of the watch. a wrist watch case in addition accompanied the present.

With much feeling Mrs. Bass thanked the citizens who made this testimonial of their appreciation of her, and after the Benediction by J. L. Craw, Pastor of the A. M. E. Church, Mrs. Bass held quite a levy from the platform of the pulpit being warmly greeted by the large gathering present.

The Committees in charge of this very successful testimonial, the first of its kind in Los Angeles, were made up of donors to the beautiful watch prsented, whose names will appear in next week's issue of the California Eagl. The Officers of the Committees were as follows; committee on Arrangments, Wm. E. Easton, Chairman; H. Douglas Greer, Secretary and Master of Ceremonies; Mrs D. Gamble, Treasurer; Mrs. H. E. Macbeth, Chairman of the Watch Committee, Members Dr. H. D. Prowd and Mrs. O. Gamble.

SUMMARY OF MANAGING EDITOR OF CALIFORNIA EAGLE'S THREE MONTHS SOJOURN IN THE EAST.

Leaving Los Angeles, June 17, my first stop of any length was Topeka, Kansas, where I visited my husband's mother, Mrs. Susan Thompson, who resided at the beautiful home of her niece, Mrs. L. F.O'Brien of 1180 Buchanon St. Mrs. O'Brien is a charming hostess and linking her efforts with the other relatives and friends of my husband in Topeka, they succeeded in making my stay at that city one of the most pleasant experiences of my life.

At Topeka I met Rev. J. T. Hill, ex pastor of Big Mt. Zion of this city, now pastering the largest and most progressive Baptist Church of that City.

Rev. and Mrs. Hill did everything within their power to make my stay at Topeka interesting, the former securing Lieut. Knott's (of the Topeka fire department) carriage, we visited the Topeka Plaindealer office and practically every business enterprize operated by Colored people.

Sunday morning, when we repaired at Rev. Hill's Church, that divine took pleasure in presenting that portion of his congregation that represented the thinking element of the community and among them were school teachers, lawyers, physicians, business men and farmers. Never before had we met so many active spirits among our people working together for a common cause.

From Topeka we went to St. Louis, where our stay was brief, but where we had time to observe that there were many idle among our people serving as weights on the progress of that thrifty anxious element among us in every city, anxious for first place among the people of the earth.

From St. Louis we went to Boston, and on to Providence, the point we were anxious to make, since the main object of our trip after all was to visit our mother, who had ben ill for two years. After spending about two weeks quietly with our mother and nearby relatives, we went to Boston and Portland, Me., where we spent much time visiting historical points, trying always to be keenly observant of the part our own people are playing in every walk of life that tends towards uplift.

After our visit to Boston and Maine we returned again to Providence where we spent another four weeks renewing old acquaintances and enjoying pleasant entertainment furnished by our relatives and friends, such as receptions, automobile parties and picnics.

In spite of the pleasant outings we participated in, we found time to visit and investigate every Colored business enterprise or meeting while in the city of Providence. We are pleased to note that the G. U. O. of O. F. has erected one of the most completely fitted up halls at a cost of $17,000, that it has ben our privilege to observe anywhere, and we are very grateful to Mr. Howard Johnson, secretary of the Odd Fellows Association and Sister E. J. Holmes, whom we found to be a true Ruth, for showing us and explaining every detail connected with the work of the order about Privedence. We also noticed that a branch of the True Reformers at Providence have erected one of the pretties and neatest little halls in that section, where some of the most pretentious social affairs are given. True Reformer's Hall is a developed idea of an energetic little woman, who is even now leading light of the proposition.

Among the live wires of Providence is Benjamin T. Montgomery, District Manager of the National Benefit Lifet Insurance Co., and chairman of the Providence Silent Parade Committee.

When and wherever in Providence we were asked to say something, we found the people of that section anxious to know about California.

A few days before leaving Providence, we went as guests of Miss Elizabeth Carter to New Bedford, Mass., where we met and greeted a goodly number of our people at Bethel A. M. E. Church. By reguest, Miss Carter took us through the New Bedford Home for the Aged. A visit to this home furnished greater inspiration for us than any other glimpse along the way. This home is one of the most beautifully furnished and most orderly kept that I have seen owned by any people and comes nearer to answering the idea of a real home than I would wager to say any where else in Christiandom. About its surroundings there is no atmosphere of the institutional idea but a real home for unfortunate aged people who are left alone in the world. I was interested to find that more than half the inmates were white and to learn from Miss Carter that they had more white applications than Colored, but that the desire was to give the Colored first chance, if possible.

About eighteen years ago the idea of this home was conceived by Miss Carter, who was at the time a public school teacher at New Bedford. So thoroughly convinced was Miss Carter as to the need of such an institution at New Bedford, that she set to work almost single handed and now at the expiration of a few years ardent labor New Bedford has one of the most beautiful Homes for the Aged anywhere in the country, valued at not less than $30,000.

If one person with a handful population can accomplish so much in so short a time, greater things ought to come forth from cities where the Colored population runs into many thousand.

During my sojourn at Providence, I made several visits to Newport, among which was on Sept. 3, when I attended the Annual Field Day Demonstration and Conventions of the 7th Patriarchie Regiment and Subordinate Lodges of the G. U. O. of O. F. of the New England States. This is one of the biggest annual fetes of the order in the Eastern section and upon this occasion was well attended. The parade passing through the main streets of Newport, was viewed by some of the wealthiest people of this country, who had not yet deserted their summer mansions at Newport.

During my visit to New York City I was greatly impressed with the effort being made by members of the Race along many lines, but it seems to me that the greatest effort put forth by the Colored people of greater New York in recent years was the silent demand for equal rights under the Constitution, as was demonstrated by the Silent parade, when on July 28th, more than 10,000 members of the Race marched silently to the dull music of muffled drums, through some of the main streets of New York City. Only timely inscribed banners demonstrated the sentiment of the paraders.

The slogan of a silent demand for justice, which means nothing more or less than the abolition of lynch and mob laws, petty discrimination and an opportunity to measure tarms in the different Trade avocations of this country has gone forth, and it is hoped that every city where the population is large enough and the condition demands it will spedily carry out the idea of a silent parade.

The next cities of magnitude visited by us were Philadelphia and Chicago. At Philadelphia we renewed our acquaintance with Independence Hall, Pennsylvania and Temple Universities and the Douglass and Mercy Hospitals.

At Chicago we went through that end of State St. occupied by the Colored business contingency of Chicago and found a prosperous asmosphere prevailing. Being interested in a Los Angeles girl in training at Provident Hospital, we wended our way there. We were conducted through the hospital by the Superintendent of Nurses, who was kind enough to explain everything in detail and to satisfy our inquiry concerning Miss Bessie Barren, who is making an enviable record at Provident.

Provident, located as it is, is filling a great need and should reecive the hearty support of our people in the Middle West.

At Kansas City, our next stop, we were royally entertained by the happy bride and groom, Prof. and Mrs. Robt. Jackson. Just the evening before our arrival at Kansas City Prof. and Mrs. Jackson had been entertained at an elaborate reception tendered them by some of the leading citizens of Kansas City.

We opine that Mrs. Jackson, talented as she is, will make for herself an enviable record in the music realm at Kansas City.

We were at Kansas City but a short period, but found time to visit the Kansas City Sun, and the worthy editor, Mr. N. Crews and the colored business block in that vicinity, including the colored Y. M. C. A., which is without a doubt one of the best plants of its kind in the U. S. We went from attic to cellar and found everything not only up to date, but in ship shape. We did not meet the secretary, but were persuaded to believe that he knows his business and that Kansas City has to its credit one of the best shelters for the young men of the race to be found anywhere. We also ran across one of the largest and best equipped apothecaries in the Middle West at Kansas City, and to our surprise found that it was owned and operated by Mr. Wood, brother to our very own Mr. Wood, the past, present and future printer of Los Angeles.

From Kansas City we hastened to Houston, Texas, our objective point on our return trip. It is needless for us to tell you that before we were scarcely out of the State of Kansas we were invited into the Jim Crow car. It is decidedly painful for us to attempt to relate our experience in the two nights' ride from Parsons, Kansas, to Houston, Texas, which takes one through the major parts of Oklahoma and Texas. The Jim Crow car in most cases is untidy and unsanitary and to my mind is the evil undercurrent in the making of the Jim Crow Negro. Women and men are huddled together in what is sometimes but a half car with a little lavatory, without a wash bowl, for the use of both sex, and the colored help on the entire train, sometimes consisting of twelve or sixteen coaches.

It is, however, worth the discomfiture of a two nights' ride for it is the only medium through which one may get the actual facts in the case of the Jim Crow system as it is practiced by most of the Southern States.

THE DEACONESSES' BOARD OF FIRST A. M. E. CHURCH, 8th AND TOWNE AVE., ENTERTAINS THE NEW PASTOR, REV. CRAW, THE OFFICIAL FAMILY AND CHOIR.

On Tuesday night of this week, the Board of Deaconesses, under the direction of Mrs. Crockett, a faithful member of this auxiliary society, assisted by Mesdames Comma, Browning and others, entertained the entire official family of First Church with a program and refreshments in what was designated as "A get together meeting." Miss Isadore Stewart acted as mistress of ceremonies and in a timely address stated the purpose of the reception and the good to be obtained in such meetings, pledging at the same time the hearty support of each department of the church this year to the new minister, that unparalled success might be achieved. Mr. Busby addressed the assembly in behalf of the Trustee Board; Mrs. Annie Warner in behalf of the Board of Stewardesses; Mrs. Eliza Warner in behalf of the Stewardesses' Auxiliary Board; Mr. Thom. Norris in behalf of the choir and Mr. George Warner in behalf of the Stewards.

The choir rendered several selections and then Mrs. Crockett presented Mrs. Steward, President of Board of Deaconess with a beautiful token, and Mrs. Craw with a nice present.

It was an evening of great good to the Official Family and presages the dawn of a new day in the proceeding of this great church. The pastor, Rev. J. Logan Craw, delivered helpful and appreciative remarks at the close of the program and then all were served in the banquet hall to a refreshing repast.

MRS. M. L. GOTTSCHALK

ENTERTAIN HIGH OFFICIAL

On Friday, Sept. 14, 1917, at the cozy bungalow of Mrs. J. J. James, West 36th Place, Star of Bethlehem Tabernacle held a reception from 6 to 11 p.m., in honor of Mrs. M. L. Gottschalk, Grand High Preceptress, and the delegates of the Temple and Tabernacle. The home was beautifully decorated with dahlias and roses making one feel as though they were in a garden.

The callers were many. Miss R. Vaughn presided at the punch bowl. The charming Misses Ruby Harris, Hazel Gottschalk and Bertha Woods assisted in serving. With appropriate words Mrs. M. D. Medlock presented Mrs. M. L. Gottschalk with a beautiful bouquet of white carnations on behalf of the Tabernacle. Those in the receiving line were Mrs. M. L. Gottschalk, Mrs. C. James of Pasadena, Mrs. M. B. Waller, Mrs. V. Fingers, Mr. P. E. Alexander. Mrs. Jones proved herself a delightful hostess, with the assistance of the following ladies: Mrs. M. Harris, Mrs. M. D. Medlock, Mrs. W. W. Woods, Mrs. L. Diggs. The refreshments were in keeping with the occasion.

The affair is one long to be remembered.

C. M. E. Conference Close

The ninth session of the California conference which has been in session at Phillips Chapel on Newton St., came to a close on Monday night when the appointments were read by Bishop Phillips. There were but few changes in the oppointments. Revs. Z. Z. Johnson and Wm. Seldon were re-appointed presiding elders of the Arizona and Los Angeles districts respectively. Rev. J. R. Rector was appointed pastor at Berkeley to succeed himself; Rev. W. B. Butler was re-appointed to Santa Monica; Rev. G. H. Clark is to supply El Centro; Rev. A. J. Norris was appointed to El Paso; Rev. A. C. Caldwell to Phoenix; Rev. T. C. Cook to Douglas and Rev. Thos. Hughes to Carlsbad. Rev. J. C. Anderson was re-appointed to Los Angeles.

Rev. Jas. A. Stout was located. Sunday was a great day at the seat of the conference. Bishop Phillips preached at eleven o'clock and long before that hour the house was filled to its utmost capacity. More than two hundred people were turned away from this service. The bishop was at his best and the congregation was swayed as a field of waving grain as the Bishop preached. Rev. W. B. Butler preached at the afternoon service, and eRv. A. C. Caldwell at the night service. All of the services were full of the fire and Holy Ghost. The Bishop and conference were the recipients of many social courtesies. The Bishop and his party were entertained with a dinner in the home of Mrs. Williams on E. Eleventh St., on Saturday afternoon. After the dinner the party went for an auto ride with Mrs. Shafter as hostess.

On Monday afternoon, the Bishop and party were guests at a dinner given by Mrs. Ladye Bowen on E. Seventeenth St.

On Tuesday evening the conference went in a party to Santa Monica and were the guests at a dinner given at the home of Mrs. Olivia Foster. Mrs. Betty Wilson also entertained the party in the beautiful dining room of he La Bonita.

Tuesday afternoon the Bishop and a party of ladies were guests of Mr. and Mrs. J. H. Shackelford on an auto trip through the city.

The pastor and people of the local church were very highly complimented for the splendid manner in which they entertained the conference. The Bishop and party were guests at a dinner on Wednesday evening at the home of Rev. and Mrs. J. C. Anderson and on Thursday evening at the home of Mr. and Mrs. R. M. Mitchell.

From every point of view the conference was the best ever held in the history of this conference. The conference will meet at Phoenix, Ariz., next year. Rev. J. C. Anderson was elected as clerical delegate to the general conference which meets in Chicago in May, 1918. Rev. Z. Z. Johnson was elected alternate. Mr. E. B. Maxey was elected lay delegate to the general conference and Mr. W. T. E. Robinson was elected alternate.

Rev. G. W. Reed, field secretary and director of young people's work for the Western Baptist Sunday school and B. Y. P. U. conventions. delivered a series of lectures last week to the Pleasant Hill Sunday school and Union of Los Angeles and Friendship Sunday school and Union of Pasadena. The lectures are said to have been very inspiring and of an extraordinary helpful nature.

The field secretary in his lectures, is dealing logically with the Sunday school and B. Y. P. U. questions. In his first series he speaks on the "Origin of the Sunday School and Its Purpose," and the "Fundamental Objects of the B. Y. P. U. His lectures are not dry; they are alive with witty illustrations and earnestness that makes one forget the time.

S. W. Green and wife, after a pleasant visit of 10 days, left last Tuesday for their home in New Orleans. Mr. Green is Grand Chancellor of the K. of P. and while here was royally entertained by members of that order.

TEN DAYS IN SAN DIEGO AND MEXICO AND WHAT I HAVE SEEN.

Plenty of Democrats; Barrooms and Kentuckians.

BY S. B. CARR,

We enlisted at the Richmond Hotel where we joined an army of guests, and were soon on our way to Mrs. Defrantz's, on Third street, to camp for our meals. From there we went to Mr. J. H. Griffin's barber shop, where he shaved us so clean that it would make you believe you were in the trenches or on the way to Camp Kearney.

There are two new and second-hand furniture stores conducted by colored men—Dodge & Day, on F street, and H. H. Harvey on Market street; one policeman, and Mr. Benton is the Government meat inspector; his wife, Mrs. Benton, is the organist at the A. M. E. Church. There are three churches there—two Baptist and one Methodist. Rev. R. R. Guy is pastor of the Methodist body, Rev. C. Williams at Mt. Zion, and Rev. W. A. Mitchell af the Baptist Church.

We visited all the churches while in that city. They are a praying people, and prayer is the mainspring of the church.

They have one jewelry store now. They are asking for a fire company, but I do not believe they will get it, for the sporting element is behind the movement, and when the best people are after the "sports" the latter's chances to get anything are reduced to nil.

There is one clerk in the Commerce Bank, Mr. Charles H. Dodge, who has been with the bank six years. He has a beautiful bungalow at Ocean Beach.

Mr. Gus Thompson has the only livery stable, on Coronado Street. Mr. Anderson owns five auto trucks and nine wagons and employs twenty-five men, and it is said that his check is good for $25,000. He does work for the city of San Diego.

At La Jolla we met Mr. J. H. Tanner, who has lived there fourteen years. He is a barber and is able to keep the wolf from the door. He says a good clothes cleaner would do well there. Write to him about it. There are very few colored people there. Mrs. De Bois, a widow has some very fine property there. Mrs. DeBois once lived in Pasadena, but at that time she was Mrs. Van Horne.

We attended many receptions while in the Southern city. We were a guest of Mrs. E. M. Shepard, 453 12th street, at dinner, Tuesday and Sunday. We lunched at Mr. and Mrs. Robert Lee's. Mr. Lee is a cement contractor.

Mr. E. W. Anderson is superintendent and manager of the San Diego Rubbish Co. His office is at 716 H street. The Eagle office is at 742 3d street, M. T. Laws, manager.

The Eagle has the largest circulation of any race paper coming to San Diego.

The only thing sad abont our visit was that Mr. Frank Prince did not take his car, but says he will next time.

Mr. J. H. Griffin, the barber at 566 3d street, is one of the best in the city; he is also a deacon of Mt. Zion Church and chairman of the board. He was for a long time president of the Enterprise Pub. Co. of Los Angeles. He is not from New York or Boston, but a plain Georgian by birth.

We visited Dr. L. Brown's laboratory at 1010 16th street. He is the sole agent for "Tantalizing Brownskin Face Powder; also handles ladies' high grade toilet articles and will soon have an agent in this city.

The best hotel in the city is The Richmond, cor. 2d and F streets and is headquarters for Pasadena folks and those from Los Angeles and San Francisco. Messrs. Collins and Robinson are the proprietors. Meet me at The Richmond.

We took our meals at Mrs. Carrie DeFrance's, 736 3d street. Mrs. DeFrance is thorough mistress of the culinary art. The delectable viands provided by her are the acme of excellence.

Rev. J. G. Edmonds is in San Francisco attending the A. M. E. Zion Conference.

The Harrie Tubman Club, which is a Red Cross organization, will meet at the Sojourner Truth Club, Monday, they contemplate doing their bit and are getting down to real work.

Peoples Independent Church of Christ
18th and Paloma Sts.

Rev. N. P. Greggs, D.D., Pastor

The large crowds that assembled at this church for worship on last Sunday, were blessed abundantly. Pastor Greggs' subject at the morning service was, "The Golden Image Set Up," Isaiah 43:2. He very interestingly reviewed the causes leading up to the setting up of the golden image and presented many helpful and practical suggestions to his congregation. In the evening he spoke on "The Fiery Furnace." He very eloquently told the story of the three Hebrew children being cast into the fiery furnace, and then compared the fire of the furnace to the fire of persecutions that Christians of the present age must endure.

Enthusiasm in the special financial effort ran high. At the evening session the great audience remained still and quiet for the announcement of the final result which was $1,302.61. This enables the church to cut the interest on the general debt by making an additional payment. The members and friends are rejoicing and praising God for this magnificient success.

Sunset Carnival the great fair which was held at this church, last week, was indeed a grand success both financially and socially. The East Side Willing Workers wish to thank all who helped to make this affair the marvelous success that it

Praise Bishop Phillips
Also Rev. E. W. Anderson

The big reception bringing to a close the annual conference of the C. M. E. Church last Monday evening was indeed a memorable affair. The praises which spontaneously came from the lips of the various speakers for the venerable Bishop Phillips could not but make him feel that, after all, his efforts to Do Something in this direction were duly appreciated.

The pastor of St. Phillip's church also came in for a large portion of the praise for his great work in this community.

The program consisted of musical numbers rendered by Mrs. H. E. Norwood, Mrs. Pharr and others, and short addresses by Rev. W. E. Kinchen, Dr. H. Prowd, Milton W. Lewis, J. B. Bass, and the response by Bishop Phillips.

The assemblage then adjourned to the festal board. And thus closed one of the greatest conferences of this Church in this section.

THE ST. PAUL BAPTIST CHURCH
1549 East 23d Street.

Had good services all day last Sunday. Collections were good and many visitors and friends were out and seemed to enjoy the sermons greatly. We are expecting our pastor, Rev. R. N. Holt, in from the great nattonal Baptist convention which met in Muskogee, Okla.

Miss Lynch Writes From The Prairie State.

Jacksonville, Cal.,
Sept. 13, 1917.

Editor of The California Eagle,
Los Angeles, Cal.

Dear Friend, Mr. Bass:

Again I attempt to write you from my home here in the Prairie State. It is not about my trip home, this time, but about some of the race churches. I shall not take time to write fully of each of them just now, but hope to say more about each in the future.

We have five nice - sized Negro churches which are as follows: The McCabe Methodist Church, Rev. Mackey, pastor; Second Christian Church, Bro. Brayboy; the Second Baptist, Rev. H. H. Dewitt; Bethel A. M. E. Rev. Fisher, and Mt. Emory Baptist, Dr. E. L. Scruggs.

The last two mentioned have a spacious edifice with apartments for the kitchen, dining rooms, rest rooms, and separate Sunday-school rooms, all modern and convenient.

Each of the pastors mentioned have been here from one to five years, Rev. Dewitt having pastored Mt. Emory sixteen years at one time. For the last three years Dr. Scruggs has pastored Mt. Emory. He came here from Monmoreta, Ill., where he was a pastor for many years. He was also the first president of Western College, the school from which I graduated, and for sixteen years he held that office. Since being in this city he has helped to organize within his church a Brotherhood, it consisting of some very strong Christian men — men with intellect, business ability, money and influence—the kind of men of whom any race should be proud.

The object of the brotherhood is not so much to raise money, but more to get better acquainted with each other; to know each man as he is, and yet love and respect him. When any member of this body of men becomes sick or hard pressed, he has only to let the Brotherhood kuow of it. and that is sufficient.

This organization also has a special interest in the young, as it aims to place before them some of the best artists our race affords. The last two years it has had four large concerts a year, and has had such well known artists as Madam Hackley Mr. Douglas, Mr. Bodine, the Williams Jubilee Singers, ets. Mr. C. W. Tinsley is chairman of the program committee, and it is through him that many of the artists have appeared. They are now planning a series of programs, by different well known leaders and musicians, which will run in a circuit, taking in many cities, from Decatur, Ill., and Jefferson City, Mo. Messrs. Tinsley and Bodine have charge of this. Before another year they hope to have this circuit reach to the Coast.

The different artists already booked for this winter are Mrs. Hewitt Smith of Chicago and Mr. Bodine of Mexico, Mo., who will appear together; Mrs. M. B. Anderson of Chicago, Miss Dixon, elocutionist, of Chicago; Harry H. Burley of New York, the Williams Jubilee Singers and Dr. W. T. Vernon. We feel, as does the Brotherhood, that when the public sees and hears such noted men and women as these, they will have a greater enthhsiasm and aspiration to do something to help build and uplift the race rather than degrade it. We are proud to know that such a spirit exists here. I think I can speak truthfully when I say that this is one of the strongest—or strongest—brotherhoods to be found anywhere.

MOST REMARKABLE CONVENTION HELD.

Madam C. J. Walker Agents Hold Session in Philadelphia 200 Women Present.

The first national convention of the Madame C. J. Walker agents will go down as remarkably historic in the life of this great woman. No one thought—not even Madame herself—that the convention would be the crowning success that it really was. The sessions were held in the Union Baptist church near 19th and Fitzwater streets, a modern structure in every sense of the word—a credit to its membership and a monument to its genial and brilliant pastor. It was wonderful to see the delegates pouring in; from the far South to the distant West they came, until there were over 200 well dressed women representing nearly every state in the Union, sat as delegates to the first Walker convention.

The secret about this great convention was, that it was composed of the business women of the race, women who had succeeded, and who had paid their way to tell of their success, see their great leader, get new ideas and inspiration as well as transact the business of the convention. Madame Walker then stated that at a convention composed of the graduates of the Walker system, who were experts in all things pertaining to the hair, it should not be necessary to request that the ladies remove their hats; hats went off and revealed a picture fit for the gods, a picture that told the story of the unfolding and transformation of a race and was a wonderful attestation of the fact that the glory of woman lies in her hair. The convention was an education in itself, from the mayor's welcoming address to the final adjournment. Every session was inspiring, harmonious and instructive.

The morning sessions were given over to business, the afternoon and evenings to the public, at which time many speakers of national prominence addressed the convention, among whom were the Hon. G. L. Knox of the Indianapolis Freeman; Mrs. Bennett, president of the Federation of Clubs; Mrs. Hunton, wife of the late International Y. M. C. A. Secretary; Mr. Williams of the Philadelphia Tribune, and F. B. Ransom of Indianapolis, Ind

Madame Walker, in a ringing message, spoke of the present war and advised her people to remain loyal to their homes, their country and flag, stating that, after all, this is the greatest country under the sun, but, said the Madame, "We must not let our love of our country, our patriotic loyalty, cause us to abate one whit in our protest against wrong and injustice. We should protest until the American sense of honor is so aroused that any such affair as the East St. Louis riot be forever impossible."

At the convention a protest was sent to President Wilson.

And now it really seems that we are to have another wet and dry issue with the question of personal liberty absolved.

And after all the **Eagle** can truly say that there are those who appreciate the efforts that are put forth for the betterment of all the people.

Our colored women, headed by the indomitable Mrs. Eliza Warner, are doing their bit for the Red Cross, and the Harriet Tubman Red Cross Association bids fair to do much good for their line of effort.

We have no time at our command to fight individuals; we are too busy standing for a principle, and to the utmost we shall ever use our strength to stand up for the propositions which are for the upbuilding of a race.

If any one doubts for a moment that the exodus from the South is on in full blast, let him meet trains which daily arrive from that section and he will quickly awaken to the fact that the black man is leaving the southland hunting industrial freedom, true liberty, and the pursuit of happiness.

We have heard much favorable comment on our editorial of last issue relative to the irresponsible and barefoot self appointed race leaders and we are proud of the fact that there is hardly any division of sentiment, but that these individuals are the weights on our progress.

The Forum is very truly what the name implies, every man or woman may there express themselves. Those who have no day in court, at any other sanctum, may always be heard at the Los Angeles Forum; yet then there are those who say the VForum is no good. Can you beat it?

GET A PLAN OR AN OBJECT IN LIFE
Hold Your Head Up and Your Back Straight. Choose Your Direction, Go Forward, AND YOU WILL WIN

The world is half filled with drifters, and you often see the unpleasant type of drifting man—hands in pockets, hat pulled down in front, aimlessly wandering.

But drifters are not all of this type. You may find them well dressed, pockets lined with inherited money, wondering what they can do that would be worth while.

You may find them going through some routine of work, quite satisfactorily, but, as they work, DRIFTING THROUGH LIFE. They have no plan, no thought as to how to make their work better, how to make life worth while.

What can afford a greater contrast to the drifter, whose destination is unknown, than soldiers, marching with a purpose clear in mind and to a duty worth while?

What makes the power and success of an army? FIXED PURPOSE.

To a weak, vacillating general you may give soldiers, but he will bring you no victory.

To an officer of strong will and good brain you give a small army, and he returns victorious. Alexander the Great took his thirty thousand Greeks against half a million Persians, and went through them like a sharp knife through a piece of cheese.

He knew exactly WHAT he was after—conquest of the world in the end, and the conquest of Persia at that particular time. He went on, never stopping conquering until he died.

Any young man would be horrified if told that the President were sending an army to Europe without any particular plan as to what the army was to do, where it was to go, how it was to strike.

Well, young man, what General Pershing is to the army your WILL POWER should be to you.

An individual is a small army of hopes, possibilities, ambitions, locked up in one body.

The strength is in him, if he will use it.

But if there is no general living in his skull, no directing force, he wanders like the "drifte" to a destination unknown. And when he goes into the waste basket of failure he whines, "I never had any luck."

What he should say is, "I never had any PLUCK." It is the man who supplies the "p" to "luck" that arrives.

The above editorial from the Daily Herald, to our minds is one upon which we may procure inspiration sufficient to create a drive that will put to flight all of the untoward happenings of life, and will create within the breast of each individual a sincere desire to succeed and we therefore commend the same to the very serious consideration of all who may have the opportunity of reading it.

SHERIDAN'S PARENTS

One of the sweetest and most pathetic war stories is about the Sheridans, father and mother of Gen. Phil Sheridan.

The old people were living at Somerset, Ohio when word came that Gen. Sheridan had suffered a great defeat in the Shenandoah valley. They slep none that night, but in the morning the old gentleman said:

"Mother, I have thought it all out. Phil wasn't there when the fight began. This is what the pap said. It would not be like our boy to remain away througout the battle. As I make it out Phil returned in time to save the day. I'll go to the store and wait until the paper comes, get the news and hurry back. I don't believe there's anything to worry about."

"I hope you are right, father, but I'm afraid yesterday's news was correct. Phil has had so much good luck I'm afraid he's had bad luck this battle."

Old Mr. Sheridan was sitting on the steps of the store when a man rode up and called out, "Good news from Sheridan!".

Then one of the bystanders caught up the morning paper and read the account of Sheridan's return to the army of his turning the tide; of the President's message of thanks; of Sheridan's heroic conduct and complete rout of the enemy.

The paper said it was one of the greatest victories of the war.

That was enough for Mr. Sheridan. He started on a trot to tell Mrs. Sheridan the news about their son's greatest battle.

She saw him coming, and hurried to the gate to get the tiding from Cedar Creek.

"Glory to God, mother, glory to God! Phil whipped em! The president has sent him the country's thanks, and the paper says it was one of the greatest fights of the war. I knew Phil would get back in time to save the day."

After they had gone into the house the old lady suddenly became sober.

"What's the matter, mother?"

"Father, did the paper say anything had happened to John?"

John was another son, a private in Sheridan's army in the valley.

But here was a mother's heart, joyous over the great fame that had come to one son, yet in the midst of it all, remebering the other son, who was not a successful general but only a faithful private in the ranks.

HOT SHOTS
(By Daddy Luke)

At our meeting last Friday night, Sept 14th, you asked me concerning the wet and dry issue I'll give you my opinion.

The Negro has no axe to grind in the matter. The wets are white people and the drys are white people. The Negro has nothing to gain or lose whether it goes wet or dry

The preachers of the Negro race and other professional men of the race have done nothing since 1876 but peddle the rank and file of the Negro race to the politicians of the white race

My advice to either for dry or wet take no orders from the preachers or professional men of our race, but vote of your own free will and accord.

TIDINGS FROM IMPERIAL, CAL.

Last Sabbath was a great day with the First Baptist church in Imperial. A well attended Sabbath school in the morning.

Rev. C. N. Moore, our pastor, preached a noble sermon in the morning; at noon a basket dinner was served at the church on the old fashioned order, and the people were made to think of the old gone-by times back east. Everybody enjoyed themselves in the feast.

At three o'clock the people assembled at the Christian church for baptism, and the pastor preached a sermon on the Ordinance of Baptism, and turned the light in on the subject.

7:30 p.m. the church was filled to its capacity and twelve happy souls on the front seat waiting to receive the charge of membership and the covenant of the church, which was given by the pastor, the covenant was thoroughly explained to the new members, and the explanation of the covenant was a benefit to the entire membership of the church; the fellowship of members and the Lord's Supper was drawn out by the pastor. Everybody went from the church worked up over the service and filled with new aspirations.

Every department of the church is taking on new life.

Mr. Coleman has returned from his few days' vacation and found Mrs. Coleman all smiles on his return.

Mr. Linley has opened a short order house; don't fail to call by and see him while you are in town.

Rev. Moore has opened up a rooming house and barber shop all in the same building, and when you want to get a safe place to rest call on him and you will be safely cared for. Always think when you land in this town that safety is firsth principle.

Some men brag about their wives as if they wanted to sell them.

Those moving from among us to other states claim that wherever they go the California Eagle must surely follow them as they would be lost without the only paper that gives them good home news.

Human nature sets a man up as a judge of his neighbors.

Misses Alyce Logan, Flora and Anita Page, spent a pleasant afternoon with Miss Pauline Ray who had provided dainty refreshments, interspersed with music.

Mr. Clyde Ray is contemplating a trip south in the near future.

If a man has money to burn, the rest of us try to make light of his fortune.

Don't fail to ring up 1355-R or call at 410 Twenty-second St., for anything connected with the Eagle.

We want to thank those who so willingly paid their bill when presented to them and those who subscribed for the Eagle.

It is sometimes easier to give in than to keep up the argument.

THE SOLDIER'S CREED

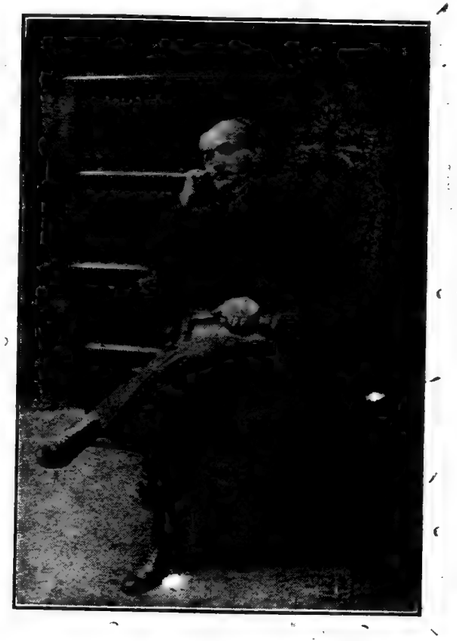
Many of our soldier boys go seriously about this business of war. They know what it may mean to them. It is not easy for them to surrender their personal liberty and to be swallowed up by the rules and regulations of the military. They know they must not lose themselves in the mass of soldiers. They must answer to their God not in any official or professional capacity, but as individuals. He must have initiative, hence he must cherish his faith and follow what he believes. Recently we found a noble creed written by a lamented soldier of the civil war. Its frankness and high idealism will comfort all father's and mother's hearts who have a soldier boy and for whom they pray daily, he may not lose his Christian faith under the temptations of military life. Read it to your young men and to those who have not enlisted. It will do them good.

During the civil war a dashing young American soldier from a subordinate rank quickly rose to the command of his regiment, the First Ohio cavalry. While at the head of his men, leading a desperate charge in the battle of Stone River, he was killed.

That was on December 31, 1862, and Col Milliken was only twenty-eight years old when he fell. Among his papers was found a document which he had entitled "The Soldiers Creed," and here are some extracts therefrom:

"I have enlisted in the service of my country for the term of three years, and have sworn faithfully to discharge my duty, uphold the Constitution, and obey the officers over me.

"Let me see what motives I must have had when I did this things. It was not pleasant to leave my friends and my home, and, relinquishing my liberty and pleasures, bind myself to hardships and obedience for three years by a solemn oath. Why did I do it?



"I did it because I loved my country. I thought that, having been a good government to me and my fathers befor me, I owed it to her to defend her from all harm, so when I heard of the insults offered her I raise up as if some one had struck mother, and as a lover of my country agreed to fight for her. And so I drew up a set of resolutions like this

"'1. As my health and strength had been devoted to the government, that I would take as good care of them as possible; that I would be cleanly in my person and temporate in all my habits. I felt that to enlist for the government and then by carelessness or drunkeness make myself unfit for service would be too mean an act for me.

"'2. As the character I have assumed is a noble one, I will not disgrace it by childish quarreling, by loud and foolish talking, by profane swearing, and indecent language.

"'3. As my usefulness in a great measure depends on my discipline. I am determined to keep my arms in good order, to keep my clothing mended and brushed, and to attend all drills and to do my best to master all my duties as a soldier and make myself perfectly acquainted with all the exercises and evolutions, and thus feel always ready to fight. It seems to me stupid for a man to apprentice himself to as serious a trade as war, and then try by lying and deception to avoid learning anything.'"

A soldier of this type will be an honor to his country.—Western Christian Advocate.

SOUTH MEETS NEGRO PROBLEM

League Meeting at Chattanooga Is Attended by State and City Officials and Leaders Engaged in Betterment Work.

Chattanooga, Tenn.—Of peculiar interest because of the war and the Negro labor problems, the eighteenth annual session of the National Negro Business League, held in Chattanooga, has been given much publicity in the South. A three days' convention, one of the meetings of which was held on the top of Lookout Mountain, furnished an opportunity for prominent men—both white and colored—to discuss Negro business problems. A large number of valuable papers were read by members of the league.

Jessie M. Littleton, Mayor of Chattanooga, opened the session with a patriotic speech in which he declared he would rather walk at the head of a Negro regiment than one composed of members of any other race. He was given a prolonged ovation.

Gov. Thos. C. Rye was another prominent speaker, and paid a tribute to the Langston Rifles, now company G of the national guard, organized nearly 40 years ago. He praised the loyalty of the Negro and paid tribute to Booker T. Washington, founder of the league.

J. C. Napier, president of the league and re-elected at this session, was formerly register of the U. S. treasury and cashier of the One Cent Savings bank of Nashville. He paid further tribute to Booker T. Washington. In the course of his address he said:

"Emancipation had brought physical freedom to the Negro, but the effects of centuries of slavery still hung to him. A combination of circumstances and events had put him in a peculiar position. If, after emancipation had come, a spirit of friendship and helpfulness had been inspired and cultivated between former slave and former master both would have been in a different temper to adjust the new conditions and relations in which they found themselves.

It was not until Booker T. Washington came upon the scene that this propaganda was set out and began to be promoted. Either directly or indirectly his work has in one way or another had the effect of not only raising and elevating every one with whom he came in contact, but many who have never seen or heard him have been inspired with lofty ideals, have been raised to a higher standard of civilization, to a greater degree of usefulness. He was the friend of all and knew nothing but to love his fellow men. Even for those who reviled and hated him, those who misunderstood and misrepresented his aims and methods, those who never allowed an opportunity to pass to place him in a false light before his fellow man and the country, he never was known to utter a word of abuse or rude reproach. He was always too busy too earnestly engaged in his efforts for the "uplift of his people, the elevation of the lowly."

During the last day of the session a discussion of migration was conducted by Dr. R. R. Moton, principal of the Tuskegee Institute, and Dr. D W. Sherrod of Meridian, Miss. In this discussion Dr. Moton delivered a speech in which he said:

"There are certain advantages which the Negro here in the South has, and which the North does not offer. Competition is not so strong in the South and the Negro can buy land in any city and state in the South with comparatively little money. We are not as accustomed to the climate there as we are here in the South. Neither are we as accustomed to the people of the North as we are to those of the South.

"In the South we must see to it, and use every means to see, that the Negro gets higher wages; that he works under favorable conditions; that he has good schools for his children, and that he has the proper protection of life and property everywhere, as any other class of citizens. Mob law, lynching, burning, or any other form of injustice does not and cannot help the situation in the least."

Juvenile Thief Goes to Whittier

The youthful purloiner who filched from the cash register of Smith & Leggetts's drug store checks and cash aggregating nearly $200 a few weeks ago, has been apprehended and on trial in the Juvenile Court has been ordered confined to Whittier until he is 21 years of age.

The youthful miscreant confessed the theft and showed the officers where the empty pocketbook and check were cached.

And thus closes the last act in this pitiful drama in real life, one in which lack of moral training is shown to have rendered a youngster all too susceptible to the lures held out to youth

For Negro Life and History.

Upon the recommendation of Monroe N. Work, editor of the Negro Year Book, Noah D. and Eloise Bibb-Thompson of Los Angeles, were selected by the executive council of "The Association for Study of Negro Life and History," as persons desirable as members of the association.

The annual convention of the association was recently held in Washington, D. C., where new members were recommended and further plans inaugurated for prosecuting the work of saving the records of the Negro race.

A "Journal of Negro History" is published quarterly by the association. Prominent among the members of the organization are Geo. Foster Posboy, Julius Rosenwald, Moorfield Story, J. G. Phelps Stokes and many others prominent in literary and business circles.

It has been suggested by Editor Monroe N. Work that a branch of the association be organized on the Pacific Coast with a view to popularizing the movement of unearthing contributions to civilization, which has been so long neglected.

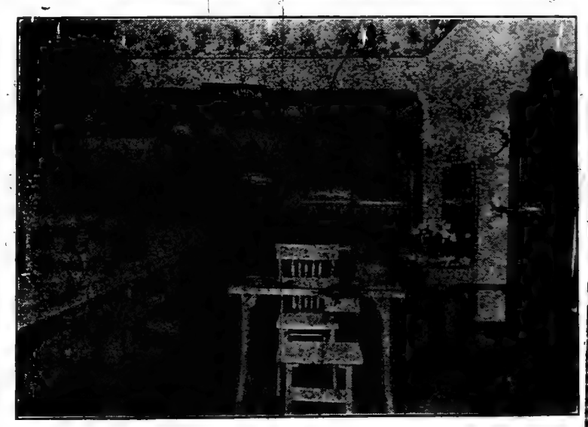
Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life



to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

MORE ABOUT THE HOUSTON RIOT

SUMMARY OF MANAGING EDITOR OF CALIFORNIA EAGLE'S THREE MONTHS SOJOURN IN THE EAST.

LANDING AT HOUSTON

We reached Houston, Tex., on the morning of Sept. 13th, almost famished, since passengers on all trains passing through Jim Crow states are denied dining car service, hence our first duty was that of self preservation and we hastened into the Jim Crow cafe connected with the Railroad company where we were accorded excellent service by a member of the Race, who in answer to our inquiry informed us that he was running the cafe for the company for the accommodation of the Colored people.

So anxious were we to start upon the mission that actuated our going to Houston that we started our inquiry into affairs concerning the Race at that city, by asking the Colored lad in waiting at the table, what was the present condition of affairs? After looking carefully to the right and to the left, this lad ventured to answer that things were in a fearful condition; that only the night before there had been a near riot between the Races.

This, as we then thought first hand information, caused us to be a bit fearful; but did not wave our determination to investigate the Houston riot since we had promised many of our friends that with God's help we would, if possible, get the actual facts in the case.

Hence, after we had been amply refreshed, we checked our baggage, not knowing just where we were going, and started out in search of the Colored business section. We had walked but a few blocks in a burning sun, stopping only to ask the first Colored gentlemen we met if we were going in the right direction, when we noticed that we were in front of the U. B. F. Building, the object of our search. We mounted the stairs, and entered first the office of the Houston Observer; a neatly furnished and splendidly equipped printing office. We noticed that three men were at work in this sactum, which was presided over by C. F. Richardson, managing editor, all of whom impressed us as being thoroughly capable and splendid representatives of the Race.

We were especially impressed with Mr. Richardson, as being a sober minded, energetic young man, who is weilding wholesome influence far better racial conditions at Houston, and the OObserver, we believe under Mr. Richardson's efforts will not be in vain.

From the Observer's office we next visited the office of the Western Star and found Mr. S. B. Williams presiding. We readily explained to Mr. Williams the object of our visit to his city and very graciously accepted his guidance over the Colored business district.

After showing us thorugh the U. B. F. Building, a massive structure in the commercial heart of the city, with three or four large store rooms on the ground floor and ten or twelve large offices, including Physicians, Dentists, Lawyers, Insurance Companies, Real Estate and Printings Offices, Mr. Williams then guided us just around the corner on Prarie Ave., into the Tabor Building, a similar proposition, where we found neatly furnished offices occupied by Race men and women, representing various professional walks, and doing business on a highly creditable scale.

We noticed the gathering of about 50 women who came out on their regular meeting day of the S. M. T. in their lodge rooms in their own hall. We met these ladies and availed ourselves of the opportunity of exchanging ideas. We were pleased to notice that they were highly cultured and keenly awake to the position occupied by our people in the United States today, and especially concerned about the prevailing atmosphere of their home town since the Houston riot.

After we had watched these ladies assemble, our guide, the genial Mr. Williams, then conducted us up to the Lincoln Theater on the upper end of the same street.

The Lincoln Theater at Houston, Tex., is every bit as nicely equipped as the Lincoln at New York, in fact we think the Houston Lincoln is more artistic and refined in decoration than is the prided Lafayette at New York.

Mr. O. P. De Walt, manager of the Lincoln added his name to our subscription list and took great pride in showing us in detail the theater in its entirety, darkening the building and turning on the lights in order that we might get the actual effect of things in working order.

As we listened to this young man's explanation of his proposition and noticed the successful manner in which he was conducting the affairs of this business, we could but discern in Mr. De Walt a personality that defied obstruction and hailed success with delight.

From the Lincoln we next visited J. L. Andrews, the grocer at 408 Milam St., we did not need anyone to tell us that Mr. Andrews' business was second to any in the city of Houston, having been established for 16 years. We stood in the store about ten minutes, long enough to observe that half, at least, of Mr. Andrews' trade was white and that his partner and right hand man was his son, a splendid speciman of manhood and a thoroughly capable business man.

We wound up our business crusade at the Southern Pacific office, the road over which we were traveling and was informed by the agent there that we could only leave Houston on certain tains viz: those carrying Jim Crow compartments.

Our good friend and guide, Mr. Williams, who is not only a newspaper man, but also one of the public school teachers, finding that his time had about expired, turned us over to Mrs. Vance Lewis, the splendid wife of Lawyer Lewis, who recently visited Los Angeles, and we immediately started our search for actual facts in the Houston riot.

THE HOUSTON RIOT

We had not gone very far in our research before we found that the information given out by the waiter lad at the station, where we had landed the morning of that day, was the result of a bogus article that appeared the evening before in a little yellow journal known as the "Houston Press." which came out with big scare crow head lines stating that "Negroes in Riot Plot," had been seen by boy who heard plans.

The article went on the state that "a 'Press' carrier had overheard Negro soldiers and civilians planning an attack on Houston policemen and street car men Monday evening, and had told his straightforward story to the Press Tuesday, also that he saw three of the Negro civilians, when he delivered his papers in the San Felipe district, Tuesday, three of whom were lined up at a Negro saloon imbibing 'courage.'"

This same newsboy, the "Press" stated, was willing to go with the officers and locate said Negroes, but police officers failed to place credence in the story, which caused this same trouble breeder, the "Press," it seemed, to remind those in authority that they had also failed to place credence in reports of threatened troubles that reached them several hours before the outbreak of the bloody riot on the night of August 23rd.

So strong was the desire of this Houston "Press" to pull off an East St. Louis Massacre at Houstone, that in this manner it pledged for its newsboy's virtue and integrity and truthfullness.

"Here's Something About Boy Who Heard Plot Plans

From the Press

Casimere DeBajligethy, the Press carrier, who overheard the riot plans of Negro soldiers and civilians beneath the Sabine St. bridge, Monday afternoon, has been a member of the Boy Scouts more than two years.

He is secretary-treasurer of Troop 15.

He wears two service stripes on one sleeve and a first class scribe shrevron on the other.

We was formerly a patrol scout leader.

He is a member of the Methodist church and Sunday School and holds a five-year Sunday School medal.

During the past six years he has been absent from his Sunday School class but three times.

This is the kind of a boy whose word is being questioned and whose report of Negro riot plots is being ignored by civil and military authorities.

While the Press is stirring up antipithy between the Races, The Houston Daily Post, a paper saner by far, and cleaner in every way than the "Press" answers the appeal of the Press in what might be considered from all angles fair for a paper so situated:

"Stop the Trouble Rumors."

Houston Post

"The public statement of General Bell and Mayor Hutcheson ought to put an end to the swarm of rumors which have been larming the public of late as well as to afford a feeling of security to all the people of the city.

"General Bell's assurance that armed Negro soldiers are not going to be permitted to leave the camp can be confidently accepted, for the reason that he has taken every precaution to see that they do not and because he has ample force to prevent it.

"With all danger removed from that source, the people of Houston ought to proceed with their ordinary affairs. If trouble occurs, it will be more likely trouble of Houston's own making, and surely Houston people who have shown such fine self-control under extreme provocation ought to be able to continue it under conditions of security.

"It is true that the affair of August 23 has left some unfortunate friction of a racial character that the wiser people of both races ought to compose without delay. It is the existence of these conditions that causes so many people to fear trouble, and to predict it.

"There is a class of Negroes as well as a class of whites that are to blame. There are in Houston as elsewhere, white men who have a deep-seated animosity for all Negroes, and there are Negroes who have an equally bitter feeling toward the whites. These must not be permitted to embroil the races, and Mayor Hutcheson

SOCIETY AGLOW

MR. THOMAS A. COLE

MRS. THOMAS A. COLE
Formerly Miss Lorenza Jordan

JORDAN-COLE WEDDING

Notable among the events of this season was the union Wednesday evening of Miss Lorenza Jordan and Thomas A. Cole.

The ceremony was performed by Rev. J. Logan Craw at the First A. M. E. Church. The wedding was announced for 8:30 but as early as 7 o'clock the great church with a seating capacity of 1,000 was packed to its utmost capacity.

The bridal altar was the most beautifully arranged that society folk of Los Angeles have ever before been privileged to witness.

Mr. J. Caulsberry, the Central Ave. Electrician assisted by E. M. Hubbs, noted decorator, was in charge of the decoration which consisted of a beautifully arrayed Grecian Rose garden at the entrance of which towered, on either side two ancient cocoon rose stall holders carrying great pink balls of soft lights sheading slanting rays down the center isle through which the bride was to come, while directly over the altar dipped a great horseshoe brilliantly garnished and inlaid with twenty-four budlike incandescent lights and on either side of the great horseshoe two hearts, lighted after the same fashion were joined by delicate pink bands of ribbon.

The great audience sat spell-bound enchanted, as it were, by the beautiful effect, awaiting the coming of the bride.

At 8:30 the great organ over which Elmar C. Bartlett presided, hid behind a cluster of six beautiful flower pots, which formed a background for the other brilliant decorations; pealed softly forth, and Mrs. Sidney P. Dones in soft pink gown, a picture of Mona, stole from behind the green branches and with her violin enchanted the great audience anew, and then came Miss Maudetta Rosemond, who in rich mellow tones sang "The Bridal Song," and as the organ played on the bridesmaids came in regular order draped in beautifully designed creations carrying out again in color scheme the old rose and nile green the idea of the rose garden.

The maids and groomsmen were: Misses Vernal Moore, Commie Johnson, Alma Criesuf, Irene Givens, Leola McKinney, Melba Boswell. Groomsmen, Clarence Curly, Payne Middleton, Lawrence Green, Leon Folk, Jno. Gray, John White.

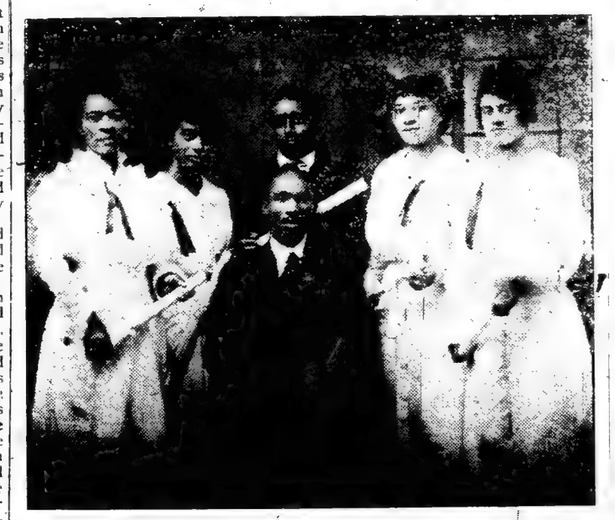
Maid of Honor, Miss Inez Jones; Page of Honor, Mrs. Daniel Polock.

Best man Wm. Cole, brother to the groom.

Flower girls, little Sidnetta Dones and Catherine Hall. Ring bearer, Master S. McAllister. Cupid, Master Wm. Beverly.

So beautifully they came tripping down the isle that it seemed that the whole church was transformed into a rose garden and the beautiful maids, and handsome men represented butterflies and roses. Especially charming were the little folk of the bridal party. As by magic each one took his and her place in the garden, and then again the great organ pealed forth in quiet but impressive tones "Here Comes the Bride." Necks were strained and eyes went wide and tripping down the isle came the bride attired in a gown of dazzling white satin fashioned after a Turkish Hem Paniel Frock, hand embroidered in roses, draped in real silver lace and tulle with a tulle and real lace veil caught with orange blossoms. As the bride approached the altar Cupid took his deadly aim and the work was done.

The bride was given away by her father, and after the ceremony and the placing of the ring the happy couple faced the audience while Mr. Thomas Johnson sang "I Promise You."



The bride, Miss Larenza Jordan, is the daughter of Mr. and Mrs. E. Jordan of Gladys Ave., and one of the cities favorite musicians. She will be greatly missed in the music and social ranks of the city.

Mr. Cole, a native of Elberton, Ga., and a Biddle University graduate came to Los Angeles in 1914 and worked for a time for the California Eagle, but later went into the railroad service and at this time holds an excellent position under the vice president of the Northern Pacific R. R. making his home at Seattle, Wash., where the happy couple will be domiciled after October 5th.

The entire arrangement of this most beautiufl of Los Angeles' weddings was planned and executed by and under the direction of Mrs. Clara Hulbert.

Mrs. Hulberts idea of a rose garden wdeding and the hand embroidered roses on the wedding gown, all the work of her nimble fingers, and fertile brains is being highly commented upon and praised by the Los Angeles public.

So beautiful was the wedding gown that there are those in the city who declare it imported, but the extent of its importation was 20th and Hooper Ave. the location of Mrs. Hulbert's residence.

A FALL GRADUATING CLASS OF 1917 FROM BIGGERS' BUSINESS COLLEGE

Reading from left to right, the graduates are: Mrs. Marie Jeter, Miss Florence Z. Robinson, Mr. Jefferson Ammons, Miss Charlotte Brickhouse, Miss Drucilla Polk; in the center, Prof. Chas. A. Biggers, A.M., president and instructor.

For five consecutive weeks in the columns of **The California Eagle**, will appear an oration of these graduates, beginning this week with the oration of Miss Florence Robinson.

The college continues to run; its fall term has begun.

GRAND ORATION MARKS RETURN OF EAGLES MANAGING EDITOR

(By H. Douglas Greer)

Those who were present in the old historic A. M. E. church, corner 8th and Towne streets Wednesday evening, September 19th witnessed a scene unparalleled in the history of Los Angeles.

The citizens of Los Angeles planned a reception for Mrs. C. Spear-Boss, managing editor of the California Eagle, whose indefatigueable efforts to raise the standard of negro citizenship and character in this community were attested to by the timely addresses of the principal speakers of the occasion.

Mr. Millan Lewis, president of the occasion prior to introducing the program of the evening, spoke in commendable terms of the far-reaching influence that has been and is now being exerted in Los Angeles by Mrs. Boss in the newspaper that she represents.

After a three month's visit to eastern and southern points Mrs. Boss returns to California highly magnetized with interest, facts and figures concerning the progress and development of the Negro in all sections of the country.

While the trip was not primarily in order to gather data appertaining to the race, Mrs. Boss has ingeniously combined pleasure and business in such a harmonious and student-like way as to afford interest and instruction to those who listen to her argument on that occasion.

In clear forceful language Mrs. Boss related the stor of her experience in and around some of our big cities, telling of their rapid strides toward economic independence.

While man students of race conditions in America apportion praise and condemnation indiscriminality with little or no regard for the particular or individual circumstances surrounding the condition nor any regard for the problem as it effects certain classes in certain localities, one could not help but appreciate the precise and authentic reports brought back by Mrs. Boss, who excuses nothing on the ground of being afraid to condemn it.

Mrs. Boss praises those sections in which she found Negroes working within their resources for the betterment of race condition as they peculiarly affect the Negro, and those who are lending themselves and their forces for the amelioration of social and economic condition as they concern all classes of people.

Mrs. Boss was strong in her denunciation of the lazy, shiftless, indolent people who infest the principal streets and thoroughfares of some of our principal cities throughout the east and south.

At the conclusion of the address by Mrs. Boss, Mrs. Clara Hulbert who had been selected by the citizens committee, presented a solid gold wrist watch to Mrs. Boss, a gift from the citizens of Los Angeles, and bearing an inscription to that effect.

Mrs. Boss responded to the presentation, accepting and expressing her appreciation for the demonstration of esteem by the citizens of Los Angeles and further pledged herself to sustain the honor and indegrity of those who had come to so honor her.

Atty. Hugh E. Machett, who introduced Mrs. C. Spear-Boss, ably commended the work done by Mrs. Boss and advised all race lovers to support the enterprise of which Mrs. Boss is a leading exponent.

Mrs. E. C. Buckner, whose contributions to literature are assuming unusual proportions read an original poem, delineating the mission of women on earth and which was inscribed to the honored person on that occasion.

Miss Velma Wood delighted the audience with the rendition of an exquisitely played piano solo. Miss Woods is developing an unblemished technique, and with age and experience should round out a wonderful ability as a piano-forbe soloist.

Dr. H. H. Prowd, pastor of the Second Baptist Church, spoke in brief of the double enjoyment; by way of illustrating how glad we were when Mrs. Boss first caem among us and now that she has returned we are doubly glad.

The vocal solo sang by Miss Beatrice Young was very pleasantly received and had it not been so late she would undoubtedly have been called upon for an encore.

The combined choirs, consisting of the Second Baptist and 8th and Towne under the direction of Prof. Bartlett, rendered some charming selections.

The citizens committee presided over by Mr. W. E. Easton, has accomplished a work that deserves the honorable mention of all the citizens of Los Angeles andw hich will be long remembered.

Popular Business Woman Wed

Taking her many friends by surprise, Miss Ada H. Ross, well known and successful hair dresser, was on last Wednesday, September 19, married to Mr. Ernest Wagner of Newton, Kan. After the nuptial knot had been firmly tied by Rev. N. P. Greggs, pastor of the Independent Church, the happy couple hied away to the beach,

where they spent their honeymoon.

The groom is one of the solid citizens of the great State of Kansas, and Mrs. Ross is one of the pioneer business women of this section who has demonstrated her capacity in the business world by successfully conducting and propagating the C mo hair preparations, the headquarters of which are located at 949 Hemlock street.

Mrs. Ross-Wagner will continue in her business at the above number and enlarge its scope. Her many friends are much pleased, and she has been very busy receiving their congratulations.

The Eagle extends best wishes for a safe voyage o'er the sometimes troubled sea of matrimony.

"THE LESSONS OF LIFE"

Oration by Miss Florence Z. Robinson

There are many connections to this subject, but we shall deal only with those that strike us as school girls. We cannot even mention all the lessons that we have experienced, for it would indeed fill a book; but after all, experience is the dearest teacher, and as it is often said, "Bought sense is best," therefore it behooves us to pay for what we get, however great or small, it will serve our best interest in the future even though the price be in hard labor.

If we desire a special thing or achievement in life, we must work in that direction and pay honestly for what we get. In leaning forward, we find many things to attract our attention elsewhere, and the young colored girl finds many discouragements and disadvantages; or example when beginning our courses at the Biggers Business College, so many discouraging words were spoken to us; and considering that the negro is so ungrateful to his leaders serves as circumstantial evidence that he is standing in his own light. He, should boost his brothers' business and make himself useful in every way in fos-

Sunday was a great day at Wesley M. E. church. At 11 a.m. the pastor's subject was, "Obedience to Our Hightest Callings," using as a text the words of Paul in Acts 26:19. "I was not disobedient to the heavenly vision."

In the evening the sermon subject was "Jacob."

This Sunday closes up the Conference year. The pastor will preach both morning and evening.

Indications are that the reports from the church will be up to the usual standard in spite of the strenuous times and being without a pastor for four months of the conference year.

This is conference Benevolence Day. Every member is expected to be out and hear the annual report and contribute to the benevolent cause for the year.

The services at this church were of a highly spiritual order on the past Sunday. The pastor preached at both services and the sermons were highly enjoyed. There were two accessions to the membership at the morning service. At the board meeting on Monday night plans were laid for the greatest year's work in the history of the church.

Bishop Phillips, who held one of the most successful sessions of the conference in its history, left the city on last Friday for his home in Nashvill, Tenn. While in the city the Bishop was the guest of Mrs. A. E. Kinney on East Fifteenth street. Mrs. Harris of San Diego and her mother, Mrs. French, were also guests of Mrs. Kinney during the conference. The Bishop and conference were guests at a dinner given at the home of Mr. and Mrs. R. M. Mitchell on N. Savannah St. on last Thursday. The conference voted Mrs. Mitchell a most delightful hostess.

The Bishop and conference were the guests of Mrs. A. E. Kinney at a farewell breakfast on Friday morning. A most delightful time was enjoyed. Thus ended the greatest session of the California conference ever held and the preachers went away loud in their praises of Los Angeles and its hospitality.

SOCIETY

Mr. and Mrs. Wm. Boatman of Monmouth announce the engagement of their daughter, Miss Kathleen, to Mr. Vassa E. Wysinger of Fowler, Cal.

Miss Clifford Robinson of 3685 Griffith avenue gave a party in honor of her sister, to Mrs. J. H Bradshaw and Mr. Ennis Wilson. A jolly evening was spent with musical numbers and games. Dainty refreshments were served to 39.

Mrs. J. B. Jackson of Long Beach entertained at a dinner party Tuesday, Mrs. Beatrice Fair and daughter of Portland, Ore.; Mrs. Lulu Hubbard of Portland, and Mrs. Mabel Ross of San Francisco, and her daughter, Mrs. Mae Anderson Johnson of Los Angeles.

A surprise indeed was given to Mrs. Wm Carroll on Tuesday, September 20, by her husband on her birthday, when a bevy of friends unexpectedly made their appearance at her home, 1801 So. Berendo street. A delightful evening was spent and it was indeed a most pleasing anniversary for Mrs. Carroll.

Entertain at Dinner.

Mrs. Dora Gamble 1500 East 20th street, entertained at dinner Sunday Rev and Mrs. J. Logan Craw, their mother and their aunt, who is visiting them from Parsons, Kan.; also Mr. and Mrs. J. B. Bass, Mrs. J. W. Moxley and Mr. Boden.

The dinner was served in true Kansas style and Mrs. Gamble proved herself to be indeed an enviable hostess.

Little Society Talk.

Saturday, September 23, little Ernestine Jones, daughter of Mr. and Mrs. C. Jones, of Ceres avenue, entertained in honor of little Olga Harris of San Diego. The table, daintily laid for six, was very prettily decorated in pink and white assorted candies. The color scheme was further carried out in collatation, consisting of animal crackers, peanuts, popcorn and assorted ices.

After this bountiful feast the little society folk spent the time in games and piano selections.

The little girls present were Olga Harris, guest of honor; Ernestine Jones, hostess; Fay Levy, Hazel Renfro, Lillian Goodwin and Georgia Carruthers.

Logan Cran and his good wife, the citizens are tendering him a public reception at the 8th and Towne St. church, Tuesday evening, October 2nd. FIRST A. M. E. ZION CHURCH
Pico and Paloma Sts.
Rev. B. C. Robeson, Pastor

Rev. S. E. Edwards, of Fresno, Cal., is acting as pastor during the pastors absence at conference which convenes at San Francisco under Bishop L. W. Kyles. A nice crowd was out and enjoyed an old time gospel sermon, of how God cares for his own. He admonished to be not unmindful of their christian duties. He told those in the church to cease clinging to some old sin after coming into the house of God—such as gambling, drinking, lieing and other forms of wickedness. Next Sunday at 11 a. m. he will preach on, "The Church Under the New Dispensation. Sunday school at 9:45 a. m. Classes for grown-ups. All are welcome. Strangers invited. Seats free.

New Hope Baptist Church.
1623 Paloma Street.
REV. A. LIVELY, PASTOR

Two large congregations greeted the pastor at both services sunday, and we rejoice to say that the church is moving on. In the evening the pastor preached with his matchless eloquence, on "Daniel in the Lions' Den," and all present were wonderfully blessed.

Much enthusiasm is being shown in the Young Women's Missionary Sociey.

A hearty welcome to all.

BETHEL
Church of Christ (Holiness).
1546 Palomares Street.
REV. W. A. WASHINGTON, Pastor.

The services at the church were full of inspiration and power last Sunday.

The pastor preached two convincing sermons to two very attentive congregations. Five accessions to the church.

Next Sunday the pastor will preach morning, and evening. At 3 p. m. there will be baptizing.

Come and worship with us and we will do you good.

Miss Lynch Writes From The Prairie State.

Jacksonville, Ill.,
Sept. 12, 1917.

Editor of The California Eagle,
Los Angeles, Cal.

Dear Friend, Mr. Bass:

Again I attempt to write you from my home here in the Prairie State. It is not about my trip home, this time, but about some of the race churches. I shall not take time to write fully of each of them just now, but hope to say more about each in the future.

We have five nice-sized Negro churches which are as follows: The McCabe Methodist Church, Rev. Mackey, pastor; Second Christian Church, Bro. Brayboy; the Second Baptist, Rev. H H. Dewitt; Bethel A. M. E. Rev. Fisher, and Mt. Emory Baptist, Dr. E. L. Scruggs.

The last two mentioned have a spacious edifice with apartments for the kitchen, dining rooms, rest rooms, and separate Sunday-school rooms, all modern and convenient.

Each of the pastors mentioned have been here from one to five years, Rev. Dewitt having pastored Mt. Emory sixteen years at one time. For the last three years Dr. Scruggs has pastored Mt. Emory. He came here from Monmoreta, Ill., where he was a pastor for many years. He was also the first president of Western College, the school from which I graduated, and for sixteen years he held that office Since being in this city he has helped to organize within his church a Brotherhood, it consisting of some very strong Christian men—men with intellect, business ability, money and influence—the kind of men of whom any race should be proud.

The object of the brotherhood is not so much to raise money, but more to get better acquainted with each other; to know each man as he is, and yet love and respect him. When any member of this body of men becomes sick or hard pressed, he has only to let the Brotherhood kuow of it. and that is sufficient.

This organization also has a special interest in the young, as it aims to place before them some of the best artists our race affords. The last two years it has had four large concerts a year, and has had such well known artists as Madam Hackley Mr. Douglas, Mr. Bodine, the Williams Jubilee Singers, etc. Mr. C. W. Tinsley is chairman of the program committee, and it is through him that many of the artists have appeared. They are now planning a series of programs, by different well known leaders and musicians, which will run in a circuit, taking in many cities, from Decatur, Ill., and Jefferson City, Mo. Messrs. Tinsley and Bodine have charge of this. Before another year they hope to have this circuit reach to the Coast.

The different artists already booked for this winter are Mrs. Hewitt Smith of Chicago and Mr. Bodine of Mexico, Mo., who will appear together; Mrs. M. B. Anderson of Chicago, Miss Dixon, elocutionist, of Chicago; Harry H. Burley of New York, the Williams Jubilee Singers and Dr. W. T. Vernon. We feel, as does the Brotherhood, that when the public sees and hears such noted men and women as these, they will have a greater enthusiasm and aspiration to do something to help build and uplift the race rather than degrade it. We are proud to know that such a spirit exists here. I think I can speak truthfully when I say that this is one of the strongest—or strongest—brotherhoods to be found anywhere.

RIVERSIDE

Last week was a gala week for the folks of Riverside. The great bazaar and fall festival given by the 2d Baptist Church, was the occasion of the week's jubilee. It was one of the biggest things ever attempted by the people of Riverside; but, to say the least, it was a success. The festival ran for four nights—each night a program was rendered to the deligh of all present. There were five booths beautifully decorated in keeping with the occasion.

A reward was offered for the most beautifully decorated booth and the booth reporting the most money raised. The refreshment booth, of which Miss May Wiley was chairman, won the prize for the most beautifully decorated booth; and the dry goods booth, of which Mrs. Geo. Gordon was chairman, won the prize for the most money reported.

San Bernardino talent furnished the program on Wednesday night. It was a splendid presentation.

On Friday night a young ladies' drill team from San Bernardino presented a very fine floral drill.

Rev. G. W Reed, pastor of the church, was the promoter of the affair. His genius for getting up and promoting big affairs was well demonstrated by the success of the great festival.

Sunday was rally day, and a goodly sum was realized.

Rev. Mr. McRae of San Bernardino preached a very interesting sermon at the 2d Baptist Church Sunday night.

Miss Margaret Clark exhibeted several fine paintings, of which she was the author, at the bazaar.

Rev. W. H. Rozier has been called to and has accepted the pastorate of the Park Avenue church.

CARD OF THANKS

To the Citizens of Los Angeles:

We are unequal to the task of expressing ourselves in return for your very cordial and generous welcome after a three months' absence from your midst. Little did we think that our service merited the greeting and token of esteem, but the same shall ever remain one of the most pleasant incidents of my life. And with a renewed zeal we shall seek to do what we can at all times for the continued uplift and progress of not only a race but a country as well.

MRS. C. A. SPEAR-BASS,
Managing Editor California Eagle.

One thing certain, Old Heflin of Alabama must either fish or cut bait. He is now up against a different condition than persecuting the lowly Negro.

A recent editorial on irresponsible barefoot leadership, evidently hit somebody a blow, as we have heard a yelp, and we have only started on our crusade against this pernicious evil, and if they cannot stand the gaff it's MOVING DAY.

As to patriotism the colored women as ever will take no back seat and the Harriet Tubman Club, is not theorizing but hard at work in the work of the Red Cross as an adjunct to that great organization.

Central avenue is forging to the front in a business way as new concerns are weekly opening up.

The daily press telegraphic news seems about the limit of uncertainty. This week they had the colored porter killed by the Montana soldiers and later he was up and walking around, and now what are we to really believe?

And the southern fire-eaters want the accused members of the 24th Infantry turned over to the tender mercies of the Houston courts, the Texas justice, so they might receive justice in all its fullness as measured by Texans.

THE TIME TO MAKE GOOD IS AT HAND

With the multitude of opportunities open it is self evident that the time for a people, an organization or individual, to make good is at hand, and in all the various lines open the greatest incentive is offered for those who make good; therefore, one carries his destiny, as it were, in his own hands, and the password along the line is, **make good.**

We notice that in the selective draft that Georgia, Alabama and Louisiana have come up shy on furnishing their quota for the first draft for the national army to the tune of about 1000 men for each of these states, and also in the other southern fire-eating states this condition exists, an dthey will truly be glad, it is said, when the call comes for the black soldiers so that they can furnish their quota. These are the states which do their utmost to keep a struggling race down and also the states which come up lacking when their country is in the direst need.

A STRONG PRESS

A speaker at the Forum on last Sunday in speaking of an article which had appeared in the daily **Record** in one of its issues of last week, proclaimed that what was needed at this time was a strong public Press to meet and answer these pernicious and seditious attacks put forth by such sheets as the daily **Record.** He stated further after particular reference to the **California Eagle,** that he did not know just why this paper failed to meet this particular issue, but that of all others it was confidently expected that we should be on the job every minute and make this fight for the race.

Now in answer to this gentleman we admit every word which he uttered is true and that the public press is our hope, our stay, our refuge, and with such copperhead sheets as the Record, we should ever be in a position to hurl these attacks back into their teeth. We seek no alibi, but we are frank to admit that without a united and strong support from our very own people we are at all times handicapped. We are even at times so busy in our efforts to make ends meet that we have not the time to peruse all of the daily papers. Such was the case in this instance, the first we heard of the article complained of was when read at the Forum. But when our people shall give their press just one-half the support they deserve, then will that press be in a position to take up these propositions and give to them the time and consideration they deserve. So Mr. Scott's query is timely and if he will follow it up and urge upon the people the same support for their very own press as he gives, this feature will soon find a remedy.

Original Poem

Dedicated to Charlotte Spear-Bass by by Eva Carter Buckner on Occasion of a Welcome Home, Wednesday Evening, September 26, 1917.

Oft we hear the mooted question—
"Now, what is a woman's sphere?
What should be her work, her calling?
And some answers are so queer.

Very much like—well, you've heard it
To a certain people said:
"Just to this, or that, you're suited;
Be not by your impulse led."

Just as though an aspiration
Could be crushed, or hope be killed
When the atmosphere so generous
Is with inspiration filled!

We believe a woman's calling
Is whate'er she choose to do,
Just so long as it is noble,
And to self she can be true.

Aspirations are so varied,
And the field so very wide,
When a woman's fitted for it,
Why, then, should she be denied?

She is forging into channels
Where, one time, she dare not tread.
Yes, the Negro woman also
By the same impulse is led.

And we need her—let us cheer her—
If we nothing else can do—
Put no obstacles before her;
Ways are hard enough to hew!

Yes, we need courageous women
Who will ever dare and do—
Acting well the part they've chosen—
Ah, dear one, we've need of you.

Give a message to your people—
Give it out unto the world!
May it help to make it better,
As to all the truth is hurled.

THE SOLDIER'S CREED

Many of our soldier boys go seriously about this business of war. They know what it may mean to them. It is not easy for them to surrender their personal liberty and to be swallowed up by the rules and regulations of the military. They know they must not lose themselves in the mass of soldiers. They must answer to their God not in any official or professional capacity, but as individuals. He must have initiative, hence he must cherish his faith and follow what he believes. Recently we found a noble creed written by a lamented soldier of the civil war. Its frankness and high idealism will comfort all father's and mother's hearts who have a soldier boy and for whom they pray daily, he may not lose his Christian faith under the temptations of military life. Read it to your young men and to those who have not enlisted. It will do them good.

During the civil war a dashing young American soldier from a subordinate rank quickly rose to the command of his regiment, the First Ohio cavalry. While at the head of his men, leading a desperate charge in the battle of Stone River, he was killed.

That was on December 31, 1862, and Col Milliken was only twenty-eight years old when he fell. Among his papers was found a document which he had entitled "The Soldiers Creed," and here are some extracts therefrom:

I have enlisted in the service of my country for the term of three years, and have sworn faithfully to discharge my duty, uphold the Constitution, and obey the officers over me.

"Let me see what motives I must have had when I did this things. It was not pleasant to leave my friends and my home, and, relinquishing my liberty and pleasures, bind myself to hardships and obedience for three years by a solemn oath. Why did I do it?

"I did it because I loved my country. I thought that, having been a good government to me and my fathers befor me, I owed it to her to defend her from all harm, so when I heard of the insults offered her I raise up as if some one had struck

Showers of Blessing from the St. Paul Christians and Friends

On last Thursday night, Sept. 20th, about 11 o'clock, a song was heard bursting forth in sweet refrain, "I want to be ready to walk in Jerusalem just like John." A knock was heard I came to the door and a host of St. Paul Christians and friends bringing with them silver offerings and packages of eatables. Among those giving silver offerings were Brothers C. R. Cole, T. C. Everly, C. Powell. Brother and Sister Rankins and Brother and Sister P. Givens. Those giving packages were: Sisters L. Hammock, Jennie Watkins, P. Hammer, M. White, E. A. Austin, A. L. Smith, Adams, W. A. Wilson, T. C. Everly, A. H. Smith and Master Paul Payne.
In the shower came a rabbit and on his neck an inscription: "Greater is he that is in me than he that is in the world," with the request that it be preached by Rev. Holt.
Yours in Christ,
MRS. R. N. HOLT,

America's Object.

"The object of this war is to deliver the free peoples of the world from the menace and the actual power of a vast military establishment controlled by an irresponsible government which, having secretly planned to dominate the world, proceeded to carry out the plan without regard either to the sacred obligations of treaty or the long established practices and long cherished principle of international action and honor; which chose its own time for the war; delivered its blow fiercely and suddenly; stopped at no barrier either of law or of mercy; swept a whole continent within the tide of blood—not the blood of soldiers only, but the blood of innocent women and children also, and the helpless poor, but now stands balked but not defeated—the enemy of four-fifths of the world."—From President Wilson's reply to the Pope.

SAN DIEGO NEWS.

The hearts of the people, both young and old, of this city were deeply touched by the sad and sudden death of Mrs. F. Spates, whose funeral was held Thursday at 3.30 p. m. from Johnson & Sons. No greater honors could be bestowe upon a king—no sweeter words spoken of a Lord. The angels above caught the strains as they floated upon the breeze, and bore them to the saints on high, and the echoes brought back the sound—"Glory to God in the highest; peace on earth to all mankind—and the sweet willow boughs and the flowers hid her from our eyes to sleep the sleep of eternal rest.

There was an organization started last Friday known as the Woman's Council of America. Its birthplace was at the Mt. Zion Baptist Church. The following officers were elected: Mrs. Ella Ross Hudson, president; Mrs. M Humphrey, vice president rec. sec'y, Mrs. C. E. Norwood; cor. sec'y, Mrs. P. Fowler; treas., Mrs. L. A. Jones; financial sec'y, Mrs. E. E. Shepherd. After brief remarks of approval of the organization by the ladies they adjourned to the parsonage, where the little folks held a reception. A grand program was rendered by the children and ice cream and cake were served. The Sunbeam Band were the happy entertainers.

The General Supervisors of the Boy Scout movement held its quarterly meeting Thursday in the Scripps buiding. Dr. A. L. Brown was among them.

The Golden Gate Sewing Circle of the A. M. E. Church gave a social for its members and friends last Thursday evening in the basement of their church. Mrs. Henderson, the president, made it pleasant for all present. Ice cream, cake and punch were the refreshments.

Mr. Gafford has just returned from his trip through the South and East St. Louis, where he witnessed the recent riot. He is much disturbed about the condition of his people in the South.

Mrs. belt of 719 So. 30th street received a card from Kansas City bearing the sad news that her father had suffered a paralytic stroke

Mr. Newton Walker, who has been drafted for the Army, professed a hope in Christ last week in Imperial Valley and came to San Diego to be baptized and join the Mt. Zion Baptist Church. The ceremony was performed by Rev. C. Williams.

Mrs. Joseph Dobbs of 3039 Greely avenue went to the hospital Sunday She is expecting a newcomer soon.

The B. Y. P. U. of the Mt. Zion Church are taking on new life. Since they have their new choir you ought to hear them sing!

Rev. Williams will preach on "The Nation's Flag," Sunday, Oct. 7. All soldier boys are invited.

Mr. Joseph Dobbs is the happy father of another boy, who arrived Sunday night. Mother and boy doing well. Only five boys—that's all!

The Missionary Aid Society of the Mt. Zion Baptist Church gave an ice cream social Monday night It was a grand success.

The Sunbeam Band had a call meeting Tuesday to elect a new treasurer. Miss Florence Denney was elected.

CARD OF THANKS.

San Diego, Cal., Sept. 25, '17.

To the Mt Zion Baptist Church:

We take this means of thanking you for the beautiful floral offering and the sympathy extended us during our saddest hours.

Mr. and Mrs. F. D. Speights,
Mr. and Mrs. William Andrew and family.
3215 J Street.

PASADENA.

Schools opened Monday.

Lieut. Richard Nelson is making good in the Home Guards.

Mrs. Whitley and Mrs. Fritze of Santa Monica were the guests of Mrs. Frank Prince Sunday.

When a preacher of the Gospel wants to become a policeman, it is time to sit up and take notice.

We are glad to report that both Mr. and Mrs. Stephen Wilson are improving and will soon be out again.

A plan is on foot to have Mrs. Spear-Bass lecture on her extensive trip East. Watch The Eagle for the date.

Mr. and Mrs. J. W. Davis are spending some time at San Diego, accompanied by their little grandson, Master James J. Gooding.

When you are in Los Angeles be sure to visit the Y. M. C. A. The Eagle office is at 814 Central Ave., just three blocks from the Y. M. C. A.

Ten young colored men of Pasadena and one from Monrovia have been drafted, and on Tuesday evening the Home Guards of Pasadena will tender the drafted men a banquet at Monrovia.

Miss Ella and Miss Alice Little of Los Angles were the guests of their aunt, Mrs. Geo. W. Little Sunday evening. They dined at the Bristol Cafe, and then attended servies at the First A. M. E. Church and returned home on the late car. Call again, young ladies.

Six automobiles motored to Duarte Sunday, loaded to their capacity. Rev. William Prince was to preach there. No one was disappointed, for he did preach; text Jonah 1.v. He is a young man in the ministry, but he is said to be a local Billy Sunday. Rev. Taylor accompanied him on the trip.

Chickens will come home to roost. A few months ago a man on Fair Oaks avenue, this city, refused to serve colored people. He proved to be a German sympathizer, and his customers went to his place of business last week and gave him just three days to get out—and he got out. All we can say is, "Be sure your sins will find you out."

I see that the Board refuses the plea for a colored fire company in Los Angeles. I ask the colored men in that city: "Do you know that you can vote?" It is said that it would not be for the best interests of the city to have a colored fire company. Votes will bring it about. Do your bit! While we remain slaves to precedent we can not be masters of opportunity. Get busy! God is not dead. So, just keep your hopes alive—have vim, vigor—and look for victory. Place your brainest men in front, and not the ignorant ones, for the less one knows the less he is able to realize what is best for him to learn, and we, as a race, are guilty of placing the ignorant in front.

MONROVIA, CAL.

Mrs. Katie Isam of Needles, Cal., was the guest of Mrs. J. Kinzy on Thursday of last week.

Those numbered among the sick this week are Mrs. W. Lockett and Mr. and Mrs J. P. Mason.

A pleasant crowd of people motored to Azusa Sunday to visit Mrs. Chas Jackson. Mrs. M. Oliver, Mrs. M. Wilson, Miss Celia Adams and Mr. Franklin from Alhambra.

Mrs. Ada Mundy, who has been very ill in a Los Angeles hospital for a few weeks, is rapidly improving, and Mrs McGuire, also a patient there, still remains unimproved.

Rev. R. H. Lambeit of Los Angeles was the guest of Mr. S. Harris and daughter on Sunday.

Three bright 4 year-old kiddies who re attending school are Willie Enge, Leonard Keary and Katherine Kinzy.

The many friends of Miss Evangeline Ross regret very much her being unable to attend school on account of poor health, this being her senior year.

Little 4 year-old Katherine Kinzy, when asked what grade she would be in next year, said, "Ch. I will be in the second grade, and I am going to study 'commercial rheumatism'; meaning commercial arithmetic.

The Baptist Missionary Society has awakened to duty with renewed vigor, having "Success" as their slogan. The president, Mrs. E. Wilson, and the secretary, Mrs. E. Enge and a few active members are planning to have a bazaar very soon.

Sunday was a day that will be long remembered at the 2d Baptist Church. Sunday school was well attended, as usual. The morning service was not so well attended, but God was in the midst of the faithful few. The visiting pastors from Los Angeles were, Rev. C. Howard and Rev. R. H. Lambert. Rev. C. Howard preached, and used as his theme: "A friend that sticketh closer than a brother."

Rev. Lambert was permitted to make a few remarks, at which time he raked them over for not coming out to church on time, thereby showing their disrespect for God and the pastor. He said: "If you do not like the man, accept the Gospel he brings to you, anyway."

The Zion M. E. Church, having no morning service, were welcomed at the Baptist morning services.

At 6 p. m. the Missionary Society met at the church. They are busy getting ready for the great Missionary Day, next Sunday at 3 p. m.

B. Y. P. U. was held, as usual, at 7 p. m., having a few visitors present The program consisted of two numbers—a duet by little Ruth Williams and Helen Horn of Los Angeles and an instrumental solo, "Rustle of Spring," by Mrs. C. Fisher.

Rev. Wilson filled his pulpit at 8 o'clock services, which were brief.

Last Sunday's services at A. M. E. Church, Rev. Judkins of Pomona, pastor, were of unusual interest. Rev. Isaacs of Pasadena preached at morning services and two persons were united with the Church.

Rev. Prince of Pasadena preached a most excellent sermon at 4 p. m. His text was taken from Jonah 1-8. His brother, Mr. F. Prince, sang two inspiring solos which were enjoyed by all. Rev. Taylor of Pasadena lifted the offering. It amounted to $8 71. Rev. Prince couldn't help but succeed, having been accompanied by his brother and seven machine loads of his friends.

Rev. A. P. Ramsey's last meeting drew a crowd—not only of home folks, but many from Los Angeles, and five of his "candles" are now "stars." Rev. Davie has got every department in working order, preparing for a great time Thanksgiving.

Landing at Houston

and Sheriff Hammond may be depended upon to watch such symptoms as these two classes develop.

"And don't forget the possibility of German agents fomenting racial trouble.

"Negro servants ought to have sense enough to refrain from insolent or impudent speech toward their employers or to white people. That is now a common complaint. Irresponsible Negroes generally of the idle class, must stop the incendiary talk which they indulge in so frequently, because they are not going to be permitted to keep the community in ferment.

"Lawabiding Negroes must understand that the Patriotic League organized by white men is as much for their protection as it is for anybody else. Its sole misison is to preserve peace and order and to restrain unruly spirits of both races.

"The white people of Houston want Negro citizens to be secure in their persons, homes and employment. Those who are left the city for fear of an attack upon them ought to return to their homes and employments in full confidence that they are going to be protected.

"There is going to be no race outbreak, and the good relations between the races that existed prior to August 23 are to continue and they will be restored just as soon as the irresponsible tongues of both races cease their wagging."

Up to date we have recorded events as they actually happened during our stay at Houston.

On the evening of Sept. 13, at the home of Mrs. Lewis, who by the way is one of the largest property owners at Houston, we met some of Houston's substantial citizens, among whom was Mrs. S. B. Williams, wife of Mr. Williams, who had guided us over the business section of the city. We learned from Mrs. Williams that their two sons were students at Pomona College. We also met Mrs. Anna McGruder, formerly of Los Angeles, who lives in Chicago, but, who was visiting a very sick brother at Houston. Mrs. Lewis lives in the immediate neighborhood of the August 23rd riot, and hence it was not until we reached that section were we able to begin to secure facts concerning the riot.

To begin with, we found that the city, in spite of great protest, on the part of the better class Negroes citizens, had designated the Negro section for the Red Light District. This condition brought into that section of Houston, of course, not only the worst white rowdies, but likewise the worst Negro rowdies, "for like attracts like." And now the police of Houston have started a purity squad with the intention of cleaning out that end of Houston, and naturally any petty crime committed by a Negro is much greater in volume than the same crime committed by a white person.

However, on the morning of Sept. 14, we were directed to the home of Mrs. Sarah Travis, who lives at No. 914 Gaulin St., Mrs. Travis being the woman at whose house the trouble started. We found her ready to start on a journey of delivering some laundry, but she gladly consented to return to her home and tell us what she knew about this Houston trouble. Mrs. Travis, as you know, had been branded as a bad character. She immediately invited us into her humble little home, consisting of not more than three rooms, where she and her husband and three children resided, and we wre fascinated with the manner in which Mrs. Travis related her experienc with th Houston police on the morning of Aug. 23rd.

We deemed it wise to let this little woman know that an automobile load of policemen were even then on the street not far from her home. To our great surprise, this frail little woman looked at us with a peculiar light beaming on her face, and stated, "O, I am not afraid, I am serving God," and went on to tell us how it all hopened, and this is her story:

"On the morning of Aug. 23rd, I was in here ironing as hard as I ever did, when I heard a noise, as if some one was entering, I looked up and saw a big police officer standing over me, who demanded that I tell him what had become of the 'nigers' that had just run through my yard. I answered that I had been very busy doing my work and had not seen anybody run through the yard. This officer, using the vilest language (which the writer is eliminating), said, I was a liar and stated that he was from Ft. Bend, where 'niggers' were not allowed to talk back. At this juncture another officer ran in and asked what was the trouble. In the meantime the first officer had entered my bedroom and was looking underneath things. He, however, returned to the outer room in answer to the second officer's inquiry, stating that he had a 'nigger' wench, who dared to answer him back. After giving his brother officer this information, he started again into my room, and I inquired of him what he wanted in there? and upon this insolence on my part. First officer slapped me over and began hauling me out to the ambulance. It was a very warm day and I had on very few clothing because I was ironing behind closed doors, so I asked the officer to allow me to get my clothes before going, he handled me but rougher and quicker, stating that 'a nigger did not need clothes.'

"When he was about to put me in the ambulance, he looked up and saw a Colored soldier coming up the street, the soldier scarcely looked up, continuing on his way minding his own business, without passing one word with any person on the street. The infurated policeman ran up to the soldier and demanded of him his mission on that street, and the Colored soldier merely stated that he simply happened to be passing that way and knew nothing of any trouble, stating, that if his presence in that vicinity caused any further disturbance he would withdraw, but as a recompense, for good behavior, the officer beat him insensible with the butt end of his revolver, thew him in the ambulance with me and took us together to the station.

"At the station this officer reported me as being a disreputable character and my own people in this vicinity, who knew me, when called, refused, out of fear, to go up and testify in my behalf, but the white pople for whom I workd vindicated me on this point, telling the chief that I was a hard working women."

"When Corporal Baltimore heard of the soldier's arrest, he accosted the officer to ascrtain the trouble, which was his duty. Baltimore was unarmed and did not anticipate any trouble, he is rated as one of the best behaved men in the entire regiment, according to Major Snow, the commanding officer, and upon this occasion wanted only to do his duty, but eye and ear witnesses stated that the only reply received by Baltimor from the officer was a deadly aimed blow from the butt of his gun. The soldier got to his feet as quick as possible and ran up an alley nearby, landing beneath a woman's bed, but he was pursued by the officers who fird as they ran." (To be continued in next week's issue.)

ORDER YOUR EXTRA COPIES IN TIME

The story of the Houston riot as gathered in person by our managing editor, now running in this paper will be concluded in our next issue. Its intense interest reaches its climax in that issue. Owing to the great demand for these papers we are urging the churches, organizations and individuals to get their orders in before next Friday so that we may be able to accommodate everybody. Our out of town correspondents and patrons can all be accommodated to as many copies as desired but get your orders in by the time indicated above.

The Lesson of Life

tering race enterprise.

There is no reason why our schools should be less appreciated. There is no reason why we should condemn the instructions of other teachers.

If you are not leaning forward, step aside and give room for your black brothers' shoulders.

In a commercial and educational career, our colored girls experience many disadvantages and are very much handicapped. This, however, is a blessing in disguise and gives us the advantage over the girls of other races; for the experience and suffering has indeed filled our minds with new thoughts. What sorrowful tears of shame we have shed, and oft we long to go where weakness is swallowed up in strength and where sin gives place to eternal perfection. But here we are with work before us to do or which we feel little mental or physical courage!

We have found that the road to perfection leads upward, and in climbing we slip back so often that sometimes we despair of ever reaching the top. The time may come when those who know us now crude, childish and in a state of incompleteness, will look upon us with amazement and say, "What hath God wrought, and what glorious accomplishments!" If we believed such a time would not come, we would want to flee into the holes and caves of the earth.

Give us something to do, and if you can at least give us a smile and a few encouraging words to show us that you appreciate our efforts. Let us kindly lend each other a helping hand, especially when we see one struggling earnestly to reach the goal.

Speaking of the discouragements and disadvantages—thanks to Providence we can say that we have some encouragements and advantages though they be few and far between for before we profit we must experience smoe pain. He who knows the greatest happiness has also known the greatest sorrows. Let is be ours to realize that we are about to overcome difficulties and are making our light our life; our thoughts our actions.

It is not necessary to ask riches in order to succeed. To reform oneself is but a step to reform the world. If we ail to reach our attainments in life let us encourage others; for we have Heaven yet to gain, therefore nothing great to lose. It is true that celestian graces do not best thrive and bloom in the hot blaze of worldly prosperity—and ill fortune oten arise rom a superabundance of qualities in themselves good, but not justly obtained, inculcated in a conscience too sensitive, a taste too fastidious, a self-forgetfulness too romantic, and a modesty too retiring.

The poet has truthfully said that the world oftimes knows nothings of its greatest men; that there are forms of greatness, or at least excellence, which die "and make no sign." There are martyrs who make the stake but miss the palm. There are heroes without the laurels and conquerors non-triumphant. This is transmitted into a theme o another poet who said, "Full many a gem of purest ray seren the dark unfathomed cave of ocean bear; full many a flower is born to blush unseen, and waste its sweetness on the desert's air. Where ignorance is bliss 'tis olly to be wise."

The summary of this is to realize that all the world asks of us is just common sense, which as we all know, so many fail to bring back with them from the different institutions of learning.

I have never felt an occasion to become sorry for pursuing a course in this college. I have labored in hopes of exemplifying to the world my accomplishments in this institution and give to others what has been given to me. It is now ours to be filled with that desire to show to Professor Biggers who is devoting his life to the interest of his race for the commercial pursuits of life and who is daily sacrificing pleasures that he might enjoy to do good for both old and young in the healms of his race. We want to make him as well as others feel, that labor is not in vain, and that reward shall some day be given in proportion to what has been don; that we may be compensated for the sacrifices we have made and the energy we have expended for these many months in our business training.

It shall be ours to lean forward to evade sorrows and think of no regrt; overcome the disadvantages and battle on through painful endeavor. We believe that our hopes are not all in vain and that we shall some day become the recipients of profits, pleasures, fames and fortunes that our ambimition has so long clamored for. This will be the climax of our endeavors and through our pure motives may we reach our final goal!

When all our struggles, pain, profits, fate, fame and fortunes shall end, we must look to another beginning. Individually speaking, our lessons of life are short and will soon expire; but the work of our Negro boys, girls, women and men shall go on until the summons come to join the innumerable caravan, which moves to that mysterious realm, where each shall take his chamber in the silent hall of death. Thou go not like a quarry slave at night scourged to his dungeon—but sustained and soothed by an unfaltering trust. Approach thy grave like one who wraps the drapery of his couch about him and lies down to pleasant dreams.

LYNCHING

Must Be Stopped

s New Sentiment of Colored Americans in United States

SUMMARY OF MANAGING EDITOR OF CALIFORNIA EAGLE'S THREE MONTHS SOJOURN IN THE EAST.

THE HOUSTON RIOT

This treatment of Corporal Balti- Baltimore impressed itself upon the olored soldiers stationed at Hous- on in such manner that the black merican soldiers who had protect- d the honor of the United States flag t San Juan and Carrizal felt that ne time had come when they should efend their own honor with their fe's blood if necessary.

When a report of the trouble reach- d the camp where the 24th Infantry as stationed, Major Snow, officer in harge, got in communication with e chief of police and the chief ad- itted that his men were at fault, it suggested that the government andle the situation. The colored oldiers upon receiving this informa- on could easily see through the sit- ation and realized that there would no redress on the part of Houston olicemen for the treatment accorded orporal Baltimore and their other sociate, and that probably their wn lives were not worth very much less they resented in some way the utal treatment that had been meted t to their comrades.

During the day after the fusillade the morning, both Negro soldiers d Houston policemen had time to editate and the longer they thought e more revengeful was the growing eling of the one towards the other, i so as the day grew into night se dark skinned Americans decid- that life without liberty was not after all, and when Vida Henry Company No. 1, 24th Infantry, vol- teered to be their leader, under er of darkness they marched into t section of Houston which was scene of the morning trouble.

Major Snow and the other officers charge did everything that was hin their power to keep the color- soldiers from marching, but find- that they were powerless they no- ed the police department and as n as the chief had flashed the news ough the department and over the that Negro soldiers were march- in the direction of the 4th Ward, army of policemen re-inforced by lians, went out to meet them.

We talked with many of the col- d people living in the 4th Ward in the immediate vicinity of the le of August 23rd and in' each e we were told that the only part ved by any of them was peeking through tightly barred doors and dows without daring even to take r respiration for fear of being d, for they said that they ex- ed every minute to have their rs crushed in and their lives snuff- out.

hey also reported that every sol- that aimed brought down his vic- and that the casualty list among whites in the conflict was much er in numbers than any Hous- daily was wont to publish, and of se, than any Houston weekly ared) dared to publish. How- the papers gave it four city po- ien, two Negro soldiers, one Capt. Mattes of an Illinois com- of National Guardsmen, who pted to quell the disturbance, ten other persons, consisting of citizens and soldiers. Of the ded there were six negro sol- and fifteen white persons.

we have already stated the col- people living in the vicinity of ioting were afraid to venture out it was impossible for them to ve how many were actually kill- ut we were told by many who good views behind there upper ows that men could be seen fall- n all sides, and that the eager leaders could be seen running for lives seeking shelter from shots the soldiers guns beneath s, barns and even vehicles.

s said, that during the night of iot the antiquated mob leaders fferent sections of the city at- ed to rally their forces, and pull East St. Louis butchery and ng: "crying lets kill all negroes," e tune of the deadly aimed bul- linched between powerful black s reminded these blood thirsty ers that the end of their inhu- reign over one division of this can population was nearing its

The next day the city was declared to be under martial law—white people were allowed to go and come as they pleased but no negro man, woman or child was allowed to leave home, not even to go to work. Officers were sent into every negro home with the command to sieze everything that resembled fire arms. The whites were allowed to retain whatever they had in the way of firearms, and some who were so alarmed over the method and manner of the colored troops attack broke open a hardware store and seized every bit of ammunition and fire arms that the store contained in order that they should be doubly prepared for any attack that might be undertaken by the soldiers. But no further effort of revenge was made by the troopers; some of whom stated that their only reason for their behavior upon this occasion was to convince that rought white element, who no doubt would have invaded the camp that very evening that they were prepared to defend their rights as American citizens.

Every negro soldier that participated in the riot was put under arrest and with the entire battalion under guard of the 19th Infantry was sent to Columbus, N. M.

It was twenty days after the occuring of the riot that we reached Houston, and as we have stated in our previous articles upon our arrival at Houston we immediately started our investigation as to how the riot started and the after effect upon both races; and we found that even though nearly all of the papers had come out stating that the soldiers had been removed and that the guilty soldiers would be duly punished hence Houston had again assumed her normal state and everything was peaceful, there was a spirit of unrest on the part of many colored people and a feeling of bitterness on the part of many of the whites for all blacks—we learned that two or three colored men had been shot and instantly killed, since the riot, by policemen for petty offences. Our hostess, Mrs. Lewis, described to us how, just the day before our arrival she had been walking along one of the main streets of Houston when a white man deliberately slapped and kicked a colored man off the street, and then looked around to observe the effect of his conduct upon the other colored citizens standing around.

Since our visit to Houston, September 13-14, we have closely observed the effect of the August 23 riot not only upon the immediate vicinity of Houston, and the state of Texas but we notice that every southern state wherein there is a training camp for soldiers the governors have said to the government: "Remember the Houston affair, and don't send us any negroes for as sure as you do there will be a repitition of "the Houston affair."

Just before going to press with the last chapter of our Houston visit The Houston Observer, one of the most out-spoken weeklies of all Texas brings the news of another lynching of a race man staged near Houston, and this is what the Observer has to say:

EXODUS ACCELERATORS AS NOTED HEREABOUTS

At last old Harris County has joined the ranks of Judge Lynch; the Goose Creek community having lynched a Negro in broad daylight last Friday.

We knew that it was coming, but did not expect it so soon.

After Galveston staged her lynching party, all Negroes who were conversant with local conditions and sentiments among a certain class of whites, knew that this county and city would sek to imitate the Island City.

Since we applied the name of "Lynchville Island" to Galveston, it now becomes our painful and sad duty to call Houston and particularly Goose Creek "Ropeville."

It was the same old story: "Lynch the 'nigger' first and then ascertain his guilt." Doubt has since been expressed relative to the dead Negro's guilt by those who have investigated the incident.

The Observer has condemned mob violence so much that it is considering the expendiency and advisability of having such a sentence stereotyped, since we have need for it for each issue.

Mob spirit is nothing more than a return to a state of savagery, barbarity and heathensim.

The cannibals in darkest Africa are not to be compared with American mobocracy, which is gaining ground every day, while the better white citizens seem impotent and unwilling to attempt to blot it out.

We are not opposed to all criminals being punished according to their guilt, but we are opposed to a bunch of hoodlums, roughnecks and ignoramuses taking the law into their hands andw meting out punishment to men before or after trial.

"If Negroes are expected to protect and die for the government, should not the government, local, state and national, protect and die for the Negro in seeing that he receives fair treatment and a square deal?

Is that asking too much?

On the heels of the Goose Creek lynching seventy-five (75) Negroes left Houston Saturday on the Sunshine Special for the North and East.

Not being satisfied with having maliciously and ruthlessly murdered one race man premeditately, the Goose Creek billies and bullies threatened all c, r Negroes residing in the community and as a result several race men have deserted their tasks and have gone elsewhere. Who can blame them?

Let us not satisfy ourselves by saying that the lynching did not happen in Houston.

It did occur in Harris county and since the ice has been broken it is not preposterous or premature to presume and assume that others will attempt to follow suit against members of the race, as well as their own race.

Sheriff Hammond, who did not get to the scene in time to prevent the lynching, is doing his best to apprehend and incarcerate the guilty participants and he is to be complimented for doing what sheriffs in other mobocratic counties in the South have failed to do. Several arrests have been made and the men are out on $1000 bonds.

The guilty men should and must be punished and by so doing Harris county and Houston will be going a long ways towards upholding the name and reputation of this community.

Following the lynching a local patrolman killed a Negro at the circus grounds Monday and all these incidents are accelerating the exodus of our people to other parts of the country.

Three Negroes have been slain by officers of the law since the 23rd of August and many others have received beatings, cursings and the like.

The only recourse we have is to leave the community and since the exodus began fully 1750 race men have left this section.

So great has the exodus become that the Negro public school enrollment has made a decided slump.

Conditions are alarming among our people and hundreds are planning to move to more hospitable and civilized climes.

When members of the race are being lynched and shot down like dogs a spirit of unrest and uneasiness is sure to pervade the breasts of those who are fortunate enough to be alive.

It is all right to make an effort to secure cantonments, camps, large mercantile establishments, factories and other institutions affording employment to men and women, but in the final analysis that community is best that treats its citizens best, irrespective of color or creed or previous condition of servitude or affluence.

God cannot use a coward and would not employ one if he proffered his services.

What affects one Negro affects the entire race and we must condemn the disregard for law and order in both races at all times and at any cost.

In conclusion this Houston riot, as it is called and the part played by Negro soldiers of the 24th Infantry are not matters that should interest the colored people of Houston, but the entire Colored American population. It has been said, by white officers under whom these men have served that they represent some of the choice material of U. S. Army and that for order and discipline they enjoy an enviable record.

The colored people of the west must get busy and with the race men and women of the east and demonstrate that as law abiding American citizens through the medium of a grand silent parade we resent the present treatment of White America against Black America all over this country.

We wish, at this time, also to thank the committee, and the citizens who arranged for us a welcome home reception on the evening of September 19th at First A. M. E. church at which we were presented with a beautiful gold wrist watch for which we are very grateful.

Hoping to render better service to our people in the future than we have in the past,

Yours for all men up and no man down,

C. A. BASS.

J. H. YOUNG ENLARGES BUSINESS

Mr. J. H. Young, the well known and popular owner of the People's Sanitary Barber Shop, which has been conducted at 852 Central Ave. for nearly two years, has branched out and demonstrated the fact that he is striving to provide a place second to none for his patrons. He has leased a commodious store room at 916 Central avenue and when he has put the finishing touches on this place the col-

ored people will have a shaving parlor second to none for their convenience and comfort. The new parlor is large and airy, thoroughly renovated, newly painted and calsomined, and has three chairs. Mr. Young employs none but the highest class workmen, and guarantees satisfaction. This shop will not only be sanitary in name but in fact. It is painted in immaculate white both from within and without. He will conduct a first class shining parlor in connection and thus Central avenue has seored again a real live business concern. Mr. Young deserves great credit for his effort to furnish the people a real first class barber shop and will no doubt receive at the hands of the public due consideration for his effort to provide an up to date shop in this section.

Mr. Young is progressive and one of our young men of sterling worth who is ambitious along business lines and highly deserving of success.

REV. B. C. ROBESON COMES BACK TO LOS ANGELES

The A. M. E. Zion Conference closed another history making session at Oakland last week. But perhaps the most interesting bit of information for Los Angeles people coming from this great organization is the news of the return of Rev. B. C. Robeson for another conference year to the A. M. E. Zion church at Pico and Paloma.

Since the close of the conference last week Rev. Robeson has been vis-

iting points in Washington and Oregon in company with the Bishop, but will reach the city in time to preach at the services Sunday at Zion.

The California Eagle in accord with the members of the A. M. E. Zion church and the citizens at large, who within the past year have learned to keenly appreciate this splendid Christian gentleman, who in so short a time has become a radiating spirit for religious and moral uplift in this community, are hearty in their thanks to the conference and the Bishop for returning Rev. Robeson for another term.

ORATION "THE YOUNG PEOPLE OF TODAY"

By Miss Drucilla Polk, a Recent Graduate of Biggers' Business College

As the young people are today, so will be the race a generation hence. The young people of today will be the men and women, the teachers and parents of the future generation. Then what kind of men and women, what kind of parents and teachers, will they be? That depends upon what the men and women, and the teachers and parents of today are doing for them, for what they are doing and what they are not doing will determine the character and conduct of the race of tomorrow. One generation sows the seed of character and conduct, of success and failure, and the succeeding generation reaps the harvest.

In studying the qualities of the young people of today, we find them very different in many ways from those of a generation or two ago. Those of today are better informed and their ideas are broader than those of the young people of earlier times; on the other hand, however, we find them less respectful to the views of their elders, and less influenced by religious principles. The young people of the past generation or two were subservient to the will of their elders, and showed great respect for them. It was considered very impolite for young people to occupy points or places of vantage in public gatherings, or, otherwise, to take precedence over the older ones. But it is nothing unusual, nowadays, to see the younger people given the perference. Older people are often seen standing in an audience, while the younger ones are seated.

The average young people of today are less refined, than those of earlier times. The use of slang and certain profane expressions, have grown to be a common practice among both the older and younger boys and girls, even in the better social clases. We find a tendency to frivolity and pettishness, a lack of definite standards of conduct and of right values. We find also a lack of implicity in their manner of dressing, in fact, we are living in an extravagant age. Radical changes, in fashions and immodest dress, are the order of the day.

The parents are partly responsible for this condition, as they seem to be losing the habit of instilling good principles into the daily lives of the girls and boys.

No doubt, the modern factory system is also responsible for some of the evils just mentioned, wherein many of the young are forced only too soon, to earn a livehood. Their factory associations are not conducive to the cultivation of good principles. In many instances numbers of our workings girls, and boys, are lost in the modern unrest. The anxiety to keep up with the fashions, the small pittance of salary paid by the factories, only forces them farther into the great whirl.

This is the dark side of the present social condition. The bright side shows the young people of today to have self-poise, self-reliance and efficient personality. Happy the girls or boys who have efficient personality; for to them, nothing is impossible of attainment; efficient personality is the magnetic human force which attracts and holds and strengthens all with whom it comes in contact, and leaves each one, at the close of day better and stronger in life's battle than when he arose.

The contrast between the opportunities of the young people of today and those of an earlier generation, may be furnished by comparing their opportunities with the meager advantages enjoyed by such a man as Abraham Lincoln, who, from a humble beginning, rose to the sublime heights of statesmanship. This great man used to walk five or ten miles to get a book, which he would read by a pineknot in front of an open fireplace. He was one of the greatest statesmen of our country, and in him we see an example of what has, again and again, proved to us that most of our greatest men have risen from the masses of the people. The young people of today might well take him as an inspiration and guide for their own lives. This great man had none of the advantages furnished by the present time, to the young, yet he became great.

The young people of today have every modern advantage of universal education; lecture courses, instruction by moving pictures, and our great public libraries, than which can be found no greater incentive to endeavor, yet few haev the ambition to make use of these advantages and strive to make themselves real value to the world.

Thus, I have shown the disadvantage of the past, by which, however, the present generation does not always profit. It is now the duty of the young people of today to show their appreciation of the advantage, which they have, by building the ladder of right endeavor upon which they may climb, to the greatest heights of achievement.

Then we must not forget the part, which the past has to play, in making possible these ideal achievements of the young. Home training is responsible for the moulding of the characters of the young people. There should be impressed upon their minds in every deed and every act, the ideals of right living. They should be taught to practice the greatest of all precepts, "Do unto others as you would have them to do unto you." Then, let us have the co-operation of the teachers with the parents. It is the duty of both to instill into the minds of the young people, the familiar lines of Longfellow, "Not enjoyment and not sorrow in our distined end our way, but to act that each tomorrow finds us farther than today."

In conclusion, then, we suggest that the young people of today follow the code of successful workers: "I will respect all useful workers, and be courteous to the workers, I will know my work and have ambition to do it well; I will take the initiative and develop the executive ability; I will be honest and truthful, I will educate myself into strength and character; I will be faithful to my work; I will be loyal; I will be a lady or a gentleman; the world does not owe me a living, but I am proud to make a good living for myself."

RECEPTION TENDERED REV. AND MRS. J. LOGAN CRAW

On last Tuesday evening, the citizents tendered to Rev. and Mrs. J. Logan Craw a public reception in token of the high esteem in which they are held by the citizens of this community. It was a thoroughly democratic affair and Messrs. Hicks and Bartlett, the prime movers of the arrangement, are entitled to unstinted praise for the magnificent manner in which they carried out the duty to which they had been assigned.

A splendid program of short addresses intermingled with vocal and instrumental selections was rendered, each speaker showered eoniums on both the genial pastor and his estimable wife. The addresses were delivered by the following:

On behalf of the Allen Aid Society and S. S., Mrs. Isadore Stewart; the Choir, Mr. T. Norris; the Press, Mrs. J. B. Bass; instrumental selection, Mr. John Gray; the Methodist Ministers, Dr. Price; violin selection, Mrs. S. P. Dones; the women of the church, Mrs. Tucker; the citizens, Mr. J. B. Bass; Pasadena, Dr. Taylor.

Dr. and Mrs. Craw responded in glowing terms, pledging their allegence to the church, declaring that they intended working even harder htis conference year, to the end that they may not only liquidate the church debt, but also beautify it.

THE ELOQUENT AND PATRIOTIC ORATION DELIVERED BY CHIEF JUSTICE OF THE SUPREME COURT OF ILLINOIS AT THE OFFICIAL FAREWELL GATHERING IN HONOR OF THE EIGHTH ILLINOIS INFANTRY, COL. FRANKLIN A. DENISON, COMMANDING.

(From the Broad Axe)

Last week, extracts were printed in these colmuns from the most eloquently, sound and logical oration delivered by the Hon. Orrin N. Carter, chief justice of the supreme court of Illinois, at the recent farewell gathering in honor of the Eighth Illinois Infantry, Cod. Franklin A. Denison, commanding, on the lake front, on which occasion, more than twenty thousand people were present and joined in the farewell exercises.

The oration by the Hon. Chief Justice being very remarkable in every way and full of that broad spirit of true Americanism; that we take great pleasure in producing it in full in these columns which follows:

"We are gathered here this evening to show our belief in you. There are now only two classes of citizens in this country. Those who are for America and those who are against it—those who are loyal and those who are disloyal. In these days those who are against the government should be placed in the latter class. There is never any difficulty in classifying the Colored people. Since the emancipation of that race they have always been for the government; always loyal. If there is any race to whom the word loyalty can be properly applied it is the Colored race. The Black man is never false to a friend; never false to a principle; never false to his country and never false to his God. He is never a hypocrite, he is always what he seems to be. He is ever a brave soldier but never a good detective.

"The Black people have made wonderful progress in the last fifty years in this country; perhaps the most wonderful progress in every line of civilization that any race has ever made in the same length of time. But they are on trial now perhaps more than at any other time in their history. This regiment has an opportunity of doing a service for the Colored race such as no other like body of men has ever had for any race. We are all aware why the race is on trial. Ordinarily during these great upheavals and race conflicts both races are

The services at this church were up to the usual standard. The pastor preached at both the morning and evening services to two attentive congregations. The sermon was very much enjoyed by the splendid congregation present. The coming Sunday is the regular communion service and the pastor will administer the sacrament of the Lord's Supper at both the morning and evening service. As this is the first communion service since the conference we are expecting a large and representative congregation out to start the new conference year off. The second Sunday in October has been set aside as a special day for the trustees and a special offering will be taken on that day to meet the demands made upon the board of trustees.

Much enthusiasm is being shown in the Young Women's Missionary Society.

A hearty welcome to all.

FIRST A. M. E. CHURCH NOTES

Two edifying services were thoroughly enjoyed by two large appreciative congregations last Sabbath. The choir presented an unusually attractive appearance because of the large number of both old and new members present at both services and sang perfectly beautiful.

The pastor delivered both sermons and there were seven accessions to the church membership. Many "in and out" of town visitors were present and expressed to the pastor their delight in this Sabbath day's worship. You are welcome to our services this Sunday. Come on time for a good pew. Hear the choir in special selections again.

Sunday is communion and first quarterly meeting day. Presiding Elder Rev. J. H. Wilson will preach at both the morning and evening services and administer the Lord's Supper. Don't let your place be vacant. Christ says "Do this in remembrance of me." The public is invited to attend.

Dr. Washington, returned from a week's visit in Southern California, visiting Los Angeles and Pasadena, to have tendered to himself and wife the most unique affair of the season in the form of a public reception given by the members and friends of Bethel under the supervision of the Ushers' Club. Words cannot express the beauty of the decorations and uniqueness of the affair. The color scheme was blue and gold, the ushers' colors. All ten auxiliaries of the church were represented on committees wearing their own colors. Covers were laid for eighty-three.

The speakers of the evening were: Mr. J. H. Fisher, master of ceremonies, address of welcome on behalf of Bethel; Mr. W. A. Butler, president N. A. A. C. P., on Dr. Washington as a race leader; Rev. Society

Married.

Mr. Jerry Hinton and Mrs. Ada Lewis were united in marriage by Rev. J. Logan Craw Monday night, Oct. 1, at the home of Mrs. Sallie Wilson, 513 E. 8th street, at 8 o'clock, and are now domiciled in their beautiful home at Watts.

Mr. James Busby, the industrious son of our pioneer citizen, Henry Busby of Clanton street, was married at the parsonage by Rev. J. Logan Craw, to Mrs. Jacqueline McClendon of San Francisco, at 7 o'clock Wednesday evening, Oct. 3. They are dwelling for a short time at 726 Clanton street but will soon be at home in her own residence at 15th and San Pedro streets.

Cupid seems to be busy among the younger set and weddings are the order of the day.

A marriage which came as a surprise to many of their friends was solemnized on Tuesday evening at St. Phillip's Parish House, when Miss Ruby E. Walker became the bride of Mr. Carl L. Hanley. The bride was charmingly gowned in gray satin and was attended by her twin sister, Miss Ruth Walker. The service was read by Father W. T. Cleghorn in the presence of only the members of the immediate family.

Mrs. Hanley is the accomplished daughter of Mr. and Mrs. H. G. Walker of 1101 Clanton St. She is a graduate of Western University where the romance which culminated so happily on Tuesday evening began. Mr. Hanley is also a graduate of Western University and is well known throughout the east as a basso.

Mr. and Mrs. Hanley will reside for the present at 945 E. 11th St.

Mrs. P. E. Alexander of East 8th street reached the city Sunday Sept. 30, after a three months' visit in the northern part of the State. She reports an exceedingly pleasant trip.

ANNIVERSARY SURPRISES TO REV. S. E. EDWARDS

The home of Rev. and Mrs. S. E. Edwards, 1540 East 53rd street, was lighted up with much joy and great pleasure Saturday evening, Sept. 29, the occasion being the birthday of Rev. S. E. Edwards.

The entire affair was a surprise given him by his faithful wife and friends.

He as usual was on duty Saturday evening when to his surprise two men with an auto came and told him that he was wanted at home at once.

Although confused he readily consented to go. On their arrival he found his home lighted up from every room, and scores of young and old friends awaiting to greet him.

To say the least, Rev. Edwards was much disconcerted over the affair, but soon got himself together and became one of the happy party.

The many presents were conspicuously showered upon him in such a way that it will be long remembered.

Thus the time was passed away in a most happy vein. Ice cream and cake was enjoyed by all and no one was so happy as Rev. Edwards.

Many useful articles were presented to him by his friends. The Furlong Tract was represented by Mrs. Lueus, Mr. J. W. Wesley, president of the B. and I association, Mrs. M. Draper, Mrs. Lulu Roberts and others, presented a purse.

Watts was represented by Miss Grace Owens and Miss Comfort, who also presented some useful tokens including a purse.

Miss Grace Owens, in a few well chosen words said the little seeds of usefulness sown by Rev. S. E. Edwards when he organized and pastored the A. M. E. church at Watts, are destined to grow into great proportions.

Rev. J. W. Price and wife were numbered among the many friends with nice and useful tokens.

Rev. Price is always ready to help make others happy.

Masters Smith and Robert McLin, the two little grand sons of Rev. and Mrs. Edwards, represented friends of Hollywood, who presented some serviceable articles.

Space forbids more, but the occasion will long be remembered by all that were present.

Mrs. Bertha Turner of 920 Worcester St., Pasadena, was a charming hostess on Monday evening when she gave a delightful dinner in honor of Mesdames L. Robinson, E. Lewis and Misses B. King and L. Thompson, all of New York. The table was a dream of perfect beauty and the dainty table appointments of silver candelabras and silver baskets filled with choice pink nodding rose buds and large bows of delicate pink ribbon was a sight too beautiful to have been true, the transformation being so effective that those present thought of only fairy land where the fairies flitted here and there and the five course dinner was enjoyed to each heart's content and was one that will linger long in the memory of those bid to sup with such charming visitors as these ladies from New York. Besides the hostess and her husband the following were the dinner guests: Mr. and Mrs. Wm. Corbin, Mr. and Mrs. Chas. D. Conner, Mesdames Nolie Murray, Maude Stallings and Miss Estelle Everett.

BREAKS RECORD FOR MOUNTAIN CLIMBING

On the occasion of the visit of G. W. Caldwell with friends to Mt. Lowe last Sunday, Miss Fern broke the record for ladies' mountain climbing in company with E. W. D. Reece, Miss Ruby and Prince Taber in hiking parties, they reached the summit of Mt. Lowe in 1 hour and 38 minutes, with Miss Ruby and Prince a close second. The previous record is two hours. See Mt. Lowe Daily Record.

ELABORAE RECEPTION HONORING REV. AND MRS. CRAW

On Tuesday evening, Sept. 24, at the beautiful residence of Mr. and Mrs. Chas. Martinez, 2724 Glassell St., a reception was given in honor of Rev. and Mrs. J. Logan Craw, it was a very beautiful and pretentious affair. The home was beautifully decorated for the occasion and the host and hostess spared no pains in seeing that everyone enjoyed the occasion to the utmost.

Miss Tillie Crawford and Mrs. J. McClendon of San Francisco are the house guests for a few days of Mrs. Wm. Davis of 1529 W. 35th St.

Mrs. Ida Haynes of Houston, Tex., stopped a few days with Mrs. Wm. Davis of 1529 W. 35th St., on her way to San Francisco, her future home.

On Sept. 28th, 1917, the residence of Mrs. Ella Barker at 833 McGarry St., was filled to the extent of its capacity, with a surprise party, given in honor of Mrs. Georgia Hoyt and Mrs. R. W. Burns, under the management of Mrs. Grant Smith, Mrs. John Prayer, Mrs. Ray Derry and Mrs. M. Millard. Delicious refreshments were served and an enjoyable evening was spent.

THE ALLEN ALLENSWORTH CLUB ENTERTAINS

The pretty home of Mrs. J. W. Jones of Wall St. was charmingly decorated last Wednesday afternoon for the reception of the regular meeting of the Allen Allensworth club.

At the close of the business session a splendid literary program was rendered which included a timely address on "Club Needs," by First State Vice-President, Mrs. Lulu Slaughter.

Upon this occasion the club also welcomed home Mrs. J. B. Bass, one of its members.

Mrs. Hilda Brawley, wife of Dean Brawley of Marchouse College, Atlanta, and daughter of Dr. and Mrs. H. D. Prowd of this city was tendered an informal reception last Thursday evening at the home of her parents East 48th Place, by the members of the Second Baptist Church.

Mrs. Brawley has been spending the summer with her parents in this city and when the news leaked out that she was about to leave for her home at Atlanta, churchmen got busy and on Thursday evening about forty members including the Deacons, Deaconnesses, and other members gathered at the home of Dr. and Mrs. Prowd carrying with them fruits, flowers and other dainty refreshments.

The great gathering enjoyed musical selections rendered by Miss Ellen Prowd and Mrs. Brawley and the reading of an original poem entitled "The Titantic" by Miss Lillian Prowd.

It was an enjoyable occasion for all present.

Mrs. Pauline Hubert, who has ben visiting her father, at San Diego, for the past few weeks, returned to her home, in this city, last Saturday.

Mrs. Edward Carrington, had in honor of Mrs. Georgia Hoyt, at dinner Sunday, Mrs. Ella Barker, Mr. and Mrs. William Johnson and Mr. and Mrs. J. J. Josephs.
